# Citrus Springs Meets Five Year Renewal Criteria

The Charter meets 5 year renewal criteria per Ed Code Section 47607.2(b)(1). The chartering authority shall consider the schoolwide performance and performance of all subgroups of pupils served by the charter school on the state and local indicators as well as other verified data. 2019 CA School Dashboard data is below, and 2020 iReady verified data is on the following page.

2019 CA School Dashboard Performance				
Mathematics				English Language-Arts
Increased +21.8pt 26.3pt below standard	Charter	All Students	Charter	Increased +15.5pt 1.3pt above standard
Maintained +2.9pt 33.5pt below standard	State		State	Increased +3.7pt 2.5pt above standard
Increased +29.0pt 76.2pt below standard*	Charter	Students with Disabilities	Charter	Increased +48.7pt 44.2pt below standard*
Increased +6.6pt 119.4pt below standard	State		State	Increased +7.8pt 88.1pt below standard
Increased +34.4pt 40.7pt below standard	Charter	English Learners	Charter	Increased +4.0pt 37.5pt below standard
Maintained +2.2pt 68.6pt below standard	State		State	Increased +3.1pt 45.1pt below standard
Increased +25.5pt 35pt below standard	Charter	Socio-economically Disadvantaged	Charter	Increased +15.2pt 13.9pt below standard
Increased +3.4pt 63.7pt below standard	State		State	Increased +4.4pt 30.1pt below standard
Increased +21.5pt 34.4pt below standard	Charter	Hispanic	Charter	Increased +8.6pt 11pt below standard
Increased +3.4pt 62.2pt below standard	State		State	Increased +4.5pt 26.6pt below standard
Increased +12.5pt 11.3pt below standard	Charter	White	Charter	Increased +27.6pt 38.7pt above standard
Maintained +2.7pt 1.4pt above standard	State		State	Increased +3.4pt 30.7pt above standard

\*No color assigned = less than 30 students

Performance level  
color progression

The Charter's color rating is the same or higher than the State for overall students and all significant subgroups.

The Charter's subgroups performed higher than the State status in 4 of 5 subgroups in math and 5 of 5 subgroups in ELA.

The charter had significantly higher increases in test scores from 2018 to 2019.

All local indicators met.

# 2020 Verified Student Achievement Data

## COVID Response Highlights

- Continuous instruction offered for all students
- Free grab-and-go meals available for all community children
- 1:1 Student Chromebooks
- OPEN Classroom program available to the public

Received the "Above and Beyond Award" from the National Alliance for Public Charter Schools in recognition of our response to COVID-19 and our Online Public Education Now (OPEN) Classroom program.

An analysis of Citrus Springs' 2019-20 iReady growth shows that, on average, students make more than one year's academic growth in a school year.

## Reading

126%

iReady Schoolwide Growth Progress Median

## Math

104%

iReady Schoolwide Growth Progress Median

The Charter compared 2018-19 and 2019-20 iReady scaled score cut points to calculate an alternative 2020 School Dashboard. Performance colors are estimates based on CAASPP to iReady grade level scale score range relationships.

## iReady 2018-19 Mid-Year to 2019-20 Mid-Year DFS & Growth

Average DFS: 9.2 below  
Change: +0.9

# Serving All Students Who Wish to Attend

The mission of Citrus Springs Charter School is to empower students by fostering their innate curiosity, engaging their parents, and promoting optimum learning by collaboratively developing a personalized learning program for each student.

Citrus Springs has been successfully implementing the program for five years and plans to continually improve over the next charter term.

The school is fiscally secure and has an involved and professional Governing Board.

## AREAS OF ACHIEVEMENT

Six year WASC Accreditation term started in 2020

Since opening, 15 of the school's 16 cohort members have graduated in 4 years. The 16th student continued enrollment with IEP services.

Free breakfast and lunch are available to all students through Community Eligibility Provision

High-level data warehousing and learning management systems

5 students received perfect scores on the CAASPP in ELA and/or Math in 2019

Citrus Springs' Dashboard ranks higher than the local district and State in both ELA and math

1:1 Technology (Chromebooks) schoolwide

All significant subgroups increased performance in ELA and math on the 2019 Dashboard

## CAREER AND COLLEGE READINESS

Had our first CTE completor in 2019-20

14 CTE Pathway offerings with 28 courses, 8 of which are articulated

Students completing online dual enrollment and local concurrent enrollment courses for college credit

39 approved a-g courses

## PERSONALIZED LEARNING

Highly-trained Assistant Classroom Educators (ACEs) in every academy classroom

On-site TK-12 Learning Center class options for Homeschool students

Fully-stocked curriculum warehouse and Lending Center for Homeschool students

Nearly 80 annual field trips for families to choose from

## STAFF DEVELOPMENT

Annual IGNITE! Back to School Conference for all staff plus a full parent day available

ALOHA Welcome Week staff development for all new employees

Fully implemented PLC program with focus on data, MTSS, and ELD

Crisis Prevention Institute training for all student center staff

## EMPOWERING STUDENTS & ENGAGING PARENTS

Mastery of I CAN! standards has increased across all grade levels

Spelling Bee, History Day, and Science Fairs offered with increased participation

Prom, Grad Nite, and other events offered annually for high school students

MTSS/RTI process and training aligned to support the whole child

## BUSINESS AND OPERATIONS

Named a Top Workplace for similar sized organizations, three years in a row

Full, highly-qualified, professional Governing Board with student and parent involvement

High-quality infrastructure

Proven financial stability and exceeding reserve requirements annually

## HUMAN RESOURCES

Employs over 50 staff while fostering a community of engagement and respect.

Increase teacher retention including Learning Centers

Induction program for all first and second year teachers

Robust benefits package for all employees 0.6 FTE or higher

**THIS PAGE INTENTIONALLY LEFT BLANK**

## Affirmations and Declaration

As the authorized lead petitioner, I, Dr. Kathleen Hermsmeyer, hereby certify that the information submitted in this petition for renewal of the California public charter school named Citrus Springs Charter School (hereafter "CSCS" or the "Charter School") and authorized by the Orange County Board of Education ("OCBE") with oversight by the Orange County Department of Education ("OCDE") (collectively referred to herein as the "County"), is true to the best of my knowledge and belief.. I also certify that this petition does not constitute the conversion of a private school to the status of a public charter school and I understand that if awarded a charter, the Charter School will follow any and all federal, state, and local laws and regulations that apply to the Charter School. Further, I affirm that if awarded a charter, CSCS:

1. Shall meet all statewide standards and conduct the student assessment tests pursuant to Education Code Section 60605, and any other statewide standards authorized in statute, or student assessments applicable to students in non-charter public schools. [Ref. California Education Code Section 47605(d)(1)].
2. Shall be deemed the exclusive public school employer of the employees of CSCS for purposes of the Educational Employment Relations Act [Ref. California Education Code Section 47605 (c)(6) and Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code].
3. Shall be nonsectarian in its programs, admissions policies, employment practices, and all other operations. [Ref. California Education Code Section 47605(e)(1)]
4. Shall not charge tuition. [Ref. California Education Code Section 47605(e)(1)]
5. Shall admit all students who wish to attend CSCS, unless CSCS receives a greater number of applications than there are spaces for students, in which case it will hold a public random drawing to determine admission. Except as required by Education Code Section 47605(e)(2) and Education Code Section 51747.3, admission to CSCS shall not be determined according to the place of residence of the student or the student's parents or legal guardian within the State. Preference in the public random drawing shall be given as required by Education Code Section 47605(e)(2)(B)(i)-(iv). In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of CSCS in accordance with Education Code Section 47605(e)(2)(C). [Ref. California Education Code Section 47605(e)(2)(A)-(C)].
6. Shall not discriminate on the basis of the characteristics listed in Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, or immigration status,

or association with an individual who has any of the aforementioned characteristics). [Ref. Education Code Section 47605(e)(1)]

7. Shall adhere to all applicable provisions of federal law related to students with disabilities including, but not limited to, the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA"), Section 504 of the Rehabilitation Act of 1973 ("Section 504"), and Title II of the Americans with Disabilities Act of 1990 ("ADA").
8. Shall meet all requirements for employment set forth in applicable provisions of law, including, but not limited to credentials, as necessary. [Ref. Title 5 California Code of Regulations Section 11967.5.1(f)(5)(C)]
9. Shall ensure that teachers in CSCS hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. The Charter School may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in the same manner as a governing board of a school district. Teachers employed by charter schools during the 2020-21 school year shall have until July 1, 2025, to obtain the certificate required for the teacher's certificated assignment [Ref. California Education Code Sections 47605(l) and 47605.4(a)]
10. Shall at all times maintain all necessary and appropriate insurance coverage.
11. Shall, for each fiscal year, offer at a minimum, the number of minutes of instruction per grade level as required by Education Code Section 47612.5(a)(1)(A)-(D), unless exempted by applicable law.
12. Shall notify the superintendent of the school district of the pupil's last known address within 30 days if a pupil is expelled or leaves CSCS without graduating or completing the school year for any reason and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades, and health information. If the pupil is subsequently expelled or leaves the school district without graduating or completing the school year for any reason, the school district shall provide this information to the Charter School within 30 days if the Charter School demonstrates that the pupil had been enrolled in the Charter School [Ref. California Education Code Section 47605(e)(3)].
13. The Charter School may encourage parental involvement, but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the Charter School [Ref. Education Code Section 47605(n)].

14. Shall maintain accurate and contemporaneous written records that document all pupil attendance and make these records available for audit and inspection. [Ref. California Education Code Section 47612.5(a)(2)]
15. Shall on a regular basis consult with its parents and teachers on a regular basis regarding CSCS's education programs. [Ref. California Education Code Section 47605 (d)]
16. Shall comply with any applicable jurisdictional limitations to the locations of its facilities. [Ref. California Education Code Sections 47605 and 47605.1]
17. Shall comply with all laws establishing the minimum and maximum age for public school enrollment. [Ref. California Education Code Sections 47612(b) and 47610]
18. Shall comply with all applicable portions of the Elementary and Secondary Education Act ("ESEA"), as reauthorized and amended by the Every Student Succeeds Act ("ESSA").
19. Shall comply with the Public Records Act.
20. Shall comply with the Family Educational Rights and Privacy Act.
21. Shall comply with the Ralph M. Brown Act.
22. The Charter School shall comply with Government Code Section 1090, et seq., as set forth in Education Code Section 47604.1
23. The Charter School shall comply with the Political Reform Act.
24. Shall meet or exceed the legally required minimum of school days. [Ref. Title 5 California Code of Regulations Section 11960]
25. Shall meet the requirements of Education Code Section 47612.5 and Education Code Section 51745 et seq. as relates to independent study.

## Introduction

### A. Founding Group

**Dr. Kathleen Hermsmeyer** has been serving as superintendent of California's largest charter school, River Springs Charter School, since 2005. In 2013, two new schools were added under her direction, Empire Springs and Harbor Springs Charter Schools. She has worked in education for the past 33 years. Prior to her leadership with charter schools, she served as a language arts specialist with the Stockton Unified School District and education specialist at Horizon Instructional Systems Charter School. She has also served as an adjunct faculty at Chapman, St Mary's College and the University of the Pacific.

Dr. Hermsmeyer earned her bachelor's degree in Liberal Studies and a master's degree in computer based education from California Polytechnic State University at San Luis Obispo. She earned her doctorate degree in curriculum and instruction with a minor in educational administration from the University of the Pacific. She holds a clear administrative credential, as well as a clear multiple subject and cross-cultural language and academic development credential.

Dr. Hermsmeyer is passionate about preparing students to enter the changing global community through personalized learning, real-world applications and rigorous master-based instruction (for full résumé, see Appendix A).

**Amy Podratz** has more than 20 years of experience with charter schools. She presently serves as the assistant superintendent of Administrative Operations, and is responsible for all business operations including accountability plans, purchasing, vendor relations, student records/attendance, book warehousing, and student enrollment. Ms. Podratz has been in this position since the inception of River Springs. She is a native of California, having grown up in Imperial County.

Ms. Podratz holds a bachelor's degree in Political Science and a pre-law certificate from California State University, Long Beach. Additionally, Ms. Podratz holds a single-subject credential in social science, a master's degree in Leadership, and has Chief Business Official certification coursework.

Ms. Podratz began her teaching experience as an independent study teacher and is an accomplished equestrian and active volunteer.

**Dr. Kathy Cox** has over 20 years of experience in the field of Special Education. She presently serves as the director of Special Education for Springs Charter schools. She is responsible for overseeing the entire special education operation and services to students with special needs. She began her career as an elementary school teacher in the Palm Springs and Beaumont areas of California. Dr. Cox moved into educational administration as an assistant principal, and quickly assumed the role of administrator overseeing a very large Special Education program. Dr. Cox led and supported district programs for students identified with moderate and severe

disabilities and the development of an alternative program for students with emotional disturbance.

Dr. Cox has extensive leadership training including conflict management, non-violent communication, problem solving, and organizational change. She has collaborated with staff to develop programs for students with Autism in order to return students from county placements.

Dr. Cox is passionate about nurturing collaboration and team building between all the stakeholders within the unique charter school community in order to provide an exemplary program for students.

**Dr. Vivian Price** has over 25 years as an educator. She presently serves as the assistant superintendent, Education-Personalized Learning. She began her career with Springs Charter Schools in 2003 having served as a middle and high school English teacher. She is responsible for the Homeschool program, Homeschool Transitions program, KEYS high school program, and oversees the Instructional Support department and data analysis.

Dr. Price earned her bachelor's degree in New Hampshire at Plymouth State University. She completed her master's degree in Education with a literacy focus from California State University, San Marcos, and recently completed her doctorate program in Educational Leadership. She holds multiple credentials in administration, English single-subject, and Reading Specialist. Dr. Price is recognized as a National Board Certified Teacher (ELA) and is a National Writing Project Fellow.

Dr. Price grew up in New England where her love for biking and hiking began. She enjoys memoirs, great American authors and adolescent literature.

**Tanya Rogers** has worked in the highly specialized world of school finance for nearly 10 years. She currently serves as the assistant superintendent of Business. Ms. Rogers is responsible for overseeing the budget process, financial reporting, restricted funding programs, payroll, and oversees the audit processes. Ms. Rogers began her professional career in the hospitality industry in which she developed a love for leadership and serving others. These skills translated seamlessly into the arena of school finance. She began this adventure auditing school districts with a local auditing firm. Ms. Rogers joined a local community college district and eventually was selected to lead the multi-college district's personnel division as the Vice Chancellor of Human Relations. Returning to the field of auditing, Ms. Rogers joined a local San Diego firm that specialized, again, in school district, college, not for profit, and charter school audits.

Ms. Rogers earned her bachelor's degree at California State University San Marcos in business with a concentration in accounting. She also earned a master's degree in business administration. Ms. Rogers is a Certified Public Accountant (CPA) in the State of California. She also holds the designation as a Certified Fraud Examiner (CFE) and is currently enrolled in a doctoral program.

While having grown up in the state of Washington, Ms. Rogers considers herself to be a California "native" having spent the last 25 years in the Southern California area. She is passionate about the programs Springs offers to students and families.

**Debbie Daniel** is a current assistant superintendent and has over 25 years of experience in the field of school counseling and administration. She holds a bachelor's degree in developmental psychology, a master's degree in educational counseling, and a master's degree in spiritual formation.

Prior to joining the Springs family, Debbie worked for 12 years in a comprehensive high school setting. Debbie has served in the charter school environment for 14 years, including administrative oversight for school counseling and special education programs. Debbie has served in her current position for the past 10 years.

Debbie enjoys reading, hiking, and spending time with her family.

**Douglas House** has worked in the education field for nearly 10 years and worked with youth for over 28 years. Additionally, Mr. House has worked in the field of Human Resources for over 13 years. He currently serves as the assistant superintendent of Human Resources. Mr. House is responsible for recruitment, employment testing, hiring, on-boarding, annual mandatory training, performance evaluation, employee benefits, employee compensation, employee relations, teaching credentials, leaves of absence, and Human Resources compliance. Mr. House began his professional career working with youth in a juvenile detention facility followed by working with probation youth as a mental health clinician/therapist in group homes. He continued to develop as a leader and later served as Executive Director for two non-profit organizations and Chief Operating Officer (COO) for a social service non-profit before coming to Springs to work in the Human Resources Department.

Mr. House earned his Bachelor of Arts in Criminal Justice at Anderson University, his Master of Science in Counseling Psychology at Cal Baptist University, and continues to maintain four HR certifications (two - HRCI, one - SHRM and one - SHRM Foundation) and a School Risk Management certification. Mr. House previously served as the Treasurer for Inland Empire Society for Human Resources Management (IE SHRM) and has volunteered over the last four years helping to develop the SHRM-CP national Human Resources certification exams. Additionally, Mr. House served 8 years as a Combat Engineer for the US Army Reserves.

Mr. House's passion for education, serving youth, and empowering employees coupled with his human resources, legal, counseling, and military experience work together harmoniously as he leads the Human Resources function at Springs.

**THIS PAGE INTENTIONALLY LEFT BLANK**

## **B. Who We Are**

Springs Charter Schools (SCS) is a successful network of non-classroom based, rigorous, personalized-learning charter schools serving students in California. As the flagship school, River Springs Charter School (RSCS) sponsored by the Riverside County Office of Education, is the largest individual charter school in California, due to tremendous parent support, excellent programs and best business practices. Since River Springs' initial charter approval in 2005, we have gone on to obtain three five-year charter renewal terms, opened fourteen resource center locations, and have expanded our movement outside of Riverside County. Empire Springs and Harbor Springs Charter Schools began operations in 2013 after gaining authorization from Helendale Elementary School District and Julian Elementary School District, respectively. Citrus Springs Charter was authorized on appeal by Orange County Department of Education in 2016, followed by Vista Springs and Pacific Springs Charters authorized in 2018 by the State Board of Education and the San Diego County Office of Education, respectively. All charter schools in the Springs network are WASC accredited, financially stable, have healthy governance procedures, and have positive relationships with authorizers.

We continue to take pride in helping each student through his or her own personalized educational journey. We believe that our unique program will continue to fill a special niche in the Orange County community.

## **C. Program Offerings & Grade Levels**

Citrus Springs operates several unique independent study programs in Orange County and the contiguous counties. These include:

- Five day seat-based model called Quest Academy TK-8, geared towards inquiry-based, community-focused, personalized learning (for further description, see page 44)
- Inclusive Special Education program called Delta (for further description, see page 33)
- Homeschool TK-12 with resource center support as needed based on enrollment (for further description, see page 50)

All three programs are research-based, innovative, need-driven models. CSCS's Santa Ana Student Center is located at 2121 North Grand Avenue in Santa Ana, California, and provides 13 classroom spaces. Of these 13 classroom spaces, five will be shared by the Delta Program and homeschool learning center enrichment classes. The remaining eight classrooms will be used five days per week for Quest Academy. Additional space will be provided for Special Education services, meetings, student events, activities, and assessment as needed. Facility is fully gated and exceeds all State safety requirements.

#### **D. Enrollment Projections (Approximate)**

<b>Approximate Enrollment Projections</b>	
Year 6	355
Year 7	370
Year 8	400
Year 9	420
Year 10	440

#### **E. Signature Components of Citrus Springs' Education**

- Parent as Co-Teacher, with Support through Parent Education, Online Guides and Mentoring
- Fully-Supported Choice Curriculum On-Demand
- Unique Personalized Learning Path for Resource Center Classroom Instruction
- Power Tools for Independent Learning
- Math Path, and Other Structured Support for Struggling Students
- Field Trips and Parent/Student Events
- CTE (Appendix W) and Internships Incorporated into High School Coursework Every Year
- Structured Support for Struggling Students/MTSS

#### **F. Benefits to the County**

We believe Citrus Springs provides a number of benefits to the Orange County community as a high quality educational option. Specific benefits to the Orange County Department of Education include:

- Oversight fee of 1%
- Customized access to all our online resources for use with your independent study or "virtual" students
- Best Practice Sharing and Collaboration

#### **G. Evidence of Meeting Charter Renewal Criteria**

**Pursuant to: Education Code Section 47607.2(b) (middle tier)**

Pursuant to the amendments made to Education Code Section 47607, and the creation of Education Code Section 47607.2, by Assembly Bill 1505 (2019), at the time of charter renewal, a chartering authority shall consider the performance of the charter school on the state and local indicators reported the California School Dashboard ("Dashboard"), and, in some circumstances, the performance of the charter school on assessments deemed to be verified data.

In addition to the shift toward assessing Dashboard data, Assembly Bill 1505 also created a three-tiered system of evaluating charter schools' performance, plus a separate category for Dashboard Alternative School Status schools. Each of the three tiers has unique qualifying criteria.

The California Department of Education has deemed Citrus Springs Charter School a middle-tier charter school. (link to CDE chart). CSCS does, in fact, fit into the middle tier, and is eligible for charter renewal, as demonstrated below.

Education Code Section 47607.2(b) states:

*(1) For all charter schools for which [top tier and bottom tier] do not apply, the chartering authority shall consider the schoolwide performance and performance of all subgroups of pupils served by the charter school on the state indicators included in the [Dashboard] and the performance of the charter school on the local indicators included in the [Dashboard].*

*(2) The chartering authority shall provide greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal.*

"Measurements of academic performance" are defined in statute as "statewide assessments in the California Assessment of Student Performance and Progress system, or any successor system, the English Language Proficiency Assessments for California, or any successor system, and the college and career readiness indicator." (Education Code Section 47607(c)(3).

(3) In addition to the state and local indicators, the chartering authority shall consider clear and convincing evidence showing either of the following:

(A) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.

(B) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

(4) Subparagraphs (A) and (B) of paragraph (3) shall be demonstrated by verified data ....

"Verified data" is defined in statute as "data derived from nationally recognized, valid, peer-reviewed, and reliable sources that are externally produced." (Education Code Section 47607.2(c)(1).)

The charter's data below shows that the school should be granted a renewal term of 5 years.

### California School Dashboard: State Indicators

The following table displays the Charter School's schoolwide Dashboard academic indicators and, for comparison purposes, Santa Ana Unified School District (the "District") and the State, for the 2016-17, 2017-18 and 2018-19 school years. Local Indicators for the Charter are also shown as "met" on the Dashboard.

As demonstrated below, the Charter's ELA and Math indicator statuses and/or change rates are either the same or better than the District and State for all three years of Dashboard data.

	CAASPP ELA	CAASPP Math
2017 Charter	Low*	Low*
2017 District	Low Declined	Low Maintained
2017 State	N/A	N/A
2018 Charter	Low Increased	Low Maintained
2018 District	Low Declined	Low Maintained
2018 State	Low Maintained	Low Maintained
2019 Charter	Medium Increased Significantly	Low Increased Significantly
2019 District	Low Increased	Low Maintained
2019 State	Medium Increased	Low Maintained

\*No change rate; first year of operations  
NOTE: State data not publicly posted for 2017

Data Source: CA School Dashboard (<https://www.caschooldashboard.org>)

### CSCS 2019 Dashboard local indicators

Basics: Teachers, Instructional Materials, Facilities	Standard Met
Implementation of Academic Standards	Standard Met
Parent and Family Engagement	Standard Met
Local Climate Survey	Standard Met
Access to a Broad Course of Study	Standard Met

### Historical SBAC Met/Exceed Rates - Charter vs. District / County / State

Longitudinal CAASPP score analysis is very positive in the charter's first three years of operations. The data tables below present the percentage of students who scored in the "met standard" or "exceeded standard" performance levels for Citrus Springs Charter, Santa Ana Unified School District, Orange County, and the State of California. Demographically, the Charter most closely aligns to the State, and overall student rates in both ELA and math are similar.

Subgroup data, however, shows the Charter typically outperforming the local district, county, and state. Not only are the Charter's met/exceeded rates typically higher, but the Charter's increases over the three-year period are also typically higher.

ELA: SBAC Met/Exceeded Rates Comparison				
	2017	2018	2019	3yr change +/-
Overall - Charter	43%	48%	48%	^5pp
Overall - District	28%	30%	32%	^4pp
Overall - County	57%	58%	60%	^3pp
Overall - State	49%	50%	51%	^2pp
SWD - Charter	23%	18%	32%	^9pp
SWD - District	6%	8%	9%	^3pp
SWD - County	19%	21%	22%	^3pp
SWD - State	14%	15%	16%	^2pp
EL- Charter	23%	28%	27%	^4pp
EL - District	2%	4%	3%	^1pp
EL - County	15%	16%	18%	^3pp

## 2020 Academic Achievement & Verified Data

iReady assessments and lessons are used in all programs in the Charter. As shown in the introductory pages, iReady provides a Growth Progress Median report that shows that, on average, the charter's students are making more than one year's growth in a year. For 2019-20, students averaged a **126% growth progress in reading** and **104% in math** (100% would indicate one year's growth).

iReady Tier 1 identification rates are used as a measure of rigorous student learning and mastery of the state standards. In addition, i-Ready Tier 1 performance is highly correlated to meeting or exceeding the standard in CAASPP. Tier 1 identification was based on students' end of year results.

As shown on the chart below, in ELA Citrus Springs exhibited positive growth overall. Looking at significant subgroups for Citrus, each significant subgroup also exhibited positive growth from 2018-19 to 2019-20. Based on Tier 1 identification in i-Ready, Citrus Springs has made **substantial** progress in all significant subgroups.

Citrus Springs Charter School  
CAASPP 18-19 Met/Ex vs i-Ready 19-20 Tier 1 Rates ELA

As shown in the chart below, in math there was an overall positive trend, similar to ELA. Each significant subgroup also displayed substantial positive growth in terms of Tier 1 identification rates. Based on these results, it's predicted that Citrus Springs would have had large increases in met or exceeded rates on CAASPP.

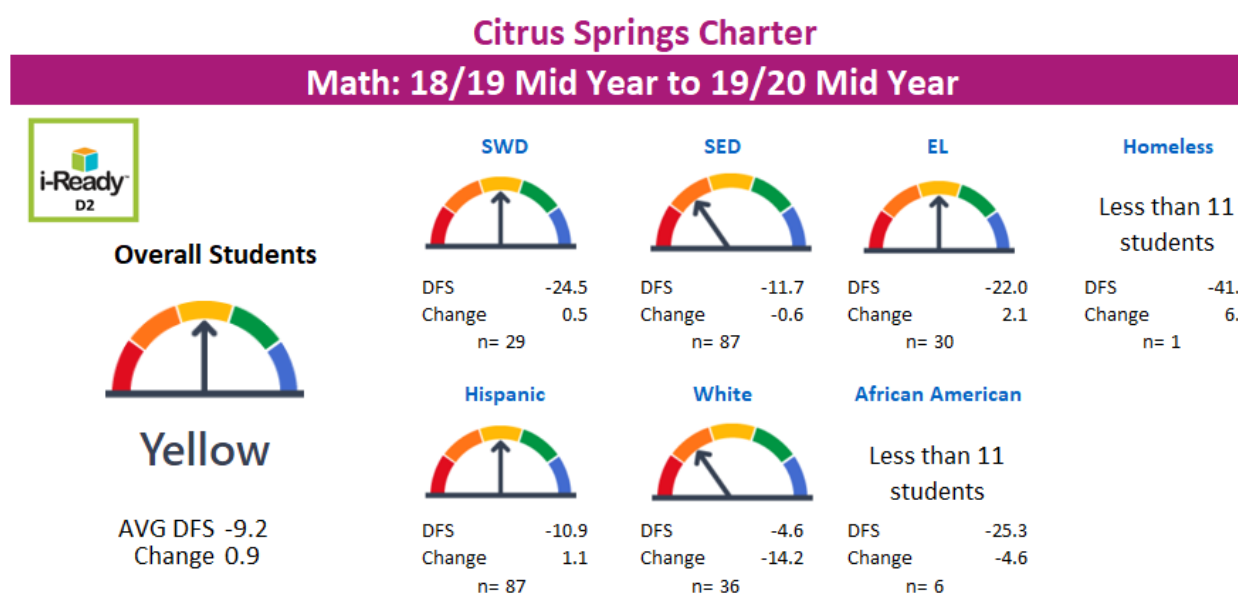

Citrus Springs Charter School  
CAASPP 18-19 Met/Ex vs i-Ready 19-20 Tier 1 Rates Math

For further comparison, the staff of Citrus Springs also used the iReady grade level scale score range relationships to show increases in student learning from the 2018-19 school year to 2019-20 (D2 to D2). This estimated prediction shows a Dashboard style growth comparison for 2020, using iReady scores in lieu of CAASPP. The results are as follows:

*\* Dashboard colors are estimates based on CAASPP to iReady grade level scale score range relationships.*

*\* Dashboard colors are estimates based on CAASPP to iReady grade level scale score range relationships.*

A charter petition renewed pursuant to this Section may be granted a renewal term of 5 years. The Charter School has demonstrated academic achievement, as defined by at least one year's progress for each year in school.

### Strong Post-secondary Outcomes

The Charter School has had small graduating classes and therefore has not received performance data on the CA School Dashboard for Graduation Rate or College & Career Indicator. However, graduates have demonstrated strong postsecondary outcomes, as defined by A-G course completion, college enrollment, persistence, and completion rates equal to similar peers.

### Similar School Comparisons

The chart below shows a comparison of similar local schools, looking at Similar Student Rank, State Rank, and Three-year Growth of Distance from Standard. We chose these comparable schools for three reasons:

1. The district of residence for the plurality of Citrus Springs students is Santa Ana Unified (31%). The second-most district of residence that students of Citrus Springs would attend is Orange Unified (14%). The remainder of our students are spread throughout Orange County with no other single district of residence being more than 5%.
2. The specific schools listed are geographically the closest to our campus - Santa Ana Student Center.  
 Sierra Intermediate Preparatory Academy (Santa Ana Unified) is 0.1 miles away  
 John Muir Fundamental Elementary (Santa Ana Unified) is 1.1 miles away  
 Hoover Elementary (Santa Ana Unified) is 0.9 miles away  
 Fairhaven Elementary (Orange Unified) is 0.8 miles away  
 Vista Heritage Global Academy (Charter) is 4 miles away
3. Four of the five are elementary schools, which are the grade levels where the majority of our students are enrolled (55%). Further, 86% of the total enrollment in Citrus Springs are in grades TK-8.

Data Source: CCSA (<https://www.ccsasnapshots.org/sidebyside>)

### Non-Academic School Dashboard Data

While Citrus Springs understands that Chronic Absenteeism and Suspension rates are not a part of the renewal process, the Charter continually monitors and focuses efforts on all accountability components. The Charter's non-Academic Dashboard results are as follows.

Please note that in response to the charter's increased chronic absenteeism rate, Citrus Springs leadership formed a chronic absenteeism focus group that met quarterly in the 2019-20 school year. The group met to assess the needs of students, review attendance data, establish and implement program-wide interventions and supports, and conduct staff development for attendance reporting. As a result, the 2019-20 absenteeism rates declined significantly. Prior to the COVID-19 school closures, the charter's calculated chronic absenteeism rate was 6.8%, which is 5.0% lower than the previous year. This would assign the charter to be **green** on the Dashboard (medium; declined significantly) if a 2020 Dashboard were being released.

Suspension rate for 2020 was 1.0%, a slight increase of 0.3% from 2019. This would have kept the charter as **green** on the suspension rate indicator (very low; increased) based on the CDE five-by-five K-12 school grid.

	Chronic Absenteeism	Suspension Rate
2017 Charter	N/A	Low*
2017 District	N/A	Medium Maintained
2017 State	N/A	N/A
2018 Charter	Medium Declined	Very Low Declined
2018 District	Low Increased	Medium Maintained
2018 State	Medium Maintained	Medium Maintained
2019 Charter	High Increased Significantly	Very Low Increased
2019 District	Medium Increased	Medium Maintained
2019 State	High Increased	Medium Maintained

*\*No change rate; first year of operations*

*NOTE: Chronic Absenteeism and all State data was not posted in 2017*

**As clearly demonstrated by the evidence above, the Charter School meets this renewal criterion, and should be granted a renewal term of 5 years.**

## Element A: Educational Program Description

Governing Law: The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21<sup>st</sup> century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners. Education Code Section 47605(c)(5)(A)(i).

Governing Law: The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals. Education Code Section 47605(c)(5)(A)(ii).

Governing Law: If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements. Education Code Section 47605(c)(5)(A)(iii).

### A. Mission & Vision

CSCS is a parent choice school where the community is the classroom. Our mission is to foster the innate curiosity of our students, empower their parents, and promote optimum learning by collaboratively developing a personalized learning program for each student. CSCS’s objective is to enable pupils to become self-motivated, competent, and lifelong learners.

Goals for students and parents of CSCS include but shall not be limited to the following:

1. Optimum learning by the student will be achieved by encouraging parent involvement and support.
2. Students will be active participants in their personalized learning plan with the support of CSCS staff.
3. CSCS students will make at least one year of academic achievement gains each year.
4. Students will be intrinsically motivated.
5. Students will achieve competency in basic academic skills.
6. Opportunities will be provided for students to explore their potential in the performing and living arts and in the use of technology.
7. Students will recognize and use their strongest skills and abilities and improve in areas where they are weak.

CSCS is open to all students in grades TK-12. CSCS is nonsectarian in its programs, admission policies, employment practices, and all other operations. CSCS specifically targets and is attempting to educate students seeking a non-traditional educational setting. CSCS does not charge tuition and does not

discriminate against any pupil on the basis of ethnicity, nationality, race, gender, gender expression, gender identity, disability, religion, sexual orientation, or upon any of the characteristics listed in Education Code Section 220, including immigration status.

CSCS believes that learning best occurs when students are educated through a personalized learning (PL), goal-oriented curriculum which is developed utilizing home-based learning programs, cooperative school programs and classes, personalized learning models, internships, community-based educational programs, group seminars, distance learning via current technology, supplemental learning projects, and current educational research. All student curricula are subject to approval by CSCS.

CSCS has adopted policies relating to Independent Study as required by Education Code 51747 et seq. and are available upon request.

Parents who enroll their children in CSCS shall, through specific enrollment and curriculum contracts, accept primary responsibility for their children's education. CSCS supports its students and parents with appropriate educational materials and with a team of Education Specialists and Advisors. The CSCS Education Specialists and Advisors advise and assist parents and students in all aspects of student education pursuant to relevant contracts.

Each minor student and at least one parent and each adult student, with the assistance of CSCS Education Specialists and Advisors, shall design, consistent with the CSCS student standards and policies, appropriate curricula based upon the student's educational needs and objectives and shall sign one or more contract(s) with CSCS that clearly describes the student's individual educational goals and curriculum for each year the student is enrolled with CSCS. This contract (Student Agreement) shall further describe the manner for submitting assignments and reporting progress and frequency of meetings. All curricula shall describe the student's course(s) of study, the chosen method(s) of ascertaining competence in designated course(s) of study and, if applicable, the credit(s) the student will receive upon successfully demonstrating competence and completing the course of study.

CSCS will immediately seek WASC accreditation for grades TK-12 so all high school courses offered by the charter school are considered transferable to other public schools. CSCS offers students a college preparatory program that meets California State and University of California's "A-G" Freshman Admissions Requirements. The Student Agreement that is signed by student and parent will detail the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. CSCS shall offer and align its college preparatory high school curriculum to the UC/CSU's "A-G" requirements (see Appendix C). All Education Specialists who are assigned high school students shall be trained in the requirements of A-G coursework and high school graduation policies and procedures (see Appendix CC for graduation requirements and Appendix D for High School Handbook).

For purposes of this charter, "parent(s)" includes guardian(s). Any parent(s) or legally responsible entity may designate an alternate party to act in place of the parent(s). CSCS adult students do not require parental participation in educational or admission contracts or performance evaluations.

CSCS identifies an educated person in the twenty-first century to mean a person who is literate, can understand and function sufficiently in the world around him or her, has an overview of the history

of mankind in all its diversity, has an understanding of the political processes, has an ability to solve mathematical problems and to think scientifically, and has the values necessary to enhance the world in which she or he lives. This person is one who has realized his or her own special interests, talents, or abilities, whether it is in the arts, sciences, or other areas. It is the goal of CSCS to help students become educated individuals who are intrinsically motivated to learn and who have diverse yet well-developed interests.

CSCS parents, students, and Education Specialists believe that the best learning occurs when:

1. Curriculum is tailored to an individual student's learning styles.
2. One-to-one teaching is used as appropriate.
3. Real life context-based learning is encouraged.
4. A variety of enrichment is implemented through classroom instruction, independent learning, field trips (see Appendix E), apprenticeships, technology and integrated projects (see Appendix F) across the curriculum.
5. Schooling is viewed as one aspect of an education.
6. The entire community is the classroom.
7. Learning is promoted by engaging student interests<sup>1</sup>.

## **B. Educational Program Choices**

CSCS believes in providing a multi-faceted portfolio of options for parents who want to play a more active role in the public education of their children. Instead of providing just one model, CSCS works within the local community of families and teachers to create research-based, mission-driven, comprehensive school models that combine the best of resource center classroom instruction with the best of personalized home-study.

CSCS believes that a child's attitude about learning a particular subject significantly contributes to his/her success or failure in that subject. Positive attitudes are strongly influenced by success. For this reason, we:

1. Use a variety of diagnostic tools to accurately assess and place each child in the appropriate course/curriculum for his/her skills. The content will be challenging, but not so challenging that it would be almost impossible for the child to succeed based on his/her initial skill set.
2. We focus on the goals of mastery and understanding within each discipline. Children are encouraged to keep working on a skill until it is mastered, and they are not penalized for multiple attempts at mastery.
3. Timely feedback is given to the student about his/her progress in such a way that the student will learn and grow from it. Students are actively involved in evaluating their own progress - they are called upon to reflect, given tools such as rubrics, pre-assessments, and other means of identifying their strengths and weaknesses - so they will be more able to make the adjustments necessary to succeed and achieve at high levels. Teachers

---

<sup>1</sup> Hattie, J. A. C. (2009). *Visible learning: A synthesis of over 800 meta-analyses relating to achievement*. London: Routledge, page 298.

personalize learning to help a child identify their own strengths and weaknesses in a particular task or topic.

Since CSCS focuses on personalized learning, we use a continuum of skills for mastery based on the Common Core State Standards. These skills are organized by grade level, with the goal for every student to master these skills during or before that grade level year. However, since these skills are building blocks that are required for true understanding of higher level concepts, some students will begin their learning below their designated grade level. Our goal for students operating below grade level is to accelerate their learning through mastery and success.

Our programs use a variety of instructional materials to teach these skills (see detail under program description sections). All students have access to their own copies of standards-aligned instructional materials for use at school and at home. Chromebooks are available to all students at a 1:1 ratio. Instructional materials support standards-based mastery, and are used with flexibility according to individual student need.

All applicable courses follow the Common Core State Standards (“CCSS”), Next Generation Science Standards (“NGSS”), History-Social Science Framework, English Language Development (“ELD”) Standards, and remaining State Content Standards (collectively referred to herein as “State Standards”).

As shown below in the program descriptions, the uniqueness of the Charter’s programs do not duplicate programs currently offered by the district, and the existing programs have sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school is located.

All educational programs will follow applicable student to teacher ratio guidelines. Current student to teacher ratios are as follows: 1:18 for independent study and 1:22 for seat-based.

## **1) Delta Program**

CSCS’s Santa Ana Student Center is located at 2121 Grand Avenue in Santa Ana, California, and provides 13 classroom spaces. Additional space is provided for Special Education services, meetings, student events, activities, and assessment as needed.

The Santa Ana Student Center serves 17% students with IEPs, which is significantly higher than 12% students with disabilities in the Santa Ana Unified School District and 11% in Orange County overall. Based on the needs of the community, in consultation of the SELPA, and to better serve our students, push-in Delta services are integrated with inclusive classroom learning.

### **i) Mission and Vision**

The mission of Delta Program (or “Delta”) is to offer an inclusive, individualized learning environment that is academically engaging, both for neurotypical students and students

with disabilities, and to create a positive school culture that empowers all students to take possession of their innate talents and become creative builders of their own future.

Delta Program's vision is to provide a flexible homeschool and resource center classroom model that will facilitate an accommodating, encouraging, and responsive environment with a broad base of support and best practices that increase student achievement for all, including those students with autism and other special needs. An inclusive school designed for those who will benefit from a student-driven, experiential, sensory-based learning environment, Delta will utilize small, multi-age resource center classrooms with flexible groupings and authentic hands-on learning experiences. This curricular design will allow all children to thrive, but it will be particularly engaging for students with autism and other special needs, who may not reach their potential in traditional school environments.

## **ii) Academic Program**

Delta promotes the legislative intent to increase student achievement through academic and organizational innovation by providing an authentic inclusion environment that embeds evidence-based instructional strategies into an innovative, highly supportive school model that will engender superior student outcomes from all students. Delta provides a unique, innovative school model for all students that includes, but is not limited to, the following academic innovations:

- Low student-teacher ratio (assistant classroom educator in every classroom)
- Small resource center class and overall school size
- Student-driven content used to reach standards' mastery
- Interdisciplinary blocks and cross-curricular approaches to themes and content
- Authentic co-teaching model
- Expeditionary/investigative approach to learning and extending ideas
- Project-based and holistic approaches to instruction and assessment
- Data-driven flexible grouping in all coursework and content areas (including mixed-age)
- Theater/drama programming for all students
- Technology standard-based techbooks that provide students and teachers extensive access to the most current multimedia resources, learning materials, and lexiled readings (in lieu of traditional textbooks)
- Daily physical activity and "sensory breaks" for all students throughout each day
- Varied and flexible instructional time by subject, according to student need

- Use of Evidenced Based Practices to address the needs of students with disabilities

### iii) Academic Innovations

- **Small Resource Center Class:** Delta is designed to incorporate both small resource center class sizes and a small overall school community. This small school environment ensures every student has a close working relationship with staff members and small group and individualized support are provided frequently. Students benefit from co-teachers in every academic resource center classroom, with additional staff (such as learning specialists, therapists, and other educational service providers) afforded through partnerships with universities and training programs, further reducing student-teacher ratios and providing the means for flexible grouping on demand. Because of the small resource center class and school size, each teacher has greater ownership of each individual student's growth and can work closely with other staff and students' families to fashion a seamless support network. A recent study at the City College of New York confirmed that smaller class sizes have proven a key lever for improved student outcomes in students with autism.
- **Co-Teaching Model in Academic Classes:** Every class incorporates co-teaching by two instructors with specialized training in push-in strategies and models. Dr. Marilyn Friend's model for effective co-teaching is utilized. This ensures the co-teaching structure operates most effectively, maximizing impact. Unlike many co-teacher models (or a model that incorporates a paraprofessional), both teachers will be actively engaged in some element of instruction and will co-plan lessons, collaborate, and lead data team meetings for their students. This provides greater flexibility to effectively adjust curriculum to data. Moreover, it provides consistency for students and seamless instruction in the case of a teacher's absence.
- **Theater/Drama for Every Student:** A number of enrichment opportunities will be provided at Delta, and the theater/drama program will be a component of the school model. At Delta, students will be encouraged to participate in theater/drama productions every year. Not only is theater a highly effective method of reinforcing reading fluency, it is also greatly beneficial for students with autism and other special needs because it models appropriate social interactions and provides numerous opportunities for repetition and practice of these skills.
- **Organizational Innovation School Model Integrates Best Practices for Students with Autism:** Charter schools throughout the country struggle to both enroll and fully serve the needs of special education students, especially those who are diagnosed with autism. Because Delta has been designed as a school that will meet the needs of special education students with autism in an inclusion model, it begins with utilizing evidence-based practices that support

exponential growth in all students and will benefit special education students seamlessly.

#### **iv) Curriculum**

All materials and teaching methods used for English, math, science, and history will support the learning of the California State Standards including the Common Core State Standards and Next Generation Science Standards. The CCSS is focused on higher-level thinking skills which can be taught through many teaching and curricular materials.

The goal of Delta is to meet the needs of each learner one-by-one, one-to-one, and all-for-one. To that end, at the very core of the Delta curriculum is a flexible approach that provides vast resources for teachers to accommodate any student interest that effectively practices mastery of the Common Core State Standards. With special consideration of those students with autism who often possess extremely narrow scopes of interest and/or their peers with varied cultural schemata, this approach ensures students can make connections, build skills, and demonstrate what they learn, engaging them through relevant, high-affect topics rather than penalizing students when they lack interest in a theme. A student with a singular focus on ants, for example, can use that understanding to learn history, psychology, and sociology, demonstrating it all with a parallel ant universe that communicates these things.

Like the differentiation strategies used to meet students with a diverse array of skills, content will be differentiated to address interest as well. With textbooks and/or canned curricula, such a differentiated approach might be impossible. In order to best accommodate each student's interests and leverage content and activities in which students will be most engaged, the primary curricular materials for all content areas will be accessed via electronic devices (such as Chromebooks) rather than textbooks. A variety of subscriptions and software will be obtained to ensure teachers and students have a myriad of means to master each content area.

The curriculum of Delta Program is based on the Common Core State Standards, developed into parent and student-friendly "I CAN!" statements (see Appendix G and M). These I CAN!s are tracked by the student and teacher through a variety of tools. Students shall make a minimum of a year's growth in a year, but they also have the opportunity to reach further. A sample scope and sequence for grade 6 is located in Appendix H.

#### **v) Step and Thematic Units**

All subjects in our Delta Program will be taught as step courses or thematic units.

The steps are designed to give the student an opportunity to learn those topics that require incremental skill development (mathematics, foreign language, grammar, spelling and reading fluency) at his or her own level and pace. After an introductory assessment, students start on the step that matches their current level of knowledge.

Step units provide academic depth, perspective and opportunities to advance to each student's potential at the right time based on their Zone of Proximal Development. Students work through the steps at their own pace, with the focused support of their subject teacher. Students who are below grade level expectations will receive extra support, both small groups and one-on-one.

Thematic units provide the context and breadth that helps spark student interest in subject areas including literature, science, art, music and history. Students begin each theme unit with an interest-grabbing kick-off event, and participate within grade-level groups in the themes that address the CCSS for their grade levels.

**vi) Online Learning and Home-study Days**

- In addition to the core curriculum, Delta will utilize a variety of online learning options for primary use on home-study days. Online learning is often very well suited for students with ASD because it provides immediate feedback and allows for focus. The following tools will be employed:
- English Language Arts/Reading: Like the other content areas, the ELA curriculum in all grades will be aligned to the CCSS and leverage students' interests. Novels, non-fiction texts, and other written pieces will be presented to students through electronic devices (likely Chromebooks) taking student interest into account. This electronic information will be supplemented by a classroom library in each class.
  - Ready Common Core Reading: Ready Common Core Reading is a reading program that engages students in opportunities to practice close reading strategies across a variety of genres and formats. It uses a consistent Read, Think, Talk, Write model in which teacher-led discussion and small group collaboration are central to student achievement. Lessons scaffold to build students' confidence as they develop important critical thinking and analytical skills. Students are immediately engaged by the variety of real-world source texts, from literature and poetry to blogs and news articles. It provides on- and off-grade level resources that develop sound skills and strategies for reading comprehension as well as a balance of on-grade level and differentiated instruction. It guides teachers and helps them to build reading habits and connects instruction to Common Core State Standards across K-8 for a coherent path within and across grades.
  - Reading/Listening/Speaking Foundational skills in ELA for students who need support with decoding will be taught using a phonics-based approach: The Orton-Gillingham approach was designed as a methodology for teaching children with learning disabilities in reading and written expression, and particularly for overcoming difficulties acquiring the phonetic skills that are necessary for success in those areas. The Orton-Gillingham approach utilizes specific, sequential, direct, multisensory instruction to build literacy skills. We will employ sensory-

cognitive programs that stimulate the basic sensory functions related to learning by developing the underlying processes necessary for language and literacy success. We will use these programs with both typically functioning students and those students who struggle with literacy development as the result of sensory processing and/or other learning disabilities.

