  - A SPRINGS Caldecott will be awarded based on the work as a whole (pictures and text). We realize our youngest writers may not include many words in their stories!
- Parents are encouraged to support their students as they revise and use the writing process (POWER); however, please help your child retain his or her voice in the story.
- K-1 students may dictate the story to parents. Parents should try to retain the original word choice and voice of the child. We are happy to have students write the text!
- Stories must be fiction although they can be based on real life events.
- All students will receive an award certificate.
- Stories will be judged based on our 6-Traits Rubric.
