Policy: 5007.1

According to the VSCS Charter, goals for students and parents include, but shall not be limited to the following:

- Optimum learning by the student will be achieved by encouraging parent involvement and support.
- Students will be active participants in their personalized learning plan with the support of VSCS staff.
- VSCS students will perform and achieve as well as or better than students in traditional California public schools.
- Students will be intrinsically motivated.
- Students will achieve competency in basic academic skills.

The Governing Board is interested in ensuring that each and every student of Vista Springs Charter School achieves academic success and graduates on time. Therefore, students enrolled in VSCS are required to make adequate progress towards graduation each and every week. Failure to do so will result in disciplinary action as governed by the Adequate Progress Process. If the student continues to underperform, the student will be placed on an academic contract. Failure to meet the terms of this academic contract may result in being dismissed from VSCS.
