Spring	Friday	1/15/16	Magnolia Student Center
	Monday	2/29/16	Flabob Airport Preparatory Academy
	Monday	2/1/16	Corona Student Center

Who is screened for Scoliosis?

All on-site 7th grade girls and 8th grade boys will be screened. Homeschool families are encouraged to call the Pupil Services Department and schedule an appointment for their local Springs screening event.

Note: Parents who would like to waive the assessment can fill out a waiver form.

What is the purpose of the screening program?

Common spinal deviations often go unnoticed by children and parents, but detecting curvatures of the spine before a child's growth spurt is complete is important for optimal treatment. Parents will be notified if their student has a suspected spinal deviation and encouraged to follow up with a health professional.
