## 2017-20 Plan Summary

### The Story

Describe the students and community and how the LEA serves them.

#### Our Mission

Our mission is to empower students by fostering their innate curiosity, engaging their parents, and promoting optimum learning by collaboratively developing a personalized learning program for each student. The school vision for student success is evident throughout the LCAP and focuses specifically on the school pillar of personalized learning. This is evident throughout goal 6: "Continue to support parent choice and personalized learning." Student empowerment and optimum learning is evidenced in all goals as we continue to expand focused services, supports, and opportunities for all students.

#### Our Philosophy

The school was created by and is operated by parents. We understand that every child is on a personalized educational journey. Our talented teachers work hard to incorporate a rich diversity of skills development, curriculum, and extracurricular activity into each day. Our staff works hard to direct resources where our students need them most. As a charter school, we are part of the solution to a better education system. We value

- Parent choice and involvement
- Using the community as the classroom
- Fostering a child's innate creativity
- Collaborating to achieve goals
- Building relationships
- Personalizing learning

The following infographic was used to give a snapshot to stakeholders about the Springs network by attaching it to the beginning of the survey:

## The River Springs Community

River Springs Charter School (RSCS) has been authorized by the Riverside County Office of Education (RCOE) since 2007. RSCS serves TK-12th grade students residing in Riverside County and the four contiguous counties. Of the 6,344 students served by RSCS, the majority reside in Riverside County (96%) with additional populations of students residing in San Bernardino County (2%), and San Diego County (2%).

Riverside County has the fourth largest population in California with over 2.3 million residents. According to 2017 census data, the reported ethnic majority is predominantly Hispanic/Latino (49%) and white (35%) with additional populations of Asian (7%) and African American (7%). The median household income is \$60,807. Education levels of residents over the age of twenty-five who hold a bachelor's degree or higher is at 21.5% countywide.

## LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The 2019-20 LCAP has only changed slightly from last year. Based on stakeholder feedback, the charter is doing well. When applicable, the CDE Dashboard is used. In all other cases, there are clear, transparent internal metrics used. In all cases, the goals ensure accountability, precise budget reconciliation, and alignment with state/local priorities and achievement data.

The combination of stakeholder feedback and committee recommendations have produced a well-rounded document that includes goals for all students along with specific goals for qualifying students (unduplicated pupils). While the charter's goals are expansive, they are also founded on what's best for students and aligned with our mission.

In the current document there are a number of changes, the most notable are:

- Goals for qualifying students have been modified (SED/low income, English Learners, and immigrant)
- Goals that include maintaining or increasing "change" rates based on the Dashboard are noted
- Expected Annual Measurable Outcomes (EMAOs) were re-visited
- All actions at least one of: data-driven decision making, stakeholder feedback, Dashboard needs, state priority
- If there is little or no data in an area, the charter will still expect the processes/practices to be completed
- All state priorities are listed
- All Dashboard data has an aligned goal
- Each goal is research-based or aligned to best practices
- Staff development goal is updated
- Experts in each area assisted in goal development to ensure buy-in and, ultimately, goal-achievement
- Where internal data is noted, the charter also included Dashboard data to ensure transparency, as appropriate
- All annual updates were given by experts in that particular area
- All goals are aligned to the charter document
- A mid-year progress update is given to the Local Board each December
- Budget allocation was completed by Finance to coordinate with annual budget planning and the LCAP committee
- Annual update estimated expenditures were carefully documented throughout the year to ensure clean and transparent transactions for audit

# Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

## Greatest Progress

The charter has identified multiple areas of greatest progress. They are:

- ELA increases in previous red/orange subgroups: Students with Disabilities, English Learners, and African American.
- Math increases in previous red/orange subgroups: Students with Disabilities, English Learners, Homeless, Hispanic, and Socio-Economically Disadvantaged.
- Suspension/Expulsion rates below county averages.
- Attendance rates are well above county averages.
- Student Chromebook distribution has met the charter's high standards.
- Site security has increased and exceeds the charter's standards.
- Internship/CTE enrollment has increased.
- Mastery-based CA State Standard (Common Core) courses are being developed on schedule.
- Professional development goals for teachers/administrators have been exceeded.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

## Greatest Needs

The state accountability dashboard indicates an overall "orange" performance color for the Mathematics Indicator. The school will focus on increased performance in this area through the actions and services described in Goal 1, Action C.