The program is tailored to those students who have weak concept imagery, which is often accompanied by difficulty with critical thinking, following directions, and/or connecting in conversations. Students with weak concept imagery may also have difficulty expressing ideas in an organized manner. This challenge is especially prevalent in students on the autism spectrum and related disorders, to whom the curricular materials and concept imagery–building strategies are tailored. Strategies and exercises are also especially applicable for ELs who have decoding skills but are still developing English language proficiency.

We will use specialized materials to provide a course of building concept imagery in students who can decode with fluency but are unable to satisfactorily build comprehension skills. The exercises and strategies provide students with means of developing concept imagery skills that strengthen processing and increase reading and listening fluency. Support in implementing these tools and access to the resources will be largely provided through university partnerships and members of the advisory council who have received training in these strategies.

- Composition/Literature: Based on CCSS, ELA coursework in all grades will have a more significant focus on informational texts, which are selected largely in response to student interest and application within interdisciplinary thematic units organized by the teachers. Delta students will use resources like those provided by Discovery Education and other streaming services to which Delta subscribes (iTunes University, Nook, etc.) to access reading passages and texts available online (such as online newspaper and magazine subscriptions). Through each classroom library, students will also have access to a variety of hardbound books for reference, pleasure, or extended reading activities.

The Writer’s Workshop protocol for composition guides teacher-created lessons around composition, and the myriad of materials available provides support in planning and revising compositions. Teachers collaborate to create school-wide rubrics for writing that ensure expectations for composition are consistent throughout the school and provide a vertically-teamed approach to building strong writing skills for each student.

- Mathematics: The goal of the math curriculum, across all grade levels, is to provide students with the mathematical understanding they need to access higher level math coursework and the ability to recognize and readily apply mathematical concepts in real-life situations. The investigative, hands-on approach to building math sense ensures that students have explored the role of math in life as part of their understanding. As appropriate, cross-curricular approaches (CCSS math standards integrated into science labs, applications of mathematical principles in economics, etc.) will be used.
  - Students of all skill levels will practice math concepts in the modalities through which they might approach them in life, with robust access to manipulatives. For example, rather than simply memorize multiplication tables, students will investigate multiples in money, charts, and abacuses. Rather than simply memorize theorems, students will explore geometric properties by creating 3-D shapes in clay, using tools to measure and track patterns to determine how these measurements can be predicted.
  - Ready Common Core Mathematics: Ready Common Core Mathematics is a math program that helps teachers create a rich classroom environment where all students become active, real-world problem solvers. Students are able to develop their mathematical reasoning skills, engage in discourse, and build strong mathematical habits. It supports English Language Development by scaffolding language use at all levels of English proficiency and integrating language and mathematics so students can build on familiar concepts.
  - ST online math: Created by MIND Research Institute, ST Math is game-based instructional software for TK-12 and is designed to boost math comprehension and proficiency through visual learning. Integrating with classroom instruction and identified by the CEO-led Change the Equation<sup>2</sup> as one of just four STEM programs ready to scale nationally, ST Math incorporates the latest research in learning and the brain and promotes mastery-based learning and mathematical understanding. The ST Math software games use interactive, graphically rich animations that visually represent mathematical concepts to improve conceptual understanding and problem-solving skills.
  - Additional instructional resources may include:
    - Khan Academy is a not-for-profit online curriculum with materials and resources all available free of charge. Students can make use of the extensive video library, interactive challenges, and assessments from any computer with access to the web. The system includes completely customized, self-paced learning tools; a dynamic system

---

<sup>2</sup> (<http://changetheequation.org/press/change-equation-recognizes-four-exemplary-stem-learning-programs>)

for getting help; and a custom profile, points, and badges to measure progress. Coaches, parents, and teachers have access to student data in real time, with windows into student work, class reports, and recommendations for interventions based on disaggregated data. Khan Academy contains a library of videos that cover TK-12 math, interdisciplinary science lessons, and humanities with playlists on finance and history.

- Online adaptive assessments provide data and serve as gateways to accessing the next standards. Teachers will work cooperatively to vertically align math instruction and be encouraged to use a myriad of sources and materials to supplement these programs.
  - Discovery Education: Students will use technology as a curricular cornerstone to make the standards come alive. Teachers will be trained and supported through the Professional Development (PD) provided by Discovery Education and partners to lead guided investigations, research, and an inquiry-based approach to discovering content via electronic applications, supplemental classroom materials, and manipulatives. Note that the budget, which is included in Appendix I, assumes one Chromebook for each enrolled student annually. Discovery Education Streaming Plus contains a growing library of over 9,500 videos, 77,000 content-specific clips, and more than 160,000 multimedia assets which integrate seamlessly into any curriculum. This enables teachers to plan interdisciplinary lessons using the same resources and/or enables students to choose the activities and resources that interest them most to work on a common standard.
- Science: The holistic, investigative approach to instruction at Delta necessarily positions science as an anchor to all subject areas in the school. Lab-based explorations of math concepts, investigations of phenomena that impact historical events and in-person re-enactments of stories in ELA enable students to not just read about, but also experience what they are learning. This means the scientific concepts and principles outlined in the Next Generation Science Standards are integrated across content areas in a cohesive, authentic way. To supplement these resources, Delta also utilizes hands-on labs to guide classroom experiences. There is plentiful support for this approach through the online resources and subscription services the school is adopting, most of which require basic materials that negate the cost of all-in-one kits and expensive labs.
  - Social Studies: The social studies curriculum utilizes Discovery Education techbooks, supplemented by primary source documents, excerpts, and other materials as selected by the teaching staff. Lessons are largely based on real-life applications of social studies standards and concepts, with a culturally relevant approach to investigative social studies established as the instructional paradigm.

Beyond the generally accepted incarnation of cultural relevance, students explore themes and standards relevant to their lives and the lives of people living with disabilities. Social studies standards in all grade levels provide a multitude of opportunities to explore current events, social trends, and cultural paradigms that all students, and especially those on the autism spectrum, benefit from learning. Additionally, students explore varying cultures by experiencing concepts through drama and pragmatic social experiences. These experiences are enhanced through the use of cultural celebrations, including technology-based explorations of historical people, places, and events. Social studies content and themes are integrated with science, ELA, and mathematics.

- Physical Education: Because research demonstrates that adequate movement will promote both physical development and academic progress, Delta provides physical education for all students in all grade levels at least several times each week. Moreover, daily opportunities for fresh air breaks, recess, and movement are offered. All students participate in PE coursework that enables them to not only participate in physical activity, but also build healthy habits.

As many children with intellectual disabilities also have deficits in developing motor skills and overall coordination, PE lessons may range in scope from a yoga practice to quiet the mind and build strength, to a demonstration and practice in wearing a heavy backpack in a way that minimizes strain. Music, drama, art, and even other content standards may be incorporated into a PE lesson (examination of physical science principles in a weight-lifting lesson, math and music standards integrated into a lesson on partnered dancing).

"Purposeful Movement" is the focus of the after lunch recess period. These Purposeful Movement activities help students navigate unstructured time and allow students to engage in physical fitness, communication, socialization, and team building skills.

- Theater/Dramatic Arts: Another unique aspect of the Delta program is a focus on theater that provides each student with drama instruction annually. All middle school students will participate in weekly electives resource center classes in addition to the alignment of theater coursework to drama selections in ELA courses. Significant research shows that drama and theater increase social skills, social awareness, confidence, and presentation skills for all children, and especially those children on the autism spectrum. Aspects of theater training have been integrated into effective occupational and recreation therapy protocols to provide students with safe spaces in which to build social and interpersonal skills. Drama has been demonstrated to have a significant effect on all students—in addition to the benefits afforded for students in the autism spectrum. According to a study reported by the College Entrance Examination Board, "Students involved in drama performance coursework or experience

outscored non-arts students on the 2005 SAT by an average of 65 points in the verbal component and 34 points in the math component.”<sup>3</sup>

- **Electives:** As part of the interdisciplinary, student-centered approach to curriculum, elective offerings will be largely informed by student interest, using the annual administration of student interest inventories to determine elective coursework. In middle school grades, theater electives will be supplemented by music, arts, and other elective coursework led by general education teachers. Electives could range from an interdisciplinary look at a particular historical period that includes music and art, to a robotics course. Partnerships will be developed that will supplement elective offerings. A sample scope and sequence for grade 6 is located in Appendix H.

#### vii) Instructional Strategies

- **Co-Teaching:** In co-teaching, two or more teachers share responsibility for planning, instruction, and evaluation for a classroom of students. Although the model emerged from the special education field, it has been adopted more broadly into general education settings with great success. Recent research indicates that the use of the co-teaching method is positively associated with increased student achievement in the classroom for all students, making it a promising practice for meeting diverse student needs throughout the learning process.<sup>4</sup> Training for co-teaching focuses on specific strategies designed to utilize both professionals in the classroom to maximize learning and on effective communication. Delta will use the Friend and Cook approach, outlined below.
  - **One Teach, One Observe:** One teacher leads the lesson while the other watches for specific behaviors or teaching strategies.
  - **One Teach, One Assist:** One teacher leads the lesson while the other assists with student questions, redirecting students, or management.
  - **Station Teaching:** Instructional stations are created to break down a skill or concept into different parts. The students rotate from one to another throughout the lesson time. The co-teachers lead the stations. Generally, there is an independent station as well.
  - **Parallel Teaching:** The co-teachers split the class in half and each teach a lesson at the same time. The lesson can either be the same or different content.

---

<sup>3</sup> The Effects of Theatre Education. Retrieved March 1, 2015, from <http://www.aate.com/?page=effects>

<sup>4</sup> Bacharach, N., Heck, T., & Dahlberg, K. (2010). Changing the face of student teaching through co-teaching. *Action in Teacher Education*, 32(1), 3-14.

- Supplemental Teaching: One teacher leads the lesson or monitors classwork while the other works with a small group on enrichment or re-teaching.
- Alternative or Differentiated Teaching: The same lesson is taught by each co-teacher in a different way to accommodate different learning profiles.
- Team Teaching: One lesson is taught by both co-teachers, carefully planning for each person's participation in the lesson.

The keys to successful co-teaching are intentionally planning the use of strategies that are most useful to students in each lesson, and defining each teacher's role clearly, which will be a foundation of the collaborative planning model at Delta. Because each resource center classroom will be co-led by two lead teachers (one of whom is likely to be a special education or EL specialist), whose role in each lesson is driven by the model above, students will benefit from a strong, synergistic approach to instruction that maximizes the impact of two instructional leaders.

- **Individualized, Interest-Driven, Relationship-Based Models**: In line with its core philosophy, Delta may adopt additional instructional models that focus on building skills through social-emotional and intellectual development, capitalizing on the student's natural emotions and interests. By starting with the student's interests, teachers can capture students' attention and improve connection. This approach is particularly effective for children on the autism spectrum who often have very narrow interests, but also increases engagement of all children. Delta teachers will spend a significant amount of time and energy to find the best ways to engage students in content that is focused on interesting, meaningful, and essential questions that intrigue students and pique their natural curiosity, allowing for multiple access points for different types of learners. To this end, the techbooks and other curricular materials listed herein will be used as a foundation for curriculum, but no class will be spent moving sequentially through a sequence of lessons as the plan for the year. Rather, teachers will work cooperatively to share resources, formulate interdisciplinary approaches, and provide high-interest models of instruction to facilitate student mastery of standards in a way that is engaging and provides experiences to bolster what is explored through the electronic medium and other available resources (such as the Chromebooks).
- **Reduction/Elimination of Sensory Processing Distractions**: Critical to student success will be a modified school environment to accommodate sensory sensitivities (lighting, sound proofing, reduction of other stimuli). Individuals with sensory processing difficulties (SPD) may be unable to appropriately process information received through the senses; this is common in many children, but

especially those with ASD and related challenges. Due to a better understanding of SPD, studies estimating anywhere from 1 in 20<sup>5</sup> to 1 in 6 children have SPD and it is estimated that up to 85% of people on the autism spectrum have some degree of SPD<sup>6</sup>.

A person with SPD finds it difficult to process and act upon sensory information, which may be manifest in delayed and reduced motor function, behavioral problems, anxiety, and depression: all major obstacles for students who are expected to be learning at school.<sup>7</sup> Because Delta is focusing its programming and recruitment on students on the autism spectrum, it is anticipated that a large number of the students who will enroll at Delta will have some degree of SPD. Foundational elements of the Delta model are the modifications and strategies that will be implemented to reduce stimuli that could distract and negatively impact the learning of students with SPD.

- **Reduction in Visual Stimuli:** Delta will make every effort to rely on natural lighting whenever possible, utilize non-fluorescent lighting when able, diminish the use of large boards for instructional purposes, offer instructional material in a manner to reduce the need to visually transition from one forum to another, and utilize visual cues when appropriate for the needs of the student. Additionally, clutter and storage in resource centers will be kept to a minimum, with non-essential items kept behind doors, in closets, or in other storage areas (which is accommodated with all of the facilities options currently under consideration).
- **Reduction in Auditory Stimuli:** The Delta model utilizes small group instruction with few daily transitions between modules to avoid excessive noise from movement and/or large groups that may distract from the learning environment. Delta will not use bells, whistles or other loud or amplified communication unless absolutely necessary.
- **Transitions:** With all of the above sensory related issues, many children have difficulty with transitions. Delta will utilize visual schedules and prompting, design schedules to minimize student movement, and will generally encourage the use of consistent routines to maximize the learning environment. Students with a range of sensory processing challenges will benefit from periodic, sensory breaks and exercises integrated into the daily schedule to provide opportunities for regulation. Staff will be provided with formalized professional development,

---

<sup>5</sup> Ahn, R. R., Miller, L. J., Milberger, S., & McIntosh, D. N. (2004). Prevalence of parents' perceptions of sensory processing disorders among kindergarten children. *American Journal of Occupational Therapy*, 58, 287–293.

<sup>6</sup> Sasson, Carter, and Briggs-Gowan. Sensory Over-Responsivity in Elementary School: Prevalence and Social-Emotional Correlates. *J Abnorm Child Psychol* (2009) 37:705–716.

<sup>7</sup> Rogers SJ, Ozonoff S. Annotation: what do we know about sensory dysfunction in autism? A critical review of the empirical evidence. *J Child Psychol Psychiatry*. 2005; 46(12):1255–68.

as well as ongoing training and support to staff in addressing student needs. Because the staff will be trained and supported in ways to both proactively address and respond to these challenges, strategies must include reduction of stimuli in school structures and multisensory stimuli in a controlled instructional environment. Various equipment used by OTs to address SPD will be made available to meet the needs of the student body, including trampolines, crash pads, swings, body socks, and other sensory-related equipment as needed. Designated space for sensory regulation is made available to students as needed and will be part of regularly scheduled breaks. A careful approach to building students' capacity through sensory integration in physical education (and occupational therapy sessions as called for in IEPs) will enable students to understand their own sensory needs, be able to appropriately express these needs, and seek the necessary input for self-regulation.

- **Sensory-Based Learning:** Teachers will engage students in a variety of learning activities that use multiple senses, effectively accommodating various learning styles. By engaging the student in a variety of ways, different neurological pathways are stimulated and the student is exposed to material in ways that may best suit his or her learning style and enhance overall learning. Many studies have shown that memory and comprehension are increased when students are taught using methodology that capitalizes on exposure to multiple senses. Additional training and support for all teachers on how to appropriately utilize sensory-based learning for students will be provided.
- **Multi-Age Groupings:** At Delta, students will be grouped together by educational goals, learning styles, and progress monitoring data, rather than grade level (where appropriate). This gives students access to the information they need and a style that meets them where they are and builds on a solid foundation of skills, rather than rushing students through standards and compromising mastery and depth of understanding. This also enables students to pursue an offering of subjects that aligns with their own interests, rather than have those subjects prescribed to them by grade level.

## 2) Quest Academy

CSCS's Santa Ana Student Center is located at 2121 Grand Avenue in Santa Ana, California, and provides 13 classroom spaces. Of these 13 classroom spaces, eight will be available five days per week for use by Quest Academy. Additional space will be provided for Special Education services, meetings, student events, activities, and assessment as needed.

### i) Mission and Vision

Quest Academy is a TK-8, five-day per week, seat-based program. Except when exempted by applicable law, in accordance with Education Code Section 47612.5, transitional kindergarten and kindergarten students will receive a minimum of 36,000

minutes of instruction, students in grades 1-3 will receive a minimum of 50,400 minutes of instruction, and students in grades 4-8 will receive a minimum of 54,000 minutes of instruction on a yearly basis. Please see Appendix J for a bell schedule and school calendar.

Note: during COVID-19, all CDC, County, State, and Federal guidelines will be adhered to.

The Quest program utilizes a Project-Based Learning model to guide and monitor students' learning of the Common Core State Standards. This model uses real-world learning activities to engage student interest and motivation. Students collaborate, problem-solve, make decisions along their journey, create something new, and present their work. Projects are designed to address essential questions or problems that represent experiences people encounter in the world outside a traditional classroom. It utilizes digital content and instructional technology to create a personalized learning environment, which allows students to grow as independent learners while our staff focuses on targeted, differentiated instruction. Teachers and Assistant Classroom Educators are the facilitators of learning, guiding students through a structured project plan, incorporating multiple learning methods. One of the goals of PBL is to engage students' deeper learning, asking them to grapple with concepts from many different perspectives. This is an effective vehicle to teach students 21st Century skills, like communication, collaboration, organization, time management, research, self assessment, and reflection skills.

## ii) **Academic Innovations**

- **Personalized Learning:** By assessing each student's academic needs and personal interests in combination with their learning style, teachers provide both interesting and challenging coursework that promotes academic success. Students work with teachers to choose topics of interest in which they can apply the knowledge they are gaining. Teachers use various teaching styles to motivate and engage students in the learning process. Rigorous curriculum, technology, and real world scenarios are tools used to assist students to master the standards. Students enjoy learning and have the opportunity to be full participants in the education process.

Learning is a process, and it is one that can be as dynamic as the children who arrive in each class. Helping parents and students to realize that learning is an activity that can happen anywhere and everywhere is a priority. The learning process should be something that is truly alive and truly challenging for the learner. Learning becomes meaningful and dynamic when the learner is personally invested in the learning process. We believe that personalizing learning enables students to engage in a more meaningful way to the content.

- **Goal Setting:** Teachers and students work jointly to create learning goals that

connect the learning objectives (standards) and students' interests and learning style(s). The goals are fleshed out with timelines and strategies to be used to reach these goals. Students track their progress using our I CAN! folders. Timelines and activities are created to give optimum learning experiences for the student's educational success. Goals are reviewed regularly and adjusted to assist students in attaining their goals as well as the creation of new goals to move students along their personal learning path.

- **The Community is Our Classroom:** Students and teachers work together to create community based learning projects where the student works with various community members to bring solution(s) to community issues. Parents are invited to participate in the school at various levels becoming an integral part of the learning community at Quest. Events are also organized to bring awareness to the community about literacy and ways that they can participate in creating a better educational system for all children. Family events are scheduled monthly to bring families onto campus to participate in math and reading activities designed to increase family literacy.

### iii) **Academic Program**

- **Shared Inquiry:** Shared Inquiry uses strategies to engage all readers in higher-order thinking and collaborative problem solving. In Shared Inquiry, students and teachers come together to help each other explore the meaning of a literary work, historical event, or scientific occurrence. Each participant brings a unique perspective that influences how he or she understands the work, event, or issue. Sharing their interpretations, participants gain new insights and deepen or change their initial understanding. Researchers make it clear that teachers can make a real difference when they engage in the ongoing cycle of planning, acting, reflecting, and changing, an approach characteristic of action research. They present project and inquiry-based learning as a hopeful approach to educational improvement.
- **Service Learning:** Students problem solve, create and design technology products or standards-driven artifacts, prepare written documents and complete presentations for advocacy purposes. Discussion across the curriculum links multidisciplinary concepts to real-world outcomes and encourages the critical thinking skills that 21st-century learners will need to adapt content knowledge for varying jobs and career paths. Teaching and learning approach integrates community service with academic study to enrich learning, teach on civic responsibility, and strengthen communities. The focus is on real-world problems that promote learning across the disciplines. Students have the opportunity to exhibit leadership, ethical behavior, and respect for others; accept responsibility for personal actions, consider the impact on others; take the initiative to plan and execute tasks and interact productively as a member of a group.

- **Shared Responsibility:** The entire school community shares in the responsibility of shaping a positive learning environment within our school. There is no substitute for excellence. Excellence demands both individual commitment from students and cooperation between students, parents, teachers, board members, and the community. We believe that all stakeholders share responsibility and play an integral part in setting academic, social, and personal goals for the education of all students. This school-wide team-based approach assumes shared responsibility for the achievement of all students. It addresses student concerns and monitors student progress. This shared responsibility encompasses the belief that our success is dependent on the commitment and support of all stakeholders.
- **Collaborative Learning:** Collaborative learning strategies enable the teacher to use thought provoking prompts to gear conversations toward standards-based content, promote better thinking and listening skills and honor students' prior knowledge base, and can be combined with written reinforcements to promote phonemic awareness, vocabulary or English language acquisition. The active exchange of ideas increases intrigue and motivation about known content and stimulates new ideas that promote critical thinking.

#### iv) Curriculum

All materials and teaching methods used for English, math, science, and history will support the learning of the State Standards including the CCSS and NGSS. The CCSS is focused on higher-level thinking skills which can be taught through many teaching and curricular materials. A sample scope and sequence for grade 6 is located in Appendix H.

- **English Language Arts:** High quality English Language Arts instruction requires a multitude of materials and strategies. Quest will use a variety of textbook and online materials to help students reach mastery in all areas of ELA. Programs in use may include, but not be limited to:
  - Ready Common Core Reading: Ready Common Core Reading connects instruction to the CCSS across K-8 using a Read, Think, Talk, Write model where teachers lead discussion and small groups. Students engage in a variety of real-world source texts to develop critical thinking and analytical skills. The program develops skills and strategies for reading comprehension providing a balance of on-grade level and differentiated instruction.
  - Reader's/Writer's Workshop Teachers integrate readers' and writers' workshops into a series of self-directed, motivating and self-reflective tasks for the learner. Students select from authentic reading and writing choices, working independently toward personalized goals, while the teacher meets individual needs through whole group and small-group instruction, as well as one-on-one conferring. These choices include:

- Read to Self,
  - Work on Writing,
  - Read to Someone,
  - Listen to Reading, and
  - Word Work
- Online Tools including i-Ready, RAZ Kid, Lexia, and Reading Plus.
- **Math:** We employ a mastery-based, balanced mathematics program, implementing a variety of learning tools including online, centers-based and textbooks. Programs in use may include, but will not be limited to:
  - Ready Common Core Mathematics: Ready Common Core Mathematics is a math program that helps teachers create a rich classroom environment where all students become active, real-world problem solvers. Students are able to develop their mathematical reasoning skills, engage in discourse, and build strong mathematical habits. It supports English Language Development by scaffolding language use at all levels of English proficiency and integrating language and mathematics so students can build on familiar concepts.
  - ST online math: Created by MIND Research Institute, ST Math is game-based instructional software for TK-12 and is designed to boost math comprehension and proficiency through visual learning. Integrating with classroom instruction and identified by the CEO-led Change the Equation<sup>8</sup> as one of just four STEM programs ready to scale nationally, ST Math incorporates the latest research in learning and the brain and promotes mastery-based learning and mathematical understanding. The ST Math software games use interactive, graphically rich animations that visually represent mathematical concepts to improve conceptual understanding and problem-solving skills.
  - Online tools including i-Ready and IXL.
- **English Language Development:** High quality English Language Development instruction requires a multitude of materials and strategies. Quest uses a variety of textbook and online materials to help students reach mastery in all areas of ELA. Programs in use may include, but not be limited to:
  - Wonders ELD: Wonders ELD program integrates English Language Arts, and designated English Language Development with connected instruction and resources. It targets instruction for Emerging, Expanding, and Bridging students as well as support for studying foundational skills. In addition, it provides structured opportunities to practice and apply academic language focusing on interpretive, collaborative, and productive modes of communication.

---

<sup>8</sup> <http://changetheequation.org/press/change-equation-recognizes-four-exemplary-stem-learning-programs>

- **Science:** High quality science instruction requires a multitude of materials and strategies. Quest will use a variety of textbook, lab and online materials to help students reach mastery in all areas of science. Programs in use may include, but not be limited to:
  - Mystery Science Curriculum: Mystery Science, NGSS-aligned and Common Core, leads students in the doing of science and engineering. Each unit poses a question and students engage in watching short videos and prompts which guide the students in discussions, then students are able to conduct experiments as a class.
  - Discovery Education: Students use technology as a curricular cornerstone to make the standards come alive. Discovery Education Streaming Plus contains a growing library of over 9,500 videos, 77,000 content-specific clips, and more than 160,000 multimedia assets which integrate seamlessly into any curriculum. This enables teachers to plan interdisciplinary lessons using the same resources and/or enables students to choose the activities and resources that interest them most to work on a common standard.
- **History:** High quality history instruction requires a multitude of materials and strategies. Quest uses a variety of textbook and online materials to help students reach mastery in all areas of science. Programs in use may include, but not be limited to:
  - Integration into CORE Curriculum: History-social sciences are integrated throughout the content areas in the form of direct instruction, projects and thematic units. History and social studies curriculum ensures that students are historically literate (including culture, geography, politics, economics, and ethics) and become active, informed citizens (including U.S. policy and effective research techniques).
- **PE & Electives:** These courses are integrated into all the core subjects and are focused on students' interests.
  - PE: Focuses on health principles, and will follow the SPARKs curriculum. SPARK is a research-based, public health organization dedicated to creating, implementing, and evaluating programs that promote lifelong wellness. The Common Core State Standards provide the framework of SPARK programs and educational materials.
  - Electives: Students participate in self-selected Exploration courses. These classes are facilitated by Quest staff based on their own interests, as well as the interests of the students. Classes may include options such as chess, robotics, karate, drumline, watercolor art, and many others. One course that will continually be offered is Passion Project. Passion Projects are inquiry-based, student-directed learning projects that give students the opportunity to look at the world around them and explore their own

unique interests. Students plan and select their topics, then research, present, and reflect to “cement the learning.”

v) **Instructional Strategies**

- **Individualized, Interest-Driven, Relationship-Based Models:** In line with its core philosophy, Questmay adopt additional instructional models that focus on building skills through social-emotional and intellectual development, capitalizing on the student’s natural emotions and interests. By starting with the student’s interests, teachers can capture students’ attention and improve connection. Quest teachers spend a significant amount of time and energy to find the best ways to engage students in content that is focused on interesting, meaningful, and essential questions that intrigue students and pique their natural curiosity, allowing for multiple access points for different types of learners. To this end, the techbooks and other curricular materials listed herein are used as a foundation for curriculum. , Teachers work cooperatively to share resources, formulate interdisciplinary approaches, and provide high-interest models of instruction to facilitate student mastery of standards in a way that is engaging and provides experiences to bolster what is explored through the electronic medium and other available resources (such as the Chromebooks).
- **Multi-Age Groupings:** At Quest, students are grouped together by educational goals, learning styles, and progress monitoring data, rather than grade level (where appropriate). This gives students access to the information they need and a style that meets them where they are and builds on a solid foundation of skills, rather than rushing students through standards and compromising mastery and depth of understanding. This also enables students to pursue an offering of subjects that aligns with their own interests, rather than have those subjects prescribed to them by grade level.

3) **Homeschool**

In the CSCS Homeschool program, parents and students work closely with a California credentialed homeschool Education Specialist (ES) to choose the right combination of learning programs for each individual student. Homeschool students may augment their homeschool program by selecting TK-8 enrichment classes at the Santa Ana Student Center, one or two days per week. Homeschool families are able to take advantage of field trips, a well-stocked curriculum warehouse, various health and fitness programs, and numerous parent and student events throughout the year.

Homeschool high school students have access to a variety of supported courses offered either through an online course management system or at the Santa Ana Student Center. High school courses include core subjects, world languages, CTE, and elective options. All high school

online courses are overseen by highly qualified subject-specialists who grade key assignments, run regularly scheduled live seminars, monitor thread and forum discussions, and are available to tutor students as needed.

Student progress is tracked through the use of individualized learning plans, which are created monthly and revised often through collaboration with the parent, student, and ES. Assessment is completed regularly for a variety of purposes including curriculum selection. Assessment data is analyzed regularly and used to modify instruction at each learning plan meeting.

The assigned ES meets with parents and students at least every 20 school days to review progress and develop a plan for the upcoming learning period. As a team, they review work and assessments, explore learning styles and educational philosophies, evaluate curriculum options, and create an individualized plan that best meets the needs of the student. During Learning Plan meetings, homeschool specialists offer in-services to both parent and student. Topics range from sharing best teaching practices and intervention strategies to modeling study skills and using CSCS Power Tools (see Appendix L) for the students. Using our I CAN! Progress Reports, ESs help parents choose curriculum and develop annual plans aimed at ensuring all students master grade appropriate skills and maximize their achievement.

The nature of personalized learning and the development of monthly learning plans allows for a great deal of flexibility in time management, instructional options, and parent choice.

**i) Parent Support-Homeschool Prep**

New CSCS families will enter the Homeschool Prep program. Parents in the Homeschool Prep program are provided an additional monthly meeting with their ES for the first three months of enrollment. During these meetings, the ES shares numerous resources and provides in-service trainings for the parent covering various topics including using assessment to drive instruction, lesson planning, understanding and assessing learning styles and much more. Additionally, the ES provides the parent with strategies and support necessary to succeed as a home educator. Homeschool Prep students may choose to work through our Boxed Set curriculum, our High School Curriculum Guides, or follow an annual plan created with their ES using parent choice curriculum. At the end of the three months, both the ES and parent complete an exit survey that provides feedback to the Homeschool Directors about the effectiveness of the program.

**ii) Parent Support**

Most CSCS parents will exit the Homeschool Prep program in three months; however, they will have many opportunities to continue to grow as educators. CSCS offers a variety of events throughout the year. Parent and student events include the following:

- Regional SPREE events (Student Parent Regional Education Event; see Appendix K)

- Parent education and training
- Math Workshops
- Reading Workshops
- Annual Parent Conference
- Parent Certification

### iii) **Parent Certification Program**

Our Parent Certification program offers our Citrus Springs homeschool parents an opportunity to better themselves as educators in teaching their students in the home and to collaborate with other parents and staff. The program provides parents and their students the best foundation for successful learning in the home through educator classes and workshops. Participating parents complete four collaborative courses (3 Core and 1 Elective). Courses are dynamic and include topics such as Learning and the Brain, Developing an Annual Plan, and Project Based Learning. For more information regarding our Parent Certification Program, see Appendix N.

### iv) **Curriculum**

All materials and teaching methods used for English, math, science, and history will support the learning of the State Standards. The CCSS is focused on higher-level thinking skills which can be taught through many teaching and curricular materials. A sample scope and sequence for grade 6 is located in Appendix H, and a sample scope and sequence for grade 9 is located in Appendix O.

CSCS families have a variety of choices when it comes to selecting the most appropriate curriculum for their students. Curriculum selection is a collaborative process between the parent and Education Specialist. CSCS in-house curriculum distribution center, Bookmart, stocks our recommended homeschool curriculum for grades TK-12. For a list of recommended curriculum, please see Appendix P.

Parents may also choose from numerous approved vendors to purchase curriculum. CSCS supports students through a variety of vendor options to enrich and broaden student experiences. These vendor offerings include physical education, foreign language, music, drama, dance, and art classes. The parent and Education Specialist work together to select curriculum from a variety of materials vendors, online classes, and in-house teacher-created curriculum.

- **Boxed Set:** Boxed set curriculum, CSCS's most popular, fully supported curriculum, is a complete collection of materials and lesson plans for students in kindergarten through 8th grade. This curriculum includes engaging daily lessons, weekly pacing guides, multimedia learning resources, and rich literature. The Boxed Set is one of many options for students and parents to acquire essential

skills. For more detailed information about CSCS's boxed set curriculum and recommended curriculum list, please see Appendix P.

- **World Language:** CSCS offers online world language courses instructed by a qualified teacher credentialed in the offered languages. Students attend online classes twice per week with independent study assignments for the remaining days. The instructor provides personalized support for students and quality instruction.
- **Dynamic Integrated Courses:** Integrated courses, curriculum, and learning resources will be offered at every grade level to support parents and students with making connections between content areas. Some of the offerings include a complete literature-based program for kindergarten through 8th grade and a High School curriculum that integrates an entire schedule of courses into 3 week, high-interest modules. These integrated options allow students and parents a choice in curriculum and how learning is delivered.
- **Power Tools:** CSCS teaches all students fifteen powerful strategies for independent lifelong learning, called Power Tools. These strategies are designed to help students become independent learners. The Power Tools are useful before, during, and after reading and reinforce literacy skills in all subjects and grades. The tools help students access new and difficult assignments independently. The Power Tools are strategies that are used to develop critical thinking and authentic application of knowledge.

Critical thinking skills allow students to be able to make reasoned and informed decisions and take purposeful actions and it is imperative that schools help build these skills in all students.

Our goal is not only to provide parents and teachers the top strategies, but also to ensure that students have the resources to be independent learners and are college and career ready.

These research-based strategies are Think-Pair-Share, RAFT, Questioning, SQ3R, Power Writing, Notes, Journals, RIP, Connect, Sketch-to-Sketch, Summarizing, Mind Maps, Cover-and-Tell, VIP and Graphic Organizers. For more information about Power Tools, see Appendix L.

- **Additional Supports:**
  - Events: Students can participate in large group and/or individualized field trips, along with special events, including writing and math activity days, inspired learner expo, the annual spelling bee, history day, and science fair.
  - Chromebooks: All students are provided with a Chromebook to support access to the many online subscriptions provided for them, as well as to

the online curriculum management system. Students also have access to a curriculum warehouse with hundreds of items available for checkout.

- Essential Learning: Although parents have a variety of curriculum choices, CSCS has established essential learning in ELA and math that is considered the foundation of all ELA and math courses. The essential learning in the homeschool program is based on Common Core State Standards, developed into parent and student-friendly "I CAN!" statements. These I CAN!s will be tracked by student and teacher using a variety of tools. Students shall make a minimum of a year's growth in a year, but they also have the opportunity to reach further. We offer a wealth of I CAN! resources to support parents and students including the following:
  - Personalized Pathways to develop a plan for acquiring each I CAN! (See Appendix R)
  - An I CAN! mastery tracking folder portfolio that follows students from TK-8
  - I CAN! reteach booklets (See Appendix S)
  - Online interactive I CAN! e-books with links to videos, games & activities, quizzes, and tests related to each I CAN! (See Appendix T)
  - Online Learning Portals with parent support, links to instructional videos, activities/games, practice assessments and mastery quizzes and tests.
  - School wide incentives for the I CAN! Program
  - Online Supported Math: CSCS provides a wide array of choices for math instruction. One of these options is a Middle School math curriculum that combines home instruction with online support. Resources include video instruction, real-world tasks, assessments, and practice.

#### **v) Assessment**

All students will be assessed using multiple measures including diagnostic, summative, and formative progress monitoring. Citrus Springs uses a variety of alternative assessments including iReady, benchmark, course midterms and final exams, quiz, demonstration/presentations and standards-based mastery/exit assessments to ensure student progress measurement throughout the year.

CSCS students achieve competency in the skills outlined in the Common Core State Standards at each grade and authentically prepare for postsecondary success while in high school. All of the benchmark exams given at CSCS are aligned to the Common Core State

Standards and staff conducts in-house professional development and attends external professional development focused on reaching the goals set out in each of the standards. At CSCS, competency is measured through a variety of assessments aimed at capturing a complete picture of student knowledge and recognizing a variety of intelligences. Competency is also measured through a growth model recognizing where students are and setting achievable goals for individual students.

Diagnostic testing is offered three times per year across subject areas in order to gain deeper insight into a student's strengths and areas of growth early in the academic year. CSCS students also complete three benchmark exams designed to assess mastery of the grade-level I CAN!s (Springs' Power Standards). Diagnostic and benchmark test results are used to develop learning plans. The learning plans incorporate CSCS I CAN!s. Based on frequent student assessment outcomes, the curricula are modified and personalized as needed to ensure students are best prepared to meet rigorous performance goals.

CSCS uses i-Ready diagnostic assessments which are online adaptive ELA and math assessments built for the Common Core State Standards. i-Ready assessment items are intended to match the rigor of the Common Core and cover the main domains of ELA (phonics, phonological awareness, high-frequency words, vocabulary, comprehension of literature, and comprehension of informational text), and math (number and operations, algebra and algebraic thinking, measurement and data, and geometry).

Benchmark exams are developed in iReady using INSPECT and NWEA item banks. Both item banks offer extensive libraries of standards-based items. These items match the rigor and academic language of items found in the Common Core State Standards and offer a broad variety of ways to assess each standard. Benchmark assessments will determine student progress and prescribe targeted interventions for each student if needed.

We are committed to using the best assessment tools that are aligned to California state standards (Common Core State Standards). We value tools that not only include appropriate assessment items, but that also provide powerful reporting features that help administrators, teachers, and parents make meaning from complex assessment data. iReady meets these requirements and we are committed to continuing the use of these tools; however, we realize that there may be a future need to change assessment tools as we continue the implementation of Common Core State Standards. Our data analyst correlates our diagnostic and benchmark data to state test data. Teachers use diagnostic and benchmark data to ensure that their students are on grade-level and achieving expected growth. They also use this data to predict success on our high-stakes state achievement test. If we find that our assessment tools do not correlate with state achievement data, we will evaluate the tools and consider another option to replace i-Ready.

Students in the MTSS process will complete additional diagnostic and benchmark testing using a variety of assessments such as Dibels NEXT. There are three additional assessments

required for students involved in Tier 2 of the MTSS process. These assessments are each used to provide a different aspect of student achievement. Their purpose is to establish baselines in which to measure growth gains, and along with universal screening measures, are used to establish goals for the purpose of gaining and achieving grade-level equivalency. They are: Dibels NEXT, Oral Reading Fluency and Retell Fluency (ORF and RTF), Dibels Math, and San Diego Quick.

**vi) High School Guidance Services**

All high school students enrolled in CSCS are challenged through access to A-G courses and concurrent and/or dual enrollment at local community colleges where appropriate. Students are guided toward college and career preparatory courses and offered opportunities to visit local colleges and universities.

A high school guidance counselor is available to all families. The guidance counselor's role is to help with high school academic planning, college entrance requirements, and post-graduation goals (including FAFSA, CalGrant, scholarship, and college applications).

Through the WASC process, the Charter has established Graduate Learner Outcomes that are aligned to the mission, assessments, core academic areas, and CCI accountability measures.

**vii) Homeschool Resource Center TK-12**

CSCS's Santa Ana Student Center is located at 2121 Grand Avenue in Santa Ana, California, and provides 13 classroom spaces. Of these 13 classroom spaces, five are available up to two days per week for homeschool enrichment classes and workshops. Additional space is provided for Special Education services, meetings, student events, activities, and assessment as needed.

CSCS's resource center provides enrichment workshops for homeschool students. The resource center helps families connect with other homeschoolers to create a strong support system. Families enjoy the non-traditional choice of homeschooling while benefiting from more time-honored school activities such as school pictures, yearbooks, open houses, and the opportunity to perform and compete as a group. Through events, outreach, activities, and guest speakers, resource center students use the community as the classroom throughout the year.

All resource center enrichment classes and workshops have complete course syllabi and day-by-day course descriptions which allow the Education Specialist to support the enrichment courses their students are attending. The content for each course a student attends is entered into the monthly learning plan as part of the student's assignments. Classroom attendance is completely optional, except in cases of need, such as Special Education services, English language development, etc. All course content is available online for students to access from home in the event they do not come to class.

Additionally, CSCS provides a Mobile Science Lab, which offers hands-on science at our resource center locations for homeschool high school students. For each of our A-G lab sciences, students attend seven lab practicals a year. This will satisfy their fifth semester unit for the course as well as the lab component for the subject and is accepted by four-year universities.

Students engage in the process of inquiry in subjects including, but not limited to, exploring with microscopes, testing velocity, experimenting with chemical reactions, and exploring miniature biomes. The CSCS Mobile Science Lab is led by a credentialed science teacher using lab activities that go along with what is being taught in the courses. Students deepen their understanding of science in these rigorous labs and have fun while doing it.

Academic counseling services are offered on an appointment basis at the resource center. In addition, special education services, including SAI, OT, speech, and IEP meetings are provided.

### **C. Students who are Academically High Achieving**

Students who are academically high achieving are those who are working independently a minimum of one grade level above grade-level standards.

#### **1) Identification**

High achieving students are identified through the following criteria: Two or more years of scoring advanced on the standardized test instrument, and/or through classroom report cards indicating excellent work, and/or through placement test results including assessments from previous school(s), and/or through teacher recommendations.

#### **2) Parent Notification and Involvement**

CSCS assists parents through academic screening, counseling, and curriculum choices to support high achieving students. The school provides regular written notifications of the results of assessments to all parents/guardians of pupils assessed. Personalized learning plans are created in collaboration with parents and students based on the assessment results so that strengths can be built upon and difficulties addressed.

The personalized learning plans of high achieving students are designed to suit their individual needs and allow them to accelerate the pace of their learning and/or to pursue more challenging studies. Because the staff of CSCS understand that bright students often have academic gain “sprints,” students who have mastered their grade level standards are encouraged to study the next grade level designation. Great care is taken before deciding to accelerate students, either academically or through a grade level change.

Personalized learning allows students who are high achieving to accelerate their learning if desired or spend additional time deeply engaged in core subject areas.

### **3) Supports**

CSCS believes that differentiation is the key to success with high achieving students. CSCS teachers differentiate content, process, or product according to students' academic level and learning profile. High achieving students are provided with opportunities such as the next grade-level's coursework, high-interest independent study enrichment projects, access to advanced online classes, time and access to concurrent or dual enrollment classes offered at the community college.

#### **D. Students who are Academically Low Achieving**

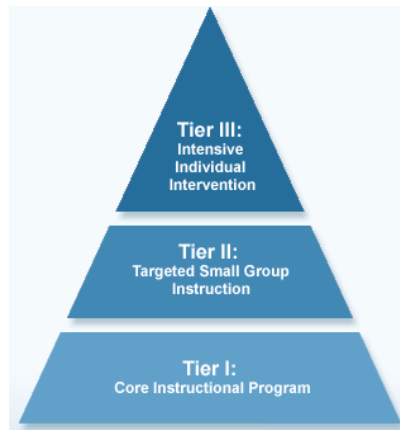

CSCS believes that both the confidence and the motivation to learn are fostered by providing the student with curricula appropriate for his or her current level of academic proficiency and then adjusting the pace and rigor of learning to challenge and engage his or her full potential. In order to directly support low achieving students, the credentialed teacher, parent(s), and student will collaborate to design the optimal personalized learning plan. Citrus Springs Charter School is designed to provide a rigorous and personalized school experience within each student's familial culture and support. Citrus Springs' community of leaders, teachers, students, families, and public will collaborate to ensure that all students are growing and achieving.

##### **1) Identification**

Students are assessed upon enrollment to CSCS to identify their strongest learning modalities as well as grade levels of proficiency in reading, language usage, and key areas of mathematics through the MTSS (Multi-Tiered System of Supports). With the information from these diagnostic assessments, in addition to information from both the parent and the student about the student's history, attitudes, and interests, a learning plan is established which optimizes the student's chance for success.

Universal screening is used to identify student support needs and to set personalized learning goals for every student. A universal screening will not identify why students are underperforming; rather it will identify which students are not at the expected performance criteria for a given grade level in reading and mathematics. The key feature in a screening measure is the accuracy in classifying a student as "at risk" or not "at risk." Although it is important that overall student achievement consistently be evaluated using multiple measures, universal screening is important because it represents the first point of entry into our multi-tiered system of supports (Tier I, Tier II and Tier III).

Universal screening measures for all CSCS students:

- I-Ready for grades kindergarten through 10
- State Test, including CAASPP, CAST, and interim assessments
- Curriculum-based assessments that are part of the student's instructional program
- Teacher and parent observation, student work samples
- Discipline Report

## **2) Parent Notification and Involvement**

Both the administration and teachers contact parents of low-achieving students in a responsive and timely manner, as laid out in our MTSS Teacher Handbook (Appendix U). The "Teacher of Record" (TOR) is the main point of contact between family and school. TORs communicate with parents both formally and informally, in person and by telephone. TORs examine students' grades formally each month with the student at the regular homeschool meeting or at an academy advisory meeting. Low-achieving students with <74% in any academic class are identified.

The credentialed teacher remains in close contact with the family and proposes any alterations to the plan that may appear necessary as the student moves forward. If a student is not making sufficient progress via the individualized Learning Plan analysis, the credentialed teacher meets with the parent(s) and student to discuss the situation and advise them on how to better achieve and support learning.

## **3) Supports**

The school's philosophy that parents are the primary educators for their children implies that the parent's influence in their child's education is a major factor of their students' academic success. Parents and staff are expected to have ongoing, open discussions about each student's progress on a regularly-scheduled basis. When a concern about an individual student's academic progress is determined, either as a result of assessments or a parent or TOR observation, interventions to the curriculum and/or instructional delivery will be

discussed. Here are some strategies to begin discussions in personalization of the individual needs of each student:

#### Increase Time and Intensity

Time spent daily in ELA and math is an important discussion topic at each learning plan meeting. Kindergarten students should spend at least one hour in ELA and 30 minutes in math each day. First-through-third grade students should spend two-and-a-half to three hours per day in ELA and 45 minutes to one hour of math each day. Fourth-through-eighth grade students should spend two hours per day in ELA and one hour in math per day. High school students should spend one hour per academic day in each enrolled course.

Consider the following strategies to increase time and intensity when there is a concern in academic progress:

- Time extension (e.g. double the amount of time)
- Time of day - schedule assignment at optimal time for the student's maximum performance (e.g. math assignments after PE, in the morning or after medication)
- Breaks (specify the number and length of breaks for students, during the performance of assignments)
- Multiple days (provide assignment in sections over two-or-more days (e.g. one section or question of the task per day)
- Multiple time segments - provide assignment in sections over two or more time periods throughout the day (e.g. one 15-minute segment in the morning and another 15-minute segment in the afternoon)
- Timelines provided to students to assist them in pacing their work

#### **4) Supplemental Resources**

CSCS includes supplemental resources in every discussion of the personalized learning plan. CSCS has supplemental resources available for all students:

- Aleks math is an online resource that personalizes each lesson and provides student choice in assignments for the learning session.
- Reading A-Z offers ELA materials in reading, vocabulary, comprehension, assessment, spelling and phonics. Resources can be accessed by parents with internet access, or they can be printed by the Education Specialist (ES) and provided to the student.
- Essentials is an intensive resource and can count for a high school special interest course, as it prepares students for the necessary skills in Mathematics 1. This free resource is available to our students through Moodle. It can also be delivered by a tutor or a parent with concepts delivered in packets. These packets have necessary teaching resources that are accessible through Moodle and are a required component to teach essential foundational skills needed in mathematics.
- Study Island is a supplemental resource available as an online workshop.

