Who is screened for hearing and vision?

-All pupils who are: Enrolled in special education (on initial placement & for the triennial assessment)
-Referred by the classroom teacher or parent
-Entering school for the first time

It is recommended for grades TK, Kindergarten, 2, 5, 8, and 10 or 11 be assessed for hearing,
and pupils in grades TK, Kindergarten, 2, 5, and 8 be assessed for vision.

What is the purpose of the screening program?

- Detect health problems that may affect the student's health and potential for learning
- Notify each parent/guardian of potential problems and establish follow-up procedures for appropriate care
- Enable the school nurse to inform teachers of the recommendations of the health care provider
- Assist in planning the needed adjustments to the educational program
