The Californian Challenge is an exciting opportunity for students to participate in team-building activities aboard historical vessels.

This Adventure offers a unique hands-on approach opportunity to teach students about Pirates and the Sailors life during the 18th century by exploring real life exhibits and participating in hands-on activities such as:

- Rowing lesson and rowing out on San Diego Bay aboard one of the longboats
- Black powder gun or cannon demonstration on the Museum barge.
- Sailing (yes, sailing) the tall ship Schooner Californian on a lengthy excursion.

Upon returning to the docks, they will be firing the ships guns to salute the Star of India.

After the program, you can take a self guided tour of the Museum's other ships and submarines including the HMS Surprise (featured in Master and Commander and Pirates of the Caribbean 4) as well as the USS Dolphin (deepest diving submarine) at your own pace. (subject to availability)