- Core Workshops at the student centers are a great way to increase direct instruction time.
- I CAN!s are concept-based resources that provide a pre-test, resources to master the concept, and a post-test to demonstrate mastery of that specific concept. They can be used as an intervention resource and a progress-monitoring tool.
- I-Ready Intervention Tool systematically teaches foundational skills using a computer adaptive diagnostic assessment with frequent progress monitoring to ensure concepts are remembered.
- i-Ready Core and i-Ready Classroom provide an evidence based curriculum option to match i-Ready diagnostic results to grade level mastery lessons to scaffold and provide exposure to grade level content.
- 

## 5) Ongoing Evaluation

Progress monitoring is a technique that provides continuous feedback about the effectiveness of the instructional program and the student's achievement. I-Ready and I CAN personalized learning progress toward goals are the primary tools CSCS uses for Tier I progress monitoring. For Tiers II and III, the basis of the program is weekly, direct measurement of a student's progress toward a specific goal. I CAN!s are also used as a progress monitoring tool.

We believe it is imperative to monitor a student's progress on a frequent and consistent basis in order to ensure the following:

- Continuous feedback on the effectiveness of a specific instructional intervention
- A system for accountability for student achievement
- Data on student progress which can assist teachers in making data based decisions regarding the need
- Current instructional strategies
- Graphic displays of a student's progress over time in a way that can easily be shared with parents and other professionals involved in the student's education

## E. Special Education

CSCS serves the needs of students with disabilities by complying with applicable state and federal laws and regulations prohibiting discrimination against, and requiring a free appropriate public education be provided to, children with disabilities. For the complete Special Education Procedural Manual, see Appendix V.

## **1) Overview**

Citrus Springs Charter School is committed to meeting the needs of students with exceptional needs, their parents, and the staff members who work with the students with disabilities enrolled in our programs. Policies, procedures, and guidelines are in place to ensure that students being referred for and/or enrolled in special education program services receive a free appropriate public education (FAPE), in the least restrictive environment (LRE). Citrus Springs Charter School follows the guidelines and procedures set forth in accordance with all State and Federal laws.

CSCS complies with all applicable state and federal laws in serving students with disabilities, including, but not limited to, Section 504 of the Rehabilitation Act ("Section 504"), the Americans with Disabilities Act ("ADA") and the Individuals with Disabilities Education Improvement Act ("IDEA"). CSCS participates as a local educational agency ("LEA") in a special education plan approved by the State Board of Education in accordance with Education Code Section 47641(a) and receives state and federal revenues directly, in accordance with the SELPA's allocation plan. CSCS is a member of the El Dorado County Charter Special Education Local Plan Area ("SELPA"), and the Charter is within the SELPA's geographical boundaries. .

CSCS complies with all state and federal laws related to the provision of special education instruction and related services and all SELPA policies and procedures and shall utilize appropriate SELPA forms.

CSCS requests related services (e.g. Speech, Occupational Therapy, Adapted P.E., Nursing, and Transportation) from the SELPA, subject to SELPA approval and availability. CSCS also provides related services by hiring credentialed or licensed providers through Non-Public Agencies (NPA).

CSCS is solely responsible for its compliance with Section 504 and the ADA. The facilities to be utilized by CSCS shall be accessible for all students with disabilities.

## **2) Services for Students under the "IDEA"**

CSCS provides special education instruction and related services in accordance with the IDEA, Education Code requirements, and applicable policies and practices of the SELPA.

CSCS provides services for special education students enrolled in CSCS. CSCS follows SELPA policies and procedures and utilizes SELPA forms in seeking out, identifying, and serving students who may qualify for special education programs and services, for responding to record requests and parent complaints, and for maintaining the confidentiality of pupil records. CSCS is exclusively responsible for the provision of services (including, but not limited to, referral, identification, assessment, case management, Individualized Education Program ("IEP") development, modification, and implementation). The Charter will provide

all adaptive technology needed for students with disabilities, based on the IEP team meeting/process.

All students with disabilities are fully integrated into the programs of CSCS with the necessary materials, services, and equipment to support their learning. The school ensures that any student with a disability attending CSCS is properly identified, assessed, and provided with necessary services and supports.

CSCS is prepared to implement all components of SB 98 including:

- Training general and special education staff on the new distance learning requirements;
- Revision of distance learning programs to ensure compliance with SB 98 and consistency with the CSCS program continuity and attendance plan;
- Communication with parents of students with IEPs in making individualized determinations regarding how IEPs may be implemented during distance learning;
- Revision of attendance policies to comply with SB 98
- Development of forms for weekly engagement and tiered reengagement documentation; and
- Development of instructional programming that prioritizes health and safety as guided or directed by public health officials.

CSCS agrees to promptly respond to all County or SELPA inquiries, to comply with reasonable County or SELPA directives, and to allow the County or SELPA access to CSCS students, staff, facilities, equipment, and records as required or imposed by law.

### **3) Staffing**

All special education services at CSCS are delivered by individuals or agencies qualified to provide special education services as required by California's Education Code and the IDEA. CSCS staff participates in in-service training relating to special education by the SELPA or CSCS.

Operating within all legally mandated timelines, CSCS is responsible for the hiring, training, and employment of staff necessary to provide special education services to its students, including, without limitation, special education teachers, paraprofessionals, and related service providers including, without limitation, speech therapists, occupational therapists, behavioral therapists, psychologists. CSCS shall ensure that all special education staff hired by CSCS are qualified pursuant to SELPA policies, as well as meet all legal requirements. Documentation of qualifications are maintained on site for inspection.

### **4) Assessments**

The term "assessments" have the same meaning as the term "evaluation" in the IDEA, as provided in Section 1414, Title 20 of the United States Code. The Charter School will

determine what assessments, if any, are necessary and arrange for such assessments for referred or eligible students in accordance with applicable law.

Assessments are conducted to address all suspected areas of disability including, but not limited to: academic achievement, social/adaptive/behavioral/emotional, processing, perceptual/motor development, communication development, cognitive development, health/development, and post-secondary transition. Assessment measures include formal and informal assessments including interviews and observations which may be conducted in person or virtually

Parents or guardians of any student referred for assessment must give their written consent for the school to administer the assessment. Assessments must be conducted by a person with knowledge of the student's suspected disability, and administered by trained and knowledgeable personnel and in accordance with any instructions provided by the producer of the assessments. Assessments must be selected and administered so as not to be racially, culturally, or sexually discriminatory. Assessments are delivered in the student's primary language, and a qualified interpreter will be provided if needed. Assessment tools must be used for purposes for which the assessments or measures are valid and reliable. Assessments are adapted as necessary for students with impaired sensory, physical or speaking skills. A multidisciplinary team (student study team) is assembled to assess the student, including a teacher knowledgeable in the disability. The assessment is completed and an Individualized Education Program meeting held within 60 days of receipt of the parent's written consent for assessment.

## **5) Identification and Referral**

CSCS provides for the identification and assessment of the exceptional needs of an individual, and the planning of an instructional program to meet the assessed needs. Identification procedures include systematic methods of utilizing referrals of pupils from teachers, parents, agencies, appropriate professional persons, and from other members of the public.

Identification procedures are coordinated with school site procedures for referral of pupils with needs that cannot be met with modification of the regular instructional program (EC 56302). Parents and staff work closely to address academic or behavioral performance and concerns of individual students. Parents are contacted whenever there is a concern about their child's academic or behavioral performance. Parents may also contact their child's teacher or school site administrator with concerns about their child's academic or behavioral performance.

Concerns may be addressed in an MTSS meeting. This meeting may be initiated by school staff or parents/guardians/student. During the MTSS meeting, the team can document concerns and which strategies are being implemented or will be implemented to attempt to address the student's concerns related to their learning.

A parent request for assessment starts the assessment process and CSCS must respond in writing within 15 days. The Director of Special Education or designee will notify the MTSS Team of the parent's request. CSCS will hold a meeting within 10 days to address the parent's concerns and determine if an assessment is required. If so, the parent will receive a written Assessment Plan within 15 days. Assessment Plan and Prior Written Notice (PWN) will be developed by Special Education staff to determine assessments needed to address all areas of suspected disability. The parent will be given at least 15 days to provide written consent. A pupil shall be referred for special education instruction and services only after the resources of the regular education program have been considered and, where appropriate, utilized (EC 56303). The assessment will be completed and an Individualized Education Program meeting held within 60 days of receipt of the parent's written consent for assessment. If assessment is not required, parent will be provided with a Prior Written Notice (PWN) indicating denial of request within 15 days of the request.

#### **6) IEP Meetings**

CSCS shall arrange and notice the necessary IEP meetings. IEP team membership is in compliance with state and federal law. CSCS is responsible for having the following individuals in attendance at the IEP meetings: the Principal and/or the CSCS designated representative with appropriate administrative authority as required by the IDEA; the student's special education teacher; the student's general education teacher if the student is or may be in a general education classroom; the student, if appropriate; the parent/guardian; and other CSCS representatives who are knowledgeable about the general education program at CSCS and/or about the student. CSCS arranges for the attendance or participation of all other necessary staff that may include, but are not limited to, an appropriate administrator to comply with the requirements of the IDEA, a speech therapist, psychologist, special education teacher, and behavior specialist; and documents the IEP meeting and provide the notice of parental rights.

#### **7) IEP Development**

CSCS understands that the decisions regarding eligibility, goals/objectives, program, services, placement, and exit from special education shall be the decision of the IEP team, pursuant to the IEP process. Programs, services and placements shall be provided to all eligible CSCS students in the least restrictive environment in accordance with the policies and procedures of the Charter School and requirements of State and Federal law. For students 16 years of age and older, measurable postsecondary goals related to training, education, employment and independent living skills, along with transition services needed to assist the student in reaching those goals shall be developed.

IEP meetings are held according to the following schedule:

- Yearly to review the student's progress and make any necessary changes

- Every three years to review the results of a mandatory comprehensive reevaluation of the student's progress
- After the student has received a formal assessment or reassessment
- When a parent or teacher feels that the student has demonstrated significant educational growth or a lack of anticipated progress (consistent with state and federal law, IEP meetings will be held within 30 days of a parent's request)
- When an Individual Transition Plan is (ITP) required at the appropriate age
- When CSCS seeks to suspend or remove the student for a period of 10 days or more for the same behavior, in order to determine if the student's misconduct was a manifestation of his/her disability

## **8) IEP Review**

The IEP team formally reviews the student's IEP at least once a year to determine how the IEP is meeting his/her needs. In accordance with IDEA regulations, the IEP team also conducts a formal review of the IEP once every three years, in which the student is reassessed and the IEP is reviewed as part of an overall comprehensive reevaluation of the student's progress. If a parent or faculty member feels the student's educational needs are not being met, they may request a reassessment or a review of the IEP by the IEP team at any time during the year via written notice to the school. Once the request is received, CSCS will have 30 days, not including school vacations greater than five days, to hold the IEP meeting.

## **9) IEP Implementation**

CSCS ensures that all progress reporting complies with state and local guidelines. CSCS is responsible for implementation of IEPs and supervision of services. CSCS provides the parents with timely reports on the student's progress as provided in the student's IEP, at least as frequently as progress reports are provided for CSCS's non-special education students, which is at least once during each academic term. CSCS also provides all homeschool coordination and information to the parent/guardian each semester. CSCS is responsible for providing all curriculum, classroom materials, and modifications and accommodations. All special education services and supports are developed to ensure students receive a free, appropriate education (FAPE) in the least restrictive environment (LRE).

## **10) Interim and Initial Placements of New Charter School Students**

For students who enroll during the school year in CSCS from another school district with a current IEP, CSCS shall implement comparable services in accordance with the most recent agreed-upon and implemented IEP from previous school district to the extent practicable or as otherwise agreed between CSCS and the parent/guardian. CSCS conducts an Interim IEP meeting within 30 calendar days. Prior to such meeting and pending agreement on a new

IEP, CSCS implements the existing IEP at CSCS, to the extent practicable or as otherwise agreed between CSCS and the parent/guardian.

#### **11) Non-Public School Placements/Non-Public Agencies**

CSCS is solely responsible for selecting, contracting with, and overseeing all non-public schools and non-public agencies used to serve special education students. CSCS will immediately address all parental requests for services from non-public schools or agencies, unilateral placements, and/or requests for reimbursement in accordance with applicable law.

#### **12) Non-Discrimination**

It is understood and agreed that all children have access to CSCS and no student shall be denied admission nor counseled out of CSCS due to the nature, extent, or severity of his or her disability or due to the student's request for, or actual need for, special education services.

#### **13) Procedural Safeguards and Parent/Guardian Complaints**

CSCS maintains policies and procedures for responding to parental concerns or complaints related to special education services in accordance with applicable law. Parents or guardians of students with IEPs must provide written consent for the evaluation and placement of their child, be included in the decision-making process when change in placement is under consideration, and be invited, along with teachers, to conferences and meetings to develop their child's IEP. CSCS provides the parent with a written Notice of Procedural Safeguards, which includes information on the procedure to initiate both formal and informal dispute resolutions at least once per year. CSCS utilizes the Notice of Procedural Safeguards used by the El Dorado SELPA.

CSCS shall receive any concerns raised by parents/guardians regarding related services and rights. CSCS's designated representative shall investigate as necessary, respond to, and address the parent/guardian concern or complaint. An IEP meeting will be scheduled if necessary to address the parent complaint. If a disagreement or concern persists, parents or guardians have the right to initiate a due process hearing to challenge a decision regarding the identification, evaluation, or educational placement of their child. CSCS shall respond to any complaint to or investigation by the California Department of Education, the United States Department of Education, Office for Civil Rights, or any other agency.

#### **14) Dispute Resolution**

CSCS may initiate a due process hearing or request for mediation with respect to a student enrolled in CSCS if it determines such action is legally necessary or advisable. In the event that the parents/guardians file for a due process hearing, or request mediation, CSCS shall defend the case. In the event that CSCS determines that legal representation is needed, it shall select appropriate legal counsel.

### **15) SELPA Representation**

CSCS understands that it represents itself at all SELPA meetings.

### **16) Funding**

CSCS understands that it is subject to the allocation plan of the SELPA.

### **17) Section 504 of the Rehabilitation Act**

CSCS recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of CSCS. A student who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment, is eligible for protections under Section 504.

A 504 team is assembled by CSCS's 504 Coordinator or other designated staff and includes the parent/guardian, the student (where appropriate) and other qualified persons knowledgeable about the student, the meaning of the evaluation data, placement options, and accommodations. The 504 team reviews the student's existing records; including academic, social and behavioral records, and is responsible for making a determination as to whether an evaluation for 504 services is appropriate. If the student has already been evaluated under the IDEA but found ineligible for special education instruction or related services under the IDEA, those evaluations may be used to help determine eligibility under Section 504. The student evaluation is carried out by the 504 team, which evaluates the nature of the student's disability and the impact upon the student's education. This evaluation includes consideration of any behaviors that interfere with regular participation in the educational program and/or activities. The 504 team may also consider the following information in its evaluation:

- Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel.
- Tests and other evaluation materials including those tailored to assess specific areas of educational need, and not merely those which are designed to provide a single general intelligence quotient.
- Tests are selected and administered to ensure that when a test is administered to a student with impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level, or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual or speaking skills.

The final determination of whether the student will or will not qualify to receive services is made by the 504 team in writing and notice is given in writing to the parent or guardian of the student in their primary language along with the procedural safeguards available to them. If during the evaluation, the 504 team obtains information indicating possible

eligibility of the student for special education per the IDEA, a referral for assessment under the IDEA will be made by the 504 team.

If the student is found by the 504 team to have a disability under Section 504, the 504 team is responsible for determining what, if any, accommodations or services are needed to ensure that the student receives a free and appropriate public education (“FAPE”). In developing the 504 Plan, the 504 team considers all relevant information utilized during the evaluation of the student, drawing upon a variety of sources, including, but not limited to, assessments conducted by CSCS’s professional staff.

The 504 Plan describes the Section 504 disability and any program accommodations that may be necessary.

All 504 team participants, parents, guardians, teachers and any other participants in the student’s education, including substitutes and tutors, must have a copy of each student’s 504 Plan. The Director ensures that teachers include 504 Plans with lesson plans for short-term substitutes and that she or he reviews the 504 Plan with a long-term substitute. A copy of the 504 Plan is maintained in the student’s file. Each student’s 504 Plan is reviewed at least once per year to determine the appropriateness of the Plan, needed modifications to the plan, and continued eligibility.

## **F. English Learners**

CSCS meets all applicable legal requirements for English Learners (“EL”), including long-term English Learners or English Learners at risk of becoming long-term English Learners, as it pertains to annual notification to parents, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirement. The Charter School implements policies to assure proper placement, evaluation, and communication regarding ELs and the rights of students and parents.

CSCS complies with all applicable federal and state laws concerning services and the education of EL students. CSCS has adopted policies and procedures ensuring the:

- Identification of EL Students
- Development of a program designed to provide assistance to EL students
- Development of appropriate evaluation standards, including formalized testing procedures to identify the level of proficiency

Under the management of the Superintendent, CSCS takes an active role in the recruitment and staffing of authorized personnel for all EL programs and makes it a priority to hire CLAD and BCLAD teachers. Teachers not currently authorized but who are serving ELs shall be required to sign a memorandum of understanding stipulating that they are actively participating in professional development designed to secure an appropriate authorization within two years. The

Superintendent, or designee, monitors attendance at professional development activities to ensure that such teachers remain on track to complete the necessary training for their authorizations.

### **1) Home Language Survey**

CSCS administers the home language survey upon a student's initial enrollment into the Charter School (on enrollment forms).

### **2) ELPAC Testing**

All students who indicate that their home language is other than English will be tested with the English Language Proficiency Assessments for California ("ELPAC"). The ELPAC has four proficiency levels (Level 4: well developed; Level 3: moderately developed; Level 2: somewhat developed; and Level 1: minimally developed) and is aligned with the 2012 California ELD Standards.

The ELPAC consists of two separate assessments:

#### **i) Initial Assessment ("IA")**

The ELPAC IA is used to identify students as either an English Learner, or as fluent in English. The IA is administered only once during a student's time in the California public school system based upon the results of the home language survey. The locally scored IA will be the official score. The IA is given to students in grades K–12 whose primary language is not English to determine their English proficiency status.

#### **ii) Summative Assessment ("SA")**

ELs will take the SA every year until they are reclassified as fluent English proficient. The ELPAC SA is only given to students who have previously been identified as an EL based upon the IA results, in order to measure how well they are progressing with English development in each of the four domains. The results are used as one of four criteria to determine if the student is ready to be reclassified as fluent English proficient, to help inform proper educational placement, and to report progress for accountability.

Both the ELPAC SA and IA are assessments administered in seven grade spans—K, 1, 2, 3–5, 6–8, 9–10, and 11–12. In kindergarten and grade 1, all domains are administered individually. In grades 2–12, the test is administered in groups, exclusive of speaking, which is administered individually. The ELPAC IA and SA will be administered via a computer-based platform, while the ELPAC Writing Domain for Kindergarten through 2nd grade will continue to be administered as a paper-pencil test.

Testing times will vary depending upon the grade level, domain, and individual student. Both the ELPAC IA and SA are given in two separate testing windows through the school year.

The IA testing window will be year-round (July 1–June 30). Any student whose primary language is other than English as determined by the home language survey and who has not previously been identified as an English Learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be assessed for English language proficiency within 30 calendar days after the date of first enrollment in a California public school, or within 60 calendar days before the date of first enrollment, but not before July 1 of that school year.

CSCS notifies all parents whose students qualify for ELPAC assessment of its responsibility for ELPAC testing and of ELPAC results within thirty days of receiving results from the publisher. The ELPAC shall be used to fulfill the requirements under the Every Student Succeeds Act for annual English proficiency testing.

### **3) Reclassification Procedures**

The Every Student Succeeds Act , Title III requires that reclassified students be monitored for a period of at least four (4) years following reclassification. The Director of Assessment and Accountability and the assistant superintendent overseeing EL will supervise the process of monitoring reclassified students. School staff will use the CAASPP, multiple measure scores, teacher assessments and observations to semi-annually monitor the progress of R-FEP students for a period no less than four (4) years after reclassification. Student performance shall be reviewed at least at each semester. Those students found to be regressing in their academic performance will be referred to receive an academic intervention in the specific area of need.

Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

- i) Assessment of language proficiency using an objective assessment instrument including, but not limited to, the ELPAC.
- ii) Participation of the pupil's teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil's curriculum mastery.
- iii) Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents' opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification

procedure including seeking their opinion and consultation during the reclassification process.

- iv) Comparison of the pupil's performance in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

#### **4) Parent Notification and Involvement**

CSCS sends a notification of the results of English proficiency assessments to all parents/guardians of pupils assessed, whether the pupil is designated as fluent English proficient or limited English proficient. These notifications are written in English and in the pupil's primary language. In addition, the notice is given orally when staff has reason to believe that a written notice would not be understood. Parents/guardians also are notified of the results of any reassessments. Before pupils are enrolled in a program for English language learners, parents/guardians also receive information about the program and their opportunities for parental involvement as specified by law. This information includes the fact that an individual pupil's participation in the program is voluntary on the part of the parent/guardian. Before pupils are enrolled in a program for English language learners, parents/guardians also receive information about the program and their opportunities for parental involvement as specified by law. This information includes the fact that an individual pupil's participation in the Designated ELD program is voluntary on the part of the parent/guardian.

#### **5) Strategies for English Learner Instruction and Intervention**

CSCS creates an environment in which non-English speaking families feel supported and welcomed. CSCS employs bilingual staff whenever possible, and all communication materials for parents and guardians are available in English or other home language. All meetings that involve parents or other members of the community offer the appropriate translation services as needed.

Teachers engage in best practices to support ELs, with the specific strategy modified according to the need of the student and the program in which the student is enrolled. In the classrooms, ELs have daily access to the core curriculum and are taught in English with additional support as necessary such as CLAD and BCLAD instructors, tutors, peer support, and after-school study halls. In independent study/homeschool, students are supported daily with a variety of online tools including i-Ready, Rosetta Stone, Canvas and Zoom, Big Blue Button or Google Meets which allow students to connect with their credentialed teacher via a virtual platform. CSCS staff continue to receive professional development in Specially Designed Academic Instruction in English as part of their ongoing professional development activities. Instruction techniques, assessments, materials and approaches are

aligned with California EL and Content Standards and focused on communicative competence and academic achievement covering listening, speaking, reading, and writing skills.

These practices include, but are not limited to project-based learning with an emphasis on multiple ways of showing mastery of knowledge, online vocabulary skills development, heterogeneous groupings in core academic classes, supplemental pull out instruction with a focus on academic language acquisition, after-school support and tutoring.

In addition, the CSCS instructional program is designed to promote language acquisition and proficiency, oral language development, and enriched learning opportunities for all ELs. Subject area teachers, advisors, and the EL coordinator meet biannually to ensure that EL students receive EL and core content instruction appropriate for their English proficiency and grade levels.

During these meetings, all students classified EL will be evaluated and placed into one of seven categories through discussion, test scores, and/or other evaluations:

- ELPI Level 1: students who are recent English learners or immigrants, and will benefit most from strategies specifically directed at transitioning them to English
- ELPI Level 2L: students who use short English sentences to communicate personal needs, ideas, and opinions. –ELPI Level 2H: students who use more detailed English sentences to communicate in some content areas. ELPI Level 3L: students who communicate in all content areas, but need picture support for technical texts.
- ELPI LEVEL 3H: students who begin to identify and use language subtleties in all content areas.
- ELPI LEVEL 4: students whose English communication in content areas contains minor errors that do not impact meaning. Students are ready to reclassify.
- EL with Learning Differences: students whose learning differences noted in their IEP impact their EL status. This list is shared with instructors and administrators, with the goal of allowing more targeted and effective interventions to support ELs of all types. In addition, those EL students not ready for reclassification will be enrolled in an EL-specific study program with additional scaffolding, bilingual-friendly environment, and one that meets their reading level in order to ensure that their fluency rate increases. Monitoring and Ongoing Evaluation of Program Effectiveness

EL Students are assessed on English language proficiency level the spring annually. The EL Coordinator administers and reports ELPAC results to staff and monitors and supports reclassification of ELs on a continuous basis. ELA lead staff coordinates/conducts EL professional development, administers ELPAC assessments, coordinates additional EL interventions, and supports all content areas with EL strategies. Finally, administration

monitors teacher qualifications for legal compliance and the availability of adequate resources.

CSCS's evaluation for the program effectiveness for ELs includes:

- Adhering to CSCS-adopted academic benchmarks by language proficiency level and years in program to determine adequate yearly progress.
- Monitoring of teacher qualifications and the use of appropriate instructional strategies based on program design.
- Monitoring of student identification and placement.
- Monitoring of parental program choice options.
- Monitoring of availability of adequate resources.

#### **6) English Learner Advisory Committee (ELAC)**

When there are 21 or more English learners at CSCS, parent/guardian ELAC is maintained to serve the advisory functions specified in law. Parents/guardians of English learners constitute committee membership in at least the same percentage as their children represent of the total number of pupils in the school. ELAC has four responsibilities that are the focus of their work. They must advise the school and staff on the following:

- Development or revision of a master plan for English learner education for the individual school
- Development of the school's needs assessment
- Administration of the school's annual language census
- Ways to make parents aware of the importance of regular school attendance

## **G. Charter School Goals and Actions to Achieve the Eight State Priorities**

Pursuant to Education Code Sections 47605(c)(5)(A)(ii) and 47605(c)(5)(B), a reasonably comprehensive description of the Charter School's annual goals, actions and measurable outcomes, both schoolwide and for each subgroup of pupils, which address in and aligned with the Eight State Priorities as described in Education Code Section 52060(d), can be found in the Charter School's Local Control and Accountability Plan ("LCAP"). Each of these goals addresses the unique needs of all students attending the Charter School, including our numerically significant student subgroups. The metrics associated with these goals help the Charter School to ensure that these specific subgroups are making satisfactory progress, and are provided with necessary additional supports made possible by additional funds from the Local Control Funding Formula.

The current LCAP is on file with the County and is in Appendix B and available annually on the School's website. x. The Charter School shall annually update and develop the LCAP in accordance with Education Code Section 47606.5 and shall use the LCAP template adopted by the State Board of Education. The Charter School reserves the right to establish additional and/or amend school-specific goals and corresponding assessments throughout the duration of the charter term through the annual LCAP update. The Charter School shall submit the LCAP to the County Superintendent of Schools annually on or before July 1, as required by Education Code Section 47604.33.

The LCAP and any revisions necessary to implement the LCAP shall not be considered a material revision to the charter, and shall be maintained by the Charter School at the school site.

**THIS PAGE INTENTIONALLY LEFT BLANK**

## Element B: Measurable Pupil Outcomes

*Governing Law: The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both school-wide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school. Education Code Section 47605(c)(5)(B).*

CSCS will measure student achievement in the following three (3) ways:

1. CSCS will meet state calculated growth target annually in all significant subgroups and school-wide in two (2) of the last three (3) years.
2. CSCS will meet state calculated state-mandated assessment participation rate school-wide in two (2) of the last three (3) years.
3. Students who are identified as Multi-Tiered System of Supports (MTSS; previously called Student Study Team) Tier II will show improvement in proficiency as measured by the CSCS systematic online standards-based assessment tool in two (2) of the last three (3) years.

CSCS has developed clearly defined schoolwide and student outcome goals in compliance with Education Code Sections 47605(c)(5)(B) and 52060(d).

Accomplishments in each of the goals and outcomes directly support the mission to foster the innate curiosity of students, empower their parents, and promote optimum learning by collaboratively developing a personalized learning program for each student.

Using the California Assessment of Student Performance and Progress (“CAASPP”) assessment system and school performance measures from the California School Dashboard, CSCS will continue to examine and refine its list of student outcomes over time to reflect the school's mission and any changes to state or local standards that support this mission.

### **Goals, Actions and Measurable Outcomes Aligned with the Eight State Priorities**

Pursuant to Education Code Sections 47605(c)(5)(A)(ii) and 47605(c)(5)(B), CSCS’s annual goals, actions and measurable outcomes, both schoolwide and for each subgroup of pupils, which address and align with the Eight State Priorities as described in Education Code Section 52060(d), are described in the Local Control and Accountability Plan (LCAP) in Appendix B.

Each of these goals addresses the unique needs of all students attending CSCS, including our numerically significant student subgroups: students with disabilities, English Learners, socio-economically disadvantaged, and numerically significant ethnicity groups. CSCS will also analyze data on homeless and foster youth. The metrics associated with these goals help CSCS to ensure that these

specific subgroups are making satisfactory progress, and are provided with necessary additional supports made possible by additional funds from the Local Control Funding Formula.

CSCS shall develop and annually update and develop the LCAP in accordance with Education Code Section 47606.5 and shall use the LCAP template adopted by the State Board of Education. CSCS reserves the right to establish additional and/or amend school-specific goals and corresponding assessments throughout the duration of the charter through the annual LCAP update. CSCS shall submit the LCAP to the County Superintendent of Schools annually on or before July 1, as required by Education Code Section 47604.33.

CSCS has developed clearly defined schoolwide and student outcome goals in compliance with Education Code Sections 47605(c)(5)(B) and 52060(d).

Accomplishments in each of the goals and outcomes directly support the mission to foster the innate curiosity of students, empower their parents, and promote optimum learning by collaboratively developing a personalized learning program for each student.

See Appendix B for the current LCAP. All approved LCAPs will define metrics clearly for the current year and two following.

## Element C: Methods of Measuring Student Progress

*Governing Law:* *The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card. Education Code Section 47605(c)(5)(C).*

CSCS expects all students will achieve the State Standards by graduation but not all will progress at the same rate. Education Specialists shall consider each student's individual abilities, interests, and talents in utilizing these measurements. CSCS administers the mandated state assessments as an independent entity and also meets any required state performance standards developed. CSCS conducts tri-annual evaluations of student academic performance in ELA and mathematics to determine if students are achieving academic levels that are at least equivalent to or exceeding those achieved by students in similar type schools both within Orange County and across the State of California.

CSCS shall utilize in its educational program, which are aligned to the Eight State Priorities and demonstrate multiple measures for each subject area. CSCS affirms that its methods for measuring pupil outcomes for the Eight State Priorities shall be consistent with the way information is reported on a School Accountability Report Card (SARC) as required by Education Code Section 47605(c)(5)(C).

Additionally, student progress is assessed through the current state mandated assessment tool(s) per Education Code Section 60605 and a variety of the following:

1. Monthly review of work
2. Annual portfolios
3. Parent, student, and Education Specialist observation
4. Norm and criterion referenced tests
5. In-house formative student assessment
6. Assessments given through Professional Learning Communities
7. Continuous, personalized assessments through independent study courses
8. Student demonstrations
9. Student projects
10. Student grades
11. Student work samples
12. Student self-evaluations
13. Nationally normed technology resources

The staff of CSCS believes all students can learn and will achieve at high levels when offered appropriate curriculum, time, and support. All students will have a personalized learning plan developed that matches their current academic achievement level, learning style, and interests while developing skills to meet or exceed the challenges of grade level work. Students performing substantially below grade level expectations will be referred to a team of teachers and administrators to discuss the parents' and teacher's concerns. This team will develop a plan for meeting the student's needs, including evaluating curriculum used by the student and the delivery method(s).

Teachers will meet monthly in Professional Learning Communities (PLCs) to evaluate student assessment data, identify targeted areas of improvement, and collaborate to plan instruction for students in those areas. Student data will include standardized benchmark assessments, mastery quizzes by standard, authentic work products, and writing samples.

Each CSCS program will collaborate on analysis of their students' progress, including student demographics, attendance, behavior, achievement in all areas, retention, budget, extracurricular activities, parent involvement, etc.

Regular meetings are held with the parent and the student to review the progress of the student. It is a primary goal of CSCS to ensure that parents and students are empowered with information about their progress and support to help them reach their goals. These meetings occur regularly and include a focus on data-driven instruction.

When students enter the ninth grade at CSCS, staff will ensure that they are informed of their course options, testing options, and deadlines for test registration. The staff provides students with information on college selection, financial aid, and scholarships as well as the opportunity to assess their own interests, values, and proclivities as related to education and career planning. The CSCS guidance team will advertise opportunities for students to apply for scholarships for which they may qualify.

#### **A. Use and Reporting of Data**

CSCS will use Curriculum Associate's i-Ready assessment system to manage student's learning throughout the year. i-Ready has been continuously verified on a yearly basis to be highly correlated with CAASPP and provides detailed analysis of student strengths and weaknesses.. CSCS's also uses mastery quizzes so students will have the opportunity to follow their own progress and determine when they are ready to take larger benchmark assessments.

Additionally, CSCS will use the i-Ready platform to produce timely reports on a variety of measures for diagnostic assessments to determine how students perform overall, by standard, by numerically significant subgroup, and in comparison to other charter schools in California. I-Ready reports are nationally normed and provide a wealth of information in a parent-friendly format.

CSCS will also annually create and post the School Accountability Report Card (SARC) with overall school conditions, demographics, and performance. The SARC report will also allow for further disaggregation of student performance data by numerically significant subgroup.

CSCS teachers will use an online learning management/gradebook system, Canvas, and will enter a minimum of three grades per week across categories such as “homework,” “citizenship,” or “performance assessments” in order to create a rich picture of student performance in each class.

CSCS students will also be required to regularly check their grades using Canvas’s online student interface. Students will learn how to analyze this data, use it to advocate for themselves, and comprehend it deeply in order to make improvements. Teachers will use an individual student’s grade data from Canvas to make decisions about necessary Student Support Plan meetings and will use this data during those meetings. CSCS parents will be educated at the beginning of the year about how to monitor their own student’s data via the Canvas online interface.

## **B. Improvement Plan**

CSCS is committed to understanding the data in order to improve student outcomes. This philosophy also reflects CSCS’ commitment to repeated assessment using a variety of measures to generate data about student learning and understanding. The CSCS staff participates in bi-monthly Professional Learning Communities to engage in two levels of inquiry using data. CSCS staff uses a cycle of inquiry to move students toward improvement.

## **C. Cycle of Inquiry Stages**

1. Identify an issue that relates to one of the measurable pupil outcomes
2. Frame the issue with questions
3. Set goals and measures for success
4. Build a plan to meet said goals
5. Implement the plan
6. Analyze the data and reflect to inform ongoing practice

## **D. Grade Level Teams**

Teachers across disciplines meet as a grade level team and use discipline report data, classroom observations, and grade reports to discuss progress on both social and leadership skills and core academic skills. Teachers are involved in a cycle of inquiry to raise the outcomes of the students in that grade level. Results are relayed to the teachers of individual students so that pertinent information can be used in personalized learning plan meetings with parents and the student.

## **E. Department Teams**

Teachers in the same department meet as a team and use formative assessment data and classroom observations to discuss progress primarily on the core academic skills. Teachers are involved in a cycle of inquiry to identify ways to improve student achievement in that discipline. These focused data meetings take place monthly.

## **F. Reporting of Data to the CSCS Board and Community**

The CSCS director compiles an annual school performance report for each program to be presented to the Board of Directors. This report includes, at a minimum, the following information:

- Summary data showing student progress toward the goals and outcomes specified in the charter from assessment instruments and techniques listed.
- An analysis of whether or not student performance is meeting the goals specified in the charter.
- Data on the level of parent involvement in program activities.
- Data regarding the number of staff working at the program and their qualifications.
- An overview of the program's demographics, including numbers of students enrolled, the number on waiting lists, and the numbers of students expelled and/or suspended.
- Information demonstrating whether or not the program implemented the means listed in the charter to achieve a racially and ethnically balanced student population.
- Other information regarding the educational program and the administrative, legal, and governance operations of the school relative to compliance with the terms of the charter generally.

The report is presented to the CSCS Board at the end of the school year at a public meeting. Data from the performance report is translated into the School Accountability Report Card that is published on CSCS' website.

## **G. Reporting of Data to Families and Students**

Students and families will be informed of the results of their student's assessments at regular parent meetings along with discussion of the implication of the results and goals for future assessments. Individual student results will be relayed to parents during personalized learning plan meetings, and via grade reports and progress reports. Teachers will relay class-wide and grade-wide data to students after assessments. Teachers will help students review and analyze their own data on a regular basis and help students understand their own strengths and areas for growth.

## **H. SARC & LCAP**

CSCS will comply with state mandated requirements applicable to charter schools regarding the SARC and Local Control and Accountability Plan. The SARC will be accessible to all parents via the CSCS website. Progress toward LCAP goals will be tracked through a variety of instruments, such as OASIS, our student database system; Multiple Measures, our assessment reporting system; and our budget. This data will be analyzed quarterly by administrative leadership to help us meet our LCAP goals.

## Element D: School Governance Structure and Parental Involvement

Governing Law: *The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement. Education Code Section 47605(c)(5)(D).*

### A. Legal Status

Citrus Springs Charter School is a directly funded independent charter school and is operated by Citrus Springs Charter School, Inc. (CSCS, Inc.), a California nonprofit public benefit corporation. CSCS, Inc. is a stand-alone corporation and not a subsidiary of the County or other body.

CSCS will operate autonomously from the County, with the exception of the supervisory oversight as required by statute and other contracted services as negotiated between the County and CSCS. As outlined in Education Code Section 47604(d), the County shall not be liable for the debts and obligations of CSCS, operated by a nonprofit public benefit corporation, or for claims arising from the performance of acts, errors, or omissions by CSCS as long as the County has complied with all oversight responsibilities required by law. CSCS shall maintain a comprehensive range of insurance coverage, commensurate with that of other public schools and/or nonprofit organizations of similar type and size, to protect both itself and the County. Details of this policy are outlined in a Memorandum of Understanding (MOU) between CSCS and the County. CSCS will act as its own fiscal agent to the fullest extent of the law.

CSCS, Inc. Articles of Incorporation, Bylaws, and Conflict of Interest Code can be found in Appendices X, Y, and Z, respectively.

### B. Sole Statutory Member

The sole statutory member of CSCS, Inc. is Springs Charter Schools, Inc., a California nonprofit corporation with tax exempt 501(c)(3) status. This nonprofit was created to promote charter schools affiliated with Springs Charter Schools, Inc. Springs Charter Schools will be responsible for approving the appointment of the individuals who serve on the CSCS Board of Directors. Additional rights include: (1) filling vacancies on the CSCS, Inc. Board of Directors; (2) removal of the CSCS, Inc. Directors; (3) vote on the disposition of all or substantially all of the corporation's assets; (4) approving any merger and its principal terms and any amendment of those terms; and (5). See Appendix BB for MOU.

### C. Conflict of Interest

A Conflict of Interest Code is in place and complies with the Political Reform Act, Government Code Section 1090, et. seq., as set forth in Education Code Section 47604.1 and the Corporations Code as it applies to nonprofit entities, which shall be updated with any charter school-specific conflict of interest laws or regulations. As required, the Conflict of Interest Code

was approved by the County Board of Supervisors. Annual disclosure statements shall be required.

CSCS will abide by Government Code Section 1090, *et seq.*, as set forth in Education Code Section 47604.1, as follows: CSCS shall not enter into a contract in which any member of the Board of Directors have a financial interest. Furthermore, employees of CSCS shall not be financially interested in any contract made by them in their official capacity, or by any body of which they are members. Officers, board members or employees shall not be purchasers at any sale or vendors of any purchase made by them in their official capacity. For full Conflict of Interest Policy, see Appendix Z.

#### **D. Board of Directors**

CSCS will be governed by a Board of Directors (“Board” or “Board of Directors”) in accordance with its adopted corporate bylaws, which shall be consistent with the terms of this charter.

The Board of Directors of CSCS, Inc. will include no less than three (3) and no more than seven (7) board members. All directors shall be nominated by the Board, with nominations submitted to the Statutory Member, and appointed only with the written approval of the Statutory Member. In accordance with Education Code Section 47604(c), the County may appoint a single representative to sit on the CSCS, Inc. Board of Directors. If the County appoints a representative, the CSCS, Inc. Board shall have the right to appoint an additional director to maintain an odd number of directors.

#### **E. Board Member Qualifications**

When a vacancy arises on the CSCS, Inc. Board, applicants will submit a resume and/or employment application to the SCS, Inc. Board for consideration. As a sole statutory member, SCS, Inc. Board elects members for the CSCS, Inc. Board. Applicants must:

- reside in Orange County or in a contiguous county where Citrus Springs Charter School students are served;
- not be an interested person, i.e., must not have received compensation from CSCS for services rendered to it within the previous 12 months, whether as a full-time or part-time employee, independent contractor, or otherwise, excluding any reasonable compensation paid to a director as a director and must not be the brother, sister, ancestor, descendent, spouse, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law, or father-in-law of such person;
- be able to attend at least 80% of regularly scheduled board meetings and workshops;
- display a willingness to actively support and promote the vision and mission of Citrus Springs Charter School;
- not have a record of adverse behavior towards Citrus Springs Charter School; and
- be dedicated to Citrus Springs Charter School’s educational philosophy and mission;

- maintain a seriousness of purpose to ensure that the charter will remain a viable enterprise.

Terms for members of the Board of Directors shall be for three (3) years. Directors may serve no more than two (2) consecutive terms.

#### **F. Board Member Responsibilities**

As a 501(c)(3) nonprofit public benefit corporation, the Governing Board of Citrus Springs Charter School serves as the corporate board of directors and is governed in its operations and actions by the corporate bylaws of Citrus Springs Charter School, which are consistent with the terms of the charter, the Charter Schools Act, and all other applicable laws. The Governing Board has final authority for all aspects of the school's operation and educational programs. The Governing Board's primary mission is to ensure that students are achieving success and that the school's mission guides all decision-making. Additional roles and responsibilities of the Governing Board include but are not limited to:

- a) **Finance**
  - i) Monitor fiscal solvency and management
  - ii) Approve budgets/spending and fiscal policies
- b) **Educational Program**
  - i) Monitor student performance
  - ii) Ensure curriculum aligns with the school's mission
- c) **Student Enrollment Hearings**
  - i) Determine enrollment of students who have previous suspensions/expulsions
- d) **Personnel**
  - i) Hire/evaluate superintendent
  - ii) Approve personnel policies
- e) **Facilities**
  - i) Enter into financing and building contracts
  - ii) Approve construction and remodeling of facilities

#### **G. The Board of Directors as of the date of this petition are as follows:**

- 1) Lauren Ruge, Board Chair BA in Communication and Art from University of California, Santa Barbara
  - a) Digital Marketing and Lead Generation specialist in Finance and Hospitality Industries
  - b) Citrus Springs Board Member since 2017
- 2) Sarah Schlatter, Vice Chair M.A. in Education from Vanguard University, Southern CA
  - a) California Teaching Credential, C.L.A.D. Certificate
  - b) Citrus Springs Board Member since 2016
- 3) Michael Solomon, Treasurer Active Business & Community Member; Grew up as an Immigrant Child; Bi-Lingual

- a) Strong Advocate of Parent-Choice Education
  - b) Founding Board Member of Citrus Springs
- 4) Charlene Ponzio, Board Secretary
  - a) Bachelor of Arts Degree, University of California, San Diego
  - b) Parent Choice Advocate, Homeschooling Parent and Tutor
  - c) Citrus Springs Board Member since 2016
- 5) Dr. Michael Shurance, Board Director
  - a) Dean of School of Professional Studies, Concordia UniversityMBA in Executive Management & Information Technology – University of LaVerne, California
  - b) Higher Education Administration; Curriculum and Instruction Advisor Corporate & Small Business experience
  - c) Citrus Springs Board Member since 2016

## H. Superintendent

The Superintendent will have the authority and responsibility of managing the day-to-day operations of CSCS including the selection of administrative, certificated, and classified personnel. Additionally, the Superintendent will direct, administer, and coordinate activities in support of organizational policies, goals, and objectives by performing the following duties personally or through subordinate managers:

- Serve as liaison between management and Board of Directors
- Supervise members of the Senior Management Cabinet made up of management employees who direct department activities that implement the organization's policies and procedures
- Guide and direct management in the development, production, promotion, and financial aspects of the organization's products and services
- Direct the preparation of short-term and long-range plans and budgets based on broad corporate goals and growth objectives
- Implement programs that meet corporate goals and objectives
- Create the structure and processes necessary to manage the organization's current activities and its projected growth
- Maintain a sound plan of corporate organization, establishing policies to ensure adequate management development and to provide for capable management succession

- Direct the development and installation of procedures and controls to promote communication and adequate information flow within the organization
- Establish operating policies consistent with the broad policies and objectives of the corporation and ensure their execution
- Evaluate the results of overall operations regularly and systematically
- Ensure that the responsibilities, authorities, and accountability of all direct subordinates are defined and understood
- Ensure that all organization activities and operations are carried out in compliance with local, state, and federal regulations and laws governing business operations
- Ensure professional quality relationships with contracted agencies
- Assist charter school directors in school accreditation process

#### **I. Open Board Meetings**

All meetings of the Board of Directors shall comply with the Ralph M. Brown Act (Chapter 9 commencing with Section 54950 of Division 2 of Title 5 of the Government Code), Education Code Section 47604.1(c), and corporate bylaws.. Board meetings will occur no less than four times per fiscal year, and will comply with SB126 in order to provide easy access for the public to participate. The meetings will be held within the physical boundaries of the county in which the greatest number of pupils who are enrolled in the Charter School reside. The meetings will be simultaneously co-located at the school site, 2121 N. Grand Avenue, Santa Ana, CA and Citrus Springs' administrative offices located at 27740 Jefferson Avenue, Temecula, CA.

#### **J. Memorandum of Understanding with County**

The details of the working relationship between the County and CSCS is delineated in a memorandum of understanding (MOU). For the MOU, see Appendix AA.

#### **K. Board Member Training and Development**

New Board members are provided initial training as part of their onboarding process. All Board members receive annual training on the Ralph M. Brown Act, GC1090, Conflict of Interest and the Political Reform Act, as well as in-house training, covering Board policies and legal changes within the Charter. Budget permitting, Board members are encouraged to select and attend one conference, per year, in order to attain additional knowledge related to Charter Schools, Personalized Learning, Board Practices, and/or Legal Changes in Education.

## **L. Parent Involvement**

Parents will be encouraged to form a Parent Advisory Council to be responsible for parent involvement in school activities, fundraising, and advising the CSCS, Inc. Board of Directors on any and all matters related to the strengthening of the CSCS community. Parent participation will play a vital role in the effectiveness of our program.

In addition to encouraging parents to serve on the CSCS, Inc. Board of Directors, and parent participation on the Parent Advisory Council, parents will be encouraged to volunteer at CSCS. The CSCS administration shall maintain a comprehensive list of volunteer opportunities including but not limited to the following: volunteering in the classroom/school (including at-home assistance); tutoring, attending parent-teacher conferences; attendance at charter school Board meetings; participation in the planning of, or attendance at, fundraising or academic/arts events; or, other activities. No child will be excluded from CSCS or school activities due to the failure of his or her parent or legal guardian to volunteer at the school.

## Element E: Qualifications of Individuals Employed by the Charter

Governing Law: *The qualifications to be met by individuals to be employed by the charter school. Education Code Section 47605(c)(5)(E).*

CSCS will employ professional staff members who are certificated in their teaching field and other qualified staff personnel who subscribe to the mission and educational philosophy of the school. In accordance with Education Code Section 47605(e)(1), CSCS is nonsectarian in its employment practices and all other operations. CSCS does not discriminate against any employee or potential employee on the basis of race, ethnicity, religion, national origin, gender, gender identity, sexual orientation, disability, or any other protected class. All certificated staff are issued licensure as per legal guidelines governed by the California Commission on Teacher Credentialing. All CSCS employees are “at-will” employees. All at-will employees may be terminated with or without cause.

