### PROGRAM INFORMATION

**(PLEASE READ IN ITS ENTIRETY)**

This program offers many challenges to students during an 5-hour imaginary voyage from Great Britain to the West Coast of the United States, via New Zealand. Students relive the lives of 1870's emigrants who have signed aboard as sailors "before the mast" in exchange for passage.

Through role-playing and cooperative learning techniques, students are immersed intellectually, physically and emotionally in shipboard activities. These include hoisting barrels and sails, riding a boatswain's chair, singing chanteys, standing night watch, swabbing the decks and dealing with a demanding, yet fair, Captain and crew.

This award-winning living history program is designed as a hands-on exploration of history, literature and group problem solving.

After the program, you can take a self guided tour of the Museum's other ships and submarines including the HMS Surprise (featured in Master and Commander and Pirates of the Caribbean 4) as well as the USS Dolphin (deepest diving submarine) at your own pace. (subject to availability)