The LEA has determined need for significant improvement of the graduation and drop-out rates. School administrators will implement efforts for continuous improvement in these areas through Goal 6, Action A.

The school will also address the needs identified through Goal 2, Action E (11th grade EAP), which declined.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

## Performance Gaps

The state accountability dashboard indicates three performance gaps: (1) homeless subgroup in chronic absenteeism, (2) Students with Disabilities in English Language Arts (ELA), and (3) African American subgroup in ELA. In each case, the subgroup performance was orange compared to the overall of green.

The school will focus on increased performance in these areas through the following specific goals and services:

- Goal 6, Actions A: Chronic Absenteeism
- Goal 1, Actions B: English Language Arts

## Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

### Schools Identified

Identify the schools within the LEA that have been identified for CSI.

None.

### Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

N/A

### Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

N/A

# Annual Update

LCAP Year Reviewed: 2018-19

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

## Goal 1

**Teaching and Learning:** Maintain high quality, rigorous Common Core State Standards curriculum and instruction to maintain/strengthen California Assessment of Student Performance and Progress (CAASPP) achievement through research-based practices and teacher training.

State and/or Local Priorities addressed by this goal:

State Priorities: 2, 4

Local Priorities: Aligned with charter document

Continue to develop staff during five staff development/data day trainings each year. Agendas will be developed based on the results of internal and state achievement data. Staff development will include NGSS implementation, CCSS mastery based instruction and using student achievement data to drive instruction. Staff will also attend external conferences and workshops.

### Goal Met

We have an annual staff development plan that included five teacher trainings for 2018-19, in addition to PLC and data day agendas. Topics included:

- Literacy (TK-2 teachers): Scope and Sequence for Foundational Reading Skills, Scope and Sequence for Phonics and Sight Words, World Cafe for Reading Foundation Teaching Strategies;

## Analysis – Goal 1

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the actions/services for this goal have been met. All 5 actions have met their goals.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve this goal are good. The charter’s data shows improvement in all areas, though the charter recognizes that further work is needed in mathematics.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

While some of the individual action items came in over/under budget, the overall budget versus estimated actuals balanced for the goal overall.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no major changes to this goal.

## Goal 2

**High School:** Support college and career readiness for all students in grades 9-12 by increasing enrollment in CTE courses, increasing enrollment in A-G approved coursework and sequence, improving 11th grade CAASPP results, providing concurrent/dual enrollment opportunities, advertising Golden State Merit Diploma, and other specialized/personalized options.

State and/or Local Priorities addressed by this goal:

State Priorities: 7, 8

Local Priorities: Aligned with charter document

### Annual Measurable Outcomes

| Expected  | Actual   |

aligned with community college pathways and CDE K-12 Strong Workforce criteria.

In 2017-18, 30 CTE courses were offered through 12 different pathways. In the 2018-19 school year, 22 CTE courses were offered through 11 different pathways (due to condensing foundation courses and 2 pathways temporarily closed for revision). In both 2017-18 and 2018-19, 8 CTE courses were articulated that lead into the college's certificate programs, Associate Degree(s), and/or are transferable to a four-year college.

To increase internship participation among students, information is advertised on the school website, during high school student orientation, and during parent annual Ignite conference. In addition, internships are advertised on the quarterly Springs News Bulletin and weekly Refreshment emails (to staff/parents/community stakeholders). A Career Center was placed in each of the high school campuses where internship students meet with the Work Experience teacher.

From 2017-18 to 2018-19, term 1 Internship completion increased from 209 students to 250 (increase of 20%), CTE course completion increased from 357 students to 578 (increase of 62%). The largest factor in the increase CTE enrollment is that we extended CTE opportunities to 9th grade students.

## Analysis – Goal 2

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the actions/services for this goal were successful. Five of the actions have met their goals, with one being partially met.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve this goal are good. The charter’s data shows improvement in all areas, though the charter recognizes further work is needed in 9<sup>th</sup> grade math readiness and 11<sup>th</sup> grade EAP.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

While some of the individual action items came in over/under budget, the overall budget versus estimated actuals balanced for the goal overall.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no major changes to this goal.

# Goal 3

**Safety and Culture:** Improve student safety and school culture.

Focus specifically on subgroups designated as orange, red, or performance gaps on the Dashboard.