### A. Recruitment of Citrus Springs Staff

CSCS strives to recruit and hire the best-qualified candidate for each position within the organization. To that end, vacancies are advertised in various locations and formats. Applications are screened for competency and suitability for the particular position. Qualified candidates are tested and interviewed, and ultimately the best-suited candidate receives an offer of employment.

### B. General Qualifications for Key Positions

#### 1. Superintendent

As outlined in Board Policy, the Superintendent is responsible for overseeing all aspects of the school operations and staff. The CSCS governing Board delegates authority for the overall administration of the school’s day-to-day affairs to the superintendent. The superintendent provides leadership and oversight for the instructional, operational and financial aspects of each school including CSCS. The superintendent also provides leadership and supervision to ensure agency compliance with all federal, state, and county regulations governing the education of students.

The superintendent will be responsible for:

- Providing leadership and supervision for the development and implementation of effective instructional programs for all students

- Ensuring that all such programs comply with Education Code, IDEA and all regulations
- Ensuring adequate staffing in all departments and overseeing personnel practices
- Providing visionary instructional leadership and sound fiscal management for all schools
- Attending all regular Board of Directors' meetings
- Providing leadership and supervision of professional development on an ongoing basis for all staff
- Ensuring departmental and academic goals are addressed and met on an annual basis

Person holding this position must possess, at minimum:

- A master's degree, with a minimum of 10 years of experience working with youth/adolescents
- Administrative and educational experience and appropriate credentials per California Commission on Teaching Credentialing requirements
- Previous administrative experience with charter schools or similar institution
- Excellent communication and community building skills
- Excellent financial, business and quantitative skills
- Demonstrated leadership, decision-making and managerial skills
- Passionate about working with youth/adolescents and their families

Preferred skills:

- Doctorate or other higher education degree

## **2. Principal/Resource Center Director**

The principal or resource center director supervises both instructional and non-instructional staff, and is responsible for implementing the mission and vision of the charter school, its philosophies and practices. The principal/resource center director is responsible for engaging the community and ensuring that program staff stress the importance of the community as the extended classroom. The principal/resource center director is responsible for ensuring that personalized instruction takes place for each student, each day, throughout the school year. Other responsibilities include:

- Providing leadership for the development of school programs and curricula on a daily basis

- Serving as the liaison between parents, teachers, and students when appropriate
- Serving as the “voice” for her/his resource center and reporting to the superintendent as required
- Conducting research and implementing best instructional practices to meet the needs of each student on a personalized level
- Ensuring safest and most productive measures resulting in a productive school environment
- Fostering and nurturing a positive and supportive school culture for all students, staff and parents
- Collaborating with teachers, staff, parents, and students as stakeholders in key decisions that affect the school
- Providing professional development opportunities for all staff to grow professionally
- Ensuring that vacancies are filled with the best staff possible and working closely with the Human Resources department
- Evaluating staff and ensuring supervision of volunteers
- Collaborating with community agencies

Person holding this position possess, at minimum:

- A master’s degree, with a minimum of five (5) years of experience working with youth/adolescents
- Administrative and educational experience and appropriate credentials per California Commission on Teaching Credentialing requirements
- Previous administrative experience with charter schools or similar institution
- Excellent communication and community building skills
- Demonstrated leadership, decision-making and managerial skills
- Passionate about working with young/adolescents and their families

Preferred skills:

- Bilingual proficiency in English and Spanish

### 3. Teachers

Teachers are responsible for implementing the educational programs for all students while personalizing instruction to meet the needs of each individual student, and creating challenging activities consistent with the subject matter under study. Teachers will assess students throughout the year and vary the modes of instruction to the learning style of each student. Teachers will also be responsible for collaborating with other staff members, both within and outside their discipline/department. In addition to their classroom instructional role, the duties of the teacher include, but are not limited to:

- Understanding the mission and vision and practices of charter schools
- Overseeing student academic progress, including assessment and recommendation(s)
- Promoting a school culture/environment that maximizes student learning and critical thinking
- Engaging in ongoing professional development activities
- Collaborating with colleagues and administration
- Promoting multicultural understanding and gender equity in and outside the classroom
- Communicating with parents
- Utilizing the community as an extension of the classroom

CSCS teachers will hold the California teaching credentials (including CLAD and BCLAD if necessary), permits, and/or other documents issued by the Commission on Teacher Credentialing from the State of California required for the teacher's certificated assignment, and to the extent required of charter schools. All teachers in charter school shall obtain a certificate of clearance and satisfy the requirements for professional fitness pursuant to Education Code sections 44339, 44340 and 44341.

CSCS may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in the same manner as a governing board of a school district. Teachers employed by charter schools during the 2019-20 school year shall have until July 1, 2025, to obtain the certificate required for the teacher's certificated assignment.

All CSCS teachers are expected to demonstrate the following abilities, experiences, and attitudes:

- Professionalism and commitment to personalized learning
- Understanding and appreciation for diversity and the contribution of each to the learning environment
- Belief that all students should be prepared for college and or career upon high school graduation
- Ability to communicate clearly and collaborate with other colleagues
- Capable of managing a well-disciplined and productive classroom or home study environment conducive to the needs of each student
- Understanding of how to modify lessons and differentiate instruction for different learning styles
- Ability to work with parents in a friendly manner, demonstrating problem solving skills
- Ability to multitask
- Ability to empathize with students while still holding students responsible to a high level of social and academic standards
- Commitment to the development of students as young adults
- Desire to advocate on behalf of students and parents/families
- Commitment to academic rigor and utilizing data to drive instruction

#### **4. Subject Specialists**

Subject specialists are responsible for developing, coordinating and evaluating the assignments within their subject area. They are responsible for supporting the instructional department, teachers and ESEs, as well as developing curriculum, mentoring teachers, and supporting the use of our online learning management tools. Subject Specialists must hold a valid California single subject teaching credential, possess a valid CA driving license and be able to travel to CSDS sites each week. Employees may be assigned additional related duties as required by CSDS.

Essential Duties and Responsibilities:

- Support the vision and work of Citrus Springs Charter School
- Coach and support of all single subject teachers in the department, including mentoring new teachers in the beginning teacher induction program (BTSA)

- Develop curriculum and pacing guides for all high school classes within the department
- Attend monthly face-to-face meetings with assistant superintendent of education as required to develop department-meeting agendas and discuss departmental issues
- Develop the agenda and chair monthly departmental meetings to share best practices and effective instructional techniques within the department
- Perform monthly teacher support and informal observation in the classroom with the goal of developing the teachers' skills in personalizing education within the classroom setting
- Collaborate with members of the department regarding needs of students and parents and find solutions to meet needs, including attending CSI meetings as they are scheduled
- Establish basic competencies for each course offered by the department, as well as at each level (general education and CP/A-G)
- Support teachers in our online LMS, including setting up course syllabi, assignments, grade book usage, and resources
- Support teachers in online synchronous course environments, such as Adobe Connect
- Provide support for TK-8 teachers in areas of curriculum and content delivery methods
- Assist in planning of academic staff development days
- Plan and implement quarterly parent/student workshops at learning center locations
- Maintain the department web content under the direction of the assistant superintendent of education
- Develop and maintain the annual department budget with input from department personnel
- Collaborate with grant writer, providing answers to questions for grant submissions

- Inform site directors through CSCS email of the content of each PLC meeting, including attendance, content of discussions, and decisions made as a collaborative team
- Coordinate with each site director to supervise and support department teachers, sharing insights and strategies
- Develop additional curriculum for students during the summer months as assigned by the assistant superintendent of education

## **5. Homeschool Education Specialists (ESes)**

Citrus Springs Homeschool Education Specialists (ESes) teachers are primarily responsible for ensuring that the school's educational program is implemented in the students' homes or the communities. ESes act as instructional leaders for the homeschool families, serving an ambassador role between the family and the school. ESes must be able to support and disseminate curriculum in their subject area, as well as those areas created by other highly qualified teachers. ESes will be expert assessors with the ability to assess in a variety of modes and for a variety of skills. ESes are also responsible for collaborating with parents and other staff—both in their department and outside their department - to ensure the delivery of rigorous content and instruction in a way that maintains consistency and works toward CSCS' mission of personalized learning.

In addition to their academic/instructional leader role, the duties of ESes include, but are not limited to:

- Understanding the Charter and its mission and practices
- Overseeing the students' academic progress
- Administering student assessment
- Promoting a school culture that maximizes student learning and critical thinking
- Participating in the governance of the school
- Engaging in ongoing professional development activities
- Collaborating with fellow faculty and administrators
- Promoting multicultural understanding and gender equity in and outside the classroom
- Communicating with parents

CSCS homeschool education specialists will hold the California teaching credentials (including CLAD and BCLAD), permits, and/or other documents issued by the Commission on Teacher Credentialing required for the teacher's certificated assignment, per Ed Code 51747.5(a).

All ESes are expected to demonstrate the following abilities, experiences, and attitudes:

- Belief that all of our students can and should set and reach personalized academic goals
- Understanding and appreciation of the backgrounds of our students
- Resiliency and perseverance
- Professionalism and a commitment to the seriousness of our work
- Ability to communicate promptly and clearly
- Willingness to do "whatever it takes" to help our students succeed
- Assuming best intentions in our working relationships
- Commitment to all students mastering CSCS' I CAN!s
- Promotion of academic rigor
- Desire to collaborate with other disciplines
- Capable of running a well-managed and productive classroom
- Ability to work with English Language Learners
- Understanding of how to modify lessons and differentiate instructions for different learning styles
- Ability to multitask
- Desire to be self-reflective about teaching
- Ability to clearly communicate learning goals and outcomes
- Dedicated to being an advisor in addition to a content-area teacher
- Desire to advocate on behalf of students
- Commitment to the development of our students as people
- Ability to empathize with students

- Honesty with self and with students
- Willingness and ability to hold all students to a high social and academic standard

## **6. Non-Instructional staff**

At CSCS, all non-instructional staff will possess experience and expertise appropriate for their position as outlined in their job description and consistent with personnel practices and policies. With the assistance of the department of Human Resources, job descriptions, job qualifications, selection processes and evaluation tools appropriate for non-instructional staff members have been developed.

Minimum requirements for office administrative staff include but are not limited to:

- Computer skills (including working knowledge of word processing, spreadsheets, and internet communication management)
- Written and verbal communication in English
- Filing skills, including organizational management
- Phone etiquette and an interest/desire to promote best human resources practices
- Punctuality
- Ability to fulfill the physical requirements of the job as prescribed by the job description
- Strong work ethic
- Ability to communicate and interact with youth and adults in a positive manner

## **C. Training and Professional Development**

All Citrus Springs staff members will receive regular, ongoing professional development throughout the year, consistent with their location or area of concentration. Annually, staff members participate in a concentrated, back-to-school professional training where speakers, breakout sessions, and particular areas of focus are provided for all staff members. Parents are also invited to participate, and specific topics are provided for them.

**THIS PAGE INTENTIONALLY LEFT BLANK**

## Element F: Health and Safety of Pupils and Staff

Governing Law: *The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all the following:*

- i. That each employee of the charter school furnish the charter school with a criminal record summary as described in Section 44237.*
- ii. The development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (J), inclusive, of paragraph (2) of subdivision (a) of Section 32282.*
- iii. That the school safety plan be reviewed and updated by March 1 of every year by the charter school. Education Code Section 47605(c)(5)(F).*

In order to provide safety for all students and staff, CSCS will adopt and implement full health and safety procedures and risk management policies at our school site in consultation with its insurance carriers and risk management experts. CSCS shall occupy facilities that comply with the Asbestos requirement as cited in the Asbestos Hazard Emergency Response Act (AHERA), 40CFR part 763. AHERA requires that any building leased or acquired that is to be used as a school or administrative building shall maintain an asbestos management plan.

### A. Procedures for Background Checks

CSCS will comply with all applicable federal and state laws regarding criminal background checks and fingerprinting. CSCS will comply with the provisions of Education Code Section 44237 and 45125.1 regarding the fingerprinting and background clearance of employees, contractors and volunteers prior to employment and/or any more than limited contact with CSCS pupils. Non-credentialed staff must submit two sets of fingerprints to the California Department of Justice. The Charter School shall not hire any person, in either a certificated or classified position, who has been convicted of a violent or serious felony except as otherwise provided by law, pursuant to Education Code Sections 44830.1 and 45122.1. The Assistant Superintendent of Personnel shall monitor compliance with this policy as well as prepare quarterly board reports. The Board Chair shall monitor the fingerprinting and background clearance of the superintendent. Volunteers outside of the direct supervision of a credentialed employee shall be fingerprinted and receive background clearance prior to volunteering.

### B. Role of Staff as Mandated Child Abuse Reporters

All classified and certificated staff are mandated child abuse reporters and follow all applicable reporting laws, the policies and procedures adopted by the CSCS Board of Directors. CSCS shall provide mandated reporter training to all employees annually in accordance with Education Code Section 44691.

### **C. TB Risk Assessment and Examination**

CSCS follows the requirement of Education Code Section 49406 in requiring tuberculosis assessment and examination (if necessary) of all employees prior to commencing employment and at least once each four years thereafter. Volunteers who have frequent or prolonged contact with students will also be assessed and examined (if necessary) prior to commencing working with students.

### **D. Immunizations**

CSCS adheres to all law related to legally required immunizations for entering students pursuant to Health and Safety Code Section 120325-120375, and Title 17, California Code of Regulations Section 6000-6075 and will include the requirements for pertussis vaccination. Students will be required to submit verification of required immunizations before enrolling in CSCS.

### **E. Medication in School**

CSCS adheres to Education Code Section 49423 regarding administration of medication in school. Medication policies will be included in the parent handbook and will be explained to parents during a parent-student-school meeting prior to enrollment at CSCS. The Charter School will adhere to Education Code Section 49414 regarding epinephrine auto-injectors and training for staff members.

### **F. Vision/Hearing/Scoliosis**

CSCS adheres to Education Code Section 49450, et seq., as applicable to the grade levels served by CSCS.

### **G. Suicide Prevention Policy**

The Charter School shall maintain a policy on student suicide prevention in accordance with Education Code Section 215. The Charter School shall review, at minimum every fifth year, its policy on pupil suicide prevention and, if necessary, update its policy.

### **H. Prevention of Human Trafficking**

The Charter School shall identify and implement the most appropriate methods of informing parents and guardians of students in grades 6 through 12 of human trafficking prevention resources.

### **I. Feminine Hygiene Products**

The Charter School will stock at least 50% of its restrooms with feminine hygiene products, and shall not charge students for these products, pursuant to Education Code Section 35292.6.

#### **J. Nutritionally Adequate Free or Reduced Price Meal**

The Charter School shall provide each needy student, as defined in Education Code Section 49552, with one nutritionally adequate free or reduced-price meal, as defined in Education Code Section 49553(a), during each school day. The Charter School shall provide this meal for any eligible student on any school day that the student is scheduled for educational activities, as defined in Education Code Section 49010, lasting two or more hours, at a school site, resource center, meeting space, or other satellite facility operated by the Charter School.

#### **K. California Healthy Youth Act**

The Charter School shall teach sexual health education and human immunodeficiency virus (“HIV”) prevention education to students in grades 7-12, at least once in middle school and at least once in high school, pursuant to the California Healthy Youth Act (Education Code Section 51930, et seq.).

#### **L. School Safety Plan**

The Charter School shall adopt a School Safety Plan, to be reviewed and updated by March 1 of every year, which shall include identification of appropriate strategies and programs that will provide or maintain a high level of school safety and address the Charter School’s procedures for complying with applicable laws related to school safety, including the development of all of the following pursuant to Education Code Section 32282(a)(2)(A)-(J):

- child abuse reporting procedures
- routine and emergency disaster procedures
- policies for students who committed an act under Education Code Section 48915 and other Charter School-designated serious acts leading to suspension, expulsion, or mandatory expulsion recommendations
- procedures to notify teachers of dangerous students pursuant to Education Code Section 49079
- a discrimination and harassment policy consistent with Education Code Section 200
- provisions of any schoolwide dress code that prohibits students from wearing “gang-related apparel,” if applicable
- procedures for safe ingress and egress of pupils, parents, and employees to and from the Charter School
- a safe and orderly environment conducive to learning
- the rules and procedures on school discipline adopted pursuant to Education Code Sections 35291, 35291.5, 47605, and 47605.6
- procedures for conducting tactical responses to criminal incidents

#### **M. Emergency Preparedness**

CSCS adheres to an Emergency Preparedness Handbook developed specifically for the needs of the school site. This handbook will include, but not be limited to the following responses: fire, bomb threat, flood, earthquake, crash, intrusion, pandemics, hostage situations, or any other disaster. The purpose of the Handbook is to be prepared to handle any emergency with the safety of students and staff as our top priority. The Handbook will be reviewed and updated annually.

#### **N. Blood Borne Pathogens**

CSCS meets state and federal standards for dealing with blood borne pathogens and other potentially infectious materials in the workplace. The Board shall establish a written “Exposure Control Plan” designed to protect employees from possible infection due to contact with blood-borne viruses, including human immunodeficiency virus (HIV) and hepatitis B virus (HBV). Whenever exposed to blood or other body fluids through injury or accident, students and staff should follow the latest medical protocol for disinfecting procedures.

#### **O. Drug Free/Smoke Free Environment**

CSCS maintains a drug and alcohol and smoke-free environment.

#### **P. Diabetes**

CSCS will provide an information sheet regarding type 2 diabetes to the parent or guardian of incoming 7th grade students, pursuant to Education Code Section 49452.7. The information sheet shall include, but not be limited to, all of the following:

- a) A description of type 2 diabetes.
- b) A description of the risk factors and warning signs associated with type 2 diabetes.
- c) A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes should be screened for type 2 diabetes.
- d) A description of treatments and prevention methods of type 2 diabetes.
- e) A description of the different types of diabetes screening tests available.

#### **Q. Trainings**

CSCS staff receive training on CPR, sexual harassment, and other safety related issues annually as required by position.

#### **R. Facility**

In accordance with EC Section 47610, CSCS’ school facility is certified by the City of Santa Ana to be in compliance with all regulations for schools including ADA. CSCS will assess potential and current school buildings for structural safety, using the existing state, county and city standards. CSCS, at its own cost and expense, will be responsible for obtaining appropriate permits from

the local public entity with jurisdiction over the issuance of such permits, including building permits, occupancy permits, fire/life safety inspections and conditional use permits, all as may be required to ensure a safe school and facilities for staff and students. CSCS will obtain a Certificate of Occupancy prior to the start of school.

CSCS conducts monthly fire drills for staff and students. Additionally, CSCS tests sprinkler systems, fire extinguishers, and fire alarms annually to ensure they are maintained.

Citrus Springs has an entire Risk Management Department and other qualified staff members who work specifically on managing risk. The charter works closely with external agencies for best practices and implements them charter-wide.

For more information on any policies, visit <https://springscs.org/about-us/governing-boards/citrus-springs-charter-school/citrus-springs-board-policies>

#### **S. Comprehensive Anti-Discrimination and Sexual Harassment Policies and Procedures**

CSCS provides a school that is free from sexual harassment, as well as any harassment based upon the actual or perceived characteristics of race, religion, creed, color, gender, gender identity, gender expression, nationality, national origin, ancestry, ethnic group identification, generic information, age, medical condition, marital status, sexual orientation, sex and pregnancy, physical or mental disability, childbirth or related medical conditions, military and veteran status, denial of family and medical care leave, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, local law, ordinance or regulation. CSCS will develop a comprehensive policy to prevent and immediately remediate any concerns about sexual discrimination or harassment at the Charter School (including employee to employee, employee to student, and student to employee misconduct). Misconduct of this nature is very serious and will be addressed in accordance with the CSCS sexual harassment policy. A copy of the policy shall be provided as part of any orientation program conducted for new and continuing pupils at the beginning of each quarter, semester, or summer session, as applicable, and to each faculty member, all members of the administrative staff, and all members of the support staff at the beginning of the first quarter or semester of the school year, or at the time that there is a new employee hired. The Charter School shall create a poster that notifies students of the applicable policy on sexual harassment in accordance with Education Code Section 231.6, and shall prominently and conspicuously display the poster in each bathroom and locker room at the schoolsite and in public areas at the schoolsite that are accessible to, and commonly frequented by, pupils.

#### **T. Bullying Prevention**

The Charter School shall adopt procedures for preventing acts of bullying, including cyberbullying. The Charter School shall annually make available the online training module

developed by the CDE pursuant to Education Code Section 32283.5(a) to certificated school site employees and all other school site employees who have regular interaction with children.

## Element G: Student Population Balance

*Governing Law:* *The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the district to which the charter petition is submitted. Upon renewal, for a charter school not deemed to be a local educational agency for purposes of special education pursuant to Section 47641, the chartering authority may consider the effect of school placements made by the chartering authority in providing a free and appropriate public education as required by the federal Individuals with Disabilities Education Act (Public Law 101-476), on the balance of pupils with disabilities at the charter school. Education Code Section 47605(c)(5)(G).*

CSCS shall actively seek a student population that matches the racial, ethnic, special education, and English learner backgrounds of the general population residing within the territorial jurisdiction of the District. CSCS will implement an open enrollment policy and active recruitment strategies to target the under-represented student populations generally reflective of the District's population. Recruitment efforts of CSCS will include but not be limited to the following:

1. Development of promotional and information materials that appeal to the racial and ethnic, special education, and English learner groups represented in the District and Orange County.
2. Distribution of promotional and informational materials to a broad variety of community groups and agencies.
3. Outreach meetings for prospective students and parents.

### Outreach

Springs maintains an outreach program designed to educate and inform potential students and their families about our various instructional programs and to ensure that all Orange County residents are given an equal opportunity to enroll their children.

The outreach program will include, but not be limited to:

- Attendance and participation at local events and activities to promote the school and to meet prospective students and their families
- The development of promotional materials, such as brochures, flyers, advertisements and media press kits that appeal to the racial and ethnic groups represented in Orange County
- Visits to local preschools, community centers, religious organizations, Chambers of Commerce and community organizations to publicize the school

- Distribution of promotional material to local businesses, libraries, and community organizations
- Cultivation of a media presence by inviting local television and print media to visit our locations and learn about the instructional programs
- Open house and school tour visits on a regular, on-going basis to offer opportunities for prospective students and their families to learn more about the location, programs, culture, curriculum, mission and vision of Springs
- Social media presence on all relevant sites, including not only outreach, but educational information
- Full website with information and videos about Citrus Springs overall, programs offered, and activities for students/parents
- Open Board meetings which are publicized to welcome community input
- Advertising and Public Service Announcements in local communities which include shopping cart ads, movie theater ads, television and radio commercials, and the like

The Charter will document its outreach efforts and results and utilize this information to refine its outreach efforts to achieve racial, socio-economic and ethnic balance of its student population. In outreach efforts, the Charter will not substantially undermine existing school district services, academic offerings, or programmatic offerings.

## Element H: Admission Policies and Procedures

*Governing Law: Admission policies and procedures, consistent with [Education Code Section 47605] subdivision (e). Education Code Section 47605(c)(5)(H).*

CSCS actively recruits a diverse student population from Orange County and surrounding contiguous counties eligible for enrollment under state law. The Charter School will be nonsectarian in its programs, admission policies, and all other operations, and will not charge tuition.

CSCS shall admit all pupils who wish to attend the charter school. No test or assessment shall be administered to students prior to acceptance and enrollment into the charter school. CSCS will comply with all laws establishing minimum and maximum age for public school attendance in charter schools. Admission, except in the case of a public random drawing, shall not be determined by the place of residence of the pupil or his or her parent or legal guardian within the state, unless required by Education Code Section 51747.3. In accordance with Education Code Sections 49011 and 47605(e)(2)(B)(iv), admission preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

In accordance with Education Code Section 47605(e)(4)(A), the Charter School shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), including pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation. Similarly, in accordance with Section 47605(e)(4)(C), the Charter School shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to the academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), as listed above.

Pursuant to Education Code Section 47605(e)(4)(D), the Charter School shall post a notice developed by the CDE on the Charter School website, outlining the requirements of Section 47605(e)(4), and make this notice available to parents.

Students admitted to CSCS must understand and value the school's mission and be committed to the school's instructional and operational philosophy. Admission to CSCS shall be open to any resident of Orange County or the contiguous counties. Prospective students and their parents will be briefed regarding CSCS's instructional and operational philosophy and will be informed of any student-related

policies. CSCS has established an annual recruiting and admissions cycle which shall include: (1) outreach and marketing, (2) orientation sessions for parents and students, (3) an admissions application period, (4) an admissions lottery if necessary, and (5) enrollment.

The nature of Personalized Learning allows for a great deal of flexibility in time management and instructional options without regular teacher supervision. Students who enroll in Personalized Learning must be properly motivated and have adequate home supervision. To ensure that students and parents clearly understand these requirements, all prospective students will undergo a pre-enrollment application and orientation process.

CSCS may enroll students from a wide geographic area that includes Orange, Los Angeles, San Bernardino, Riverside, and San Diego Counties. Applications will be accepted during a publicly advertised open application period each year for enrollment in the following school year. Following the open enrollment period each year, applications shall be counted to determine whether any grade level has received more applications than availability. In the event that the number of students who wish to attend CSCS exceeds the charter school's capacity, a public random lottery will be used to determine those selected to attend, with the exception of existing students, who are guaranteed admission in the following school year. Admission preference in the case of a public random drawing shall be granted in the following order: 1) residents of Orange County and contiguous counties, 2) siblings of current students, 3) children of currently employed staff, and 4) residents of the District.

The current enrollment application can be found on the school website at <https://springscs.org/apply>.

#### **A) Lottery Procedures**

The lottery will be led by the superintendent or designee. The lottery will be open to the public; however, families are not required to be present at the time of the drawing to be eligible for admission.

Numbers, each representing an application submitted to CSCS, will be placed on cards that are of equal size and shape. The cards will indicate if the applying student has any siblings that are applying for admission the same year. The name on each card will be read as it is placed into a container or lottery device that will randomly mix the cards. The person leading the lottery will draw the cards one at a time at random and read the name on the card. As each card is pulled it will be posted visibly on a display in the order it was chosen. Names will be given a numerical ranking based on the order they were chosen. The drawing will continue until all cards have been drawn and all names have been assigned a numerical ranking. These rankings will be recorded in an electronic database that will be double-checked by the lottery official.

Separate lotteries shall be conducted for each grade and program in which there are fewer vacancies than pupils interested in attending. All lotteries shall take place on the same day in a single location. Lotteries will be conducted in ascending order beginning with the lowest applicable grade level. Due to preference given to siblings of CSCS students, if a card is drawn that indicates a

sibling (of any grade) is also applying, the sibling will also be assigned the next available numerical ranking for the appropriate grade level.

If an applicant drawn during the process described above has a sibling(s) who has (have) also applied for admission during the current enrollment period and for the same grade level, that sibling(s) will be offered the next available slot(s) or if no such slot(s) remain they will be placed in the first available slot(s) on the appropriate waiting list. If maximum capacity has been reached in a particular grade level and the applicant drawn in the lottery has a twin, triplet, or other siblings of a multiple birth that has also submitted a timely application, enrollment shall be determined on a case-by-case basis as determined by the superintendent. If an applicant drawn during the process described above has a sibling(s) who has (have) also applied for admission during the current enrollment period and for a different grade level which has already been assigned slots, that sibling(s) will be offered an open slot, if available, or placed in the first available slot(s) on the appropriate waiting list. If an applicant drawn during the process described above has a sibling(s) who has (have) also applied for admission during the current enrollment period and for a different grade level which has not yet been assigned slots, that sibling(s) will be given sibling preference (as defined above) at the time of assignment of slots for their grade level.

## **B) Waiting List**

Once maximum enrollment is reached, the remaining names will be placed on a waiting list in the order received. If vacancies occur during the school year, the vacancies may be filled according to the waiting list, which will be prioritized in the same manner described in the previous section according to rank on the list of preferences.

Families will be immediately notified by phone call or email of their placement on the waiting list within two (2) weeks of the lottery. Families may call the main office to track their status on the waiting list.

Students who are not offered seats for the academic school year for which the lottery was held will remain on the waiting list until the end of that academic school year unless otherwise requested in writing by the parent to be removed. Students who remain on the waiting list at the end of the academic year will be required to enter the lottery again for the next school year.

CSCS and the County mutually agree that the preferences in the public random drawing as listed above are consistent with Education Code Section 47605(e)(2) and applicable federal law and non-regulatory guidance.

Students otherwise eligible for enrollment will not be denied admission due to ethnicity, nationality, race, gender, gender expression, gender identity, disability, religion, sexual orientation, or upon any of the characteristics listed in Education Code Section 220, including immigration status. Further, students with exceptional needs may not be denied admission to CSCS solely due

to missing copies of IEP or 504 plans, or due to the nature, extent, or severity of his or her disability or due to the student's request for, or actual need for, special education services.

At the conclusion of the public random drawing, all students who were not granted admission due to capacity shall be given the option to put their name on a wait list according to their draw in the lottery. This wait list will allow students the option of enrollment in the case of an opening during the current school year. In no circumstance will a waitlist carry over to the following school year.

Prior to admission, all parents must sign a parent/student contract regarding CSCS outcomes, philosophy, program, and any other applicable requirements. Continued enrollment for all students depends upon fulfilling the terms of the parent/student contract.

Students who are enrolled in CSCS may not be concurrently enrolled in a private school.

### **C) Student Cumulative Records**

All transfers of student records will be made in compliance with the Family Educational Rights and Privacy Act ("FERPA") 20 U.S.S. §1232g. The Charter will not request a pupil's cumulative records, nor require a parent /guardian/pupil to submit cumulative records to the charter school before enrollment.

## Element I: Audit of Financial Operations

*Governing Law: The manner in which annual, independent, financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority. Education Code Section 47605(c)(5)(I).*

An annual independent financial audit of the books and records of the Charter School is conducted as required by Education Code Sections 47605(c)(5)(I) and 47605(m). The books and records of the Charter School financial records are kept in accordance with generally accepted accounting principles, and as required by applicable law, the audit employs generally accepted accounting procedures.

### Audit Scope

The CSCS, Inc. Board of Directors will contract with an independent auditor experienced in charter school finance to conduct an annual audit of CSCS's financial affairs. The auditor will have at a minimum, a CPA and educational institution audit experience, and be approved by the California Department of Education to conduct audits for LEAs. The audit will verify the accuracy of CSCS's financial statements and reporting practices. The audit will be conducted in accordance with generally accepted accounting principles applicable to public schools and in compliance with the audit provisions of the California Code of Regulations governing audits of charter schools as published in the State Controller's K-12 Audit Guide. To the extent required under applicable federal law, the audit scope will be expanded to include items and processes specified in applicable Office of Management and Budget Circulars.

### Deficiencies or Exceptions

The Board of Directors will review any audit exceptions or deficiencies and determine the means for resolving any such exceptions or deficiencies. The Board will submit a report to the County describing how the exception and deficiencies have been or will be resolved to the satisfaction of the County along with an anticipated timeline for the same. Audit exceptions must be resolved to the satisfaction of the County.

### Availability & Timelines

Audit reports will be completed and available for review by the school members and the public and submitted to the County Superintendent of Schools, the California Department of Education, and the State Controller's Office by December 15 of each year. Procedures and/or processes that caused the exceptions and/or deficiencies will be modified to meet the auditor's specifications and such modifications will be sent to the Board of Directors within three (3) months of the auditor's report.

Audit appeals or requests for summary review shall be submitted to the Education Audit Appeals Panel (EAAP) in accordance with applicable law.

CSCS shall comply with the provisions of Education Code 47604.3 regarding financial reporting and accountability. In addition, as outlined in Education Code Section 47604.3, CSCS shall promptly respond to all reasonable inquiries, including but not limited to inquiries regarding its financial records, from its chartering authority or from the Superintendent of Public Instruction, and shall consult with the chartering authority or the Superintendent of Public Instruction regarding any inquiries.

### **Additional Accounting & Business Practises**

The Charter follows all legal guidelines and best practices involving personnel transaction, accounting, and payroll processes. The charter is well-known for having expertise in all areas of business practices. See page 16 (page where Tanya's write up is) for further information regarding our Assistant Superintendent of Business's qualifications. Further visit <https://springscs.org/about-us/governing-boards/citrus-springs-charter-school/citrus-springs-board-policies> for all adopted business Board policies as well as the Independent Study policies (5006.1 and 5006.2). All processes requested have been sent previously to OCDE and any others needed are available from the charter's staff, upon request.

The charter collects work samples per independent study guidelines and follows best practises in all audit areas. Apportionment credit is claimed for independent study only to the extent of the time value of pupil or student work products, as personally judged in each instance by a certified teacher per EC 51747.5(b). See Appendix DD for the Charter's Independent Study Board Policy and Appendix Q for the Student Agreement (Master Agreement).

As the charter is a non-profit, 501c3 organization, all fiscal reports that are required are completed by set deadlines.

## Element J: Suspension, Expulsion, and Student Disciplinary Procedures

*Governing Law: The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:*

*(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.*

*(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:*

*(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.*

*(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.*

*(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five school days before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform the pupil, the pupil's parent or guardian, or the pupil's educational rights holder of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).—California Education Code Section 47605(c)(5)(J)*

This Student Suspension and Expulsion Policy (hereafter "Policy") has been established in order to promote learning and protect the safety and well-being of all students at Citrus Springs Charter School. When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as CSCS's policy and procedures for student suspension and expulsion, and it may be amended from time to time to mirror changes to the suspension and expulsion offenses applicable to school districts in Education Code Section 48900 without the need to

amend the charter so long as the amendments conform to legal requirements. Changes to suspension or expulsion procedures may be material revisions and need to be reviewed by OCDE.

CSCS staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This Policy and its procedures will be printed and distributed as part of the Student Handbook and will clearly describe discipline expectations.

Discipline includes, but is not limited to, advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension, and expulsion. It is the intent of CSCS to administer even-handed discipline and use alternative means of discipline that are “age appropriate and designed to address and correct the pupil’s specific misbehavior” in lieu of suspension and expulsion (AB 1729). Alternative means of discipline include but are not limited to, conferences between school personnel, parents, and the pupil, study teams, and participation in a restorative justice program, among others (AB 1729).

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff, or other persons or to prevent damage to school property.

CSCS administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that these Policy and Administrative Procedures are available on request from the Administration Office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 (“IDEA”) or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 (“Section 504”) is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the student or the student’s parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student’s educational rights holder, and shall inform him or her of the basis for which the pupil is being involuntarily removed and his or her right to request a hearing to challenge the involuntary removal. If a

parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

#### **A. Grounds for Suspension and Expulsion of Students**

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity.

#### **B. Enumerated Offenses**

##### **1) Discretionary Suspension Offenses**

Students may be suspended for any of the following acts when it is determined the pupil:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force of violence upon the person of another, except self-defense.
- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant.
- d) Committed or attempted to commit robbery or extortion.
- e) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases
- f) Stole or attempted to steal school property or private property or private property, which includes but is not limited to, electronic files and databases.
- g) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel.
- h) Committed an obscene act or engaged in habitual profanity or vulgarity.

- i) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
- j) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, other school officials, or other school personnel engaged in the performance of their duties. This section shall apply to pupils in any of grades 9 to 12, inclusive.
- k) Knowingly received stolen school property or private property, which includes but is not limited to electronic files and databases.
- l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
- n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- o) Engaged in, or attempted to engage in hazing.
- p) Made terrorist threats against school officials and/or school property, which includes but is not limited to, electronic files and databases.
- q) Committed sexual harassment, as defined in Education Code Section 212.5. This section shall apply to students in any of grades 4 to 12, inclusive.
- r) Caused, attempted to cause, threaten to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to pupils in any of grades 4 to 12, inclusive.
- s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
- t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
  - **Bullying:** At CSCS, we want each of our students to be safe, respected and enjoy a positive environment at school. Our policies strictly prohibit bullying or any other form of harassment of our students, staff or other persons affiliated with our school. We are proactive in preventing this unlawful behavior, including providing preventative education for our students and staff, offering a quick response to reports of bullying and harassment, making available school counseling to any students involved

and initiating appropriate school investigative and disciplinary actions as state law directs. We define bullying as extreme or continuous actions directed toward one or more students with the result or expected result of causing a reasonable student to fear personal harm, or harm to the student's property, or harm to the student's physical, mental or academic well-being or interference with the student's access to service, activities or privileges of the school.

- **Cyberbullying and Cyber Sexual Bullying:** Cyber bullying is bullying through any electronic medium, such as emailing, texting, imaging or social networking. We are committed to working with parents, law enforcement officers and school officials to discourage cyberbullying and cyber sexual bully, and to provide a quick response should such behavior occur. Our policies strictly prohibit any form of bullying defined in Education Code Section 48900(r), and we expect our students and anyone else affiliated with the school to comply with these policies.

- u) A pupil who aids and abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).
- v) Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Superintendent or designee's concurrence.

## **2) Non-Discretionary Suspension Offenses**

Students must be suspended and recommended for expulsion for any of the following acts when it is determined the pupil:

- a) Possessed, sold, or otherwise furnished any firearm, explosive, or other dangerous object unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Superintendent or designee's concurrence.
- b) Brandished a knife at another person.
- c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, *et seq.*
- d) Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Education Code Section 48900(n).

### 3) Discretionary Expellable Offenses

Students may be recommended for expulsion for any of the following acts when it is determined the pupil:

- a) Caused, attempted to cause, or threatened to cause physical injury to another person.
- b) Willfully used force or violence upon the person of another, except self-defense.
- c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.
- d) Committed or attempted to commit robbery or extortion.
- e) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.
- f) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.
- g) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a pupil.
- h) Committed an obscene act or engaged in habitual profanity or vulgarity.
- i) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
- j) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.
- k) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- l) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
- m) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

- n) Engaged in, or attempted to engage in hazing.
- o) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases.
- p) Committed sexual harassment, as defined in Education Code Section 212.5. This section shall apply to pupils in any of grades 4 to 12, inclusive.
- q) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to pupils in any of grades 4 to 12, inclusive.
- r) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
- s) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
  - **Bullying:** At CSCS, we want each of our students to be safe, respected and enjoy a positive environment at school. Our policies strictly prohibit bullying or any other form of harassment of our students, staff or other persons affiliated with our school. We are proactive in preventing this unlawful behavior, including providing preventative education for our students and staff, offering a quick response to reports of bullying and harassment, making available school counseling to any students involved and initiating appropriate school investigative and disciplinary actions as state law directs. We define bullying as extreme or continuous actions directed toward one or more students with the result or expected result of causing a reasonable student to fear personal harm, or harm to the student's property, or harm to the student's physical, mental or academic well-being or interference with the student's access to service, activities or privileges of the school.
  - **Cyber Bullying and Cyber Sexual Bullying:** Cyber bullying is bullying through any electronic medium, such as emailing, texting, imaging or social networking. We are committed to working with parents, law enforcement officers and school officials to discourage cyber bullying and cyber sexual bullying, and to provide a quick response should such behavior occur. Our policies strictly prohibit any form of bullying, and we expect our students and anyone else affiliated with the school to comply with these policies.

- t) A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).
- u) Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Superintendent or designee's concurrence.

#### **4) Non-Discretionary Expellable Offenses**

Students must be expelled for any of the following acts when it is determined pursuant to the procedures below that the pupil:

- a) Possessed, sold, or otherwise furnished any firearm, explosive, or other dangerous object Unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Superintendent or designee's concurrence.
- b) Brandished a knife at another person.
- c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
- d) Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Education Code Section 48900(n).

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the pupil shall be provided due process rights of notice and a hearing as required in this policy.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary

charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

### **C. Suspension Procedure**

Suspensions shall be initiated according to the following procedures:

#### **1) Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Superintendent or the Superintendent's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Superintendent or designee.

The conference may be omitted if the Superintendent or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her. The student shall be given the opportunity to present a rebuttal or his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

#### **2) Notice to Parents/Guardians**

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

#### **3) Homework Assignments During Suspension**

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the pupil, or the affected pupil, a teacher shall provide to a pupil in any of grades 1 to 12, inclusive, who has been suspended from school for two or more schooldays, the homework that the pupil would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the pupil either upon the pupil's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the pupil's overall grade in the class.

#### **4) Suspension Time Limits/Recommendation for Expulsion**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of Expulsion by the Superintendent or Superintendent's designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the pupil or the pupil's parents, unless the pupil and the pupil's parents fail to attend the conference.

This determination will be made by the Superintendent or designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

#### **D. Authority to Expel**

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled upon the recommendation of a neutral and impartial Administrative Panel. The Administrative Panel shall consist of at least three members who are certificated and neither a teacher of the pupil nor a Board member of the Charter School's governing board. The Administrative Panel may be comprised of educators within the Springs community, in local charter schools, or in local school districts. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the neutral and impartial Board of Directors shall make the final determination.

#### **E. Expulsion Procedures**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Superintendent or designee determines that the Pupil has committed an expellable offense.

In the event an Administrative Panel hears the case, it will make a recommendation to the

Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the Pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing.

### **1) Record of Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **2) Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The Decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program.

### **3) Written Notice to Expel**

The Superintendent or designee, following a decision of the Board to expel, shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.

The Superintendent or designee shall send a copy of the written notice of the decision

to expel to the authorizer. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

As indicated in the Affirmation and Assurances section, above, the Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days if a pupil is expelled or leaves CSCS without graduating or completing the school year for any reason and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information.

#### **4) Disciplinary Records**

The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the authorizer upon request.

#### **5) Right to Appeal**

The student or the parent/guardian is entitled to file an appeal of the decision for an expulsion or a suspended expulsion to the Governing Board of Empire Springs Charter School. The appeal must be filed within 30 calendar days following the decision to expel the student.

#### **6) Expelled Pupils/Alternative Education**

Parents/guardians of pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

#### **7) Rehabilitation Plans**

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to the Charter School for readmission.

#### **8) Readmission**

The decision to readmit a pupil or to admit a previously expelled pupil from another school district or charter school shall be in the sole discretion of the Board following a meeting with the Superintendent or designee and the pupil and guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The Superintendent or designee shall make a recommendation to the Board following the meeting regarding his or her determination.

The Board shall then make a final decision regarding readmission during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The pupil's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission.

#### **9) Notification to Teachers**

The Charter School shall notify teachers of each pupil who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

### **F. Students with Disabilities**

The Charter School will follow these procedures for the consideration of suspension and expulsion of students with disabilities.

#### **1) Notification of SELPA**

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

#### **2) Services During Suspension**

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

#### **3) Procedural Safeguards/Manifestation Determination**

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

#### **4) Due Process Appeals**

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k) until the expiration of the forty-five (45) day time period provided for in

an interim alternative educational setting, unless the parent and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

## **5) Special Circumstances**

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Superintendent or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

## **6) Interim Alternative Educational Setting**

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

## **7) Procedures for Students Not Yet Eligible for Special Education Services**

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the

procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

## Element K: Retirement Systems

*Governing Law: The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security. Education Code Section 47605(c)(5)(K).*

Eligible employees of CSCS shall participate in the State Teachers Retirement System (STRS), Public Employees Retirement System (PERS), and/or Social Security depending upon eligibility with the corresponding agency. In the event that PERS is not available to CSCS classified employees, such employees will be covered by Social Security. The CSCS, Inc. Board of Directors reserves the right to offer its employees additional retirement options such as a 403(b) or 401(k) program. Eligibility of new employees in a particular retirement program will be determined by the CSCS Human Resources Department as part of the new hire process. The CSCS Human Resources Department shall be responsible for ensuring that appropriate arrangements for retirement coverage have been made. A complete list of the positions covered under each system resides in the CSCS Human Resources Department and are available for inspection by the County.

**THIS PAGE INTENTIONALLY LEFT BLANK**

## Element L: Public School Attendance Alternatives

*Governing Law: The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools. Education Code Section 47605(c)(5)(L).*

Attendance at CSCS is entirely voluntary on the part of the students who enroll and no student may be required to attend CSCS. If a student chooses not to attend CSCS, they have the option of attending a public school in their district of residence or other educational alternatives. Parents and guardians of each student enrolled in CSCS will be informed on admissions forms that the students have no right to admission in a particular school of a local education agency as a consequence of enrollment in CSCS, except to the extent that such a right is extended by the local education agency.

**THIS PAGE INTENTIONALLY LEFT BLANK**

## Element M: Return Rights of District Employees

*Governing Law: The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school. Education Code Section 47605(c)(5)(M).*

No public school district employee shall be required to work at CSCS. Persons employed by CSCS are not considered employees of the District for any purpose whatsoever. Employees of the District who resign from employment to work at CSCS and who later wish to return to the District shall be treated the same as any other former the District employee seeking reemployment and will have no automatic rights of return to the District after employment by CSCS unless specifically granted by the District through a leave of absence or other agreement. Charter School employees shall have any right upon leaving the District to work in the Charter School that the District may specify, any rights of return to employment in a school district after employment in the Charter School that the District may specify, and any other rights upon leaving employment to work in the Charter School that the District determines to be reasonable and not in conflict with any law.

Charter staff have the ability to transfer sick leave to and from the charter and another LEA. Any vacation leave is paid out at the time of termination of employment from the charter. As a public independent LEA (like a district), employees will continue to earn service credit in the district while employed at charter.

This charter has no collective bargaining contracts.

**THIS PAGE INTENTIONALLY LEFT BLANK**

## Element N: Dispute Resolution Related to Charter Provisions

*Governing Law: The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter. Education Code Section 47605(c)(5)(N).*

Any dispute between CSCS and the County (collectively "the Parties") shall be resolved in accordance with the following procedure. The term dispute means any alleged violation, misinterpretation, or misapplication of a specific provision of this Charter or the MOU between the Parties which does not constitute a severe and imminent threat to the health and safety of pupils.

In the event of a dispute between CSCS and the County, CSCS staff, employees, and Board Directors and the County agree to first frame the issue in written format ("dispute statement") and to refer the issue to the County Superintendent and Superintendent of the Charter School, or their respective designees. In the event that the County Board of Education believes that the dispute relates to an issue that could lead to revocation of the charter in accordance with Education Code Section 47607, CSCS requests that this shall be noted in the written dispute statement, although it recognizes it cannot legally bind the County to do so. However, participation in the dispute resolution procedures outlined in this section shall not be interpreted to impede or act as a pre-requisite to the County's ability to proceed with revocation in accordance with Education Code Section 47607 and its implementing regulations.

The Charter School Superintendent and County Superintendent, or their respective designees, shall informally meet and confer in a timely fashion to attempt to resolve the dispute, not later than five (5) business days from receipt of the dispute statement. In the event that this informal meeting fails to resolve the dispute, both parties shall identify two Board members from their respective boards who shall jointly meet with the County Superintendent and the Superintendent of the Charter School, or their respective designees and attempt to resolve the dispute within fifteen (15) business days from receipt of the dispute statement.

