Murrieta STUDENT CENTER

FAMILY MATH NIGHT

"I liked that it was so interactive! It was an amazing way to look at Math, and to solve math. My whole family had such an amazing night of fun."

MURRIETA STUDENT CENTER PARENT

Students and families have a great time at the Murrieta Student Center's Annual Family Math Night! Parents and kids enjoy wonderful learning games emphasizing math skills.

MESSAGE FROM THE PRINCIPAL AND VICE PRINCIPAL

"This is a fun-filled event featuring math-themed games, interactive math puzzles, a game of Kahoots, and, most importantly, pizza provided by the Murrieta Associated Student Body!" (Mrs. Julia, Principal)

"The purpose of the Family Math Night is to invite parents into the school, and it serves as an opportunity for parents to learn different ways that math can be fun and interactive. At the Murrieta Student Center, we strive to make learning fun and a positive experience for all learners." (Ms. Kenia, Vice Principal).

MESSAGE FROM MRS. GRAFTON (DAVINCI TEACHER)

"Math Night is a great opportunity for our students and their parents to come together to have fun learning math.The night is filled with many hands- on activities to interest all students. It is easy for students to develop negative opinions of Math that could hinder their progress. As we show our students and parents that Math can be fun, we give them the tools to succeed. Also, as we teach our students to struggle with a math problem, learning happens. Math Night is a valuable learning experience."