*Measure: Support efforts will be measured by a decreased overall suspension rate, as calculated on the Accountability Dashboard change rate.*

The charter school has maintained suspension and expulsion rates significantly lower than the county. On the CDE Dashboard (2018), the suspension rate indicator (previously green) is now yellow due to a slight increase (0.5%) from 2016-17 to 2017-18. The African American and Students with Disabilities subgroups are orange. Expulsion rates declined to 0%.

In addition, the most recent suspension and expulsion rates available through DataQuest are tabled below. This data will continue to be used to refine team practices and target struggling student subgroups. Overall suspension data is also reviewed monthly to monitor incidents by program, subgroup, location on campus, and most severe offense in order to address trends immediately.

## Analysis – Goal 3

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the actions/services for this goal are mixed with one met and one partially met. While the charter’s suspension and expulsion rates are well below county averages, staff recognize the need to be watchful of any suspension growth due to the slight increase changing the Dashboard from green to yellow (any small increases are making large changes on the Dashboard).

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve this goal are good. The charter is very effective in both areas by maintaining safe and secure sites and keeping suspension rates well below county averages.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There are no material differences for this goal.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The May training included an overview of the EL Standards with a review of the vocabulary development practices used throughout the year. Strategies for integrating the standards and lesson planning were be a focus for this development.

In addition, the Director of Assessment/EL Coordinator conducted classroom walkthroughs to look for evidence of vocabulary development across all subjects.

The most current data available on the CDE Fall 2018 Dashboard indicates a CAASPP increase in both ELA and math for English Learners (10.9 point increase in ELA and 0.4 maintain/increase in math). However, because Dashboard data is not a good indicator of progress that has been made in the 2018-19 school year (since this goal was established), iReady Progress toward yearly targets has been included.

## Analysis – Goal 5

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the actions/services for this goal are great. All 5 actions have been met.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve this goal are excellent. Each action, to meet the goals, has proven to be effective.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The material differences in this goal are in Action E. The charter chose to use more staff time on this action to increase EL academic proficiency. All other actions are balanced between the budget and actual expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no major changes to this goal.

## Goal 6

**Mission:** Continue to support parent choice and personalized learning.

All students are enrolled in courses that will lead to a high school diploma. Transcripts are reviewed upon enrollment and annually to review and update course advisement. School counselors meet with all 11th grade students and any time a student is flagged as not on track for cohort graduation.</p> <p>The charter school's 2017-18 average daily attendance rate was 99.1%, which is well above the county average.</p> <p>Due to delays in DataQuest data release, 2017-18 grade level drop out data is not currently available, but is expected to be released in the coming months. This report has historically been used by the school for data monitoring and as an LCAP measure for this goal. In lieu of that, school leadership collected the four-year adjusted cohort drop-out rate (tabled below). The school also continues to actively work with our student information system specialist to ensure that data is being documented and imported to CALPADS accurately in all areas, but with special focus on high school drop-outs.</p> <p>Data is tabled below.</p> | <p>\$165,000</p>         | <p>\$115,370</p>                    |

This exceeds our goal of 15 events in 2018-19. Staff have begun scheduling events through the end of the calendar year. Throughout the Springs network, 42 students have enrolled in 2018-19 as a direct result of efforts at marketing events, based upon parents answering "how did you hear about Springs" on the application for enrollment. In addition to outreach events, the school maintains a robust portfolio of direct and indirect marketing efforts. These include, but are not limited to: radio ads, press releases, postcards, mail inserts, billboards, movie theater advertisements, mall advertisements, and more.</p> <p>The Homeschool package for the 2019-20 school year has been updated to provide families with additional funding for items like enrichment classes and curriculum. This update allows the school to maintain a competitive position in the overall homeschool landscape. All parents are encouraged to participate in both academic and extracurricular capacities. Parents are invited to development opportunities (parent certification, Ignite Conference, SPREE, etc.), school committees, volunteering on-site, and Personalized Learning Plan Meetings.</p> <p>For unduplicated students specifically, students and parents meet quarterly with the teacher (and additional staff as needed) to create personalized learning goals for each student. ## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the actions/services for this goal is mixed with 2 actions as met and 1 as partially met. The charter recognizes the need to look at both data and field practices to get dropout rates decreased and cohort graduation rates increased.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve this goal are good with the exception of needing to maintain county averages for drop out and cohort graduation rates. Parent involvement and the personalized learning continuum are doing well.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There are not major differences between budgeted and actual expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no major changes to this goal.

