Independent Study Classes:

A number of opportunities exist for independent study classes at Renaissance High School Academy. Independent Study Classes are a way to take classes without having to sit in a classroom. Students who take Independent Study classes use a course manual, textbook, assignments and exams to learn and earn high school credit. Depending on the class, you may also use videos, computer disks, the Internet or interaction with other people. You'll communicate with your instructor in writing, by phone, fax or e-mail. Your instructor will give you feedback via snapgrades on your assignments and exams. Grades are based on assignments, projects and exams.

Many people enjoy the flexibility that an Independent Study class offers. These courses work particularly well for:

1. Students with tight schedules
2. Students who need a specific on-campus class that is full for this semester
3. Students who can't easily attend classes because of injury or illness

Be advised, however, that to complete an Independent Study class you must be a self-motivated and conscientious student. The following guidelines will apply to each request as reviewed by the Director and the school counselor: (1) Juniors and Seniors are eligible for independent study, and (2) Courses are either one semester or one year in length.

If interested in taking an Independent Study Class, please contact the Director or counselor for classes offered.
