PUBLIC SAFETY PATHWAY

PATHWAY COURSES

CTE Public Safety 1

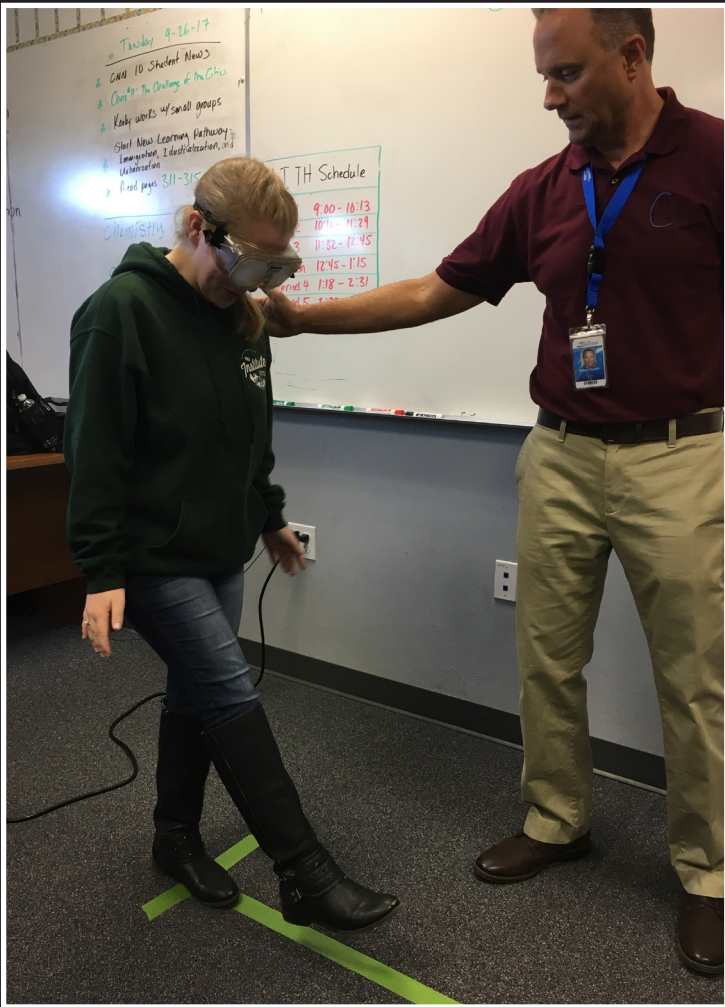

CTE Enforcement Agencies and Procedures

Capstone Course - Coming 2018-2019

school year!

The CTE Public Safety pathway prepares students with a broad-based foundational knowledge in careers that involve public safety.

The educational foundation will assist students who wish to pursue related professional training at the postsecondary level. Students will gain *experience* through classroom instruction, *hands-on training*, and *community exercises*. The evolving integration of state public safety organizations, their connections with federal and state intelligence and security agencies, interoperability and coordination of effort, and the shared mission to *protect the public* in a post-9/11 world are areas of emphasis for the pathway. The careers included in this pathway primarily address law enforcement services, homeland and cyber security services, and correctional services.

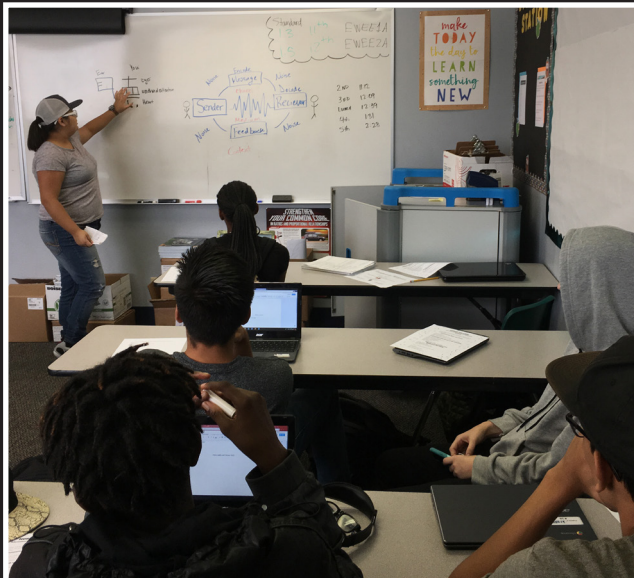

CTE Public Safety student Elizabeth Parker performs a *One Leg Stand Field Sobriety Test* wearing the *Impaired Driver Simulation Goggles*. Elizabeth is learning about procedures in the second year CTE Enforcement Agencies and Procedures class.

A.1.1 State the major types of occupations found in the Public Safety Pathway and the number of those occupations that require background-investigation security clearance and personal records free of disqualifying information

Fulgencio Marquez

CTE Public Safety students are showing mastery of industry standards and CITE I Cans through a variety of projects, presentations and assessments. After students demonstrate and deliver their standard, they must defend their knowledge during a question and answer period where they make connections to real world situations. Pathfinder student Fulgencio Marquez completed a presentation on Standard A.1.1 and student Sabrina Neri from Pathfinder Student Center instructs the class on the Sender-Receiver Model of communication which meets Industry Standard A4.1 - Know the basic techniques and methods of active listening to obtain and clarify information in oral communications.