# Stakeholder Engagement

LCAP Year: 2018-19

## Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

**Stakeholder Committee:** The stakeholder group helped to develop and refine goals based on the state priorities and chartering document. The Committee also assumed the role of data analysis and revisions in order to complete the document. This process involved multiple people who are experts in their field for input on their particular goals (ie: Special Education). Each stakeholder involved refined the goals based on their expertise. The Committee members also attended trainings throughout Southern California to ensure familiarity with LCAP processes. At the end of the process the Committee met again and solidified all of the goals based on ALL of the feedback received.

**Board/Community Training/Meetings:** During public session in December staff present a mid-year update which explains the progress as of the end of November. In May, the staff reminded the Board of the reasons for the LCAP document and the impact. During this presentation state priorities, charter vision, CDE Dashboard, and stakeholder ideas were outlined. During public session each person in attendance was given a chance to vote on which three actions/services for which they would like more information on at future public board meetings. The top three for which they would like more information were:

1. Career-Technical Education and Internships
2. College-Readiness Opportunities
3. Marketing Efforts

**Authorizer Feedback:** The Stakeholder Committee also looked at authorizer feedback from prior years to ensure all items were properly submitted based on their evaluation.

**The Community-At-Large:** The community was given a lengthy online survey describing the LCAP process with an outline of the six goals. The six goals were then separated into action/services where each participant was asked if each focused resource (provided by the school) was: used and useful, used and not useful, not used, or unknown. These survey results (aggregated) are as follows.

**Survey:** School stakeholders were surveyed in April-May 2019. For each of the six LCAP goals, stakeholders were asked how well they think the school doing to

provide services and resources to students. In addition survey participants were asked to rate each LCAP resource as being used and helpful, used and not helpful, or not used. Results are below.

| 2019 LCAP Survey Findings  |  |  |   |
|----------------------------|--|--|---|
|                            | % stakeholders who say we are<br>“exceeding expectations”<br>or “doing well” * | Highest rated resources for being<br>“used and useful” | Lowest Rated resource;<br>voted<br>“used but not helpful” |

*N/A = All resources in this category received at least an 80% "helpful" rating.  
\*\* Resource received a 100% "helpful" rating.*

## Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

After compiling and analyzing all stakeholder feedback, the charter staff is confident that the LCAP goals are congruent with needs. With overall "used and useful" or favorable responses to actions, the LCAP Committee made only minor revisions to the items. In some cases, the metrics were changed to align more thoroughly with public data (eg: attendance rates to chronic absenteeism). Furthermore, the estimated actuals were analyzed and current and next year's budget were updated so that the stakeholders received accurate, transparent future expenditures.

Due to the new federal addendum, staff aligned federal expenditures (in applicable areas) and noted on both the LCAP and the Addendum. In summary, the stakeholder groups were pleased with the LCAP and Addendum and only minor changes were necessary.

## Goal 1

**Teaching and Learning:** Maintain high quality, rigorous Common Core State Standards curriculum and instruction to maintain/strengthen California Assessment of Student Performance and Progress (CAASPP) achievement through research-based practices and teacher training.

### State and/or Local Priorities addressed by this goal:

State Priorities: 2, 4

Local Priorities: Aligned with charter document

### Identified Need:

Need to ensure high quality, rigorous standards curriculum and instruction in order to achieve CAASPP achievement through best practices and teacher training.

Charter has identified needs based on multiple measures as shown below in Expected Annual Measurable Outcomes. All baseline measurements are based on the following: parent/student/community survey data, mission/vision/charter alignment, SBAC and internal assessment data, staff feedback, state/federal reports, WASC feedback, and/or Dashboard data.

## Goal 2

**High School:** Support college and career readiness for all students in grades 9-12 by increasing enrollment in CTE courses, increasing enrollment in A-G approved coursework and sequence, improving 11th grade CAASPP results, providing concurrent/dual enrollment opportunities, advertising Golden State Merit Diploma, and other specialized/personalized options.

### State and/or Local Priorities addressed by this goal:

State Priorities: 7, 8

Local Priorities: Aligned to charter document

### Identified Need:

Need to support college and career readiness for all high school students through CTE, A-G coursework, CAASPP results, college course enrollment (dual credit), Golden State Merit Diploma, and all other personalized learning options.

