

Dear Corona Student Center Families,

Thank you for partnering with us in your child’s education. We look forward to continuing this collaboration for years to come! We’re excited to share expanded learning opportunities for students in Corona and the surrounding area. Our facilities will be in the following locations, with the exact program locations assigned once we have initial enrollment numbers for each program:

 **510 W. 2nd St., Corona, CA 92882** and  **2115 Compton Ave., Corona, CA 92881**

For the 2025-26 school year, three educational programs will be available at the Springs Corona Student Centers.

### Mosaic Program: Hybrid Learning Model (3 Days On-Campus, 2 Days Homestudy)

The Mosaic Program follows our established Independent Study Model, where attendance is based on work completion. It offers:

- ✓ On-campus instruction – Monday, Tuesday, and Thursday from 8:30 AM to 2:45 PM
- ✓ At-home learning – Wednesday and Friday with virtual synchronous instruction
- ✓ Personalized support – Students will be required to meet with their teacher virtually, either 1:1 or in small groups for extra academic support as needed.

This model closely mirrors our current program but shifts to a three-day on-campus schedule.

### Da Vinci Program: (5 days/week on-campus)

The **Da Vinci Program** is a **full-time, seat-based classroom program** where students attend **Monday through Friday from 8:30 AM to 2:45 PM**, with one **minimum day (1:00 PM dismissal, TBD)**. **Daily attendance is required.**

Rooted in **Leonardo da Vinci’s 7 Principles**—plus an additional focus on **citizenship**—this program fosters creativity, critical thinking, and interdisciplinary learning. The **8 guiding principles** include:

- ◆ **Curiosità (Curiosity):** A lifelong passion for learning and exploration
- ◆ **Dimostrazione (Demonstration):** Gaining knowledge through hands-on experience
- ◆ **Sensazione (Sensation):** Strengthening observation skills by refining the senses
- ◆ **Sfumato (Embracing Uncertainty):** Welcoming ambiguity and change
- ◆ **Arte/Scienza (Art & Science):** Engaging both analytical and creative thinking
- ◆ **Corporalità (Mind-Body Connection):** Cultivating physical and mental well-being
- ◆ **Connessione (Interconnectedness):** Understanding the link between all disciplines
- ◆ **Cittadinanza-Comunità (Citizenship & Community):** Making a meaningful impact

The Da Vinci Program integrates **science, art, and music** into core academics, exploring these subjects through the lens of these principles.

## Learning Center: up to 2 days/week on-campus for Homeschool Students

Our **Learning Center** offers **homeschool students** the opportunity to attend **up to two full days** of in-person classes each week. Students in other **at-home Individualized Learning Programs** (e.g., Venture Online, Montessori Voyage) may also have limited access to Learning Center classes.

- **Schedule:** Classes are available on **Wednesdays and Fridays** from **9:00 AM to 2:30 PM**, with a variety of course options.
- **Parent-Led Learning:** Parents remain the **primary educators**, supported by a **Homeschool Teacher** who provides resources and guidance.
- **Learning Center Class Enrollment:** Course selections are available through the **Springs Marketplace** and are **first-come, first-served**.
- **Teacher Assignment:** A Homeschool Teacher will be assigned after completing the **Program Transfer Request**.

Springs Charter Schools is proud to offer a wide variety of educational programs. If you would like to discuss the programs above or any other options available in your area, please call our **Enrollment Team at 951-252-8888**. They are also available via email at [enrollment@springscs.org](mailto:enrollment@springscs.org) or via Live Chat from our [website](#).

We are so grateful to partner with you in your child's education. If you have any questions about the educational programs, please feel free to contact me anytime.

Sincerely,

EJ Whitehead, *Principal*