REAL WORLD EXPERIENCE!

CTE Public Safety Student Spotlights

Misty Gutierrez joined the CTE Public Safety program and is currently a senior at River Springs. She has attended River Springs since her junior year of high school and is enrolled in the Keys program. **Misty is involved in the Fire Explorers program in Moreno Valley at Station 58.** She has been with this program for over a year and it involves activities such as fire safety procedures, physical agility training, and community fundraisers. **This program has taught Misty the importance of communication, teamwork, respect, and what it means to be an effective leader.** Through this program she hopes to achieve her goal of becoming a firefighter.

Misty Gutierrez, Fire Explorer at Calfire Moreno Valley Station 58 holding her **FEMA Emergency Management Institutes Certificate of Completion** for Introduction to Incident Command Systems.

Emergency Management Institute

FEMA

This Certificate of Achievement is to acknowledge that

VICTOR A GARIBAY

has reaffirmed a dedication to serve in times of crisis through continued professional development and completion of the independent study course:

IS-00100.b
Introduction to Incident Command System
ICS-100

Issued this 16th Day of November, 2017

Tony Russell
Superintendent
Emergency Management Institute

0.3 IACET CEU

CTE Public Safety Pathway students may show **mastery** of Industry Standard A6.2 - Identify the skills required to deal effectively with emergency situations and look at cause and effect of decisions, by completing the **FEMA Emergency Management Institutes Introduction to Incident Command System** course and passing the rigorous exam. Students Misty Gutierrez and Victor Garibay are among those who received certificates this semester!

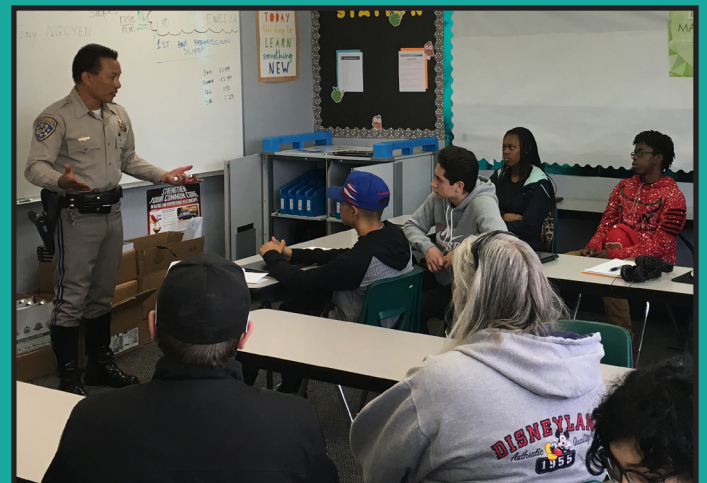

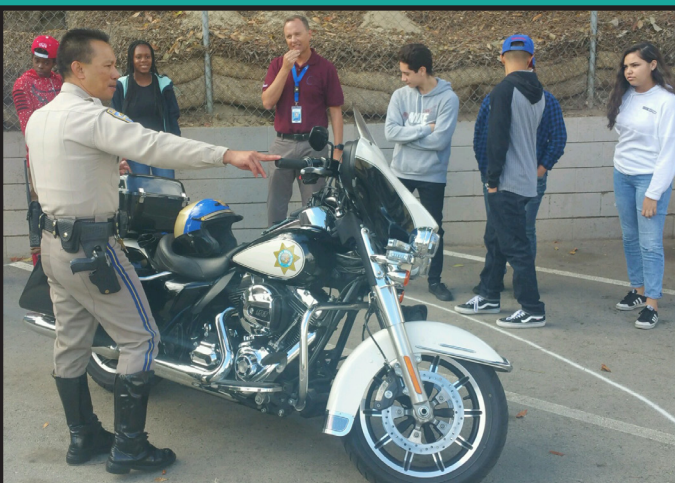

COMMUNITY IN THE CLASSROOM!

Public Safety students learn from real world professionals in the field!

CTE Public Safety students had the opportunity to listen and ask questions of *California Highway Patrol Officer Lassig* when he visited on October 25th. The topics covered were interdepartmental collaboration for a common goal, the gang task force, and qualifications a person needs to be successful in a law enforcement application process. Officer Lassig provided valuable information that students used towards mastering the Public Safety Industry Standards.

CTE Public Safety students met at Pathfinder Student Center to join in a presentation by Officer Nguyen of the California Highway Patrol. Officer Nguyen shared his 27+ years of experience with the CHP working as a Patrol Officer, Recruitment/Backgrounds Unit, Auto Theft Division, and a Community Enhancement Officer where he promoted a positive community relationship around neighborhoods and schools. Students asked questions and were able to learn about a variety of jobs within the CHP.

COMMUNITY IN THE CLASSROOM!

Public Safety students learn from real world professionals in the field!

On November 15th, the CTE Public Safety students had the privilege to have two guest speakers from the Riverside County Search Dog Unit and Bloodhound Tracking Team visit the Temecula Student Center. Mr. Monahan, his dog Marley, Corporal T. Gavin and his dog Copper, demonstrated the technique and skill used in search and rescue operations. Mr. Monahan and Marley have been deployed on over 100 missions with several significant and life saving finds.