Charter has identified needs based on multiple measures as shown below in Expected Annual Measurable Outcomes. All baseline measurements are based on the following: parent/student/community survey data, mission/vision/charter alignment, SBAC and internal assessment data, staff feedback, state/federal reports, WASC feedback, and/or Dashboard data.

Continue to use individual, significant subgroup, grade level internal assessment and cluster data to drive instruction at the beginning of grade 9 to identify high school area strengths and weaknesses and implement research-based strategies to maintain/increase CAASPP grade 11 "met" or "exceeded" and/or "ready" or "conditionally ready" EAP scores. Assessments will include i-Ready and Illuminate. Revise curriculum and/or practices, as appropriate.

The charter will prioritize subgroups that measure on Dashboard as red, orange, or have significant performance gaps (2+ from overall).

### Goal 3

**Safety and Culture:** Improve student safety and school culture.

#### State and/or Local Priorities addressed by this goal:

State Priorities: 1, 6

Local Priorities: Aligned with charter document

#### Identified Need:

The need to ensure student safety and positive school culture is a high priority.

Charter has identified needs based on multiple measures as shown below in Expected Annual Measurable Outcomes. All baseline measurements are based on the following: parent/student/community survey data, mission/vision/charter alignment, SBAC and internal assessment data, staff feedback, state/federal reports, WASC feedback, and/or Dashboard data.

## Goal 6

**Mission:** Continue to support parent choice and personalized learning.

### State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 3, 4, 6

Local Priorities: Aligned with charter document

### Identified Need:

The need to ensure that the school’s mission, as outlined in the charter document, remains a high priority.

Charter has identified needs based on multiple measures as shown below in Expected Annual Measurable Outcomes. All baseline measurements are based on the following: parent/student/community survey data, mission/vision/charter alignment, SBAC and internal assessment data, staff feedback, state/federal reports, WASC feedback, and/or Dashboard data.

## 2017-18 Actions/Services

The charter will maintain attendance rates above county averages. The charter will decrease middle school and high school dropout rates and graduation rates by accountability measure growth each year through adequate progress process, student involvement in goal setting, personalized learning process, interest choices, and student engagement methods.

## 2018-19 Actions/Services

The charter will maintain attendance rates above county averages. The charter will decrease middle school and high school dropout rates and graduation rates by accountability measure growth each year through adequate progress process, student involvement in goal setting, personalized learning process, interest choices, and student engagement methods.

## 2019-20 Actions/Services

Through adequate progress process, student involvement in goal setting, personalized learning process, interest choices, and student engagement methods, the charter will improve chronic absenteeism and graduation rates (as shown on the CA Dashboard) and drop-out rates (per Data Quest).

2017-18 Actions/Services

*Measure: Aggregate attendance rate drop-out data with comparable. Graduation rates per Dashboard, both state and internal (up-to-date) data points.*

2018-19 Actions/Services

Charter will focus efforts on specific subgroups showing red, orange, or performance gaps on CDE Dashboard; currently SWD subgroup is orange.

*Measure: Aggregate attendance rate drop-out data with comparable. Graduation rates per Dashboard, both state and internal (up-to-date) data points.*

2019-20 Actions/Services

# Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2019-20

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$5,953,861 (supplemental only)

10.25%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

All students will receive the services as written in goals 1, 2, 3, 4, and 6 above.

**Goals 5A, 5B, 5D, 5E are specific and principally-directed for unduplicated pupils as per the action narratives. Unduplicated pupils will specifically receive services above and beyond the other students, to ensure the charter effectively meets its goals for these qualifying students.**

In summary, these goals include:

- Use the AIMM process to specifically coach principals to increase student achievement for unduplicated pupils;
- Continue to increase number of MiFis being used by students who do not have internet access at home due to unduplicated pupil status; and
- Continue to hire and train Assistant Classroom Educators (ACES) for all academy classrooms to specifically assist unduplicated pupils in grades K-5.
- Increase services to English Learners as described in goal 5E.

# Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2018-19

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$5,224,116 (supplemental only)

9.04%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

All students will receive the services as written in goals 1, 2, 3, 4, and 6 above.