If the Parties are unable to reach agreement, the dispute may be referred to nonbinding mediation before a single neutral mediator. A request for mediation shall be in writing and must be received by the Parties no later than fourteen (14) calendar days from the date the Parties last met to discuss the dispute and attempted to reach an agreement. A request for mediation shall succinctly state the nature of the dispute and the relevant provisions of the Charter and/or MOU. The mediator shall be selected by mutual agreement from a list of mediators provided by the American Arbitration Association or other mutually acceptable alternative dispute resolution service. The mediation shall commence within thirty (30) calendar days from the date of receipt of the request for mediation unless extended by mutual agreement for the convenience of the parties and/or mediator. The costs of mediation shall be shared equally by all of the Parties. The cost to CSCS for the dispute resolution process will be paid for through unrestricted dollars. No party shall commence any action in connection with a dispute under this Charter or an MOU without exhausting this dispute resolution procedure.

If the mediation result is not mutually agreeable, both Parties will have been deemed to have "exhausted their administrative remedies" and may pursue other legal options for resolution. All timelines and procedures in this section may be revised upon mutual written agreement of the County and the Charter School.

CSCS is aware that the County's Board of Education's discretion to revoke the Charter is not proscribed by the requirement to participate in the dispute resolution process. Additionally, CSCS will ensure that parties involved will sign a privacy disclosure form agreeing that no comments will be made publicly during the dispute resolution process, adhering to state and federal laws governing mediation and conflict resolution.

### **Internal Disputes**

CSCS shall maintain a Uniform Complaint Policy and Procedure, as required by law, to be used for claims falling under the UCP's jurisdiction. All internal disputes related to CSCS's operations will be addressed through general complaint procedures. Parents, students, Board members, volunteers, and staff at CSCS will be provided with a copy of CSCS's policies and internal dispute resolution process. The County will promptly refer all disputes not related to a possible violation of the Charter or law to CSCS.

## Element O: Charter School Closure and Disposition of Assets

***Governing Law:** The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records. Education Code Section 47605(c)(5)(O).*

In the event that CSCS decides to cease operations, the following procedures will ensue:

1. The CSCS, Inc. Board of Directors shall adopt resolutions electing to close the charter school. The resolution shall identify the reason for closure. The Superintendent, or another individual selected by the Board, will be responsible for closure-related activities.
2. CSCS will promptly notify parents and students of CSCS, the County, the Charter School's SELPA, the retirement systems in which CSCS's employees participate (e.g., Public Employees' Retirement System, State Teachers' Retirement System, and Federal Social Security), and the California Department of Education of the closure as well as the effective date of the closure. This notice will also include the name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the pupils' school districts of residence; and the manner in which parents/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements. Please see Appendix CC for graduation requirements.
3. CSCS will ensure that the notification to the parents and students of CSCS of the closure provides information to assist parents and students in locating suitable alternative programs. This notice will be provided promptly following the Board's decision to close CSCS.
4. CSCS will also develop a list of pupils in each grade level and the classes they have completed, together with information on the pupils' district of residence, which they will provide to the entity responsible for closure-related activities.
5. As applicable, CSCS will provide parents, students, and the County with copies of all appropriate student records and will otherwise assist students in transferring to their next school. All transfers of student records will be made in compliance with the Family Educational Rights and Privacy Act ("FERPA") 20 U.S.S. §1232g. CSCS will ask the County to store original records of CSCS students. All CSCS student records will be transferred to the County upon closure. If the County will not or cannot store the records, the Charter School shall work with the County to determine a suitable alternative location for storage.

6. All state assessment results, special education records, and personnel records will be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.
7. As soon as reasonably practical, CSCS will prepare final financial records. CSCS will also have an independent audit completed within six months after closure. CSCS will pay for the final audit. The audit will be prepared by a qualified Certified Public Accountant and selected by CSCS and will be provided to the County promptly upon its completion. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to CSCS.
8. CSCS will complete and file annual reports required pursuant to Education Code section 47604.33.
9. On closure of CSCS, all assets of CSCS, including but not limited to all leaseholds, personal property, intellectual property, and all ADA apportionments and other revenues generated by students attending CSCS, remain the sole property of the nonprofit public benefit corporation. Upon the dissolution of the nonprofit public benefit corporation, all net assets shall be distributed to another public school that satisfies the requirement of paragraphs (a) through (e) of Section III. A of Notice 2015-07 issued by the Internal Revenue Service and the Treasury Department entitled "Relief for Certain Participants in section 414(d) Plans" or any final regulations implementing 26 U.S.C. Section 414(d) or to a State, political subdivision of a State, or agency or instrumentality thereof. Any assets acquired from the County or the County property will be promptly returned upon CSCS closure to the County. The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.
10. On closure, CSCS shall remain solely responsible for all liabilities arising from the operation of the Charter School.
11. As CSCS is operated by a nonprofit public benefit corporation, should the corporation dissolve with the closure of the Charter School, the Board will follow the procedures set forth in the California Corporations Code for the dissolution of a nonprofit public benefit corporation and file all necessary filings with the appropriate state and federal agencies. The sole statutory member has the right to vote on any election to dissolve the nonprofit

public benefit corporation and to vote on the disposition of all or substantially all of the nonprofit public benefit corporation's assets.

12. As specified in the CSCS budget, CSCS will utilize the reserve fund to undertake any expenses associated with the closure procedures identified above.

The CSCS, Inc. Board of Directors will designate a school employee(s) to remain on the payroll of the charter school beyond the charter school's closing for the purpose of overseeing the transfer of student records and distribution of assets, as well as matters directly related to the closure procedures.

**THIS PAGE INTENTIONALLY LEFT BLANK**

## Additional Considerations

### A. Revision/Amendments of the Charter

This Charter may be amended by the written mutual agreement of the CSCS, Inc. Board of Directors and the County. Material revisions to the charter may be made only with the County Board's approval and shall be governed by Education Code Section 47607 and the same standards and criteria that apply to new charter petitions as set forth in Education Code Section 47605.

Any material revision to the charter must be presented to the County for approval.

In the event of changes to state law or regulations applicable to charter schools enacted subsequent to granting this charter that are inconsistent with the terms of this charter, the parties agree to amend this charter and any applicable MOU provisions to accord with any such changes.

### B. Term of the Charter

The term of this charter shall be five years commencing July 1, 2021 through June 30, 2026 and may be renewed for subsequent five-year terms by the County Board of Education.

### C. Revoking the Charter

The County Board of Education may pursue revocation of the charter pursuant to Education Code Section 47607 and its implementing regulations if any of the following apply:

1. CSCS committed a material violation of any of the conditions, standards, or procedures set forth in the charter or MOU.
2. CSCS failed to meet or pursue any of the pupil outcomes identified in the charter.
3. CSCS failed to meet generally accepted accounting principles or engaged in fiscal mismanagement.
4. CSCS violated any provision of law.

### D. Administrative Services

*Governing Law:* *The manner in which administrative services of the charter school are to be provided. Education Code Section 47605(h).*

Details of any business or administrative services, special education services, costs, and funding between the County and CSCS shall be detailed in a separate MOU.

Pursuant to California law, the authorizer will be required to provide oversight and performance monitoring services, including monitoring school and student performance data, reviewing the school's audit reports, performing annual site visits, engaging in any necessary dispute resolution processes, and considering charter amendment and renewal requests. In accordance with Education Code Section 47613(a), the County may charge for the actual costs of supervisory oversight of CSCS not to exceed one (1) percent of the revenue of the charter school. Pursuant to Education Code Section 47613(f), "revenue of the charter school" is defined as the amount received in the current fiscal year from the local control funding formula calculated pursuant to Education Code Section 42238.02, as implemented by Education Code Section 42238.03.

CSCS agrees to and submits to the right of the County to make random visits and inspections in order to carry out its statutorily required oversight in accordance with Education Code Sections 47604.32 and 47607.

#### **E. Facilities**

*Governing Law: The facilities to be utilized by the charter school. The description of the facilities to be used by the charter school shall specify where the charter school intends to locate. Education Code Section 47605(h).*

CSCS has a location at 2121 N. Grand Avenue, Santa Ana, CA 92705. The facility is leased, and the County authorizer has a copy of the lease.

CSCS shall operate its primary Administrative Offices at 27740 Jefferson Avenue, Temecula, CA 92590. CSCS also rents occasional temporary space for events and activities. The charter has no need for authorizer-owned facilities at this time.

CSCS will request (in writing) approval for new learning (resource) centers which will be subject to the approval of OCDE. Before the opening of a learning center, the County will receive a copy of the lease agreement and operating permit.

Should CSCS propose to establish operations at one or more additional site(s), it shall request a material revision to the charter and notify the County of the additional location(s).

#### **F. Budgets and Financial Reporting**

*Governing Law: The petitioner or petitioners also shall be required to provide financial statements that include a proposed first year operational budget, including startup costs, and cash flow and financial projections for the first three years of operation. Education Code Section 47605(h).*

See Appendix I for the Charter's budget. CSCS shall provide reports to the County as follows as required by Education Code Section 47604.33, and may provide additional fiscal reports as requested by the County:

1. By July 1, a preliminary budget for the current fiscal year.
2. By July 1, an annual update (LCAP) required pursuant to Education Code Section 47606.5.
3. By December 15, an interim financial report for the current fiscal year reflecting changes through October 31. Additionally, on December 15, a copy of the Charter School's annual, independent financial audit report for the preceding fiscal year shall be delivered to the State Controller, California Department of Education and County Superintendent of Schools.
4. By March 15, a second interim financial report for the current fiscal year reflecting changes through January 31.
5. By September 15, a final unaudited report for the full prior year. The report submitted to the County shall include an annual statement of all the Charter School's receipts and expenditures for the preceding fiscal year.

#### **G. Insurance**

CSCS shall acquire and finance general liability, workers compensation, and other necessary insurance of the types and in the amounts required for an enterprise of similar purpose and circumstance. Coverage amounts will be based on recommendations provided by the County and CSCS's insurer. The County Board of Education shall be named as an additional insured on all policies of CSCS. Prior to opening, CSCS will provide evidence of the above insurance coverage to the County.

#### **H. Potential Civil Liability Effects**

*Governing Law:* *Potential civil liability effects, if any, upon the charter school and upon the school district. Education Code Section 47605(h).*

CSCS shall be operated by CSCS, Inc. as a California non-profit public benefit corporation. This corporation is organized and operated exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code and California Revenue and Taxation Code Section 23701(d).

Pursuant to Education Code Section 47604(d), an entity that grants a charter to a charter school operated by or as a non-profit public benefit corporation shall not be liable for the debts or obligations of the charter school or for claims arising from the performance of acts, errors or omissions by the charter school if the authority has complied with all oversight responsibilities required by law. CSCS shall work diligently to assist the County in meeting any and all oversight

obligations under the law, including monthly meetings, reporting, or other County-requested protocol to ensure the County shall not be liable for the operation of CSCS.

Further, CSCS and the County I have entered into a memorandum of understanding, wherein CSCS shall indemnify the County for the actions of CSCS under this charter.

The corporate bylaws of CSCS, Inc. shall provide for indemnification of the CSCS, Inc. Board, officers, agents, and employees, and CSCS will purchase general liability insurance, Board Members and Officers insurance, and fidelity bonding to secure against financial risks.

As stated above, insurance amounts will be determined by recommendation of the County and CSCS's insurance company for schools of similar size, location, and student population. The County shall be named an additional insured on the general liability insurance of CSCS.

The CSCS, Inc. Board will institute appropriate risk management practices as discussed herein, including screening of employees, establishing codes of conduct for students, and dispute resolution.

#### **I. Support Services**

The Charter does not plan to request to purchase support services from the authorizer.

2020 Citrus Spring Charter Renewal

# APPENDIX

**THIS PAGE INTENTIONALLY LEFT BLANK**

***Kathleen Hermsmeyer Ed.D.***

27740 Jefferson Avenue, Temecula, CA 92590

(951) 252-8800 (W)

(760) 716-7112 (C)

**Dr. Kathleen Hermsmeyer** has served as superintendent of California's largest charter school, River Springs Charter School, since 2005. Since 2013, five new schools were added under her direction, Pacific Springs, Vista Springs, Empire Springs, Harbor Springs and Citrus Springs Charter Schools. She has worked in education for the past 32 years. Prior to her leadership with charter schools, she served as a language arts specialist with the Stockton Unified School District and education specialist at Horizon Instructional Systems Charter School. She has also served as an adjunct faculty at Chapman, St Mary's College and the University of the Pacific.

Dr. Hermsmeyer earned her bachelor's degree in Liberal Studies and a master's degree in computer based education from California Polytechnic State University at San Luis Obispo. She earned her doctorate degree in curriculum and instruction with a minor in educational administration from the University of the Pacific. She holds a clear administrative credential, as well as a clear multiple subject and cross-cultural language and academic development credential.

Dr. Hermsmeyer is passionate about preparing students to enter the changing global community through personalized learning, real-world applications and rigorous mastery-based instruction.

**Career Experience****Vista Springs Charter School and Pacific Springs Charter School      July 2018 to present**

Business Park Drive, Temecula, CA

***Superintendent***

\*Received and developed a site-based charter school, authorized by the state of California, in Vista California. Also received and developed a hybrid non-classroom based charter school, authorized by San Diego County, in Chula Vista, California.

\*Enrolled and served over 600 students at these two locations, providing a project-based, personalized learning classroom experience for grades K-12

\*Managed a budget in excess of 5.4 million dollars

**Citrus Springs Charter School****July 2016 to present**

Business Park Drive, Temecula, CA

***Superintendent***

\*Received and developed a site-based charter school, in Santa Ana California, to serve as a "sister school" to River Springs Charter (below)

\*Enrolled and served over 230 students at one location providing a project-based, personalized learning classroom experience for grades K-12

\*Managed a budget in excess of 1.8 million dollars

**Harbor Springs & Empire Springs Charter Schools****July 2013 to Present**

Business Park Drive, Temecula, CA

*Superintendent*

- \*Received and developed two additional non-classroom based charter schools, one in San Bernardino County and one in San Diego County, to serve as "sister schools" to River Springs Charter (below)
- \*Enrolled and served over 1600 students between the two schools
- \*Managed a budget in excess of 14 million dollars.
- \*Developed and opened 4 student classroom locations throughout Southern California

**River Springs Charter School****July 2006 to Present**

Business Park Drive, Temecula, CA

*Executive Director/ Superintendent*

- \*Received and developed a non-classroom charter school program sponsored through Riverside County Office of Education.
- \*Built program of 6300 K-12th grade students which provides independent study, classroom-based learning and community-based learning activities.
- \*Managed a budget in excess of 5 million dollars.
- \*Created mission-driven programs that provide students with voice and choice and the skills to learn independently
- \*Created interactive, choice-driven online curriculum for independent study students
- \*Developed and opened 12 student classroom locations throughout Southern California

**Eagles Peak Charter School****July 2000 to January 2007**

Vale Terrace Drive, Vista, CA

*Executive Director*

- \*Built and developed Southern California's largest non-classroom based charter school (approximately 4,000 students).
- \*Oversaw a budget in excess of 23 million dollars.
- \*Managed all departments throughout the school.
- \*Developed a wide variety of "site-based" support programs.

**Horizon Instructional Systems      July 1998 to 2000**

3rd Street, Lincoln, CA

*Education Specialist*

- \*Mentored parents who homeschooled their children, and worked with high school students who chose to obtain their diplomas via independent study. Duties included assigning and grading work, ordering curriculum materials, setting and recording goals and objectives and assessing student progress.

**Sacramento City College****March 1997 to 2000**

Freeport Blvd, Sacramento, CA

*Adjunct Faculty, Communication Information Systems*

- \*Taught a variety of computer classes including Beginning and Intermediate Microsoft Access, Microsoft Word, Beginning and Intermediate Microsoft Excel and Windows 95.

**Chapman University****October 1997 to 2000**

Sacramento, CA

*Adjunct Faculty*

- \*Taught graduate courses on multiculturalism, Ed 570, entitled “Voice, Diversity, Equity and Social Justice.”

- \*Taught graduate courses in computers, Ed 551, entitled, “Microcomputers for educators.”

**University of the Pacific****September 1995 to****1998**

Stockton, CA

*Adjunct Faculty, School of Education*

- \*Taught Pre-K to 12th grade fieldwork course \*CURR 87) Summer '97, '98, '99 and 2000

Graduate Assistant for the School of Education

- \*Provided inservice computer training and technical support for faculty and staff (Fall, 1997)

- \*Supported and scheduled fieldwork students in their public school assignments (1995-1997)

- \*Assisted two professors with research on fieldwork students (1995-1997)

**National University****January 1997**

Sacramento, CA

*Adjunct Faculty*

- \*Taught one month graduate course required for all multiple subject credential candidates, “Teaching Math and Science in the CLAD Elementary Classroom”

**St. Mary's College****January 1996 to August 1996**

Moraga, CA

*Lecturer/ Supervisor for CLAD Student Teachers*

- \*Taught two summer school sessions of “Microcomputers for Elementary School Teachers”

- \*Scripted, evaluated and supported CLAD student teachers during their full-time student teaching

**Stockton Unified School District/Monroe Elementary School****September 1993 to August 1995**

701 N. Madison St., Stockton, CA

*Language Arts Resource Specialist*

- \*Assisted teachers in planning and implementing their reading/language arts programs

- \*Provided oral language support for ESL students

- \*Led support groups for children in crisis using the “Rainbows” curriculum

- \*Began a community involvement project focused on building a love of reading

**Southbank International School****September 1991 to June 1993**

36-38 Kensington Park Rd., London

*Grade K/1 teacher and computer resource teacher K-6 (9/92-6/93)*

- \*Taught children from all over the world using many ESL techniques

- \*Presented workshops on various topics for the International School Association

- \*Wrote computer curriculum for grades K-6

- \*Produced creative arts programs for parents and guests which included song, dance and drama

- \*Taught computing to all classes K-6; Coordinated K-6 computers and network

*Computer Teacher grades 4-12, Science Teacher grade 7 (9/91-6/92)*

- \*Taught all aspects of computing, including IGCSE level
- \*Taught general science using all lab apparatus and equipment
- \*Founded and supervised a school newspaper, produced on the computer
- \*Cooperated with teachers from other subject areas to provide an integrated program

**Stockton Unified School District**

**September 1988 to August 1991**

701 N. Madison St., Stockton, CA

**Monroe Elementary School**

**(9/89-6/91)**

*First Grade Teacher*

- \*Used a “whole-language” literature-based approach to teach all subjects
- \*Piloted a semantic-based phonics program with great success
- \*Aided in the installation of the new computer system and in-service of teachers on the computer

**Roosevelt Elementary School**

**(9/88-6/89)**

*Fourth Grade Teacher*

- \*Used cooperative learning to enhance student involvement
- \*Implemented Fred Jones’ Positive Classroom Discipline after receiving training by Fred Jones

**Professional Honors & Education-Related Experience**

- \*Research consultant for Lodi Unified School District (see attached)
- \*Book review published in Educational Studies, Summer 1996 edition
- \*Traveled to Japan as Stockton’s Exchange Teacher to Shimizu, Japan in June, 1994
- \*California Teacher’s Society
- \*Alpha Chi Omega Society  
(Public Relations Chairman, Song and Spirit Leader)

**Education**

**University of the Pacific**

**Received Ed.D. in June, 2000**

Stockton, CA

Doctorate in Curriculum and Instruction, minor in Educational Administration

Dissertation: Training Low-Income Parents of First Grade Students in Paired Reading: The Effects on Reading Fluency and Attitudes Toward Reading School.

**California Polytechnic State University, San Luis Obispo**

San Luis Obispo, CA

**Master of Arts in Computer-Based Education**

Received June, 1991. GPA 3.83 Bachelor of Arts in Liberal Studies

Received June, 1987. GPA 3.65 – Cum Laude

**California Multiple Subject Credential**

Clear status attained June, 1991

**Language Development Specialist Certificate**

Received June, 1994

**Administrative Services Credential**

Received June, 2005

# Local Control Accountability Plan and Annual Update (LCAP) Template

## Appendix B

[Addendum](#): General instructions & regulatory requirements.

[Appendix A](#): Priorities 5 and 6 Rate Calculations

[Appendix B](#): Guiding Questions: Use as prompts (not limits)

[California School Dashboard](#): Essential data to support completion of this LCAP. Please analyze the LEA's full data set; specific links to the rubrics are also provided within the template.

LEA Name	Contact Name and Title	Email and Phone
Citrus Springs Charter School	<a href="mailto:Amy.podratz@springscs.org">Amy.podratz@springscs.org</a> Assistant Superintendent, Administrative Operations	951-225-7721  Amy.podratz@springscs.org

## 2017-20 Plan Summary

### The Story

Describe the students and community and how the LEA serves them.

#### Our Mission

Our mission is to empower students by fostering their innate curiosity, engaging their parents, and promoting optimum learning by collaboratively developing a personalized learning program for each student. The school vision for student success is evident throughout the LCAP and focuses specifically on the school pillar of personalized learning. This is evident throughout goal 6: "Continue to support parent choice and personalized learning." Student empowerment and optimum learning is evidenced in all goals as we continue to expand focused services, supports, and opportunities for all students.

#### Our Philosophy

The school was created by and is operated by parents. We understand that every child is on a personalized educational journey. Our talented teachers work hard to incorporate a rich diversity of skills development, curriculum, and extracurricular activity into each day. Our staff works hard to direct resources where our students need them most. As a charter school, we are part of the solution to a better education system. We value

- Parent choice and involvement
- Using the community as the classroom
- Fostering a child's innate creativity
- Collaborating to achieve goals
- Building relationships
- Personalizing learning

The following infographic was used to give a snapshot to stakeholders about the Springs network by attaching it to the beginning of the survey:

# REDEFINING SCHOOL

## SPRINGS CHARTER SCHOOLS | 2018-19 SCHOOL YEAR

**OVER 8,600 STUDENTS**

### ENROLLMENT BY YEAR

**STUDENT CENTERS 19**

providing 25 unique educational programs with students on campus 0-5 days per week, depending on their program.

**100% OF STUDENTS HAVE**

- Highly Qualified Teachers
- Standards aligned textbooks and materials
- Clean and safe facilities

**15% STUDENTS WITH DISABILITIES**

**5% ENGLISH LEARNERS**

**47% ECONOMICALLY DISADVANTAGED**

**4% HOMELESS**

### COLLEGE & CAREER

According to the California School Accountability Dashboard, Springs 2018 graduates were well prepared for college and career (green).

### STUDENT PROFICIENCY RATES

### SIX SCHOOLS, TWENTY-FIVE EDUCATIONAL PROGRAMS, ONE MISSION

Our mission is to empower students by fostering their innate curiosity, engaging their parents, and promoting optimum learning by collaboratively developing a personalized learning program for each student.

[www.SpringsCS.org](http://www.SpringsCS.org)

### **The Citrus Springs Community**

Citrus Springs Charter School (CSCS) is authorized by the Orange County Department of Education and began serving students in August 2016. During the 2016-17 school year, the charter was granted initial WASC accreditation. In the 2017-18 school year, Citrus Springs began enrolling grades 11 and 12 and will be ending the year with the first graduating class. CSCS serves TK-12th grade students residing in Orange County, with authorization to serve students in the four contiguous counties. Of the over 200 students served by CSCS, the overwhelming majority reside in Orange County (99%) and few students residing in Los Angeles County (1%). Total current enrollment is 267 students.

Orange County has the third largest population in California with over three million residents. According to 2017 census data, the reported ethnic majority is predominantly split between white (41%), Hispanic/Latino (34%), and Asian (21%). The median household income is \$81,851. Education levels of residents over the age of twenty-five who hold a bachelor's degree or higher is at 39% countywide. The CSCS site is located in the city of Santa Ana. The demographics of Santa Ana residents are not consistent with the demographics of the county as a whole. The reported ethnic majority in Santa Ana is predominantly Hispanic (77%), with significant populations of Asian (11%) and white (9%). The median household income is \$57,151, which is 31% less than the county average. Education levels of Santa Ana residents over the age of twenty-five who hold a bachelor's degree or higher is 13%, twenty-six percentage points less than the county average.

## **LCAP Highlights**

Identify and briefly summarize the key features of this year's LCAP.

The 2019-20 LCAP has only changed slightly from last year. Based on stakeholder feedback, the charter is doing well. When applicable, the CDE Dashboard is used. In all other cases, there are clear, transparent internal metrics used. In all cases, the goals ensure accountability, precise budget reconciliation, and alignment with state/local priorities and achievement data.

The combination of stakeholder feedback and committee recommendations have produced a well-rounded document that includes goals for all students along with specific goals for qualifying students (unduplicated pupils). While the charter's goals are expansive, they are also founded on what's best for students and aligned with our mission.

- In the current document there are a number of changes, the most notable are:
- Goals for qualifying students have been modified (SED/low income, English Learners, and immigrant)
- Goals that include maintaining or increasing "change" rates based on the Dashboard are noted
- Expected Annual Measurable Outcomes (EMAOs) were re-visited
- All actions meet at least one criteria: data-driven decision making, stakeholder feedback, Dashboard needs, and/or state priority
- If there is little or no data in an area, the charter will still expect the processes/practices to be completed
- All state priorities are listed
- All Dashboard data has an aligned goal
- Each goal is research-based or aligned to best practices
- Staff development goal is updated
- Experts in each area assisted in goal development to ensure buy-in and, ultimately, goal-achievement
- Where internal data is noted, the charter also included Dashboard data to ensure transparency, as appropriate
- All annual updates were given by experts in that particular area
- Budget allocation was completed by the business department in coordination with the annual budget planning and the LCAP committee
- Annual update estimated expenditures were carefully documented throughout the year to ensure clean and transparent transactions for audit

- All goals are aligned to the charter document
- A mid-year progress update is given to the Local Board each December

## Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

### Greatest Progress

The charter has identified multiple areas of greatest progress. They are:

- ELA and math significant increases overall - 5 percentage points in ELA and 8 in math.
- Suspension/Expulsion rates below county averages.
- Attendance rates are well above county averages.
- Student Chromebook distribution has met the charter's high standards.
- Site security has increased and exceeds the charter's standards.
- CTE enrollment has increased.
- Mastery-based CA State Standard (Common Core) courses are being developed on schedule.
- Professional development goals for teachers/administrators have been exceeded.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

### Greatest Needs

The state accountability dashboard indicates an overall "orange" performance color for the Mathematics Indicator. The school will focus on increased performance in these areas through the actions and services described in Goal 1, Action C.

The LEA has determined need for significant improvement of the graduation and drop-out rates. School administrators will implement efforts for continuous improvement in these areas through Goal 6, Action A.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

### Performance Gaps

The state accountability dashboard indicates two performance gaps. The overall Chronic Absenteeism indicator is green, while Hispanic and English Learner subgroups are orange.

The school will focus on increased performance in these areas through the following specific goals and services:

- Goal 6, Actions A: Chronic Absenteeism

## Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

### Schools Identified

Identify the schools within the LEA that have been identified for CSI.

None.

### Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

N/A

### Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

N/A

# Annual Update

LCAP Year Reviewed: **2018-19**

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

## Goal 1

**Teaching and Learning:** Maintain high quality, rigorous Common Core State Standards curriculum and instruction to maintain/strengthen California Assessment of Student Performance and Progress (CAASPP) achievement through research-based practices and teacher training.

State and/or Local Priorities addressed by this goal:

State Priorities: 2, 4

Local Priorities: Aligned with charter document

## Annual Measurable Outcomes

Expected	Actual
Mastery-based curriculum developed for K-8 and grade 9	Completed, see action A for additional details.
SBAC ELA % met/exceeded: maintain or increase all change rates	Increased from 43% (2017) to 48% (2018) overall.
SBAC Math % met/exceeded: Maintain or increase all change rates	Increased from 28% (2017) to 36% (2018) overall.
5 staff development/data day trainings per year	Completed, see action D for additional details.
Data-driven staff development: Increase current rates for previous red/orange significant subgroups	No rates were previously orange or red because no performance colors were assigned on the 2017 for this school.
Teacher assignment report: 100% compliant per independent study guidelines	Completed, see action E for additional details.

## Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

## Action 1A

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Based on feedback from users, continue to refine the Common Core-based curriculum which incorporates modular units to scaffold and have modified assignments to support all students, including struggling students. Develop Springs' I Can curriculum including online curriculum, homeschool boxsets and "Make it-Take it" workshops. Purchase textbooks, materials, and online subscriptions to support this goal.	<p><b>Goal Met</b></p> <p>Both a 3-8 Math Performance Task course and a 3-8 ELA Performance Task course were created. These courses contain released Performance Tasks for students to work on as well as lessons that support student learning in order to be successful at the next level.</p> <p>The K-8 Fluency course is complete and the school is in planning for Phonics and Phonemic Awareness courses for K-2 in 2019-20. A K-8 Writing course is also being developed this summer for added support.</p> <p>Mastery courses for K-5 ELA and Math are in the process of being developed. Homeschool learning centers are adding Ready Classroom mathematics curriculum to the I CAN Math courses to better support struggling students.</p> <p>9<sup>th</sup> grade Integrated content will be updated for the 19-20 school year to include co-designed Mastery Assignments as well as NGSS standards. Co-designed modular 10<sup>th</sup> grade units are planned for students who come to Springs in 10<sup>th</sup> grade with physical science credit and need life science units. In addition, modular credit recovery units are planned in lieu of standalone courses.</p>	<p>\$18,000</p> <p>\$23,000</p>	<p>\$5,972</p> <p>\$15,049</p>

## Action 1B

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<b>ELA - Data-Driven Instruction:</b> Use individual, significant sub-group, and school-wide CAASPP data to drive instruction. Using this data, teachers and administrators will identify strengths and weaknesses and implement research-based strategies in order to	<p><b>Goal Met</b></p> <p>School-wide professional development and Professional Learning Communities (PLCs) were held for analyzing state and local data such as CAASPP and i-Ready began in September and continued monthly for all teachers and administrators to identify instructional strengths/gaps and identify student needs through</p>	<p>\$4,000</p> <p>\$3,000</p>	<p>\$3,318</p> <p>\$9,907</p>

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures																		
<p>maintain/increase overall and significant subgroup achievement. The following assessments will be used and inserted into local level Dashboard to measure achievement: benchmark exams and diagnostic assessments. Each year these will be reviewed multiple times with teaching staff to ensure achievement maintenance/growth. Assessments used will include Illuminate assessments and i-Ready.</p> <p>The charter will prioritize subgroups that measure on Dashboard as red, orange, poorer than overall, and declining/significantly declining.</p> <p><i>Measure: Dashboard change rates in both state and internal student data for all students including student groups identified as not meeting expected growth/performance</i></p>	<p>tiered support and interventions. Specific English Language Arts standards were identified and additional resources pooled to create effective individualized teaching strategies. English Learners, Students with Disabilities, and other significant subgroup data was analyzed through the use of Illuminate and i-Ready. Groups of students were identified based on these data, and specific instruction and remediation strategies were created. In addition, three “Data Day” PLC meetings were held throughout the year to identify key skills and essential knowledge that students still need with each data day building off the analysis from the previous. In the spring, Teacher and principal analysis of CAASPP Interim Assessment (ICA) with student analysis and goal setting to target instruction prior to the CAASPP testing window. In addition, monthly "Case Manager Collaborative" meetings for SpEd teachers were held. Special Education teachers meet together and review best practices, student issues, and assist each other. Quarterly meetings with all case managers to review compliance were also held.</p> <p>To examine the effectiveness of the above efforts, iReady D1 to D2 comparison data is included below. The charter will review the impact on CAASPP results when scores are available in August 2019 as well as Dashboard data, expected to release in December 2019.</p> <table><tr><th colspan="3">Citrus Progress Towards i-Ready Yearly Targets: Reading</th></tr><tr><th>Subgroup</th><th>Total</th><th>Progress Towards Yearly Growth Target (as of Mid-Year 50%+)</th></tr><tr><td>All</td><td>243</td><td>163%</td></tr><tr><td>EL</td><td>60</td><td>158%</td></tr><tr><td>SWD</td><td>48</td><td>233%</td></tr><tr><td>SED</td><td>157</td><td>164%</td></tr></table>	Citrus Progress Towards i-Ready Yearly Targets: Reading			Subgroup	Total	Progress Towards Yearly Growth Target (as of Mid-Year 50%+)	All	243	163%	EL	60	158%	SWD	48	233%	SED	157	164%

Teacher credentialing reports are run and reviewed monthly to ensure ongoing credentialing compliance.</p>	\$2,500	\$2,447

## Analysis – Goal 1

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the actions/services for this goal was great. All actions were met.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve this goal shows it as being highly effective as CAASPP, i-Ready, and other significant data all show increases.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

While there are some minor differences within each action, the overall budgeted versus actual expenditures were fairly balanced.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no major changes to this goal.

## Goal 2

**High School:** Support college and career readiness for all students in grades 9-12 by increasing enrollment in CTE courses, increasing enrollment in A-G approved coursework and sequence, improving 11th grade CAASPP results, providing concurrent/dual enrollment opportunities, advertising Golden State Merit Diploma, and other specialized/personalized options.

State and/or Local Priorities addressed by this goal:

State Priorities: 7, 8

Local Priorities: Aligned with charter document

### Annual Measurable Outcomes

Expected	Actual
Internship enrollment per SIS: increase Internship enrollment by 3%	CTE course completion increased from 2 students to 5, but Internship completion declined from 2 students to 0.
Add new CTE Pathway in 2018-19: CTE Entrepreneurship Self-Employment	Complete, see Action A for additional details.
Offer 2 dual enrollment courses	Complete, see Action B for additional details.
Revise 10th grade A-G mastery-based courses	Complete, see Action C for additional details.
Golden State Merit Diploma Advertising: Three marketing pieces annually	Complete, see Action D for additional details.
Maintain or increase CAASPP grade 11 "met" or "exceeded" and/or "ready" or "conditionally ready" EAP scores	Data is not available due to low student population.

### Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

## Action 2A

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>To increase career-readiness, the charter will further develop and advertise course offerings in the areas of Career-Technical Education (CTE) and internships. The charter will offer one additional CTE pathway offerings (Entrepreneurial / Self-Employment Pathway).</p> <p>The charter will also increase internship participation among our high school students by advertising offerings in three ways.</p> <p><i>Measure: new CTE pathway development per OASIS and internship advertising materials</i></p>	<p><b>Goal Met</b></p> <p>To increase career-readiness, the CTE Pathways were changed to focus on the concentrator and capstone standards. Foundational standards were then moved to an online 8<sup>th</sup> grade career exploration course. Within this new process, students are able to become familiar with all pathway options and make an informed decision on a pathway completion for high school, while gaining all Foundational Standards. In high school, CTE pathway sequence is now a two-course sequence (rather than three).</p> <p>To further encourage pathway completion, we are advertising a CTE Academic Honor Cord to be worn at the graduation ceremony.</p> <p>In 2018-19 the CTE Entrepreneurship Self-Employment pathway was added. The CTE Information Technology pathway was closed due to low student interest. Staff plans to re-align with college pathways and plan to reopen in the future. CTE Education &amp; Child Development pathway was closed due to changes in state credentialing requirements for pre-school teachers and will be adjusted and reopened in the future.</p> <p>CTE Pathway expansion planning for 2019-20 is still underway, and staff have decided to offer several new pathways: Biotechnology, Education, Food Service &amp; Hospitality, Product Innovation &amp; Design, and Web &amp; Social Media Programming &amp; Design. Pathways are based on student interest surveys and are aligned with community college pathways and CDE K-12 Strong Workforce.</p> <p>To increase internship participation among students, information is advertised on the school website, during high school student orientation, and during parent annual Ignite conference. In addition, internships are advertise on the quarterly Springs News Bulletin and weekly Refreshment emails</p>	<p>\$31,000</p> <p>\$4,000</p> <p>\$70</p>	<p>\$3,803</p> <p>\$60</p> <p>\$0</p>

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
	<p>(to staff/parents/community stakeholders). A Career Center was placed in each of the high school campuses where internship students meet with the Work Experience teacher.</p> <p>In 2017-18, 30 were offered through 12 different pathways. In the 2018-19 school year, 22 CTE courses were offered through 11 different pathways (due to condensing foundation courses and 2 pathways temporarily closed for revision). In both 2017-18 and 2018-19, 8 CTE courses were articulated that lead into the college's certificate programs, Associate Degree(s), and/or are transferable to a four-year college.</p> <p>CTE course completion increased from 2 students to 5, but Internship completion declined from 2 students to 0. Participation is impacted by declining enrollment from 27 high school students in 2017-18 to 17 students in 2018-19. In addition, course completion data give school leaders good indications of needs but is technically statistically insignificant, due to overall low numbers.</p>		

## Action 2B

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>To increase college-readiness, the charter will offer two college courses on one campus, through a vendor, or online for students to attend for dual credit (college and high school).</p> <p><i>Measure: OASIS course enrollment</i></p>	<p><b>Goal Met</b></p> <p>The charter is collaborating with Eastern Oregon University to offer multiple college classes next year. This fall, all 9<sup>th</sup> grade students will be enrolled in the courses "Get Focused" and "Computer Skills." Get Focused earns Dual College Credit and Computer Skills earns articulated college credit.</p>	\$2,500	\$2,598

## Action 2C

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Continue revising a-g courses to make them mastery-based. The revised courses will include modules designed for mastery and will include options for remediation to ensure successful completion by students. Revise grade 10 a-g courses.	<b>Goal Met</b> 9 <sup>th</sup> and 10 <sup>th</sup> grade core courses are all mastery based as well as Spanish 1 and 2 and French 1 and 2.	\$6,500	\$1,625

## Action 2D

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Advertise Golden State Merit Diploma by marketing to all high school students through at least 3 delivery methods.	<b>Goal Met</b> 1. School website (ongoing) 2. Email distribution (September) 3. Springs Newsletter (April)	\$200	\$6,534

## Action 2E

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Continue to use individual, significant subgroup, grade level internal assessment and cluster data to drive instruction at the beginning of grade 9 to identify high school area strengths and weaknesses and implement research-based strategies to maintain/increase CAASPP grade 11 "met" or "exceeded" and/or "ready" or "conditionally	<b>Goal Met</b> The charter is heavily focusing on math. In order to support student progress in math, the charter is purchasing Intensified curriculum from Agile Mind to meet the needs of our struggling students; Math 1, Math 2, and Math 3 curriculum from Agile Mind is also being purchased to aid in developing a deep understanding of the mathematics.	\$8,500	\$8,585

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>ready” EAP scores. Assessments will include i-Ready and Illuminate. Revise curriculum and/or practices, as appropriate.</p> <p><i>Measure: Grade 11 percentage met or exceeded on CAASPP ELA and math and/or percentage ready or conditionally ready on EAP metric.</i></p>	<p>Based on iNACOL research, if students can master 9th grade math, they will be much more likely to master 11th grade concepts. As a preventative measure, the charter has offered Beginning Algebra for students who scored below 50% on the math placement test. Even with this addition, students are struggling in the course. PLCs reviewed i-Ready data for students who scored below 50% on the placement test and found that the majority of these students were performing 3 or more years below grade level. School administrators are looking at curricula that starts students with 6th grade concepts and develops the concept through to the 9th grade level. In addition, all specialists have increased their student support by offering office hours a minimum of two hours per week.</p> <p>The school had its first class of 11th grade CAASPP testers in 2017-18, but performance data is unavailable because there was less than 10 students.</p>		

## Analysis – Goal 2

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the actions/services for this goal were great. All of the actions were well implemented and met.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve this goal was good. All of the actions were met, though the charter recognizes that with a small, Homeschool population, internships may not be popular.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

When looked at in its entirety, this goal actually came in under budget while still meeting all actions.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no significant changes to this goal.

## Goal 3

**Safety and Culture:** Improve student safety and school culture.

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 6

Local Priorities: Aligned with charter document

### Annual Measurable Outcomes

Expected	Actual
Facility Safety: internal matrix to show 100% of facilities at proficient levels	Complete. See Action A for details.
Suspension & Expulsion Rates per Dashboard: decrease suspension & expulsion rates per change rate as calculated on Dashboard	No students suspended in 2017-18, baseline suspension rate of 0%. Blue on dashboard overall.

### Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

#### Action 3A

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Maintain all facilities at proficient security levels.	<b>Goal Met</b> All school sites are safe and secure. Security levels are maintained through the implementation of auto-generated Preventative Maintenance (PM) work orders using Schooldude Systems. PM work orders are auto-generated, quarterly, for each site. Completion of PM work orders includes; Inspection of the Building Exterior (access control, fencing/gates, security equipment) along with the Building Interior (Doors, access control, security equipment). Repairs and Maintenance of	\$12,500	\$15,868

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
	security components are completed and noted in the PM work order. Security Window film, exit alarms, and privacy fence netting have been added to the 'internal evaluation system' this year. These security components are being installed at admin and school sites - based on Security funds and structured judgment.		

### Action 3B

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>The whole child will be supported through various means including: Social/emotional groups led by counselors, STAR Team Meetings (including counselors, support staff, and special education teachers) to support students with behavioral and social needs, MTSS specific staff development training focused on social well-being and supports for students in and outside the classroom.</p> <p>The charter will use suspension overall and subgroup data to refine team practices, as appropriate.</p> <p>Focus specifically on subgroups designated as orange, red, or performance gaps on the Dashboard.</p> <p><i>Measure: Support efforts will be measured by a decreased overall suspension rate, as</i></p>	<p><b>Goal Met</b></p> <p>The school completed all planned efforts to address whole child support. School counselors are leading small groups addressing social and emotional needs at student centers. STAR Teams are established and address individual student needs through Tier 3 meetings. Assistant Classroom Educators (ACEs) support teacher with addressing student needs in the classroom. Teachers receive monthly MTSS trainings as part of their blended learning day. Subgroup data is analyzed through the PLC process and the AIMM process in conjunction with the Assessment team and is used to refine practices at the classroom and district level.</p> <p>The charter school has maintained suspension and expulsion rates significantly lower than the county. On the CDE Dashboard (2018), the suspension rate indicator is blue, and all subgroups are blue. Expulsion rates remain at 0%.</p> <p>In addition, the most recent suspension and expulsion rates available through DataQuest are tabled below.</p>	\$18,000	\$17,649

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures													
<i>calculated on the Accountability Dashboard change rate.</i>	<table><tr><th colspan="3">Expulsion Rate</th></tr><tr><td></td><th>2017-18</th><th>2016-17</th></tr><tr><td>Citrus Springs</td><td>0.0%</td><td>0.00%</td></tr><tr><td>OC County</td><td>0.5%</td><td>0.04%</td></tr></table>		Expulsion Rate				2017-18	2016-17	Citrus Springs	0.0%	0.00%	OC County	0.5%	0.04%

### Analysis – Goal 3

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the actions/services for this goal were good. Both actions were met.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve this goal were great. Both actions show excellent results.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There are no material differences in this goal.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no major changes to this goal.

# Goal 4

**Technology:** Increase course access and student engagement by utilizing 21st-century tools, resources, and materials.

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 6, 8  
Local Priorities: Aligned with charter document

## Annual Measurable Outcomes

Expected	Actual
Staff/student survey data and inventory system: All classrooms maintain 10:1 levels and continue to offer Chromebooks to all Homeschool students in grades TK-12	Completed, see Action A for additional details.
Canvas course content based on survey data: Grade 12 course content in Canvas	Completed, see Action B for additional details.
Staff development feedback: Train staff on two tech tools as a part of large, mandated group activity	Completed, see Action C for additional details.

## Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

### Action 4A

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
In an effort to increase technology readiness, the Charter's students will continue to have access to a Chromebook (or other similar technology) throughout all	<b>Goal Met</b> All Academy programs are at a minimum 12:1 student to chromebook ratio. Homeschool and all high school programs are 1:1. Access time has greatly increased for all students.	\$4,500	\$6,563

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>programs. Increase access time in Academy programs at 12:1 levels. Homeschool program offers 1:1 in grades TK-12.</p> <p><i>Measure: Inventory system Chromebook counts and survey data</i></p>	<p>Chromebooks were also one of the highest rated resources on our LCAP stakeholder survey for being "used and useful."</p>		

## Action 4B

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Based on user feedback, revise Canvas courses as necessary to increase participation and ensure accurate links/content.</p> <p><i>Measure: Canvas course content.</i></p>	<p><b>Goal Met</b></p> <p>All Canvas course videos have been saved in MP4 format to ensure students have access to the correct content. Biology has begun to add in specialist discussions prior to each mastery assignment where students can ask clarifying questions of the specialist before starting their Mastery Assignment. We have begun duplicating this feature in our other 9<sup>th</sup> and 10<sup>th</sup> grade courses.</p>	<p>\$3,000</p>	<p>\$2,477</p>

## Action 4C

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Train all staff on two additional educational technology (Ed Tech) tools a least two times each year to ensure quality use of technology resources. Ensure staff have specific training</p>	<p><b>Goal Met</b></p> <p>In October staff were trained on Gmail, Google Calendar, Hangouts, Drive, Docs and Sheets. The training included suggestions for student projects in each of the Google Suite components. In January teachers participated in a CANVAS Q &amp;</p>	<p>\$1,200</p>	<p>\$881</p>

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>on how to teach students to utilize technology resources.</p> <p><i>Measure: Agendas and sign-in sheets</i></p>	A online, and utilized pinned discussions in CANVAS to share their progress toward the school's BHAG goals.		

## Analysis – Goal 4

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the actions/services for this goal were good. All actions were well implemented and met.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve this goal were great. All actions met or exceeded.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There are no material differences between the budget and actual expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no major changes to this goal.

## Goal 5

**Qualifying Students:** Increase support for qualifying students.

These include English Learners (ELs), students with disabilities (SWDs), foster youth, homeless youth, and socio-economically disadvantaged (SEDs).

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 3, 4, 5

Local Priorities: Aligned with charter document

### Annual Measurable Outcomes

Expected	Actual
Principal training and coaching for urban schools	Completed, see Action A for additional details.
MiFi Inventory system: increase MiFi use by 5% across charter	Mifi devices are available to qualifying students throughout the year based upon request.
SBAC scores for SWD subgroup (% met/exceeded): planning meetings and internal data used with fidelity to increase SWD subgroup growth in ELA and math	SBAC met/exceeded rates decreased from 23% in 2016-17 to 18% in 2017-18 for ELA, and decreased slightly from 15% to 14% in math. This is reflective a testing group of 22 students, so a single student can swing performance percentage by about 5%.
Complete comprehensive training for ACEs	Completed, for additional details see Action D.
SBAC scores for EL subgroup (% met/exceeded): increase EL subgroup growth data in ELA and math	Increased ELA rate from 23% in 2016-17 to 28% in 2017-18, and from 20% to 26% in math.

### Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

## Action 5A

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Continue to contract with an established, highly successful group who study successful urban (Socio- economically disadvantaged and English Learner) schools across the country for best practices. These consultants will work intensively with Principals to develop and support best practices with these particular subgroups.	<b>Goal Met</b> The charter has a coach from this group working with the Senior Director of Academies to ensure that she is able to most effectively support the principals with best practices for working with low-income and English Learner subgroups.	\$5,000	\$7,985

## Action 5B

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Continue to provide MiFi (portable WiFi service) to foster, EL, homeless, and low-income students in order to access technology and resources when not at a resource center.	<b>Goal Met</b> Mifi devices are available to qualifying students throughout the school year (upon request).	\$300	\$300

## Action 5C

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
In order to increase math and ELA CAASPP achievement, teachers/ESs will have planning meetings in one-to-one and small groups through STAR groups to ensure IEP goals are met while tracking and monitoring data throughout the year using mastery quizzes	<b>Goal Met</b> STAR teams have been formed for students with disabilities as well as other struggling students. Teams meet in one-on-one and group settings to address individual student needs. Special Education staff also meet weekly online to address student needs, and monthly in Personalized Learning Collaborative (PLC)	\$5,500	\$20,293

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures																
<p>and i-Ready. Collaboration will count on "first, best instruction" to mirror general education goals by utilizing PLC groupings.</p> <p>Revise planning meetings and monitoring practices, as appropriate, to attain goal.</p> <p><i>Measure: Dashboard change rate in math and ELA for students with disabilities subgroup</i></p>	<p>groups to review student needs and progress. SpEd staff are meeting more regularly with STAR teams and participating in more schoolwide staff development and data days.</p> <p>The CDE Dashboard did not assign a performance color due to having less than 30 students in the SWD subgroup. However, subgroup change rates are given and show a decrease of 6.3 points in ELA and an increase of 20.8 points in math (based on distance from 3).</p> <p>In order to effectively monitor and increase these rates, iReady diagnostics are used to analyze these students. Current progress as of mid-way through the year toward yearly targets has been included:</p> <table border="1"> <thead> <tr> <th colspan="4">Citrus Progress Towards i-Ready Yearly Targets</th></tr> <tr> <th>Subgroup</th><th>Total</th><th>Progress Towards Yearly Growth Target (as of Mid-Year 50%+) <b>Reading</b></th><th>Progress Towards Yearly Growth Target (as of Mid-Year 50%+) <b>Math</b></th></tr> </thead> <tbody> <tr> <td>All students</td><td>243</td><td>163%</td><td>123%</td></tr> <tr> <td>SWD</td><td>48</td><td>233%</td><td>150%</td></tr> </tbody> </table>	Citrus Progress Towards i-Ready Yearly Targets				Subgroup	Total	Progress Towards Yearly Growth Target (as of Mid-Year 50%+) <b>Reading</b>	Progress Towards Yearly Growth Target (as of Mid-Year 50%+) <b>Math</b>	All students	243	163%	123%	SWD	48	233%	150%		
Citrus Progress Towards i-Ready Yearly Targets																			
Subgroup	Total	Progress Towards Yearly Growth Target (as of Mid-Year 50%+) <b>Reading</b>	Progress Towards Yearly Growth Target (as of Mid-Year 50%+) <b>Math</b>																
All students	243	163%	123%																
SWD	48	233%	150%																

## Action 5D

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Continue to train and support Assistant Classroom Educators (ACES)/instructional	<p><b>Goal Met</b></p> <p>Classroom management training was held in September. In</p>	<p>\$67,646</p> <p>\$100,000</p>	<p>\$195,709</p> <p>\$473</p>

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>aides for all K-5<sup>th</sup> grade academy classrooms to support all students. Specialized training will allow targeted instruction for students with disabilities, English Learners, foster, homeless, and socio- economically disadvantaged students, and those students requiring MTSS/RTI support.</p> <p><i>Measure: ACE assignments and training calendar</i></p>	<p>February and April, staff continued training with instructional and social emotional support strategies to support all learners, including significant subgroups. Extended learning opportunities are available in the ACE Training course in Canvas. Some vice principals provide monthly training for ACEs during blended PLC days.</p>	\$1,500	

## Action 5E

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Increase EL met/exceeded in both ELA and math.</p> <p>Increase EL RFEP though at least two specialized staff development trainings which include core interventions and strategies that teachers commit to employing. Add three coordinator walk-throughs to ensure fidelity with use of best practices and ELD I CANs.</p> <p>Change trainings and practices based on new data sets and teacher feedback, as appropriate.</p>	<p><b>Goal Met</b></p> <p>Leaders are selected from Springs educators for a series of trainings in order to disseminate effective English Learner teaching strategies to the rest the organization.</p> <p>English Learner specific professional development was given three times in 2018-19. The September training covered Academic Vocabulary using the Frayer model. The January training covered Talk Moves: a specific EL strategy used to meet the needs of EL students in your classroom. Sentence starters that students use to join a class discussion encourage both academic thinking and social connectedness. The May training included an overview of the EL Standards with a review of the vocabulary development practices used throughout the year. Strategies for integrating the standards and lesson planning were be a focus for this development.</p>	<p>\$2,500</p> <p>\$1,000</p>	<p>\$7,457</p> <p>\$1,185</p>

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures																		
<p><i>Measure: Dashboard change rates in both state and internal data points, staff development agendas and sign-in sheets, and walk-through documentation</i></p>	<p>In addition, the Director of Assessment/EL Coordinator conducted classroom walkthroughs to look for evidence of vocabulary development across all subjects.</p> <p>The most current data available on the CDE Dashboard indicates a CAASPP increase in ELA (5.2 points) and maintenance of -2.8 points in math for the English Learners subgroup. However, because Dashboard data is not a good indicator of progress that has been made in the 2018-19 school year, iReady progress toward yearly targets has been included.</p> <table border="1"> <thead> <tr> <th colspan="4">Citrus Progress Towards i-Ready Growth Targets</th></tr> <tr> <th rowspan="2">Subgroup</th><th rowspan="2">Total</th><th>Progress Towards Yearly Growth Target (as of Mid-Year 50%+)</th><th>Progress Towards Yearly Growth Target (as of Mid-Year 50%+)</th></tr> <tr> <th>Reading</th><th>Math</th></tr> </thead> <tbody> <tr> <td>All</td><td>243</td><td>163%</td><td>123%</td></tr> <tr> <td>EL</td><td>60</td><td>158%</td><td>127%</td></tr> </tbody> </table>	Citrus Progress Towards i-Ready Growth Targets				Subgroup	Total	Progress Towards Yearly Growth Target (as of Mid-Year 50%+)	Progress Towards Yearly Growth Target (as of Mid-Year 50%+)	Reading	Math	All	243	163%	123%	EL	60	158%	127%		
Citrus Progress Towards i-Ready Growth Targets

## Analysis – Goal 5

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the actions/services for this goal were good. Everything was implemented in order to achieve the goal.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve this goal were great. The data shows each goal was met with some exceeding expectations.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The estimated actuals are slightly over budget on some actions, but overall the goal is fairly balanced and the charter is happy with the results achieved.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no major changes to this goal.

## Goal 6

**Mission:** Continue to support parent choice and personalized learning.

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 3, 4, 6

Local Priorities: Aligned with charter document

### Annual Measurable Outcomes

Expected	Actual
State attendance, graduation and drop-out rates: maintain all rates to be better than county average	Citrus Springs achieved a 96.9% attendance rate; higher than the county. The school's four-year adjusted cohort drop-out and graduation rates are not yet available on DataQuest due to a low number of graduates in our first graduating class.
Staff and WASC feedback: personalized learning on staff development as mandatory; add to personalized learning continuum	Completed, see Action B for additional details.
Marketing event calendar: 10 marketing events scheduled	Completed, see Action C for additional details.

### Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

#### Action 6A

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
The charter will maintain attendance rates above county averages. The charter will decrease middle school and high school	<b>Goal Met</b>	\$9,000	\$4,741

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>dropout rates, and increase graduation rates by accountability measure growth each year through adequate progress process, student involvement in goal setting, personalized learning process, interest choices, and student engagement methods.</p> <p>Suspension rates can be found in goal #3B.</p> <p><i>Measure: Aggregate attendance rate drop-out data; graduation and drop-out rates per Data Quest; both state and internal (up-to-date) data points.</i></p>	<p>The school has continued focus on student involvement in goal setting, personalized learning process, interest choices, and student engagement methods. All students are enrolled in courses that will lead to a high school diploma. Transcripts are reviewed upon enrollment and annually to review and update course advisement. School counselors meet with all 11th grade students and any time a student is flagged as not on track for cohort graduation.</p> <p>The charter school's 2017-18 average daily attendance rate was 96.9%, which is above the county average.</p> <p>Drop out and graduate data is not yet available because the 2018 graduating class was 5 students (less than 11 students required for public data release). Of the five cohort students, 4 graduated with their high school diploma and one continued enrollment with the school to complete graduation requirements.</p>		

## Action 6B

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Continue to develop the training resources for the Springs' Personalized Learning continuum and learning rubric. Continue to train staff on developing personalized learning plans related to the continuum and on the implementation of personalized learning in a variety of settings.</p>	<p><b>Goal Met</b></p> <p>In August 2018 the school held a personalized learning continuum training and teacher goal setting (academy teachers).</p> <p>In September 2018 The Teaching the Springs Way (TTSW) Handbook was distributed to all academy teachers, a full-day classroom management training was held. In addition, all teachers participated in a full day of Personalized Learning Workshops including content on Mastery Learning and Personalized Learning best practices such as Goal Setting, Online Programs (ST MATH, iReady, Lexia, Reading Plus), Online Free PD</p>	<p>\$15,000 \$300</p>	<p>\$12,000 \$750</p>

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>Update trainings and resources based on user feedback, as appropriate.</p> <p><i>Measure: Project update for the personalized learning continuum staff development resources, PLC agendas.</i></p>	<p>Options, Student Portfolios, Using State Assessments to Plan Backwards, Annual Curriculum Maps, Number Talks, Managing Centers, Using Open Education Resources, CANVAS Training, Flexible Environment, I CAN! Resources, Engagement Strategies, Writing Strategies, Novel Studies, Student Conferencing, Gamifying Personalized Learning Paths in Middle School. High School teachers engaged in training specific to our school wide growth goal: Writing Across the Content Areas.</p> <p>In October 2018, teachers participated in a blended professional development, which included CANVAS Training, Google Chrome &amp; Apps Training, TTSW Steps 1 &amp; 2 online training.</p> <p>The Personalize Learning Expert Program Teachers met for five training days to design "Learning Lab Look Fors:" Determining WOW Factor, Increasing student goal setting and reflection, growing as personalized learning leaders through the Little Bets process. Participants were given access to the Teaching the Springs Way Toolbox. This is an online Canvas Course and is a pragmatic resources for teachers to "grab and go" resources and curriculum to support the Personalized Learning Continuum.</p> <p>All TK through 3<sup>rd</sup> grade teachers were added to the Teaching Literacy the Springs Way course. This course has research based strategies for the eight components of literacy instruction. The first course is for fluency strategies. The next course to be developed is Phonics Instruction.</p>		

## Action 6C

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Increase parent involvement by marketing personalized learning through social media and numerous marketing tactics/events based	<b>Goal Met</b>	\$8,000 \$6,300	\$7,920 \$12,322

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
<p>on focus group, marketing committee, and other stakeholder input. Maintain robust Homeschool package.</p> <p><i>Measure: Focus group notes, homeschool funds allotment calendar, marketing purchase orders, and marketing events calendar.</i></p>	<p>Since July 2018, the school has hosted or participated in 10 marketing and outreach events in Orange County. This meets our goal of 10 events in 2018-19.</p> <p>Staff have begun scheduling events through the end of the calendar year. Throughout the Springs network, 42 students have enrolled in 2018-19 as a direct result of efforts at marketing events, based upon parents answering "how did you hear about Springs" on the application for enrollment. In addition to outreach events, the school maintains a robust portfolio of direct and indirect marketing efforts. These include, but are not limited to: radio advertisements, press releases, postcards, mail inserts, billboards, movie theater advertisements, mall advertisements, and more.</p> <p>The Homeschool package for the 2019-20 school year has been updated to provide families with additional funding for items like enrichment classes and curriculum. This update allows the school to maintain a competitive position in the overall homeschool landscape.</p> <p>All parents are encouraged to participate in both academic and extracurricular capacities. Parents are invited to development opportunities (parent certification, Ignite Conference, SPREE, etc.), school committees, volunteering on-site, and Personalized Learning Plan Meetings.</p> <p>For unduplicated students specifically, students and parents meet quarterly with the teacher (and additional staff as needed) to create personalized learning goals for each student. Individual goals are discussed, documented, and tracked throughout the learning period. Students with IEPs go through the same learning plan process in addition to IEP meetings at least annually and as needed.</p>		

## Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The overall implementation of the actions/services for this goal were good. All of the actions were met for this goal.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions/services to achieve this goal were great. The data indicates that the actions were all met.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There are no material differences between the budget and actual expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

There are no major changes to this goal.

# Stakeholder Engagement

LCAP Year: 2019-20

## Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

**Stakeholder Committee:** The stakeholder group helped to develop and refine goals based on the state priorities and chartering document. The Committee also assumed the role of data analysis and revisions in order to complete the document. This process involved multiple people who are experts in their field for input on their particular goals (ie: Special Education). Each stakeholder involved refined the goals based on their expertise. The Committee members also attended trainings throughout Southern California to ensure familiarity with LCAP processes. At the end of the process the Committee met again and solidified all of the goals based on ALL of the feedback received.

**Board/Community Training/Meetings:** During public session in December staff present a mid-year update which explains the progress as of the end of November. In May, the staff reminded the Board of the reasons for the LCAP document and the impact. During this presentation state priorities, charter vision, CDE Dashboard, and stakeholder ideas were outlined. During public session each person in attendance was given a chance to vote on which three actions/services for which they would like more information on at future public board meetings. The top three for which they would like more information were:

1. Career-Technical Education and Internships
2. College-Readiness Opportunities
3. Marketing Efforts

**Authorizer Feedback:** The Stakeholder Committee also looked at authorizer feedback from prior years to ensure all items were properly submitted based on their evaluation.

**The Community-At-Large:** The community was given a lengthy online survey describing the LCAP process with an outline of the six goals. The six goals were then separated into action/services where each participant was asked if each focused resource (provided by the school) was: used and useful, used and not useful, not used, or unknown. These survey results (aggregated) are as follows.

**Survey:** School stakeholders were surveyed in April-May 2019. For each of the six LCAP goals, stakeholders were asked how well they think the school doing to provide services and resources to students. In addition survey participants were asked to rate each LCAP resource as being used and helpful, used and not helpful, or not used. Results are below.

## 2019 LCAP Survey Findings

	% stakeholders who say we are “exceeding expectations” or “doing well” *	Highest rated resources for being “used and useful”	Lowest Rated resource; voted “used but not helpful”
Common Core Transition	63%	i-Ready Assessments (63%)	I CAN Trackers (19%)
College & Career Readiness	56%	Guidance Counselor Meetings (19%)	CTE Materials and Classes (4%)
Student Safety	89%	Safe and Maintained Schools (52%)	Safe and Maintained Schools (7%)
Engaging Students	81%	Chromebook Availability (74%)	Canvas (11%)
Student Support	92%	i-Ready Instruction (63%)	Personalized Learning (11%)
Personalized Learning	89%	Learning Plans (63%)	(Homeschool Only) Co-op Homeschool Group (4%)

*\*Stakeholders who responded “I don’t know” and “not applicable for my student” are not included in percentages*

*N/A = All resources in this category received at least an 80% “helpful” rating.*

*\*\* Resource received a 100% “helpful” rating.*

## Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

After compiling and analyzing all stakeholder feedback, the charter staff is confident that the LCAP goals are congruent with needs. With overall “used and useful” or favorable responses to actions, the LCAP Committee made only minor revisions to the items. In some cases, the metrics were changed to align more thoroughly with public data (eg: attendance rates to chronic absenteeism). Furthermore, the estimated actuals were analyzed and current and next year’s budget were updated so that the stakeholders received accurate, transparent future expenditures.

Due to the new federal addendum, staff aligned federal expenditures (in applicable areas) and noted on both the LCAP and the Addendum. In summary, the stakeholder groups were pleased with the LCAP and Addendum and only minor changes were necessary.

# Goals, Actions, & Services

Strategic Planning Details and Accountability  
Complete a copy of the following table for each of the LEA’s goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Unchanged

## Goal 1

**Teaching and Learning:** Maintain high quality, rigorous Common Core State Standards curriculum and instruction to maintain/strengthen California Assessment of Student Performance and Progress (CAASPP) achievement through research-based practices and teacher training.

### State and/or Local Priorities addressed by this goal:

State Priorities: 2, 4  
Local Priorities: Aligned with charter document

### Identified Need:

Need to ensure high quality, rigorous standards curriculum and instruction in order to achieve CAASPP achievement through best practices and teacher training.

Charter has identified needs based on multiple measures as shown below in Expected Annual Measurable Outcomes. All baseline measurements are based on the following: parent/student/community survey data, mission/vision/charter alignment, SBAC and internal assessment data, staff feedback, state/federal reports, WASC feedback, and/or Dashboard data.

## Expected Annual Measurable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
<b>Mastery-based curriculum</b>	Committee designated to implement mastery-based curriculum	Committee designated to implement mastery-based curriculum	Committee designated to implement mastery-based curriculum	Committee designated to implement mastery-based curriculum
<b>SBAC ELA % met/exceeded</b>	43% <i>Data Source: Data Quest</i>	Maintain or increase all change rates	Maintain or increase all change rates	Maintain or increase all change rates
<b>SBAC Math % met/exceeded</b>	28% <i>Data Source: Data Quest</i>	Maintain or increase all change rates	Maintain or increase all change rates	Maintain or increase all change rates
<b>Data-driven staff development</b>	While there is no Dashboard data available for this year, the charter will be using data on internal and state assessments on individual, grade level, grade span, significant subgroup and overall levels to drive professional development and instruction.  <i>Data Source: CDE Dashboard</i>	Increase current rates for red/orange significant subgroups	Increase current rates for red/orange significant subgroups	Increase current rates for red/orange significant subgroups

## Planned Actions / Services

Complete a copy of the following table for each of the LEA's Actions/Services. Duplicate the table, including Budgeted Expenditures, as needed.

### Action **1A**

For Actions/Services not included as contributing to meeting the Increased or Improved Services Requirement:

**Students to be Served:**

(Select from All, Students with Disabilities, or Specific Student Groups)

All

**Location(s):**

(Select from All Schools, Specific Schools, and/or Specific Grade Spans):

All schools

**OR**

For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement:

**Students to be Served:**

(Select from English Learners, Foster Youth, and/or Low Income)

N/A

**Scope of Services:**

(Select from LEA-wide, Schoolwide, or Limited to Unduplicated Student Group(s))

N/A

**Location(s):**

(Select from All Schools, Specific Schools, and/or Specific Grade Spans)

**2017-18 Actions/Services**

Refine the Common Core-based curriculum which incorporates modular units to scaffold and have modified assignments to support all students, including struggling students. Develop Springs' I Can curriculum including online curriculum, homeschool boxsets and "Make it-Take it" workshops. Purchase textbooks, materials, and online subscriptions to support this goal.

*Measure: Developed mastery-based curriculum for K-12.*

**2018-19 Actions/Services**

Based on feedback from users, continue to refine the Common Core-based curriculum which incorporates modular units to scaffold and have modified assignments to support all students, including struggling students. Develop Springs' I Can curriculum including online curriculum, homeschool boxsets and "Make it-Take it" workshops. Purchase textbooks, materials, and online subscriptions to support this goal.

**2019-20 Actions/Services**

Based on feedback from users, continue to refine the Common Core-based curriculum which incorporates modular units to scaffold and have modified assignments to support all students, including struggling students. Develop Springs' I Can curriculum including online curriculum, homeschool boxsets and "Make it-Take it" workshops. Purchase textbooks, materials, and online subscriptions to support this goal. The charter intends for all curriculum to be revised every year to ensure working links, new choice assignments, and updates throughout.

## Budgeted Expenditures

Year	2017-18	2018-19	2019-20

#### 2017-18 Actions/Services

**ELA - Data-Driven Instruction:** Use individual, significant sub-group, and school-wide CAASPP data to drive instruction. Using this data, teachers and administrators will identify strengths and weaknesses and implement research-based strategies in order to maintain/increase overall and significant subgroup achievement. The following assessments will be used and inserted into local level Dashboard to measure achievement: benchmark exams and diagnostic assessments. Each year these will be reviewed multiple times with teaching staff to ensure achievement maintenance/growth. Assessments used will include Illuminate assessments and i-Ready.

*Measure: Dashboard change rates in both state and internal student data for all students including student groups identified as not meeting expected growth/performance.*

#### 2018-19 Actions/Services

**ELA - Data-Driven Instruction:** Use individual, significant sub-group, and school-wide CAASPP data to drive instruction. Using this data, teachers and administrators will identify strengths and weaknesses and implement research-based strategies in order to maintain/increase overall and significant subgroup achievement. The following assessments will be used and inserted into local level Dashboard to measure achievement: benchmark exams and diagnostic assessments. Each year these will be reviewed multiple times with teaching staff to ensure achievement maintenance/growth. Assessments used will include Illuminate assessments and i-Ready.

The charter will prioritize subgroups that measure on Dashboard as red, orange, or have significant performance gaps (2+ from overall); currently the Hispanic subgroup is orange.

*Measure: Dashboard change rates in both state and internal student data for all students including student groups identified as not meeting expected growth/performance*

#### 2019-20 Actions/Services

## Goal 2

**High School:** Support college and career readiness for all students in grades 9-12 by increasing enrollment in CTE courses, increasing enrollment in A-G approved coursework and sequence, improving 11th grade CAASPP results, providing concurrent/dual enrollment opportunities, advertising Golden State Merit Diploma, and other specialized/personalized options.

### State and/or Local Priorities addressed by this goal:

State Priorities: 7, 8

Local Priorities: Aligned to charter document

### Identified Need:

Need to support college and career readiness for all high school students through CTE, A-G coursework, CAASPP results, college course enrollment (dual credit), Golden State Merit Diploma, and all other personalized learning options.

Charter has identified needs based on multiple measures as shown below in Expected Annual Measurable Outcomes. All baseline measurements are based on the following: parent/student/community survey data, mission/vision/charter alignment, SBAC and internal assessment data, staff feedback, state/federal reports, WASC feedback, and/or Dashboard data.

### Expected Annual Measurable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
<b>CTE/Internship enrollment per SIS</b>	Internship courses are intended for juniors and seniors; charter will begin enrolling 11 <sup>th</sup> and 12 <sup>th</sup> grade students in 2018-19.	Baseline data = Of the 12 juniors and seniors enrolled, 2 students completed CTE courses and two completed Internship courses.	Increase CTE/Internship enrollment by 3%	Increase CTE/Internship participation

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
<b>Concurrent/Dual enrollment opportunities</b>	Three marketing pieces annually	Four marketing pieces annually	Four marketing pieces annually with college offerings at one site	Four marketing pieces annually with college offerings at two sites
<b>Teacher assignment report</b>	100% compliant per independent study guidelines	100% compliant per independent study guidelines	100% compliant per independent study guidelines	100% compliant per independent study guidelines
<b>A-G course packs</b>	Committee developed to begin mastery-based A-G courses	Develop 9th grade A-G mastery-based course	Develop 10th grade A-G mastery-based course	Develop 11th grade A-G mastery-based course

## Goal 3

**Safety and Culture:** Improve student safety and school culture.

### State and/or Local Priorities addressed by this goal:

State Priorities: 1, 6

Local Priorities: Aligned with charter document

### Identified Need:

The need to ensure student safety and positive school culture is a high priority.

Charter has identified needs based on multiple measures as shown below in Expected Annual Measurable Outcomes. All baseline measurements are based on the following: parent/student/community survey data, mission/vision/charter alignment, SBAC and internal assessment data, staff feedback, state/federal reports, WASC feedback, and/or Dashboard data.

### Expected Annual Measurable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
<b>Facility Safety</b>	Internal metrics shows 100% (1 of 1) facilities at proficient levels <i>Data Source: Facilities Security Google Doc</i>	Internal matrix to show 100% of facilities at proficient levels	Internal matrix to show 100% of facilities at proficient levels	Internal matrix to show 100% of facilities at proficient levels

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
<b>Suspension Rates per Dashboard</b>	Dashboard suspension rates indicator is awaiting baseline data  <i>Data Source: CDE Dashboard</i>	Baseline data on Dashboard indicates a suspension rate of 1.2%. Color rating and change rate not yet available.	Decrease suspension rates per change rate as calculated on Dashboard  Dashboard indicates blue rating.	Maintain blue dashboard indicator

## Goal 5

**Qualifying Students: Increase support for qualifying students.**

These include English Learners (ELs), students with disabilities (SWDs), foster youth, homeless youth, and socio-economically disadvantaged (SEDs).

### State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 3, 4, 5

Local Priorities: Align with charter document

### Identified Need:

Need to increase support for all qualifying students including, but not limited to, English Learners, students with disabilities, foster youth, homeless youth, socio-economically disadvantaged, and all other high-need students.

Charter has identified needs based on multiple measures as shown below in Expected Annual Measurable Outcomes. All baseline measurements are based on the following: parent/student/community survey data, mission/vision/charter alignment, SBAC and internal assessment data, staff feedback, state/federal reports, WASC feedback, and/or Dashboard data.

## Expected Annual Measurable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
<b>Principal needs feedback</b>	Nine Principals have been trained, and continue with executive coaching	Train three more Principals and continue follow up with all previously trained Principals	The charter now has in-house experts which will continue to work with all Principals throughout the year to meet goals.	The charter now has in-house experts which will continue to work with all Principals throughout the year to meet goals.
<b>Inventory system: MiFis</b>	Current MiFis checked out to students is 1	Increase MiFi use by 5% across charter	Increase MiFi use by 8% across charter	Increase MiFi use by 10% across charter
<b>SBAC scores for SWD subgroup (% met/exceeded)</b>	Current CAASPP met/exceeded scores for SWD subgroup are ELA: 18.19 Math: 13.64  <i>Data Source: Data Quest</i>	Planning meetings and internal data used with fidelity to increase SWD Dashboard subgroup growth in ELA and math	Increase SWD Dashboard subgroup growth data in ELA and math	Increase SWD Dashboard subgroup growth data in ELA and math
<b>Student/staff survey results</b>	ACES were hired and trained. Survey data shows that ACES are a high priority amongst board, staff and community members.	Move to student/parent survey and achieve higher than average scores for “used and useful” category.	Increase used and useful data by 5%	Increase used and useful data by 5%
<b>SBAC scores for EL subgroup (% met/exceeded)</b>	Current CAASPP met/exceeded scores for SWD subgroup are ELA: 27.66% Math: 25.54%  <i>Data Source: Data Quest</i>	Increase EL Dashboard subgroup growth data in ELA and math	Increase EL Dashboard subgroup growth data in ELA and math	Increase EL Dashboard subgroup growth data in ELA and math

## Planned Actions / Services

Complete a copy of the following table for each of the LEA's Actions/Services. Duplicate the table, including Budgeted Expenditures, as needed.

### Action 5A

For Actions/Services not included as contributing to meeting the Increased or Improved Services Requirement:

#### Students to be Served:

(Select from All, Students with Disabilities, or Specific Student Groups)

Specific student groups

#### Location(s):

(Select from All Schools, Specific Schools, and/or Specific Grade Spans):

All schools

OR

For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement:

#### Students to be Served:

(Select from English Learners, Foster Youth, and/or Low Income)

English learners & Low-income

#### Scope of Services:

(Select from LEA-wide, Schoolwide, or Limited to Unduplicated Student Group(s))

Unduplicated student groups

#### Location(s):

(Select from All Schools, Specific Schools, and/or Specific Grade Spans)

All schools

## Goal 6

**Mission:** Continue to support parent choice and personalized learning.

### State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 3, 4, 6

Local Priorities: Aligned with charter document

### Identified Need:

The need to ensure that the school's mission, as outlined in the charter document, remains a high priority.

Charter has identified needs based on multiple measures as shown below in Expected Annual Measurable Outcomes. All baseline measurements are based on the following: parent/student/community survey data, mission/vision/charter alignment, SBAC and internal assessment data, staff feedback, state/federal reports, WASC feedback, and/or Dashboard data.

### Expected Annual Measurable Outcomes

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
<b>State attendance, graduation and drop-out rates</b>	Internal attendance rates and Data Quest drop-out and graduation rates for 2015-16 (most current data available) are as follows:  Attendance: 96.9%	Maintain all rates to be better than county average  *Still awaiting baseline drop-out and grad data to be available on Data Quest; current class size not large enough to report	Maintain all rates to be better than county average	Maintain all rates to be better than county average (change from attendance rates to chronic absenteeism)

Metrics/Indicators	Baseline	2017-18	2018-19	2019-20
	<p>Awaiting baseline drop-out and grad data to be available on Data Quest</p> <p><i>Data Source: Data Quest (drops-outs and graduates); attendance rates based on OASIS Attendance Detail Summary Report.</i></p>			
<b>Staff and WASC feedback</b>	Personalized learning on staff development agendas as choice option; Personalized learning cohort four complete	Personalized learning on staff development as mandatory; add personalized learning cohort five	Personalized learning on staff development as mandatory; add personalized learning cohort six	Personalized learning on staff development as mandatory; add personalized learning cohort seven
<b>Marketing event calendar</b>	8 marketing events were completed	10 marketing events scheduled	10 marketing events scheduled	10 marketing events scheduled

## Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2019-20**

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

Supplemental: \$ 446,440.30

10.25%

Concentration: \$238,666.60

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

All students will receive the services as written in goals 1, 2, 3, 4, and 6 above.

**Goals 5A, 5B, 5D, 5E are specific and principally-directed for unduplicated pupils as per the action narratives. Unduplicated pupils will specifically receive services above and beyond the other students, to ensure the charter effectively meets its goals for these qualifying students.**

In summary, these goals include:

Continue contracting with urban schools group who specifically coach Principals for unduplicated pupils, increase number of participants;  
Continue to increase number of MiFis being used by students who do not have internet access at home due to unduplicated pupil status; and  
Continue to hire and train Assistant Classroom Educators (ACES) for all academy classrooms to specifically assist unduplicated pupils in grades K-5.  
Increase services to English Learners as described in goal 5E.

## Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2018-19**

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$495,070 (supplemental and concentration)

18.77 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

All students will receive the services as written in goals 1, 2, 3, 4, and 6 above.

**Goals 5A, 5B, 5D, 5E are specific and principally-directed for unduplicated pupils as per the action narratives. Unduplicated pupils will specifically receive services above and beyond the other students, to ensure the charter effectively meets its goals for these qualifying students.**

In summary, these goals include:

Continue contracting with urban schools group who specifically coach Principals for unduplicated pupils, increase number of participants;  
Continue to increase number of MiFis being used by students who do not have internet access at home due to unduplicated pupil status; and  
Continue to hire and train Assistant Classroom Educators (ACES) for all academy classrooms to specifically assist unduplicated pupils in grades K-5.  
Increase services to English Learners as described in goal 5E.

## Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2017-18**

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

Supplemental \$335,804

22.60%

Concentration \$179,072

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

All students will receive the services as written in goals 1, 2, 3, 4, and 6 above.

**Goals 5A, 5B, 5D, 5E are specific and principally-directed for unduplicated pupils as per the action narratives.** Unduplicated pupils will specifically receive services above and beyond the other students, to ensure the charter effectively meets its goals for these qualifying students.

In summary, these goals include:

- Continue contracting with urban schools group who specifically coach Principals for unduplicated pupils, increase number of participants;
- Continue to increase number of MiFis being used by students who do not have internet access at home; and
- Continue to hire and train Assistant Classroom Educators (ACES) for all academy classrooms grades K-5.
- Increase services to English Learners.

# Addendum

*The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.*

*For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.*

*If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.*

*Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.*

*For questions related to specific sections of the template, please see instructions below:*

[Plan Summary](#)

[Annual Update](#)

[Stakeholder Engagement](#)

[Goals, Actions, and Services](#)

[Planned Actions/Services](#)

[Demonstration of Increased or Improved Services for Unduplicated Students](#)

*For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).*

## Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the California School Dashboard data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to California School Dashboard means the California School Dashboard adopted by the State Board of Education under *EC* Section 52064.5.

## Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's\* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

\* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

## Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

## Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

## Analysis

Using actual annual measurable outcome data, including data from the California School Dashboard, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the California School Dashboard, as applicable. Identify where those changes can be found in the LCAP.

## Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

**Instructions:** The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

**School districts and county offices of education:** Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

**Charter schools:** Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

## Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

**School districts and county offices of education:** The LCAP is a three-year plan, which is reviewed and updated annually, as required.

**Charter schools:** The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

### Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

### Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

### **Identified Need**

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the California School Dashboard, as applicable.

### **Expected Annual Measurable Outcomes**

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

### **Planned Actions/Services**

For each action/service, the LEA must complete either the section “For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

#### **For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement**

##### **Students to be Served**

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is entered, identify the specific student group(s) as appropriate.

##### **Location(s)**

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and

“Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

### **For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:**

#### **Students to be Served**

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

#### **Scope of Service**

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, enter “Limited to Unduplicated Student Group(s)”.

**For charter schools and single-school school districts**, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

#### **Location(s)**

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

### **Actions/Services**

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

#### **New/Modified/Unchanged:**

- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

**Note:** The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

**Charter schools** may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### **Budgeted Expenditures**

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

## **Demonstration of Increased or Improved Services for Unduplicated Students**

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the “Demonstration of Increased or Improved Services for Unduplicated Students” table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

### **Estimated Supplemental and Concentration Grant Funds**

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 CCR) Section 15496(a)(5).

## Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

# State Priorities

**Priority 1: Basic Services** addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

**Priority 2: Implementation of State Standards** addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
  - a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
  - b. Mathematics – CCSS for Mathematics
  - c. English Language Development (ELD)
  - d. Career Technical Education
  - e. Health Education Content Standards
  - f. History-Social Science
  - g. Model School Library Standards
  - h. Physical Education Model Content Standards
  - i. Next Generation Science Standards
  - j. Visual and Performing Arts
  - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

**Priority 3: Parental Involvement** addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

**Priority 4: Pupil Achievement** as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- C. The percentage of English learner pupils who make progress toward English proficiency as measured by the English Language Proficiency Assessments for California (ELPAC);
- D. The English learner reclassification rate;
- E. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- F. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

**Priority 5: Pupil Engagement** as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;
- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

**Priority 6: School Climate** as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

**Priority 7: Course Access** addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

**Priority 8: Pupil Outcomes** addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

**Priority 9: Coordination of Instruction of Expelled Pupils (COE Only)** addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

**Priority 10. Coordination of Services for Foster Youth (COE Only)** addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

**Local Priorities** address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

# APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of K-8 students who were absent 10 percent or more of the school days excluding students who were:
  - (A) enrolled less than 31 days
  - (B) enrolled at least 31 days but did not attend at least one day
  - (C) flagged as exempt in the district attendance submission. K-8 students are considered to be exempt if they:
    - (i) are enrolled in a Non-Public School
    - (ii) receive instruction through a home or hospital instructional setting
    - (iii) are attending a community college full-time.
- (2) The number of students who meet the enrollment requirements.
- (3) Divide (1) by (2).

(b) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(c) “High school graduation rate” shall be calculated as follows:

(1) For a 4-Year Cohort Graduation Rate:

- (A) The number of students in the cohort who earned a regular high school diploma by the end of year 4 in the cohort.
- (B) The total number of students in the cohort.
- (C) Divide (1) by (2).

(2) For a Dashboard Alternative Schools Status (DASS) Graduation Rate:

- (A) The number of students who either graduated as grade 11 students or who earned any of the following:
  - (i) a regular high school diploma
  - (ii) a High School Equivalency Certificate
  - (iii) an adult education diploma
  - (iv) a Certificate of Completion and was eligible for the California Alternative Assessment if under the age of 20.

(B) The number of students in the DASS graduation cohort.

(C) Divide (1) by (2).

(d) “Suspension rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(e) “Expulsion rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. Reference: Sections 2574, 2575, 42238.01, 42238.02, 42238.03, 42238.07, 47605, 47605.6, 47606.5, 48926, 52052, 52060, 52061, 52062, 52063, 52064, 52066, 52067, 52068, 52069, 52070, 52070.5, and 64001,; 20 U.S.C. Sections 6312 and 6314.

## APPENDIX B: GUIDING QUESTIONS

### Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

### Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?

- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

## **Guiding Questions: Goals, Actions, and Services**

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

*Prepared by the California Department of Education, January 2019*

# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Citrus Springs Charter

CDS Code: 30 10306 0134940

Local Control and Accountability Plan (LCAP) Year: 2019-20

LEA contact information: Amy Podratz, 951-225-7721, Amy.Podratz@springscs.org

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2019-20 LCAP Year

This chart shows the total general purpose revenue Citrus Springs Charter expects to receive in the coming year from all sources.

The total revenue projected for Citrus Springs Charter is \$4,404,010.00, of which \$3,874,874.00 is Local Control Funding Formula (LCFF), \$75,553.00 is other state funds, \$240,196.00 is local funds, and \$213,387.00 is federal funds. Of the \$3,874,874.00 in LCFF Funds, \$685,107.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Citrus Springs Charter plans to spend for 2019-20. It shows how much of the total is tied to planned actions and services in the LCAP.

Citrus Springs Charter plans to spend \$3,963,016.00 for the 2019-20 school year. Of that amount, \$449,700.00 is tied to actions/services in the LCAP and \$3,513,316.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

General fund budget expenditures not shown in the LCAP include: salaries for gen ed teachers, principals, specialists (non-curriculum writing work), senior administrators, and classified staff (non-ACES), as well as back office services, Special Education, food services, athletics, internship/CTE/specialty teachers, debt services for owned facilities, oversight fees, loan/bond fees, conference fees, book service/delivery, software development/maintenance, website maintenance, board activities, employee wellness and benefits, recruitment/retention activities, and parent training and equipping (outside of detailed below).

## Increased or Improved Services for High Needs Students in 2019-20

# LCFF Budget Overview for Parents

In 2019-20, Citrus Springs Charter is projecting it will receive \$685,107.00 based on the enrollment of foster youth, English learner, and low-income students. Citrus Springs Charter must demonstrate the planned actions and services will increase or improve services for high needs students compared to the services all students receive in proportion to the increased funding it receives for high needs students. In the LCAP, Citrus Springs Charter plans to spend \$220,100.00 on actions to meet this requirement. The additional improved services described in the LCAP include the following:

Amounts dedicated in the LCAP are the initial review of needs; additional services are expected to be added based on the unique needs of the population. This will be done through individual assessment of students/programs and data analysis to best fulfill the needs of this high risk group. The charter will update activities at the mid-year review in a public board meeting and further refine the goals in future years as the students' needs change.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2018-19

This chart compares what Citrus Springs Charter budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Citrus Springs Charter estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

In 2018-19, Citrus Springs Charter's LCAP budgeted \$177,946.00 for planned actions to increase or improve services for high needs students. Citrus Springs Charter estimates that it will actually spend \$213,109.00 for actions to increase or improve services for high needs students in 2018-19.

## ENGLISH

### ENGLISH 1

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** English1A/English1B

**Prerequisite:** None

This is a one year, 10 unit course in English 1, generally completed in 9<sup>th</sup> grade. English 1 encourages students to be informed, thoughtful, and independent readers, writers, speakers, and listeners. This course will emphasize the close reading, evidence-based analysis, and critical thinking skills students will need to be successful in this English course and future English courses. It provides students ample opportunity to read, comprehend, evaluate, and analyze complex literature and informational texts from a variety of authors and genres, both classic and contemporary. Students will learn to make inferences about what they read and cite evidence from texts to support their conclusions and analysis. Students will produce a variety of writing pieces including informal and formal pieces and complete narrative, explanatory, research assignments ranging in length for different audiences and purposes. Students will use the writing process to write coherent and focused essays and written responses.

### ENGLISH 2

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** English2A/English2B

**Prerequisite:** English I

This is a one year, 10 unit course in English 2, generally completed in 10<sup>th</sup> grade. English 2 is focused on providing students with the opportunity to engage in essential skills. They will read and understand literature and informational texts. Students will make connections between literature and informational texts to practice critical thinking and analysis. Developing writing skills using the writing process to write for different purposes will be emphasized. Students will search to answer questions or to solve a problem using multiple sources. They will speak and write with a command of English standard language conventions. Oral communication of ideas through collaborative discussions and presentations will be required.

### ERWC (11th Grade)

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** ERWC(11th)A/ERWC(11th)B

**Prerequisite:** English I & II

*Expository Reading and Writing Course (ERWC) 11 is a rigorous, college-preparatory course designed to engage students in the discovery of who they are as persons, the realization of the ways in which they can participate in society, and their development as critical consumers and*

**Grade:** 9

**Credits:** 10 for full year

**Category:** "b"

*effective communicators within society. Employing a rhetorical, inquiry-based approach that fosters critical thinking, student agency, and metacognition, the course includes coursework designed in modules drawn from the following categories: American foundational documents, American drama, American literature, research, and contemporary issues. Students will progress through coursework along an "arc." Through this arc, students will prepare to read challenging texts, read with purpose, question what they read, discover what they think, and write rhetorically about texts. By the end of the course, students will have read a range of literary and nonfiction text genres and produce culminating projects, including academic essays, research reports, and multimedia presentations, from initial draft to final revision and editing.*

### ERWC (12th Grade)

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** ExpRdWrtA / ExpRdWrtB

**Prerequisite:** English I, II, & III/ERWC (11th Grade)

This is a one year, 10 unit course in ERWC, generally completed in 12th grade. The goal of the Expository Reading and Writing Course (ERWC) is to prepare seniors for the literacy demands of higher education. Students successfully completing this course develop skills, knowledge, processes, and dispositions in the following areas of academic literacy: reading rhetorically, writing rhetorically, listening and speaking rhetorically, and habits of mind. Through a sequence of eight to ten rigorous instructional modules, students in this yearlong, rhetoric-based course develop advanced proficiency in expository, analytical, and argumentative reading and writing. The cornerstone of the course presents a scaffolded process for helping students read, comprehend, and respond to nonfiction and literary texts. Modules also provide instruction in research methods and documentation conventions. Students will be expected to increase their awareness of the rhetorical strategies employed by authors and to apply those strategies to their own writing. They will read closely to examine the relationship between an author's argument or theme and his or her audience and purpose; to analyze the impact of structural and rhetorical strategies; and to examine the social, political, and philosophical assumptions that underlie the text. By the end of the course, students will be expected to use this process independently when reading unfamiliar texts and writing in response to them

## MATHEMATICS

### ALGEBRA 1

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** Algebra1A/Algebra1B

**Prerequisite:** Pre-Algebra or Math 8

**Algebra 1** is the **first** course in the traditional high school math sequence, and fulfills the Algebra graduation requirement. This mastery based class will blend at home online education with hands-on face to face interaction. The students will build upon their previous knowledge by exploring quantities and relationships, linear relationships, sequences, linear regressions, linear functions, linear inequalities, system of equations and inequalities, exponential functions and quadratic equations. Students will also learn about the place of statistical analysis in our world through learning to describe both one- and two-variable statistics.

**Grade:** 9

**Credits:** 10 for full year

**Category:** "c"

### GEOMETRY

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** Geom A/Geom B

**Prerequisite:** Algebra 1 or Math 1 with a C or better

**Geometry** is the **second** course in the traditional high school math sequence. This mastery based class will blend at home online education with hands-on face to face interaction. Students will explore using a rectangular coordinate system, composing shapes, rigid motions, congruence through transformations, line and angle relationships, using congruence theorems, similarity, right triangle trigonometry, circles and volume, conic sections, and conditional probability.

**Grade:** 9-12

**Credits:** 10 for full year

**Category:** "c"

### Algebra 2

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** Algebra2A/Algebra2B

**Prerequisite:** Algebra I with a C or better

making inferences and justifying conclusions. **Algebra 2** is the **final** course in the high school three course series. This mastery based class will blend at home online education with hands-on face to face to interaction. Students will build on their Algebra 1 and Geometry experience. They will explore analyzing patterns, composing and decomposing functions, polynomial functions, factors and zeros, polynomial models, rational functions, radical functions, exponential and logarithmic functions and equations, growth modeling, trigonometric relationships and equations, Interpreting data in normal distributions, making inferences and justifying conclusions.

**Grade:** 10-12

**Credits:** 10 for full year

**Category:** "c"

### PRE-CALCULUS (w/ Trigonometry) Grade: 10-12

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** PreCalcA/PreCalcB

**Prerequisite:** Algebra 1, Geometry, and Algebra 2 with a C or better.

This is a one year, 10 unit course in Pre-Calculus (with trigonometry), generally completed in 11th or 12th grade. Pre-Calculus serves as an advanced level of mathematics concentrating on algebra and functions, maxima/minima problems, average rate of change, compound interest, which will lead into the discussion of trigonometry. Students will be able to utilize advanced technologies to assist in solving problems, as well as will be able to apply material learned in class to real life examples.

**Credits:** 10 for full year

**Category:** "c"

### PROBABILITY & STATISTICS

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** ProbStatA/ProbStatB

**Prerequisite:** Algebra II with a C or better

Probability and Statistics follows introductory algebra and geometry, going in depth about the nature of data, its context, representation, and interpretation, as well as the fundamentals of probability and randomness. Context is considered key to the understanding of data and problems. The course incorporates a wide variety of empirical statistical data with meaningful questions linked to its interpretation in real-world situations. Students use their graphing calculator, and statistical software, to model and analyze data and relationships between variables. The course emphasizes verbal framing of questions and responses, not just number solutions to exercises.

**Grade:** 11-12

**Credits:** 10 for full year

**Category:** "c"

### CALCULUS

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** CalcA/CalcB

**Prerequisite:** Pre-Calculus

Calculus is a one year course designed to meet or exceed the California State Standards for calculus. This course will prepare students for college level Calculus. The course will cover differential and elementary integral calculus at an introductory level. After achieving this solid fundamental understanding of calculus, our students will be well prepared for the rigor of college level mathematics. Topics which will be covered in Calculus include limits, derivatives, definite integrals, indefinite integrals, and applications of these topics. Topics will be explored graphically, numerically, algebraically, and verbally. Subtopics include products, quotients, the calculus of logarithmic functions, growth and decay, plane and solid figures, algebraic calculus techniques, and the calculus of motion.

**Grade:** 12

**Credits:** 10 for full year

**Category:** "c"

## HISTORY / SOCIAL SCIENCE

### WORLD HISTORY

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** WrldHisA/WrldHisB

**Prerequisite:** None

This is a one year, 10 unit course in World History, generally completed in 10th grade. Students in grade 10 will study the modern world from the late 18th century through the present. Using a variety of texts and resources, students will develop an understanding of the historical roots of current world issues. Students will discuss current events as they explore the ideals of democracy and other forms of government in the modern world. Students will analyze world events from differing perspectives and cultural understandings.

**Grade:** 10

**Credits:** 10 for full year

**Category:** "a"

### UNITED STATES HISTORY

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** USHistA/USHistB

**Prerequisite:** World History

This is a one year, 10 unit course in United States History, generally completed in 11th grade. Students will study the history of the United States with an emphasis on the political, social, economic, geographic, and cultural factors that have shaped the course of events and allowed the United States to develop and evolve as a country and world leader.

**Grade:** 11

**Credits:** 10 for full year

**Category:** "a"

### AMERICAN GOVERNMENT

**Length of Course:** 1 Semester

**A-G Approved:** Yes

**Transcript abbreviation:** AmerGov

**Prerequisite:** World History and United States History

This is a one semester, 5 unit course, generally completed in 12th grade. This course will include the study, exploration, development, structure, function, and politics of the American government at the federal, state, and local level.

**Grade:** 12

**Credits:** 5

**Category:** "a"

### ECONOMICS

**Length of Course:** 1 Semester

**A-G Approved:** Yes

**Transcript abbreviation:** Econ

**Prerequisite:** World History, U.S. History

This is a one semester, 5 unit course, generally completed in 12th grade. The economics course will include examination of the social, environmental, and international implications of such concepts as supply and demand, government regulation and intervention, poverty, unemployment, inflation, resource depletion, and Third World development.

**Grade:** 12

**Credits:** 5

**Category:** "g"

## SCIENCE

### THE LIVING EARTH

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** BiologyA/BiologyB

**Prerequisite:** NONE

This is a one-year, 10 unit course with required lab, generally completed in 9th grade. This course presents life science and selected Earth science CA NGSS Performance Expectations organized into six embedded units. The sequence presented begins with an understanding of the hierarchical organization of organisms. Then students learn about energy and matter by examining the role photosynthesis and cellular respiration play in the flow of energy from the sun to living things. From there the course moves to looking at the complex nature of an organism by learning how DNA plays an essential role of coding for proteins. Then those proteins are a starting place to begin to study the structure and function of parts of an organism. Then the course moves into inheritance of traits and takes a look at how the DNA they studied in the previous unit gets passed and how offspring inherit traits from the parent. From here the course then takes a look at evolution, taking their knowledge of how traits are passed and examining how those traits are influenced over time to yield greater biodiversity or even new species. Then the course moves to ecosystems as a whole (looking at both living and nonliving components), progressing into connections within ecosystems and the interactions between the biotic and abiotic factors. The course will take a bigger picture look at ecosystems and the impacts that humans have on them, especially in relation to climate change. The course ends by coming back full circle to early earth and its atmospheric changes that led to the Earth we know today.

### CHEMISTRY

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** ChemA/ChemB

**Prerequisite:** Algebra 1 or Math 1 with C- or better, The Living Earth

This is a one-year, 10 unit course with required lab, generally completed in 10th grade. This course in Chemistry with required lab covers the structure and properties of matter. Topics begin with the structure of atoms and progress through atom interactions to form compounds and changes that take place during chemical reactions. Organic, nuclear, and biochemistry are covered at the end of the year. All topics are supported with weekly laboratory experiences.

**Grade:** 9

**Credits:** 10 for full year

**Category:** "d"

### PHYSICS

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** PhysicsA/PhysicsB

**Prerequisite/corequisite:** Algebra 2 or Math 3 with C or better

This is a one-year, 10 unit course with required lab, generally completed in 11th grade. This course introduces the student to the field of physics. This course teaches physics in a conceptual way by maximizing the use of students' personal experience in the everyday world and in their everyday language. It teaches the concepts before the calculation, allowing non-math/science majors to access physics and explore and develop their thinking skills. Students with a conceptual understanding of physics are able to see the application of physics everywhere in their world. Students will be involved in frequent hands-on application of physics properties and will analyze popular media and films for physics applications and properties as well as determining whether or not the action portrayed breaks the laws of physics or falls within its scope.

### ENVIRONMENTAL SCIENCE

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** EnvSciA/EnvSciB

**Prerequisite:** Algebra I w/ grade of C- or better.

This is a one-year, 10 unit course with required lab, generally completed in 11th grade. This course uses hands-on experiences and current events to help guide students through the exploration of ecology, the environment and how to plan for a sustainable future. It is intended to provide a foundation in environmental science topics, laboratory science techniques, fieldwork, data analysis, and critical thinking in an inquiry based setting. Students will explore the relationships between humans and their environment through inquiry, problem solving, data collection and analysis, evaluation, and hands on project based learning. Students will further investigate environmental science by examining case studies using a real world process and application of skills. Current Events will be used to supplement the text when possible and students will be lead in discussions weekly to help apply the lessons to the real world.

**Grade:** 11-12

**Credits:** 10 for full year

**Category:** "d"

**Grade:** 10-12

## WORLD LANGUAGES

### FRENCH 1

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** French1A/French1B

**Prerequisite:** none

In French I, students learn basic communication skills in listening, speaking, reading, and writing in a language other than English. Course content emphasizes speaking and listening activities as well as an awareness of the culture and social conventions of the language.

**Grade:** 9-12

**Credits:** 10 for full year

**Category:** "e"

### SPANISH 2

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** Spanish2A/Spanish2B (LIVE) OR SpanishIII A/SpanishII B (Rosetta Stone)

**Prerequisite:** Spanish I

Spanish II is an intermediate level Spanish course that focuses on increasing vocabulary, complex sentence structure, and fluency.

**Grade:** 10-12

**Credits:** 10 for full year

**Category:** "e"

### FRENCH 2

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** French2A/French2B

**Prerequisite:** French I

In French II, students work together to develop and enhance integrated skills of listening, speaking, reading, and writing in a language other than English. Course content emphasizes communicative skills and appreciation for the culture and social conventions of the new language. French II is also an appropriate entry-level course for students who already have native language speaking skills but need to more fully develop their reading and writing skills in their native language.

**Grade:** 9-12

**Credits:** 10 for full year

**Category:** "e"

### SPANISH 3

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** Spanish3A/Spanish3B

**Prerequisite:** Spanish II

Spanish 3 emphasizes speaking and understanding in the target language and includes advanced grammar, vocabulary, reading and composition. This course includes learning about cultures from many different countries where Spanish is the official language. This course also introduces students to Literature and Art from well-known Hispanic authors and artists. This course uses a variety of teaching, learning and assessment strategies in order to provide a rich educational environment for teachers and students.

**Grade:** 11-12

**Credits:** 10 for full year

**Category:** "e"

### FRENCH 3

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** French2A/French2B

**Prerequisite:** French 2

Description for the 2020-2021 school year will be added soon

**Grade:** 9-12

**Credits:** 10 for full year

**Category:** "e"

### AMERICAN SIGN LANGUAGE 1

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** ASL 1A/ASL 1B

**College Credit:** SBVC ASL 109

**Prerequisite:** none

This course is a full year, 10 unit introductory course. The course is the first in a series of ASL courses designed to introduce American Sign Language as it is used within the Deaf community, including the basic structure, vocabulary and conversational strategies of the language. The culture of the Deaf community is also studied. This course is intended for students interested in learning to communicate with members of the Deaf community, as well as in pursuing a competence in an additional language.

**Grade:** 9-12

**Credits:** 10 for full year

**Category:** "e"

### SPANISH 1

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** Spanish1A/Spanish1B (LIVE) OR SpanishIA/SpanishIB (Rosetta Stone)

**Prerequisite:** none

This course is an introductory level course for Spanish. Students will learn basic vocabulary, culture, sentence and grammar structure, and beginning conversation. There is an emphasis on speaking and listening, as well as writing.

**Grade:** 9-12

**Credits:** 10 for full year

**Category:** "e"

### AMERICAN SIGN LANGUAGE 2

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** ASL 2A/ASL 2B

**Prerequisite:** ASL 1

This course is a full year, 10 unit course and is the second in a series of ASL courses. It presents a continuation of skills learned in ASL 1 and is designed to increase proficiency in American Sign Language structure, vocabulary and conversational strategies as used within Deaf Culture. This

**Grade:** 9-12

**Credits:** 10 for full year

**Category:** "e"

course is intended for students interested in expanding their skills and pursuing greater competence in an additional language.

## VISUAL & PERFORMING ARTS

### INSTRUMENTAL MUSIC

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** InstMusA/InstMusB

**Prerequisite:** none

This course is for students who are taking individual lessons on a pitched instrument. They will log their lessons, practicing, and ear training; as well as developing aesthetic and cultural values through critical listening and exposure to musical genres. This course is designed to increase the skill and performance level of each student, to develop aesthetic and cultural values through critical listening and exposure of students to musical genres through performance and study. Students embed their musical skill practice into a knowledge base of the musical periods and techniques used in each. They ultimately synthesize their knowledge of musical periods, musical techniques, performance abilities, interpretive measures and creativity when they create their own composition reflecting the inspiration found in a period piece that holds significant meaning for them.

**Grade:** 9-12

**Credits:** 10 for full year

**Category:** "f"

### VISUAL ARTS 1

**Length of Course:** 1 Year

**A-G Approved:** Yes

**Transcript abbreviation:** VisArts1A/VisArts1B

**Prerequisite:** none

This course presents the visual arts in an integrated chronological approach to the study of art by demonstrating the interrelationships of aesthetics, art criticism, art history, and studio art projects. Along with comprehension check questions, students will be completing weekly hands-on art projects and/or written assignments.

**Grade:** 9-12

**Credits:** 10 for full year

**Category:** "f"

## PHYSICAL EDUCATION

### PE 1

**Grade: 9**

**Length of Course:** 1 Year **Credits:** 10 for full year

**A-G Approved:** No

**Transcript abbreviation:** PE1A/PE1B

**Prerequisite:** none

Physical Education is a two semester course – 5 units each semester. Students will complete all assignments and project- based learning independently in accordance with due dates set by the course instructor. In this course, students will develop movement and healthy lifestyle skills as well as positive self-image, personal growth, and social evolution. Students will participate daily in a variety of individual and/or group activities to improve flexibility, muscle strength, and cardiovascular endurance. Students will also learn the benefits of setting personal fitness goals. In addition, students will learn rules and techniques for participation in formal and informal sports. Physical Education requires 250 minutes of physical activity a week and a weekly log to track your progress (Parents must sign a form to prove that you completed your minutes) plus 4 health and physical related activities to promote healthy lifestyles.

### PE 2

**Grade: 10**

**Length of Course:** 1 Year **Credits:** 10 for full year

**A-G Approved:** No

**Transcript abbreviation:** PE2A/PE2B

**Prerequisite:** none

Physical Education is a two semester course – 5 units each semester. Students will complete all assignments and project- based learning independently in accordance with due dates set by the course instructor. In this course, students will develop movement and healthy lifestyle skills as well as positive self-image, personal growth, and social evolution. Students will participate daily in a variety of individual and/or group activities to improve flexibility, muscle strength, and cardiovascular endurance. Students will also learn the benefits of setting personal fitness goals. In addition, students will learn rules and techniques for participation in formal and informal sports. Physical Education requires 250 minutes of physical activity a week and a weekly log to track your progress plus 4 health and physical related activities to promote healthy lifestyles

## CAREER TECHNICAL EDUCATION

*It is our goal to have all students prepared to enter college and a career. Career Technical Education courses provide a learning environment designed to obtain the requisite foundational knowledge necessary to be successful in post-secondary opportunities. In addition, CTE courses provide needed skills to students to prepare them for employment immediately following a post-secondary certificate, Associates or Bachelors degree program.*

### **BIOTECHNOLOGY PATHWAY**

#### **CTE BIOTECH 1**

**Level:** Concentrator

**Grade:** 9-12

**Length of Course:** 1 Year

**Credits:** 10 for Full Year

**Prerequisite:** none

Students will learn about the biotech role in healthcare and the pathophysiology of disease on a microscopic level. They will gain virtual and hands on experience performing common laboratory procedures used in clinical research and manufacturing. They will learn how this field seeks to cure such deadly diseases as cancer and malaria, develop innovative medicine, and effectively feed the world through improved systems. They'll learn about the history of biotechnology and some of the challenges it faces today, such as resistant bacteria, drifting flu viruses, and genetically modified organisms in food. Students will research new biotechnologies and understand firsthand how they are forever changing the world we live.

#### **CTE BIOTECH 2**

**Level:** Capstone

**Grade:** 10-12

**Length of Course:** 1 Year

**Credits:** 10 for Full Year

**Prerequisite:** CTE Biotech 1

This capstone course offers students the opportunity to participate in authentic laboratory experiences in a virtual environment. These labs will allow students to explore realistic case scenarios and work in the lab towards realistic outcomes. Students will be challenged in the lab to use their critical thinking skills and problem solve when errors are made. Each student will practice safe laboratory procedures that are used in the real world within the biotechnology industry. Students will also get the chance to apply these skills and techniques towards research using the scientific process and design and authentic scientific research study.

camera in manual mode, using a camera's light meter, understanding the exposure triangle, natural and studio lighting applications, understanding lenses and focal lengths, composition techniques, color vs. black and white photography techniques, this history of photography, contemporary practices in the field of photography, careers in photography, digital workflow and output options, exploring and practicing common genres and themes in photography, and more. Students will learn and grow through assigned technical exercises as well as self-driven projects and portfolio building.

#### **CTE DIGITAL ART & DESIGN**

**Level:** Capstone

**Grade:** 10-12

**Length of Course:** 1 Year

**Credits:** 10 for Full Year

**A-G Approved:** Yes

**Category:** "F"

**Articulated:** Crafton Hills, CIS 163

**Prerequisite:** CTE Introduction to Photography

This course introduces students to aspects of using Adobe Photoshop as a tool for creative art and design work, graphic design, illustration, photo and image editing, and basic video editing and animation concepts. Students will study the elements of art and principles of design and apply them to their own creative real-world-inspired projects. Digital culture, concepts, and issues that relate to changing technology in the creative design industry will be discussed and explored. Upon successful completion of this course, students will have a strong working knowledge of how to use Adobe Photoshop to solve a variety of design-related issues and have a strong portfolio of work to prove their skill level.

### **EDUCATION PATHWAY**

#### **CTE CAREERS IN EDUCATION**

**Level:** Concentrator

**Grade:** 9-12

**Length of Course:** 1 Year

**Credits:** 10 for full year

**Prerequisite:** none

This course will provide an overview of the teaching profession, its origin, and its current state. This will be done through two approaches, first a look at our system of education which will be covered from historical, philosophical and pedagogical viewpoints. Then second, a look at teaching itself through the teaching profession standards, effective methods, and ways to address diversity in the classroom.

### **DESIGN, VISUAL & MEDIA ARTS PATHWAY**

#### **CTE INTRODUCTION TO PHOTOGRAPHY**

**Level:** Concentrator

**Grade:** 9-12

**Length of Course:** 1 Year

**Credits:** 10 for full year

**A-G Approved:** Yes

**Category:** "F"

**Articulated:** San Bernardino Valley College, ART 251

**Prerequisite:** none

This course is an introduction to the basic applications of digital photography. Course content will include, but is not limited to, camera and exposure basics, operating a DSLR

## **CTE CAREERS IN EDUCATION 2**

**Level:** Capstone

**Grade:** 10-12

**Length of Course:** 1 Year

**Credits:** 10 for Full Year

**Prerequisite:** CTE Careers in Education

This capstone course includes teaching practices that are up to date, practical and realistic for use in today's diverse classrooms. Participants learn how to engage students in the learning process, manage the classroom effectively, and increase student achievement. This course is intended to help prepare for the challenges of today's diverse classrooms through coverage of such topics as Common Core curriculum standards, differentiated instruction, new educational technologies, special populations in the general education classroom, cognitive and academic language proficiency, and legislative initiatives such as Race to the Top and Response to Intervention.

## **ENTREPRENEURSHIP/SELF-EMPLOYMENT PATHWAY**

### **CTE ENTREPRENEURSHIP 1**

**Level:** Concentrator

**Grade:** 9-12

**Length of Course:** 1 Year

**Credits:** 10 for full year

**Prerequisite:** none

Entrepreneurship 1 is a course for more than just students interested in business. This is a course for designers, artists, engineers, techies, writers, and all students interested in excelling in the 21st Century. Students will learn to transform their passions into businesses and develop a mindset capable of critical thinking and problem solving in a fast paced professional setting. You will study current trends to anticipate future opportunities. Students will be encouraged to be creative and out of the box thinkers. We will discover how entrepreneurship affects our community and economy.

### **CTE ENTREPRENEURSHIP 2**

**Level:** Concentrator

**Grade:** 10-12

**Length of Course:** 1 Year

**Credits:** 10 for full year

**Prerequisite:** CTE Entrepreneurship 1

In Entrepreneurship 2, students will continue to build knowledge and skills by learning the steps to start their own businesses. Class participants will build a basic knowledge of various entrepreneurial ventures and create a profitable business. Through field experiences and real-world projects, students will be exposed to different types of innovative entrepreneurial concepts, such as design thinking, rapid prototyping, and team-building. Students will be challenged to identify and develop their personal professional strengths along with their innovative spirits.

## **FAMILY & HUMAN SERVICES PATHWAY**

### **CTE HUMAN DEVELOPMENT**

**Level:** Concentrator

**Grade:** 9-12

**Length of Course:** 1 Year

**Credits:** 10 for full year

**Prerequisite:** none

**Articulated:**

This class is an exploration of human beings from a sociological, biological and psychological perspective throughout the lifespan. We will apply what we learn through class discussions and projects. Due to the emphasis of human behavior in Human Services careers, this class will require your willingness to share and potentially dive deep into reflection of personal experiences. The ability to develop empathy is imperative as a Human Service professional.

### **CTE HUMAN SERVICES**

**Level:** Capstone

**Grade:** 10-12

**Length of Course:** 1 Year

**Prerequisite:** CTE Human Development

In this class, students explore the variety of careers available in the Family and Human Services field. They examine the careers offered including it's educational requirements, salaries, populations served and much more. Students will strive to not only understand the career but also what it's like to live a day in the life of that career by participating in internships, inviting guest speakers and visits to various Human Services facilities. Participation is through discussion and willingness to contribute by researching or networking within their own community to make contacts in the industry.

## **FOOD SERVICE & HOSPITALITY PATHWAY**

### **CTE CULINARY ARTS 1**

**Level:** Concentrator

**Grade:** 9-12

**Length of Course:** 1 Year

**Credits:** 10 for full year

**Prerequisite:** none

If you've ever wanted to learn more about cuisine and how your creativity and appreciation can be expressed by preparing food, Culinary Arts is perfect for you. Learn the fundamentals of a working kitchen, and explore what it takes to develop real talent as a chef. Enhance your knowledge of the endless varieties of food, and discover the possibilities that the many spices can bring. Learning more about food preparation will certainly make everything you prepare taste better while giving you the ability to bring people together through the joy of eating.

**Please note,** this course is only offered online using eDynamic Learning Curriculum. Students will need to have access to basic kitchen equipment and ingredients to complete the course.

### **CTE CULINARY ARTS 2**

**Level:** Capstone

**Grade:** 10-12

**Length of Course:** 1 Year

**Credits:** 10 for full year

**Prerequisite: CTE Culinary Arts 1**

This capstone course addresses the areas that can impact an operation's bottom line, such as menu planning, food and beverage purchasing, inventory management, labor, and facilities. Technology's importance as a cost control tool is explored, in addition to the use of "green" practices that can help operations save money. Useful formulas and common foodservice conversions are included, as well as a basic math review. Students gain experience building their own foodservice operation by completing the course project as they progress through the text. Capital budgeting and related financial measurements are reviewed.

- NVIDIA GeForce 470 GTX or AMD Radeon 6870 HD series card or higher
- 8 GB RAM

**GAME DESIGN & INTEGRATION PATHWAY****CTE INTRODUCTION TO GAME DESIGN**

**Level:** Concentrator **Grade:** 9-12  
**Length of Course:** 1 Year **Credits:** 10 for full year  
**A-G Approved:** Yes **Category:** "f"  
**Prerequisite:** none

**Articulated:** San Bernardino Valley College, ART 180

This course covers the history of games from ancient civilizations, to modern video games as well as an introduction to game analysis, game mechanics, and technology for game design, programming concepts, user experience design, and the game design industry. Students will explore what makes a game fun and engaging, and will create their own tabletop game. Students may also be given an introduction to 2d and 3d digital video game design.

**Minimum computer requirements:**

- Desktop PC or Mac
- Windows 7 64-bit or Mac OS X 10.9.2 or later
- Quad-core Intel or AMD processor, 2.5 GHz or faster
- NVIDIA GeForce 470 GTX or AMD Radeon 6870 HD series card or higher
- 8 GB RAM

**CTE INTERMEDIATE GAME DESIGN**

**Level:** Capstone **Grade:** 10-12  
**Length of Course:** 1 Year **Credits:** 10 for full year  
**Prerequisite:** CTE Introduction to Game Design

This course expands upon the design, art, and coding concepts taught in CTE Intro to Game Design. Students will learn skills such as level design, programming, animation, visual effects, lighting, and more. The end product of this course is a functioning video game completely made by students.

**Minimum computer requirements:**

- Desktop PC or Mac
- Windows 7 64-bit or Mac OS X 10.9.2 or later
- Quad-core Intel or AMD processor, 2.5 GHz or faster

**HOSPITALITY, TOURISM & RECREATION PATHWAY****CTE HOSPITALITY, TOURISM & RECREATION**

**Level:** Concentrator **Grade:** 9-12  
**Length of Course:** 1 Year **Credits:** 10 for full year  
**Prerequisite:** none

If you like to travel and are intrigued by the idea of helping others explore the beauty, culture and cuisine of the world around them, you will want to be enrolled in this concentrator course.

This course introduces students to management, marketing and operation of restaurants and other food services, lodging, attractions, recreation and travel services. Customer service is key, and students will learn what is great service and how to remain cool when the customer is getting heated! Many first jobs are in this industry - especially food services - why not learn how to succeed in your job, and enjoy it?

**CTE TRAVEL & TOURISM OPERATIONS**

**Level:** Capstone **Grade:** 10-12  
**Length of Course:** 1 Year **Credits:** 10 for full year  
**Prerequisite:** CTE Hospitality, Tourism & Recreation

This course prepares students with the skills, attitudes, and knowledge needed for employment in the lodging industry, travel-related service occupations, and/or theme parks, attractions, outdoor recreation, and exhibitions and event-planning. Topics include lodging terminology; the history of lodging; marketing; property management; guest psychology and relationships; lodging operations; food and beverage services; convention services; business management; industry awareness and policies; security and emergency procedures; salesmanship and guest satisfaction; computer applications; geography; culture and customs; reservations and ticketing; travel itineraries; international travel; and technology used in the industry. Additional topics include trade shows, fairs, and conferences; outdoor recreation and management; financial transactions; tourism; client information and planning specialized events to include themes, timelines, budgets, target audiences, objectives, agendas and public relations related to support services within the lodging industry.

**NETWORKING PATHWAY****CTE COMPUTER CODING**

**Level:** Concentrator **Grade:** 9-12  
**Length of Course:** 1 Year **Credits:** 10 for full year  
**Prerequisite:** none

In this course, you will explore the role technology plays in our lives as well as study the fundamentals of computer

science, review hardware and software, and learn how the internet functions. You will also discover how to create and build your own website using HTML and CSS and learn basic and complex commands and sequences as you become familiar with programming languages like JavaScript and Python Programming. This course also covers data collection methods, access rights, protocols, and security. You will learn the difference between web development and web application development as well as further explore Advanced Python, HTML, and JavaScript. You will also examine software engineering concepts, learn more about security, privacy, and ethics in technology, and explore the wide variety of careers in computing.

**Please note**, this course is only offered online using eDynamic Learning Curriculum.

### **CTE CYBER SECURITY**

**Level:** Capstone **Grade:** 10-12  
**Length of Course:** 1 Year **Credits:** 10 for full year  
**Prerequisite:** CTE Computer Coding

This capstone course is designed to teach students about the fundamentals of Cybersecurity. Using case studies that connect the content to real-life situations, students learn topics such as information security fundamentals, protecting host systems, security vulnerabilities and protection of nontraditional hosts, protecting network services and infrastructure from attacks, wireless network security, encryption and cryptography, threats to data, penetration testing, cloud computing, risk management, incident response and computer forensics, as well as career and workplace considerations.

### **PATIENT CARE PATHWAY**

#### **CTE HEALTH SCIENCE TERMINOLOGY**

**Level:** Concentrator **Grade:** 9-12  
**Length of Course:** 1 Year **Credits:** 10 for full year  
**A-G Approved:** Yes **Category:** "g"  
**Prerequisite:** none

**Articulated:** San Bernardino Valley College, CIT 144  
 The Health Science Terminology course is designed to introduce students to the structure of medical terms, including prefixes, suffixes, word roots, singular and plural forms, and medical abbreviations. The course allows students to achieve comprehension of medical vocabulary appropriate to medical procedures, human anatomy and physiology, pathophysiology, pharmacology, and clinical documentation. Students will gain experience using terminology to communicate with patients and documenting clinical scenarios.

### **CTE ANATOMY & PHYSIOLOGY w/Lab**

**Level:** Capstone **Grade:** 9-12  
**Length of Course:** 1 Year **Credits:** 10 for Full Year  
**A-G Approved:** Yes **Category:** "d"  
**Prerequisite:** Biology/Living Earth AND CTE Health Science Terminology

**Articulated:** Crafton Hills, ANAT 101

Students in Anatomy and Physiology will study a variety of topics, including the structure and function of the human body and the interaction of body systems for maintaining homeostasis. The Anatomy and Physiology course is designed for students to conduct laboratory and field investigations, use scientific methods during investigations, and make informed decisions using critical thinking and scientific problem solving.

### **PUBLIC SAFETY PATHWAY**

#### **CTE PUBLIC SAFETY 1**

**Level:** Concentrator **Grade:** 9-12  
**Length of Course:** 1 Year  
**A-G Approved:** Yes **Category:** "g"  
**Prerequisite:** none

Public Safety 1 is designed to give students an introduction to everything involved with public safety jobs. Police, Fire, and the Military are all a part of the Public Safety pathway and we spend time studying each one. Military and police guest speakers will visit and students will practice fingerprinting and understanding blood splatter patterns. Students will also look at creating emergency action plans for our schools and learn first aid and CPR

#### **CTE PUBLIC SAFETY 2**

**Level:** Capstone **Grade:** 10-12  
**Length of Course:** 1 Year **Credits:** 10 for Full Year  
**Prerequisite:** CTE Public Safety 1

**Articulated:** In Progress

Public Safety 2 will continue what we learned in Public Safety 1 with an increased focus on law enforcement. Our focus will have us examining drugs, gangs, and terrorism, and the way different agencies in the United States work together to keep our communities safe.

### **SYSTEMS DIAGNOSTICS, SERVICE & REPAIR PATHWAY**

#### **CTE ENGINE REPAIR 1**

**Level:** Concentrator **Grade:** 9-12  
**Length of Course:** 1 Year  
**Prerequisite:** none  
**Articulated:** MSJC, AUME 072

This course will cover basic vehicle maintenance, engine function, basic electronics, brakes, suspension, proper tool

and equipment use, basic engine rebuilding, measuring skills, wheels and tires, shop safety, and fuel systems. The course will use an online learning system in conjunction with hands-on lab work to provide students with real world experiences and knowledge of the concepts.

**Please note,** Students who take this course online will be required to attend a monthly mobile lab for hands-on projects.

#### **CTE ENGINE REPAIR 2**

**Level:** Capstone

**Grade:** 10-12

**Length of Course:** 1 Year

**Credits:** 10 for Full Year

**Prerequisite:** CTE Engine Repair 1

This course is a more advanced automotive course that will provide more in depth knowledge of vehicle maintenance, tool and equipment use, engine diagnostics, precision measuring, automotive machining, engine rebuilding, and will also cover performance modifications, engine management performance tuning. This course will also use an online learning system in conjunction with hands on lab work.

**Please note,** Students who take this course online will be required to attend a monthly mobile lab for hands-on projects.

### **WEB DESIGN & SOCIAL MEDIA PROGRAMMING PATHWAY**

#### **CTE WEB DESIGN 1**

**Level:** Concentrator

**Grade:** 9-12

**Length of Course:** 1 Year

**Credits:** 10 for full year

**Prerequisite:** none

In this class, students learn how to create digital images, web pages and animations. They'll learn how to write scripts and code, design websites, and create graphics. Web Design is for students who are interested in developing art from a digital perspective for interactive on-screen display. In addition, they will use concepts unique to web publishing such as interface design and making motion graphics for game apps. Careers in web design and development, information technology, e-journalism, new media, and graphic design are explored.

#### **CTE WEB DESIGN 2**

**Level:** Capstone

**Grade:** 10-12

**Length of Course:** 1 Year

**Credits:** 10 for Full Year

**Prerequisite:** CTE Web Design 1

This capstone course teaches the foundations of how to use social media, online advertising, and digital marketing to create or manage a successful online business. Students will also learn how to create, use, and modify content management systems to create functional and successful websites and ecommerce sites.

## **WORK EXPERIENCE EDUCATION**

### **INTERNSHIP (EWEE) 1**

**Grade:** 9-12

**Length of Course:** 1 Year

**Credits:** 10 for Full Year

**Prerequisite:** None

In this course, students will gain valuable knowledge and skills by doing meaningful, hands-on work as an intern. The student will complete 120 hours of internship or 4 hours per week that are aligned with the student's career interest. Students will know how to write a resume, cover letter, letter of recommendation, and participate in an interview. They will also learn about employee expectations and customer service skills.

### **INTERNSHIP (EWEE) 2**

**Grade:** 9-12

**Length of Course:** 1 Year

**Credits:** 10 for Full Year

**Prerequisite:** EWEE 1

This is a continuation of Internship (EWEE) 1 and will focus on the student's specific career interests. The students will be required to complete 120 hours or 4 hours per week of internship to successfully pass this course. The student will also complete all required Internship assignments, discussion, and quizzes. These assignments cover, but are not limited to personal profiles, resumes, cover letters, letters of recommendation, career choices, job applications, job searches, interview skills, employee expectations, skills to success, and customer service.

### **INTERNSHIP/WORK EXPERIENCE EDUCATION (GWEE) 1**

**Grade:** Must be 16 years old

**Length of Course:** 1 Year

**Credits:** 10 for Full Year

**Prerequisite:** Paying job and work permit required

Work Experience Education is the combining of on-the-job training with related academic instruction designed to maximize the on-the-job experience. The emphasis is a career-based learning opportunity for the student through part-time paid employment. WEE is part of a total educational process that helps the student to choose a career path wisely, prepares them for full-time employment that is suitable for their abilities and interests and allows students the opportunity to learn to work collaboratively in a successful way. Students will develop professional skills, habits, and attitudes conducive to job success and personal growth. The employment will serve the function of a practical laboratory activity for reinforcing academic instruction. By linking the academic core curriculum with on-the-job work experience this course will promote the students' school-to-career transition.

### **INTERNSHIP/WORK EXPERIENCE EDUCATION (GWEE) 2**

**Grade:** Must be 16 years old

**Length of Course:** 1 Year

**Credits:** 10 for Full Year

**Prerequisite:** Paying job and work permit required, GWEE 1

General Work Experience Education (GWEE) 2 is a continuation of General Work Experience Education (GWEE) 1. GWEE 2 will delve deeper into Labor Laws, employee rights, etc. GWEE 2 combines on-the-job training with related academic instruction designed to maximize the on-the-job experience. The emphasis is a career-based learning opportunity for the student through part-time paid employment. GWEE is part of a total educational process that helps the student to choose a career path wisely, prepares them for full-time employment that is suitable for their abilities and interests and allows students the opportunity to learn to work collaboratively in a successful way. Students will develop professional skills, habits, and attitudes conducive to job success and personal growth. The employment will serve the function of a practical laboratory activity for reinforcing academic instruction. By linking the academic core curriculum with on-the-job work experience this course will promote the students' school-to-career transition.

## DUAL ENROLLMENT

### EASTERN OREGON UNIVERSITY COURSES

**Hum 103**                      **Grade: 9 - 12**

**Transcript Abbreviation: Get Focused!**

**Length of Course: 1 Semester**

**Credits: 3 College Credits, 5 High School Credits**

**Prerequisite: None**

This course covers the fundamentals of keyboarding including operation of a standard keyboard by touch. Instruction and practice in formatting a variety of personal and business documents, such as letters, reports, and tables. Use of speed and accuracy drills designed to develop a keyboarding speed of 30 words per minute for five minutes. This is a combined Part I and Part II course students can complete in one semester. Associate Degree Applicable, non-transferable to UC/CSU.

planning, physiology of flight, and airborne emergencies.

**Associate Degree Applicable**

### SAN BERNARDINO VALLEY COLLEGE COURSES

**CIT 010 Beginning Keyboarding**                      **Grade: 9 - 12**

**Length of Course: 1 Semester**

**Credits: 3 College Credits, 5 High School Credits**

**Prerequisite: None**

This course covers the fundamentals of keyboarding including operation of a standard keyboard by touch. Instruction and practice in formatting a variety of personal and business documents, such as letters, reports, and tables. Use of speed and accuracy drills designed to develop a keyboarding speed of 30 words per minute for five minutes. This is a combined Part I and Part II course students can complete in one semester. Associate Degree Applicable, non-transferable to UC/CSU.

***The following courses are available on-site at Pathfinder Student Center Only. Courses are determined by SBVC catalogue.***

**AERO 022 Private Pilot Ground School**

**Location: Pathfinder SC Only**                      **Grade: 9 - 12**

**Length of Course: 1 Semester**

**Credits: 6 College Credits**

**Prerequisite: None**

This course offers complete preparation for the Federal Aviation Administration (FAA) private pilot written examination including aerodynamics, weight and balance, airports and airspace, meteorology, using aviation services, flight information publications, federal air regulations, navigation, radio navigation aids, cross-country flight

# Advisement Process

### Springs Charter Schools Mission Statement

*Our mission is to empower students by fostering their innate curiosity, engaging their parents, and promoting optimum learning by collaboratively developing a personalized learning program for each student.*

### **WASC Accredited California Public K-12 School**

Springs Charter Schools are California Public Charter Schools that serve grades K-12 in Riverside, San Bernardino, San Diego, Orange, and L.A. Counties. Each school was founded on the principle that parent involvement and a personalized educational program for each student will lead to optimal levels of student achievement.

We believe that the best learning occurs when:

- The parent is directly involved in the teaching and learning process
- Learning is tailored to each individual student's needs
- One-on-one teaching is the primary arrangement
- Real life "context-based" learning is emphasized
- There is enrichment through field trips, apprenticeships, cooperative classes, and appropriate uses of technology
- Schooling is viewed as one aspect of an education
- The entire community serves as the school campus

The current WASC Report can be found online at  
[www.springscharterschools.org](http://www.springscharterschools.org) > About Us > Accreditation

For more detailed information about program options, visit our website at  
[www.springscharterschools.org](http://www.springscharterschools.org) and click on "Our Programs."

### Important Questions

All high school advisement conversations begin with these important questions:

1. How will the school prepare students for college and career readiness?
2. What are the student's post-graduation goals?

#### **Question 1: How will the school prepare students for college and career readiness?**

Springs Charter School's graduation requirements and course offerings are designed to provide students with a variety of options upon graduation. The schools place a high value on the importance of college and career readiness. School counselors will work with high school students to develop an academic plan that optimizes each student's options for achieving their post-graduation goals.

Important considerations include:

- Does the student plan to return to their district school to complete graduation requirements? If the answer is yes, course schedules should be aligned to match the district's graduation requirements. It is the parent and student's responsibility to provide information about their district's graduation requirements to Springs' staff.
- Does the student plan to complete their high school graduation requirements at Springs Charter Schools? If so, students should be scheduled into classes that lead towards receiving a diploma.
- Will the student attempt a sequence of courses that align with California State University freshman admissions requirements?
- Has the student participated in Career Technical Education and/or an Internship?

#### **Question # 2: What are the student's post-graduation plans?**

Academic planning for high school students involves early identification of post high school goals, as well as, educational and career options. Identification of student potential and interest should be conducted exclusive from a report card.

### **California State University & University of California Admissions**

Springs Charter graduates who plan on attending a CSU or UC are advised to:

- ☆ Follow the CSU/UC “a-g” sequence of courses
- ☆ Enroll in Springs “a-g” courses. All “a-g” courses are certified by the University of California
- ☆ Maintain a C or higher in all courses
- ☆ Complete all SAT and other entrance exams prior to December of their senior year
- ☆ Apply during the month of October - November to both CSU and UC campuses (Application Deadlines for CSU/UC – November 1-30)

### **Private and Out of State Colleges and Universities**

Students should research college admissions requirements for private and out of state colleges. In general, students are advised to follow UC Freshman Admissions criteria during the early years of high school.

### **Community College**

High school students interested in attending community college after graduation may begin to prepare themselves for the rigors of college level work during the high school years. Students are encouraged to:

- ☆ Take as rigorous of courses in high school as possible. At Springs Charter, it is recommended that community college bound students take as many “a-g” level courses as possible.
- ☆ Juniors & seniors may be approved for up to 9 units per semester (no more than two classes) of community college courses, which will count towards high school and college degree general education requirements

### **Diploma**

All high school students are expected to take a sequence of courses and examinations that lead to receiving a high school diploma. School staff are expected to ensure that each student is scheduled in classes that are designed to meet Springs’ high school graduation requirements. Students are expected to complete courses in a recommended sequence each year unless otherwise approved by the school counselor.

### **Certificate of completion**

A certificate of completion is available for students who have been identified with specialized needs as part of an individualized education program.

The College/Career Indicator contains both college and career measures which recognizes that students pursue various options to prepare for postsecondary and allows for fair comparisons across all LEAs and schools.

There are three levels that measure postsecondary preparedness in the College/Career Indicator (CCI):

- Prepared
- Approaching Prepared
- Not Prepared

### **Prepared Level - Does the graduate meet at least 1 measure below?**

High School Diploma and any one of the following:

- Career Technical Education (CTE) Pathway Completion plus one of the following criteria:
  - Smarter Balanced Summative Assessments: At least a Level 3 "Standard Met" on ELA or Mathematics and at least a Level 2 "Standard Nearly Met" in the other subject area
  - One semester/two quarters of Dual Enrollment with passing grade (Academic/CTE subjects)
- At least a Level 3 "Standard Met" on both ELA and Mathematics on Smarter Balanced Summative Assessments
- Completion of two semesters/three quarters of Dual Enrollment with a passing grade (Academic and/or CTE subjects)
- Passing Score on two Advanced Placement (AP) Exams or two International Baccalaureate (IB) Exams
- Completion of courses that meet the University of California (UC) a-g criteria plus one of the following criteria:
  - CTE Pathway completion
  - Smarter Balanced Summative Assessments: At least a Level 3 "Standard Met" on ELA or Mathematics and at least a Level 2 "Standard Nearly Met" in the other subject area
  - One semester/two quarters of Dual Enrollment with passing grade (Academic/CTE subjects)
  - Passing score on one AP Exam OR on one IB Exam

### **Approaching Prepared Level - Does the graduate meet at least 1 measure below?**

High School Diploma and any one of the following:

- CTE Pathway completion
- Scored at least Level 2 "Standard Nearly Met" on both ELA and Mathematics Smarter Balanced Summative Assessments
- Completion of one semester/two quarters of Dual Enrollment with passing grade (Academic/CTE subjects)
- Completion of courses that meet the UC a-g criteria

### **Not Prepared Level**

Student did not meet any measure above or did not graduate, so considered NOT PREPARED

Once a student begins to develop an area of interest, staff may want to begin helping them to think creatively about whether this interest has potential for a future career. Students may explore their interests by taking any of the following course options:

### **CTE at Springs Charter Schools**

Springs Charter offers CTE Pathway Programs. These programs are offered at academy sites and online and are designed to prepare students for either immediate employment in an industry following high school graduation or for continued education at a college or university. Refer to the CTE flyer in the appendix for information on specific courses and sites. Students can contact their ES/Teacher or counselor to find out about local course availability and how to sign up.

### **CTE Courses**

Career Technology Education courses provide entry-level job skills and experience in a large variety of career fields. High school students 16 years or older may want to begin their vocational training and experience while still in high school. Many CTE courses provide students with certificates of competency upon completion. An online Google search will quickly lead to a CTE program in your area.

**\*\*Please note:** Any CTE program that is offered outside of Springs must be pre-approved by the student's counselor. Program descriptions and proof of enrollment must be submitted to the counselor prior to beginning CTE courses, and a meeting will be held to determine course credit. Upon completion of the course or sequence, students must provide SCS with a certificate of completion.

### **Work Experience:**

Work Experience Education is the combining of an on-the-job training with related academic instruction designed to maximize the on-the-job experience. The emphasis being a career based learning opportunity for the student through part-time paid employment. WEE is part of a total educational process that helps students to choose a career path wisely, prepares them for full-time employment that is suitable for their abilities and interests and allows students the opportunity to learn to work collaboratively in a successful way. Students will develop professional skills, habits and attitudes conducive to job success and personal growth. The employment will serve the function of a practical laboratory activity for reinforcing the academic instruction. By linking academic core curriculum with an on-the-job work experience this course will promote the students' school-to-career transition.

### **Internships:**

In this course, students will gain valuable knowledge and skills by doing meaningful, hands-on work as an intern. The student will complete 120 hours of internship or 4 hours per week that are aligned with the student's career interest. Students will know how to write a resume, cover letter, letter of recommendation, and participate in an interview. They will also learn about employee expectations and customer service skills.

Staff and parents play an important role in each student's success. Most important to student achievement for underperforming students is to help the student to identify his/her support systems and resources within and outside of the school setting. Springs' students must be able to stay motivated, read and comprehend instructions and materials, ask questions of adults, and have adequate organizational skills.

### **English enrollment**

It is important that staff set high expectations in all courses, especially English. Springs's graduates must be able to read and write at or above grade level in order to access increasingly complex concepts and instruction. All Springs' students are expected to be enrolled in UC "a-g" English courses. Students are expected to enroll in English courses each year.

### **Mathematics**

Springs Charter Schools has several enrollment policies in regards to high school students, including Math enrollment for all high school students. Students are expected to enroll in a math course each year until they have completed the minimum three year mathematics graduation requirement.

### **MTSS Multi-Tiered System of Support**

Students who have low test scores on state-wide and school adopted assessments are placed in the school's MTSS process. Staff, parents and occasionally students work together to identify the student's areas of need and develop strategic plans to assist the student towards greater levels of success in all academic areas, particularly English and Mathematics.

**MTSS Website:** <https://sites.google.com/a/springscs.org/scs-rti/home>

**Strategies** for teachers working with under-performing independent study students (edited from <http://www.ncpublicschools.org>)

- Maintain and support high expectations
- Use pacing guides to plan the instruction and cover competencies
- Teach comprehension strategies and skills
- Relate the subject matter to everyday life situations
- Use various types of ongoing assessment periodically to monitor student learning
- Hold conferences with students regarding their work
- Teach to learning styles
- Use manipulative and other active learning strategies
- Incorporate test vocabulary into daily instruction
- Place emphasis on the application of the new learning
- Model and demonstrate strategies for students and serve as a coach for them
- Provide choices for students (e.g., choosing their own books, research projects, etc.)
- Provide opportunities for students to assume responsibility for their own learning by requiring them to set goals, keep records of their progress, share their learning, exhibit and evaluate their work
- Hold true to the mission of the school
- Develop and maintain positive home-school relations

### **Serving the Needs of Gifted Learners**

Springs Charter has a variety of services, resources, and opportunities for high achieving students, resources and web links, and alternative options for students to receive credit for academically advanced coursework. High school students may earn credits as concurrent enrollment in community college and distance learning opportunities.

### **Advanced Placement (AP) Program:**

Completing an AP course let's colleges and universities know that a student has what it takes to succeed in an undergraduate environment. When admissions officers see "AP" on a transcript, they know that what students experienced in a particular class has prepared them well for the challenges of college. Taking AP courses is a sign that students can be successful in the most rigorous classes a high school has to offer. Students should consult with their counselor or ES/TOR to discuss if AP is right for them and to discuss course offerings.

The Springs Guidance Department administers AP exams in the spring of each school year. Advanced Placement exams are administered to directly coincide with the completed courses. If a student passes the AP exam with a score of three or higher (on a scale of one to five), they could receive college credit for the course through College Board. For more information about AP testing, visit <http://apcentral.collegeboard.com>

### **Dual Enrollment**

Dual enrollment is a program that allows qualified high school students to earn college and high school credit while meeting graduation requirements. For some students it may be an additional option to achieve college credit in both the academic and vocational pathways.

### **National Honors Society (NHS)**

Membership in NHS is based on four criteria: scholarship, leadership, service, and character. Students are expected to pay membership dues, participate in community services projects and attend monthly chapter meetings. NHS members in good standing are eligible for state and national scholarships offered through the NHS organization.

### **California Scholastic Federation (CSF)**

Membership in CSF is based on scholarship and citizenship only. CSF members are eligible for a variety of tuition scholarships at universities across California and in select colleges nationwide.

### **GPA - Overall, Overall Weighted, Academic Weighted**

- Overall GPA: Average grade in all classes from 9-12th grade, based on a 4.0 scale.
- Weighted Academic GPA: Average grades in all classes from 9-12 with extra point for Honors/AP in which a C or better is earned in the course.
- Academic (weighted) GPA: Our academic GPA is aligned with the UC/ CSU Weighted GPA.

Overall GPA can be found on the student's transcript. Contact your school counselor for official calculation of weighted.

## **Concurrent Enrollment**

Springs Charter students may obtain both high school and college credit for specific courses taken at the community college level provided certain guidelines are followed.

- A student enrolled full time with Springs may take college course and receive dual credit for the courses. Full time enrollment is defined as a student who is attempting 20 units of Springs Charter School courses within any given term.
- The following factors will be reviewed by the school administrator prior to granting approval for Springs students to attend college courses through the concurrent enrollment process:
  - Per individual college requirements.
  - Maintaining positive progress towards Springs graduation requirements.
  - Continued College Class Enrollment: Students will be considered for continued enrollment in college courses based on successful completion of previous community college classes.
  - Academic History: Students requesting concurrent enrollment typically have a history of strong academic performance in both high school and community college level.

### **Unit Calculations for Community College courses**

College courses that are listed on the CSU and/or UC Transferable Course Lists will be calculated for high school units at 3.33 high school units for each 1 community college course unit and not to exceed 10 SCS units per course. Lab requirements for specific science courses are not awarded additional units toward Springs graduation requirements. CSU and UC Transferable Course Lists may be found at **[www.assist.org](http://www.assist.org)**.

Examples include:

	<b>CC Units</b>	<b>x 3.33 =</b>	<b>SCS Units</b>
English 100	3	x 3.33 =	10
PE	1	x 3.33 =	3.33
Spanish I	5	x 3.33 =	10

High school students may take any community college course, however those courses that are not on the CSU/UC Transferable course list will receive 3-5 SCS units for each 3 unit community college course. Students are responsible to submit the transcript to the SCS administration office, attention to the Transcript Technician

## Concurrent Enrollment Checklist

TASK	Student	SCS Staff
<b>Complete Matriculation Process at Desired College of Attendance</b> Refer to individual college website for required steps		
<b>Complete Required Concurrent Enrollment Paperwork &amp; Submit to SCS for Approval</b> <ul style="list-style-type: none"> <li>Refer to individual college website for required form(s) and documents.</li> <li>It is recommended you turn your forms in early; processing may take up to 7 business days.</li> <li>Students who do not submit forms to the Guidance Department for approval prior to starting the course may not receive high school credit for completed courses.</li> </ul>		
<b>Request Transcripts from SCS if Required</b> Not all colleges require official transcripts for concurrent enrollment. Request transcripts by visiting the Springs website and submitting a transcript request form.		
<b>Submit Required Forms and Documents to College</b> SCS will not submit documents on a student's behalf.		
<b>Register for Approved College Courses</b> Refer to college website for registration process, date, and time.		
<b>Complete College Course with a C or Better</b>		
<b>Request College Send Official Transcripts to SCS</b> It is the student's responsibility to submit official transcripts to SCS so that high school credit can be awarded. Refer to the college for transcript request procedure. Transcripts should be sent or hand delivered directly to –  <div style="text-align: center;"> Springs Charter Schools  Attn: Transcript Technician  27740 Jefferson Ave  Temecula, CA 92590 </div> Only a sealed official transcript will be accepted for high school credit. It is highly advised that students submit transcripts immediately following the semester in which a college course is completed to ensure accurate academic advisement and assessment of progress towards graduation requirements.		
<b>Credits Awarded on High School Transcript</b>		

## **Community College Documentation and Transcripts**

1. College courses will be entered into OASIS under the course specific titles by the guidance department.
2. All community college courses that are completed by the student will be posted on the Springs' transcripts after submission of an official transcript from the college to the guidance department and with written permission from the parent/guardian or adult age student. It is the student's responsibility to have the Official Transcript sent from the college. The ES/Teacher may use unofficial documentation for purposes of tracking academic progress towards graduation however, the High School diploma will not be complete until official documents have been received and posted to the student's transcript.