**Goals 5A, 5B, 5D, 5E are specific and principally-directed for unduplicated pupils as per the action narratives. Unduplicated pupils will specifically receive services above and beyond the other students, to ensure the charter effectively meets its goals for these qualifying students.**

In summary, these goals include:

- Continue contracting with urban schools group who specifically coach Principals for unduplicated pupils, increase number of participants;
  - Continue to increase number of MiFis being used by students who do not have internet access at home due to unduplicated pupil status; and
  - Continue to hire and train Assistant Classroom Educators (ACES) for all academy classrooms to specifically assist unduplicated pupils in grades K-5.
- Increase services to English Learners as described in goal 5E.

# Addendum

*The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.*

*For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.*

*If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.*

*Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.*

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).

## Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the California School Dashboard data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to California School Dashboard means the California School Dashboard adopted by the State Board of Education under *EC* Section 52064.5.

## Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's\* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

\* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

## Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

## Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

## Analysis

Using actual annual measurable outcome data, including data from the California School Dashboard, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the California School Dashboard, as applicable. Identify where those changes can be found in the LCAP.

## Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

**Instructions:** The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

**School districts and county offices of education:** Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

**Charter schools:** Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

## Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

**School districts and county offices of education:** The LCAP is a three-year plan, which is reviewed and updated annually, as required.

**Charter schools:** The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

### Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

### Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

### Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the California School Dashboard, as applicable.

### Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

### Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

#### For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

##### Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is entered, identify the specific student group(s) as appropriate.

##### Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and

“Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

### **For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:**

#### **Students to be Served**

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

#### **Scope of Service**

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, enter “Limited to Unduplicated Student Group(s)”.

**For charter schools and single-school school districts**, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

#### **Location(s)**

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

#### **Actions/Services**

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

**New/Modified/Unchanged:**

- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

**Note:** The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

**Charter schools** may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### **Budgeted Expenditures**

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

## **Demonstration of Increased or Improved Services for Unduplicated Students**

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the “Demonstration of Increased or Improved Services for Unduplicated Students” table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

### **Estimated Supplemental and Concentration Grant Funds**

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 *CCR*) Section 15496(a)(5).

## Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

# State Priorities

**Priority 1: Basic Services** addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

**Priority 2: Implementation of State Standards** addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
  - a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
  - b. Mathematics – CCSS for Mathematics
  - c. English Language Development (ELD)
  - d. Career Technical Education
  - e. Health Education Content Standards
  - f. History-Social Science
  - g. Model School Library Standards
  - h. Physical Education Model Content Standards
  - i. Next Generation Science Standards
  - j. Visual and Performing Arts
  - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

**Priority 3: Parental Involvement** addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

**Priority 4: Pupil Achievement** as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- C. The percentage of English learner pupils who make progress toward English proficiency as measured by the English Language Proficiency Assessments for California (ELPAC);
- D. The English learner reclassification rate;
- E. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- F. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

**Priority 5: Pupil Engagement** as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;
- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

**Priority 6: School Climate** as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

**Priority 7: Course Access** addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

**Priority 8: Pupil Outcomes** addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

**Priority 9: Coordination of Instruction of Expelled Pupils (COE Only)** addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

**Priority 10. Coordination of Services for Foster Youth (COE Only)** addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

**Local Priorities** address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

# APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

(1) The number of K-8 students who were absent 10 percent or more of the school days excluding students who were:

(A) enrolled less than 31 days

(B) enrolled at least 31 days but did not attend at least one day

(C) flagged as exempt in the district attendance submission. K-8 students are considered to be exempt if they:

(i) are enrolled in a Non-Public School

(ii) receive instruction through a home or hospital instructional setting

(iii) are attending a community college full-time.

(2) The number of students who meet the enrollment requirements.

(3) Divide (1) by (2).

(b) “High school dropout rate” shall be calculated as follows:

(1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(c) “High school graduation rate” shall be calculated as follows:

(1) For a 4-Year Cohort Graduation Rate:

(A) The number of students in the cohort who earned a regular high school diploma by the end of year 4 in the cohort.

(B) The total number of students in the cohort.

(C) Divide (1) by (2).

(2) For a Dashboard Alternative Schools Status (DASS) Graduation Rate:

(A) The number of students who either graduated as grade 11 students or who earned any of the following:

(i) a regular high school diploma

(ii) a High School Equivalency Certificate

(iii) an adult education diploma

(iv) a Certificate of Completion and was eligible for the California Alternative Assessment if under the age of 20.

# APPENDIX B: GUIDING QUESTIONS

## Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

## Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?

- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

## Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