Note: It is the student's responsibility to provide enrollment and/or verification of completed course work to the ES/TOR at the beginning and completion of each semester. The ES/TOR is responsible for monitoring academic progress towards completion of Graduation Requirements.

Dual enrollment is a program that allows qualified high school students to earn college and high school credit while meeting graduation requirements. For some students it may be an additional option to achieve college credit in both the academic and vocational pathways.

### Dual Enrollment Objectives

Dual Enrollment creates access for high school students participating in post-secondary education opportunities (academic & career).

- ☆ Reduces college costs for students and families
- ☆ Reduces the length of time for students to obtain their academic and/or career goals
- ☆ Increases college credits awarded to high school students

### Why Take Dual Enrolled Courses?

Begin college early. High school students can begin working on a vocational certificate, associate's degree and/or university transfer requirements while completing as much as one year of college.

Save money. Students and their families can save thousands of dollars of college costs.

Easier transition to college. Students will gain confidence in their ability to do college work and may have an easier transition into postsecondary education.

### Who Teaches These Courses?

Dual enrolled classes are taught by college professor or vetted Springs staff. This may be a Springs employee who has been hired by the college for the specific purpose of teaching the courses to Springs students. Instructors use college curriculum and textbooks, and deliver a college level course which will require students to work at a higher level.

The Springs Charter Schools' guidance staff consists of a team of specialists committed to providing quality services to students, parents, staff and the general public. Credentialed counselors, teachers, technicians and support staff work together in addressing the needs of all students to ensure the maximum benefit from the educational experience. The guidance department maintains that the education and development of student potential is vested in the individual, family, school and community and is therefore committed to a collaborative process that is inclusive of all stakeholders.

Departmental functions include:

- Professional counseling & support services
- High school advisement and course enrollments
- 504 Plans
- MTSS Behavior Support

Guidance staff is committed to the following student related services:

- Student advocacy and assistance toward independence and responsibility in action
- Participate as an integral part of the school in addressing the complex issues that students are confronted with in today's society
- Early identification and advisement for college and career readiness
- Crisis intervention – Response, staff development, written school policies & processes
- Coordination of student services with all departments (Special Education, Student Records, Instruction and Curriculum, Discipline, etc)
- Develop systematic academic advisement policies and practices to insure that all high school students are placed in courses appropriate to meeting both SCS graduation requirements, enrollment policies and student post-graduation goals
- Develop increased understanding in the educational community of students' social, emotional and developmental needs and proven strategies for responding to all students
- Foster the belief that every individual is capable of learning and deserving of respect
- Support the belief that education must prepare students to live and work in a complex and ever-changing global society
- To foster reflection, re-evaluation, and openness to change as key elements toward program and individual improvement

Advisement Functions:

- Develop four year academic plans for all SCS programs
- Develop individualized four year academic plans for all high school students and select core courses.
- Provide staff development and training to all high school staff, teachers and directors
- Collaborate with all program directors on course advisement issues and scheduling
- Provide advisement for parents and students ongoing development of the student's four year academic plan
- High School course enrollment

All high school students are advised to meet with the school counselor for yearly transcript and academic reviews of their high school students' advisement plan. It is preferred that parents, students and teachers be present at the yearly review, however it is not required. Contact the Guidance Department to schedule an appointment with the counselor that serves your area.

**Counselor/Student Assignments:** All students are assigned a school counselor. Counselors are assigned based on the student's teacher of record.

### High School Units for Middle School Students:

Springs Charter Schools provides 7<sup>th</sup> and 8<sup>th</sup> grade students the opportunity to earn high school credits in the areas of a-g approved mathematics courses and a-g approved foreign language courses. The policy is consistent with the UC/CSU policy to accept these units when taken in middle school.

Parents who would like their middle school student to receive high school units must send a written request to the transcript technician for the courses and units to be recorded on the transcript. It is also important to note that:

- Another school may not accept the units
- **Only** a-g mathematics and a-g foreign language courses can be considered for high school credit

### Middle School Math Course Tracking:

All middle school math courses will be designated on the course schedule to indicate the specific math course that each student is taking.

Listed below are the middle school math course titles/sequence:

#### ***For 7<sup>th</sup> Grade Only***

Math 7

Math 7 Accelerated

Math I (P)

#### ***For 8<sup>th</sup> Grade Only***

Math 8

Math I (P)

Math 2 (P)

**Placement Criteria for Math Courses:** The following multiple measures should be considered when placing students in the middle school math sequence.

- I-Ready Math Assessment results or Inspect Assessments
- Springs Math placement test
- Current math course performance on homework, quizzes, and test scores
- CAASPP scores
- Teacher observations and recommendations

**Course Approval Process:** Once scores are validated the appropriate math course will be added to the student's schedule by the guidance department.

### Spirings 9<sup>th</sup> Grade Math Placement Test Policy

Prior to initial enrollment in a high school mathematics class, all students will take the high school Mathematics Placement Test. The proctored placement test will be offered to 8th graders in the spring and will also be offered during the first month of school. Students who took the test in the spring may retake the test at this time. The fall score will supersede the spring score if the test is taken twice. Students already enrolled in a high school mathematics course will be placed according to their Milestone 4 score for their current course. Placement will be as follows:

Students with no prior high school math	
Score Range	Placement
70% or higher OR iReady and CAASPP scores at grade level	9th grade math
0%-70%	9th grade math with appropriate scaffolding

Students with prior high school math	
Score Range	Placement
70% or higher	Next Course in Sequence
0%-70%	Next Math course in sequence with appropriate scaffolding

Results of students' ninth grade math placement will be reported to the board each October by the Director of Instructional Support. The results will be disaggregated by sub-groups. Parents who question their student's placement should meet with the Director of Instructional Support to discuss appropriate placement.

### Sample Mathematics Sequences:

#### Typical Sequence

	7 <sup>th</sup>	8 <sup>th</sup>	9 <sup>th</sup>	10 <sup>th</sup>	11 <sup>th</sup>	12 <sup>th</sup>
Math 7	✓					
Math 8		✓				
Math 1 (P)			✓			
Math 2 (P)				✓		
Math 3 (P)					✓	
Pre-Calc (P)						✓
Prob & Stat (P)						✓

### Sequence for students who place below 70%

As defined by multiple measures, including assessments, academic performance, etc.

	7 <sup>th</sup>	8 <sup>th</sup>	9 <sup>th</sup>	10 <sup>th</sup>	11 <sup>th</sup>	12 <sup>th</sup>
Math 7	✓					
Math 8		✓				
Algebra 1			✓			
Geometry				✓		
Intermediate Algebra					✓	
Pre-Calc (P)						
Prob & Stat (P)						

### Advanced Mathematics Sequence

Springs Charter Schools encourage advanced mathematics students to accelerate by beginning the high school (P) level math course sequence in 8<sup>th</sup> grade. Students who score a course letter grade of an A or B and earn a full year credit (ie: 10 units) may advance into the next course level.

The math teacher, parent, student and school counselor will determine math course placement based on multiple measures including assessment, student performance in math courses, and sample of student work and progress toward completion of graduation requirements with the expected four years.

UC and CSU school systems require three years of college-preparatory mathematics (four years recommended) that include the topics covered in elementary and advanced algebra and two- and three-dimensional geometry.

	7 <sup>th</sup>	8 <sup>th</sup>	9 <sup>th</sup>	10 <sup>th</sup>	11 <sup>th</sup>	12 <sup>th</sup>
Math 7	✓					
Math 7 Accelerated	✓					
Math 8		✓				
Math 1 (P)	✓	✓	✓			
Math 2 (P) / Geometry (P)		✓	✓	✓		
Math 3 (P) / Intermediate Algebra (P)			✓	✓	✓	
Pre-Calculus (P)				✓	✓	✓
Prob & Stat (P)				✓	✓	✓
Calculus (P)					✓	✓

## High School Advisement Worksheet – Transcript Analysis

---

Student academic advisement will be calculated using the advisement sheet. Counselor developed advisement sheets should be reviewed yearly with the student for ongoing academic evaluation and planning; this will ensure progress towards meeting expected graduation requirements and post-graduation goals. The advisement sheet is designed for transcript analysis for students transferring from other high schools and well as for use in providing clear communication and expectations between staff, parents, and students.

### Transcripts from Other Schools:

Many of Springs' high school students earn grades and units from other high schools during their high school academic career. Some important tips when working with transcripts from other schools include:

- Always work from the original transcript
- Understand course titles and equivalent course levels  
SCS (P) designated courses are submitted and approved through the UC Regents office. These college-prep courses have equivalent rigor to standard CA public high school courses.
- Most course titles may be researched through UC Doorways. Google search a-g course lists and select the school that the student attended (as listed on the student's transcript).
- Use the credit summary often included on transcripts—the credit summary indicates the graduation requirements met from the student's previous school.
- When unsure of whether a course title will meet Springs' graduation requirements, record the course title in the Special Interest section of the advisement sheet until verification of the course content is complete
- Parents and students may be expected to obtain course descriptions and/or course syllabi or other verifying documentation to verify questionable course titles or content.

## **Post Secondary Connection Course Options**

### **Option 1 - 60 Units**

Complete:

UC/CSU Admissions (Visual Performing Art, World Language and College Prep Elective)

and

CTE Pathway (2 one year CTE courses in the same pathway)

**OR**

### **Option 2 - 60 Units**

Complete:

UC/CSU Admissions (Visual Performing Art, World Language and College Prep Elective)

and

\*One Semester College Course (Academic or CTE)

and

Additional 10 units from CTE, VPA, Foreign Language or \*College Course

### **Option 3 - 60 Units**

Complete:

CTE Pathway (2 one year CTE courses in the same pathway)

and

\*One semester College Course (Academic or CTE)

and

Additional 10 units from CTE, VPA, or Foreign Language

and

Additional 20 units from another CTE, VPA, Foreign Language or \*College Course

### **Option 4 - 60 Units**

Complete:

\*Two semesters of College Courses (Academic or CTE)

and

Additional 10 units from CTE, VPA, or Foreign Language

And

Additional 30 units from another CTE, VPA, Foreign Language or \*College Course

### High School Student Enrollment Policy – College and Career Readiness

Springs Charter School recognizes the importance of ensuring that all graduates reach their highest potential in the areas of college and career readiness. Springs' graduates will be prepared to access college level coursework depending on post-graduation, college, and career plans. Springs high school students will be encouraged to take a series of career exploration and pathway programs that include internships, work experience, career pathways, career certification, CTE (formerly ROP) classes, and other career and vocational exploration and training programs

**College Readiness** for Springs Charter schools can be defined through some of the following criteria:

- Completion of CSU/UC Freshman Admissions Requirements
- Completion of college level transferable courses through concurrent or dual enrollment.
- College admissions exam scores that meet expected entrance criteria (Accuplacer, SAT, ACT, EAP, Advanced Placement, SAT Subject Exams, and others)
- Completion of advanced high school coursework in mathematics, English, foreign language, science, social studies, visual and performing arts, career technical education.
- Other similar factors

### **Enrollment in High School Courses**

All high school students will be enrolled in courses that are approved through the UC Regents as meeting college preparatory levels of rigor. These course titles are designated on the transcript as (P). For more information, see the University of California's a-g Course List on the UC website.

All high school students will be enrolled in courses that follow the CSU/UC Freshman Admissions a-g course sequence. These courses are aligned to the school's high school graduation requirements. For more information, see the University of California and California State University websites for freshman admissions requirements.

#### **Exceptions to enrollment policy:**

Parents who are requesting that a student be exempt from completion of high school course work at the a-g level of rigor or sequence, may request an exemption to the school's course enrollment policy. All exemptions will be determined through either the MTSS, 504, or IEP process and based on objective criteria that includes student academic performance in each course, test scores, adequate progress, teacher recommendations, and additional factors. The student's counselor must be in attendance as one member of the multidisciplinary team. Determinations for exemption will be made within individual subject disciplines. If a determination is made that the student schedule should be at the general level of rigor, the MTSS, 504, or IEP team will meet at regularly scheduled intervals to monitor student progress and ensure that interventions and supports are effective. Parents will be required to sign the a-g rigor and/or sequence opt out form. This form will be given to the school counselor and course selection will be changed on the student's schedule.

## UC/CSU Freshman Admission Subject Requirements

---

### General requirements, by subject area

High school seniors who fulfill the following three requirements will be entitled to a comprehensive review of their applications at each UC campus to which they apply.

- Complete 15 A-G courses, with 11 of those done prior to the start of 12<sup>th</sup> grade
- Maintain a GPA of 3.0 or better
- Take the ACT with Writing or SAT Reasoning test

### The A-G requirements can be summarized as follows:

**A History / Social Science** - Two years required, including one year of world history, cultures, and geography **and** one year of U.S. history or one-half year of U.S. history and one-half year of civics or American government.

**B English** - Four years of college preparatory English that includes frequent and regular writing, and reading of classic and modern literature.

**C Mathematics** - Three years of college preparatory mathematics that include the topics covered in elementary and advanced algebra and two- and three-dimensional geometry (students are required to take 1 year of Geometry).

**D Laboratory Science** - Two years of laboratory science providing fundamental knowledge in at least two of these three disciplines: biology (which includes anatomy, physiology, marine biology, aquatic biology, etc.), chemistry, and physics.

**E Language Other Than English** - Two years of the same language other than English.

**F Visual & Performing Arts** - One year, including dance, drama/theater, music, or visual art.

**G College Preparatory Elective** - In addition to those courses required in "a-f" above, one year (two semesters) of college preparatory electives are required, chosen from advanced visual and performing arts, history, social science, English, advanced mathematics, laboratory science, and language other than English.

### Exam Requirements

SAT I or ACT

### UC/CSU Application Deadlines

November 1-30 of the previous year

### Financial Aid Applications

FASFA and Cal Grant (due January to March)

---

## Student Grade Level Placement

---

Springs Charter School grade level placement for High School Students is based off of previous grade level enrollment.

No grade level changes will be considered during the school year unless circumstances dictate the need for exception and the counselor & program director approve.

The goal for all high school students would be to complete all high school diploma requirements within a four-year time frame, including summer school. Typically, this would require that each student be enrolled in a minimum of 30 units each semester. If students are unable to meet this expectation then they will work with their assigned counselor to develop an alternative plan.

### Course Sequence

Each semester high school transcripts are reviewed by the school counselor and appropriate adjustments made to the student's schedule. Student course selection should indicate a progression of advancing course levels and titles. Ex: The natural progression of Spanish classes is: Spanish I, II, III, etc.

### Credit for Course in Religious Studies

Springs Charter School awards units for courses that teach about religion. Courses that are devotional in nature will not be awarded units. Contact the Director of Guidance if any clarification is needed.

### Standard of Measurement/Equivalent Unit

Springs awards five units for a semester's worth of assigned course work. This should not be confused with a semester's length of time. Students are expected to cover and master the educational material in each course in order to earn all attempted units. Partial completion of assigned work within a semester's time may result in partial units in the course. The course teacher determines the number of units to be awarded in each course.

The ES/Teacher is responsible for documenting and evaluating learning, which shows progress towards the student standards. High school students must complete all grade level course requirements as defined by the California Common Core Standards. Core courses include essential standards/concepts, key assignments, seminar discussions with highly qualified instructors and a final exam.

### High School Credit Alert

In order for a student to be enrolled with Springs Charter School, they must be attempting a minimum of 20 units each semester. Most students take between 30 and 35 units each semester. Students may not exceed 40 attempted units in a semester without prior approval from school counselor or program director.

Students who are concurrently enrolled in community college courses may count each course as five attempted units towards the maximum required units (40). (ex: student takes 25 units through Springs and 2 community college courses to equal attempted units of 35). See concurrent enrollment information in this handbook.

**Units:** Students should earn five units of credit for each semester of coursework based on standards mastered.

**Repeated Units:** Any course repeated beyond the maximum units allowed will not receive additional credit. However, if a student repeats a course to improve his/her grade, units will be given for the course with the higher grade.

**Course Prerequisites:** A course prerequisite is a prior qualifying condition, education experience, or level of performance which is used to predict the probability of success in the course. It does not in itself determine the probability of success in the course or eligibility for enrollment in a course. Counselors also use standardized test scores, past academic performance, teacher recommendation, and assessed motivation to place students in classes commensurate with their abilities, interests, and needs.

## Grades to Date Policy

New students who enroll at a Springs Charter School during mid-semester are encouraged to request Grades to Date (also known as check-out or withdrawal grades) from the previous school during the check-out process. Springs will accept Grades to Date from the previous school under the following conditions:

- **Option 1:** Grades to date will be accepted when the student continues in the same course/courses at Springs Charter that they were taking at the time of withdrawal from their previous school. Final semester grades will be determined by averaging the courses grade to date from the previous school with the Springs grade. Final semester grades are determined by the ES or teacher.
- **Option 2:** The parent or student may request that the student be awarded the previous school's grade from the Grade to Date report with variable units based on an average of the student's actual attendance divided by the total of expected semester attendance as indicated on the previous school records.

*Example: The student transfers to Springs Charter at the mid semester point with a letter grade of "B" in Ceramics A. Based on the student's actual attendance of 38 days out of the school's semester expected attendance of 90 days, this student would receive a grade of "B" and 2 units for Ceramics A on their Springs transcript.*

### Process for documentation:

- Parents and students may present Grades to Date information at either the Intake enrollment meeting or to their ES or academy advisement staff at any time within the first semester of enrollment with Springs Charter.

### Other clarification for accepting grades to date:

- Grades to Date will only be accepted if there has been no more than a two week gap in missed work or attendance between the drop date from the previous school and the start date with Springs Charter.
- The parent or student must provide the written Grade to Date report from their previous school within the student's first semester of enrollment with Springs Charter. It is the parent and student's responsibility to provide the Grade to Date form to intake staff, their ES or program advisement staff.

**Withdrawal Grades for Springs Charter Students:** When a student withdraws or is removed from a class partial units may be awarded based on standards measured. Springs high school students who withdraw from school during the semester are expected to be awarded all grades and full or partial units that have been earned up to the point of withdrawal. The ES or teacher of record is expected to post grades and units on the student's report card within a reasonable time frame of the student's departure in order that the receiving school can assign courses accurately. A copy of the report card should be provided to the student at the time of withdrawal, regardless of the circumstances for the student drop. Withdrawal grades will appear on the high school transcript and be sent to the new school as part of the cumulative file.

**Incomplete and Pass/Fail Grades:** Under Independent Study guidelines, students are to be awarded letter grades and units based on standards measured. Springs does not award Incomplete or Pass/Fail grades.

**"No Mark" Grades:** All attempted courses must remain on the student's transcript, regardless of final grade and units earned. Attempted courses are defined as courses in which the student 1) was enrolled, 2) met with a teacher, and 3) received lesson assignments and/or instructional materials. In addition, if school staff claimed any portion of ADA (attendance) for the class, then the course must

remain on the student's transcript. Students who do not complete sufficient work to earn at least 1 full unit of credit may have a grade of NM and zero units posted on the transcript.

The High school transcript is the official, permanent record of each high school student's academic accomplishments. Credentialed teachers are responsible to follow all Springs Charter school enrollment policies and teacher responsibilities as determined by administrative staff including principals, program directors, school administrators, governing board policies, and other requirements as written in the charter.

**Grades:** (per *Education Code* sections 49066 and 49070b) Credentialed teachers are responsible to determine and submit the final course grades and units. The grade given to a pupil by the teacher of the course (in the absence of clerical or mechanical error, bad faith, incompetency, or fraud) shall be final. Neither the local governing board nor superintendent or other administrative staff shall order a grade changed without first giving the teacher who has assigned the grade the opportunity to state orally or in writing the reasons for which the grade in question was given.

**Exceptions:** On rare occasion, other credentialed staff may determine courses, grades and unit assignments under the following conditions 1) when the teacher assigned to oversee the student's work is not available or no longer employed at Springs Charter school, 2) when the parent or student contests the course, grade or units assigned and a credentialed administrator reviews the entire body of student work or documented completion of lessons, grading policies, etc. or 3) by written school policy and 4) when a parent or student requests consideration of grades/units for non-traditional coursework, such as: Withdrawal Grades for another school, parent designed transcripts, international transcripts, and college work completed outside of guidelines as stated in SCS written concurrent enrollment policies.

**High School Transcripts from Previous Schools:** The transcript technician may post high school courses, grades and units based on documentation from another high school's Official Transcript. It is the student/parent's responsibility to contact the previous school and request the Official Transcript to be sent to the transcript technician for posting to the student's Springs' transcript. All high school courses, grades and units must be posted as they appear on the previous school's transcript. Course titles may be changed to reflect Springs' course title equivalents (example English 1A at Murrieta High School may be posted as English I (P) A on the Springs' transcript (if the course is listed under the UC Regents approved courses for Murrieta High).

**College Transcript submission:** Springs policy allows for college courses to be posted on the high school transcript once the transcript technician has received the Official Transcript from the college. It is the student's responsibility to request their transcript from the college and have it sent to the transcript tech.

**How to request a transcript:** Transcripts can be requested via the Springs website.  
<https://springscs.org/current-students-parents/counseling-support/high-school-guidance/transcripts>

Springs Charter School offers high school students the option to earn units for Driver Education & Training taken through private licensed driving schools. Students should discuss this course option with their academy teacher of record or their Homeschool ES prior to the semester that the course is taken. Springs can only award high school units for driver education and training courses taken during the months when school is in session.

The California Department of Motor Vehicles requires that all students under the age of 18 must take an education and training course prior to obtaining a driver's license. The course consists of a minimum of thirty hours of classroom instruction and at least six hours of behind the wheel training taught by a professional, certified instructor.

Once the student has completed all requirements of the driver training and education program, the school will issue official documentation of course completion required by the California DMV prior to issuing the student a Professional Driver's License.

Students who plan to take Driver Education and Training for high school credits must make their own arrangements with a certified driver training school.

### **FAQ for Springs Charter Students:**

#### ***Q: Does Springs Charter provide or pay for a Driver's Education and Training Course?***

A: Springs Charter has a number of approved vendors who offer Driver Education & Training courses. Homeschool families must use one of the approved vendors when using the student's instructional funds to pay for the course. Academy students may enroll in the driving school of their choice, at their own expense. Students should be advised that not all Driver Education programs are certified to instruct students under the age of 18, and do not submit the needed course completion certification required by the California DMV.

#### ***Q: The DMV referred me to my school for a course completion certificate? Who issues these?***

A: Many comprehensive high schools offer Driver Education and Training from certified instructors. Because SCS does not offer certified instruction, students must go to the private driving school for course completion certification.

#### ***Q: How does Springs Charter award units for the high school transcript?***

A: Students must make prior arrangements with their Homeschool ES or academy teacher of record in order to receive units for Driver Education and Training. Students must complete all classroom and behind the wheel instruction and pass the Professional License exam in order to receive the full five units for the course.

### Graduation Verification Process

The ES/TOR will...

1. Post final grades/units in Oasis
2. Complete the Student Check-Out Form to let student records know if all materials were returned.
3. Complete the electronic Graduation Verification Form on the Staff Resources section of the website

The Guidance department will....

4. School counselors will review and sign off on graduation forms and send written notification to student records for diploma's to be mailed home to students.

### Participation in Graduation Ceremonies

Graduating seniors may participate in the Springs Charter Graduation Ceremonies if:

- The student has completed all graduation course requirements.
- The student is within 10 units of completion of graduation course AND is enrolled in extended learning.
- The student is in "good standing" in regards to citizenship and behavior. Participation in graduation ceremonies is a privilege. Students may be notified in writing as part of a disciplinary process that, although they will receive the diploma for completing all graduation courses & exam requirements, that the privilege to participate in graduation ceremonies has been withdrawn based on non-academic issues. In these cases, the parent may appeal the decision to the Program Director, Senior Director, and/or Director of Education.

### Cap & Gown, Ceremony Participation and Diploma

Student Records will contact all potential graduates with information about how to order the Cap & Gown, graduation ceremony logistic information and request a small fee for the printing and framing of the student's diploma.

### 9<sup>th</sup> and 10<sup>th</sup> grade:

- Download and read the NCAA guide for the College-Bound Student-Athlete. [www.NCAA.org](http://www.NCAA.org)
- Contact your school counselor to discuss eligibility and obtain the list of RSCS eligibility courses.
- Plan to graduate on time (in eight academic semesters). If you fall behind, use summer school sessions prior to graduation to catch up.
- Work hard to get the best grades possible. You must earn a minimum required grade-point average in all of your core courses. You must also earn a combined SAT or ACT sum score that matches your core-course grade-point average and test score sliding scale. (Requirements differ for Division I and Division II.)
- Take classes that match Springs Charter Schools' NCAA list of approved core courses.
- You can find the list of NCAA approved core courses for Springs Charter School at [www.eligibilitycenter.org](http://www.eligibilitycenter.org).

### 11<sup>th</sup> grade: Register with the NCAA eligibility center

- Begin your amateurism questionnaire
- Make sure you are still on track to meet core-course requirements (verify you have the correct number of core courses and that the core courses are on file with the NCAA eligibility center)
- After your junior year, request that your school counselor send a copy of your official transcript to the eligibility center. If you have attended any other high schools, make sure a transcript is sent to the eligibility center from each high school.
- Prior to registration for classes for your senior year, meet with your school counselor to determine the amount of core courses that you need to complete your senior year for eligibility
- Begin taking the ACT or SAT (qualifying test scores are required for NCAA eligibility), request test scores to be sent to the eligibility center

### 12<sup>th</sup> grade:

- Continue to get high grades in all courses
- Complete amateurism questionnaire and request final amateurism certification on or after April 1 if you are expecting to enroll in college in the fall semester (October 1 for spring semester enrollment.)
- Continue taking the ACT or SAT, request test scores to be sent to the eligibility center. The eligibility center will use the best scores from each section of the ACT or SAT
- Have your high school guidance counselor send a final transcript with proof of graduation to the eligibility center

### Requesting a Work Permit

Students requesting a work permit or an entertainment permit should contact the CTE Department via the website :<http://springscharterschools.org/work-permit>

A determination of eligibility will be made based on the policy requirements listed below. Students requesting to earn High School credit toward graduation must also be enrolled in a Work Experience Education (WEE) course through Springs Charter School. Once the completed work permit packet has been received by the appropriate office, please allow 7-10 working days to process your work permit.

### Student Responsibility:

- Springs' Work/Entertainment Permit Policy requires that students:
  - Maintain a 2.0 GPA as determined by the prior semester grades
  - Have no truancy or excessive absences
  - Maintain good citizenship
  - Are making adequate progress toward graduation
- Parents and students are expected to become familiar with federal and state laws and restrictions that apply to working minors.
- It is the responsibility of the student/parent to work with the Work Permit Coordinator or WEE coordinator/teacher to insure that all forms and information are accurate and complete.
- Students must complete all portions of the Work Permit Application.
- The student must re-apply for a new work permit yearly and when changing employers.

### Enrollment in Work Experience Education (WEE) for High School Graduation credit:

- The WEE teacher/coordinator approves students for enrollment in WEE (EC § 51760).
- At the time of enrollment, students must be at least 16 years of age (EC § 51760.3(a) or be enrolled in grade 11 or higher (EC § 51760.3(a)(i)).
- WEE may be identified on the Individualized Education Program (EC § 51760.3(a) (4)).
- The WEE teacher/coordinator will collaborate with the student's assigned teacher of record to manage student enrollment, grades and participation in WEE. The WEE teacher/coordinator will also collaborate with the students' assigned counselor any time a student falls out of compliance with the policy listed above.

## **Work Permits as a Motivating Tool for Academic achievement**

California law allows schools to establish their own policies regarding work permits. Because all working students under the age of 18 in the state of California are required to obtain a work permit in order to hold a job, the Work Permit can be a motivating tool for improving student achievement for high school students. Education specialists and site directors may place a student under probation warning when students fall below the school's Work Permit Policy guidelines listed above. However, only the Director of Guidance or WEE coordinator-teacher may revoke a student's Work Permit. The law requires that students are given a warning period and adequate time to remediate the policy violations established by the school. In addition, there must be a provision in the revocation process for the student to appeal the decision of the Director of Guidance or WEE coordinator-teacher.

## **Hours of Work**

Springs students are expected to comply with the General Summary of Minors' Work Regulations found on page 2 of the Statement of Intent to Employ a Minor and Request for Work Permit. For purposes of clarification, all students at Springs are considered "in session" Monday through Friday, including Home Schooled and Independent Study Students. Springs students are limited to the daily maximum hours of work for their specific age group as outlined by state labor laws. While it is at the discretion of the school to determine whether a minor may obtain a work permit in order to be employed, it is the parent who is responsible to set appropriate boundaries for academic and work activities. While Springs supports a student's desire to work, academic success is the primary goal for all students. It is recommended that students work no more than 24 hours per week in order to allow for adequate focus on academic performance.

## The California High School Proficiency Exam (CHSPE)

Many Springs students and parents ask for advisement on whether or not their student should take the CHSPE exam. According to the CHSPE website passing the exam is considered a “legal equivalent of a high school diploma.” The exam consists of English-Language Arts and Mathematics. Although passing the exam is not equivalent to completion of high school course work, California law states “all persons and institutions subject to California law are required to accept the certificate as evidence that the student has satisfied the (California) high school diploma requirement.” For minor children, the certificate in combination with parent/guardian permission exempts a minor from attending school. Student with CHSPE certificates may exit and reenter the California public school system until the age of 18 with no adverse consequences.

Parents and students considering exiting high school by means of the CHSPE are encouraged to discuss the student’s plans and options with a counselor. While the CHSPE is a great option for high school students who are well prepared for college level work, there are some considerations that should be explored. Not all students possess the social and developmental maturity for the college setting. Students applying to colleges outside the state of California have found that the CHSPE is not recognized as a diploma equivalent in the same context as the GED. In addition, students who leave school and re-enroll after a period of absence may experience difficulties in meeting the school’s course and units requirements for obtaining the high school diploma by the student’s expected graduation date. Parents are advised to explore all options to insure that their student’s goals are realized.

**California Compulsory Education:** All persons under 18 years of age who have not graduated from high school or passed the California High School Proficiency Exam (CHSPE) are required by state law to attend school. Students are required to be enrolled full time and taking courses towards successful completion of graduation requirements, including all courses and exams. All students must have at least 20 units and not more than 40 units per semester.

High school students, who are under the age of 18 and have successfully passed the CHSPE, may elect to remain enrolled in high school without penalty.

Older high school students with significant credit deficiencies and students whose stated goal is to take the GED when they turn 18 years of age may be interested in this opportunity.

High School Course Checklist for GED Foundations: A transcript review should include the following courses. If there are gaps in these areas, it is recommended that students be enrolled in:

- English I (P) and English II (P) - Courses with focused instruction on sentence structure, organization, usage, mechanics, business, informational, and instructional publications
- English I (P) and English II (P) - Courses with focused instruction on essay writing that includes: well focused main points, clear organization, and specific development of ideas, and the demonstration of the writers control of sentence structure, punctuation, grammar, word choice, and spelling
- English II (P) and English III (P) – Courses with focused instruction on the student’s ability to read and understand text that is found in a traditional high school level classroom setting
- Earth Science (P) – Course with focused instruction on understanding, interpreting and applying science concepts to visual and written text. Includes recycling and pollution standards from National Science Education Content Standards
- Biology (P) – Course with focused instruction from National Science Education Content Standards including heredity, science’s application to everyday life, and the student’s ability to interpret tables, graphs, charts, diagrams and written text
- World History w/Geography (P)
- US History w/Geography (P)
- Economics (P) – Course that includes practical documents such as tax forms, workplace and personal budgets
- American Government (P) – Course that includes passages from documents such as the Declaration of Independence and US Supreme Court decisions. Also includes voter registration forms, global warming and environmental law
- High school math sequence of courses – Some portions of the test do not allow students the use of a calculator – focused instruction is on number operations, algebra, geometry, and probability and statistics

### Great Websites for Career & Vocational Transitions

#### Career Technical Education:

*In 2004, State Superintendent of Education Jack O'Connell said:*

*The job of K–12 education in California must be to ensure that all our students graduate with the ability to fulfill their potential—whether that takes them to higher education or directly to their careers. Unfortunately . . . too many of our students are not adequately prepared for either. By raising our expectations for our students, we can and will begin to change that.*

*Career Technician Framework*

[www.sonoma.edu](http://www.sonoma.edu)

Springs guidance counselors are committed to helping students make postgraduate planning applicable to independent adult living. In California, this means being able to earn a livable, sustainable wage, whether the student plans to pursue a four year college degree or enter the workforce after graduation. Students with both formal education and technical skills training are highly sought after by employers. Students are advised during their high school years to be reflective about their future career goals and research and explore career options during their high school years.

Listed below are some of the best websites for career exploration, including Springs' subscription information to bridges.com.

#### **California Career Resource Network**

[www.californiacareers.info/](http://www.californiacareers.info/)

##### California Career Zone

Free online – includes brief assessment – career clusters – career information and current job openings for California

Rating ☆☆☆

##### California Career Planning Guide

Free pdf – 112 Pages – includes assessment – worksheets – interview tips – current trends

Rating ☆☆☆☆☆

##### Reality Check

Provides current information on cost of living in California cities

Students can select housing, utilities, food, transportation, etc. options in determining reality of budget planning

Rating ☆☆☆☆☆

#### **Bureau of Labor Statistics**

Over 45 categories of apprenticeship opportunities in California's workshops

Rating ☆☆☆☆☆

**My Future**

[www.myfuture.com](http://www.myfuture.com)

Good information for high school students determining whether they are interested in joining the military or not

Rating ☆☆☆

The chart below points out the reality of today's job market and the value of obtaining a higher education. Helping students to understand the correlation between their current academic success and their future potential for employment at a livable wage is important to helping them set realistic post-graduation goals.

Education pays in higher earnings and lower unemployment rates

## Earnings and unemployment rates by educational attainment

Note: Data are for persons age 25 and over. Earnings are for full-time wage and salary workers.

# Springs Career Technical Education:

## Preparing Students for the 21st Century and Beyond

"We seek the day when every enterprise in California—public and private—has access to a pool of talent that both attracts the world's leading businesses and hastens the development and success of new ones, creating opportunities for all."

—John Tolson, First Commissioner of Public Instruction

### What is a CTE Certificate?

Springs Charter Schools has a comprehensive (CTE) Career Technical Education Program designed to assist students in becoming career & college ready. CTE students include those planning on entering industry, attending community college, attending four-year universities, or any combination of these three. The intent of CTE is to provide students with real world application learning opportunities that reinforce core academic content through career focused project based learning.

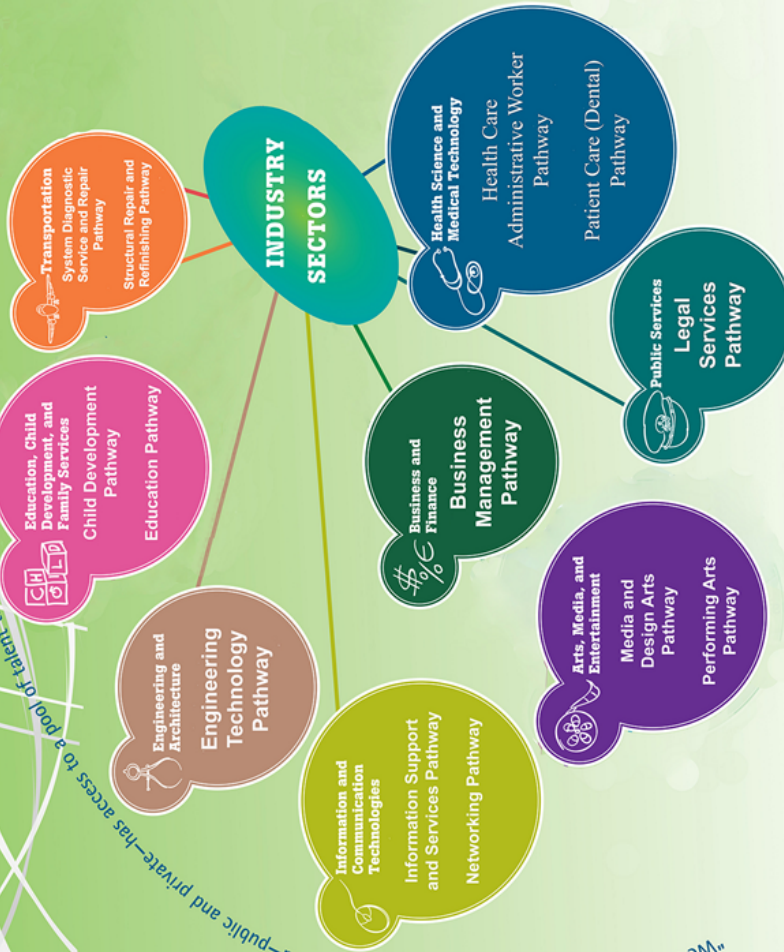

CTE begins in eighth grade with career exploration, self-assessments, and introductory CTE courses. In secondary CTE courses, students are encouraged to take at least two CTE courses in the same pathway, complete an internship in that pathway, and complete a culminating project. If all of this is accomplished prior to graduation, the student would receive a CTE Certificate. The CTE Certificate is in addition to the high school diploma and is equivalent to graduating from High School with a major education focus.

### How do you get a CTE Certificate?

1. Select a Pathway
2. Complete two courses in that Pathway
3. Complete an industry related Internship
4. Complete a Culminating Project

Want to take it to the next level? Complete all the requirements above and the third course in your pathway. Then you will be a CTE Completer

Select One	Course Title	Elective Options - Integrated Science and English
	<b>Power Plants</b>	This course is focused on our everyday heroes and the power they have and provide: <b>plants</b> . Students will discover how plants power not only themselves, but also the entire living world around them with their microscopic superpowers. We have appropriately deemed them: Power Plants. In the end, students will explain the science behind a real life phenomenon that is going to potentially save our existence on Earth. Study up so you can help save the human race!
	<b>Zombies</b>	This course is focused on the very debated question of zombies: are they alive or dead? Students will learn about what makes an organism living, what signs of life they present, which will lead us to discover if zombies can be considered a living being – or are they just super dead? In the end, students will devise a plan and explanation for helping us all survive the zombie apocalypse. Study up so you can save us all!
	<b>Genes Gone Wild</b>	In this elective you will study genes, and what happens when these crazy little things mess with critters-- human and otherwise. We will look at the use of scientific inquiry in diagnosing genetic diseases and abnormalities, and how you can use scientific inquiry for problems you see every day.
	<b>Designer Babies</b>	From Frankenstein to modern science, the creation and manipulation of life has captured the imagination of those with both the most evil and altruistic ambitions. Is genetic engineering the great hope for those that suffer from genetic disease, or does it endow humans a power that does not belong to them? Should people be able to genetically design their own babies? What if this ability spares that baby from a life of suffering? This course explores controversial topics from stem cell research to Genetically Modified foods.
	<b>My Chemical Romance</b>	Study the Mysteries of Love. There are few forces that affect humans more than cupid's arrow. In this course you will study questions that have baffled man since the beginning of time: What is the force called attraction? What causes us to have a "type?" What is beauty? Why is it different for different people? How can we live happily ever after? In this course you will read, journal, watch and create informative multimedia presentations, defend your point of view, and read a poem mixing science with romance! <b>*Please Note:</b> This course includes information on sexual development, the reproductive system, and sexually transmitted infections. Medical charts and illustrations are posted in this unit.
	<b>Addiction Affliction</b>	Approximately one in every ten Americans over the age of 12 are addicted to drugs or alcohol. In this course we will study the science that answers questions that have plagued humans since the beginning of time: Why do some people seem to have more "willpower" than others? What is happening in the minds and bodies of people who lose control? What are the signs of addiction? And most importantly, what is the research behind effective recovery? Throughout the course we will journal, dialogue with peers, administer interviews and create multimedia presentations.
	<b>Endangered Animals</b>	In this course you will learn about some of Earth's most endangered species. What are these animals and why are they disappearing so quickly? Explore how the vast range of different plant and animal life known as Biodiversity contributes to human life, and in turn, how the use and misuse of these resources is affecting the earth's ecosystems. What is the responsibility of the individual to help conserve biodiversity, how are those responsibilities being fulfilled, and what more can we do?
	<b>Into the Deep</b>	Snorkel your way through Earth's undiscovered country... the ocean. Come explore the Deep Blue Sea and all its wonder. What discoveries are being made by deep sea divers? What is being done to save marine life? Learn about marine taxonomy, ecosystems, and ecological relationships between humans and life in the sea.

	<b>Bugs</b>	Welcome to Bugs! A delightfully creepy crawly course on the alien world of insects. We will look at how many scientists consider insects the most successful creatures on the Earth, the economic impact of insects (both good and bad), and careers available in the study of insects (entomology).
	<b>Man's Best Friend</b>	Welcome to Man's Best Friend, a course on the study of the unique relationship between humans and dogs. We will study about how dogs have been adapted to live and serve humans, their biology, their unique intelligence, and careers in Veterinary Medicine.

Pre-Quiz	Date	Mastery	FIFTH GRADE ELA “I CAN” THEMES	5
THEMES				
			5.8.c CAN I follow agreed-upon rules for discussions and carry out assigned roles.	
			5.8.d CAN I pose and respond to specific questions by making comments that contribute to the discussion and elaborate on the remarks of others.	
			5.8.e CAN I review the key ideas expressed and draw conclusions in light of information and knowledge gained from the discussions.	
			5.8.f CAN I summarize a written text; read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally.	
			5.8.g CAN I summarize the points a speaker makes and explain how each claim is supported by reasons and evidence.	
			9. I CAN communicate ideas and experiences through oral and visual presentations.	
			5.9.a CAN I report on a topic or text or present an opinion, sequencing ideas logically and using appropriate facts and relevant, descriptive details to support main ideas or themes; speak clearly at an understandable pace.	
			5.9.b CAN I include multimedia components (e.g., graphics, sound) and visual displays in presentations when appropriate to enhance the development of main ideas or themes.	
			5.9.c CAN I adapt speech to a variety of contexts and tasks, using formal English when appropriate to task and situation.	
			10. I CAN use print or digital tools to determine the meaning of unknown and multiple meaning grade level words and phrases.	
			5.10.a CAN I determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 5 reading and content, choosing flexibly from a range of strategies.	
			5.10.b CAN I use context (e.g., cause/effect relationships and comparisons in text) as a clue to the meaning of a word or phrase.	
			5.10.c CAN I use common, grade-appropriate Greek and Latin affixes and roots as clues to the meaning of a word (e.g., photograph, photosynthesis).	
			5.10.d CAN I consult reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation and determine or clarify the meaning of keywords and phrases.	
			11. I CAN understand figurative language, word relationships and nuances in word meanings.	
			5.11.a CAN I interpret figurative language, including similes and metaphors, in context.	
			5.11.b CAN I recognize and explain the meaning of common idioms, adages, and proverbs.	
			5.11.c CAN I use the relationship between particular words (e.g., synonyms, antonyms, homographs) to better understand each of the words.	
			5.11.d CAN I acquire and use accurately grade-appropriate general academic and domain-specific words and phrases, including those that signal contrast, addition, and other logical relationships (e.g., however, although, nevertheless, similarly, moreover, in addition).

# ENGLISH LANGUAGE ARTS

3-5

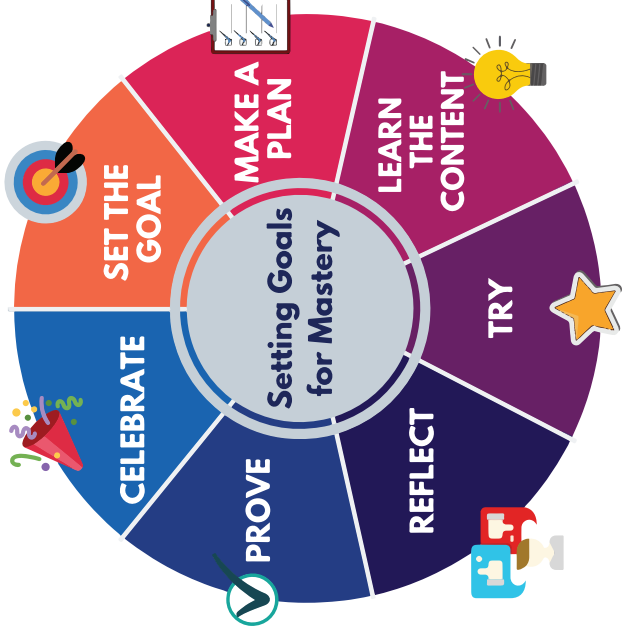

Name: \_\_\_\_\_ Starting Year: \_\_\_\_\_

I CAN!

Welcome to your Springs I CAN! Mastery Folder.  
This folder is designed to track and celebrate  
this year’s learning.

Springs learners use the Mastery Learning Cycle to support their success.

What do we want learners to learn? How do we know they’ve learned it? How will we recognize and celebrate growth?

The journey to mastery visits several levels.

LEVEL 1

NOVICE

Learners interact with the concept with help.

LEVEL 2

APPRENTICE

Learners know the vocabulary and procedures related to the concept independently.

LEVEL 3

PRACTITIONER

Learners apply the concept to real world situations.

LEVEL 4

EXPERT

Learners apply the concept beyond their grade level expectations.

Pre-Quiz	Date	Mastery	THIRD GRADE ELA “I CAN” THEMES	3
THEMES				
			1. I CAN read and comprehend grade level literature, including stories, dramas and poetry.	
			3.1.a CAN I ask and answer questions to demonstrate understanding of a text; referring to the text as the basis for the answers.	
			3.1.b CAN I recount stories, including fables, folktales, and myths from diverse cultures; determine the central message, lesson, or moral and explain how it is conveyed through key details in the text.	
			3.1.c CAN I describe characters in a story (e.g., their traits, motivations, or feelings) and explain how their actions contribute to the sequence of events	
			3.1.d CAN I explain how specific aspects of a text’s illustrations contribute to what is conveyed by the words in a story (e.g., create mood, emphasize aspects of a character or setting)	
			3.1.e CAN I compare and contrast the themes, settings, and plots of stories written by the same author about the same or similar characters (e.g., in books from a series)	
			2. I CAN use literature text features to read and understand grade level literature including stories, dramas and poetry.	
			3.2.a CAN I determine the meaning of words and phrases as they are used in a text; distinguishing literal from nonliteral language.	
			3.2.b CAN I refer to parts of stories, dramas, and poems when writing or speaking about a text, using terms such as chapter, scene, and stanza; describe how each successive part builds on earlier sections	
			3.2.c CAN I distinguish their own point of view from that of the narrator or those of the characters.	
			3. I CAN read and comprehend grade level informational texts, including history/social studies, science, and online information.	
			3.3.a CAN I ask and answer questions to demonstrate understanding of a text; referring explicitly to the text as the basis for the answers.	
			3.3.b CAN I determine the main idea of a text; recount the key details and explain how they support the main idea.	
			3.3.c CAN I describe the relationship between a series of historical events, scientific ideas or concepts, or steps in technical procedures in a text, using language that pertains to time, sequence, and cause/effect.	
			3.3.d CAN I use information gained from illustrations (e.g., maps, photographs) and the words in a text to demonstrate understanding of the text (e.g., where, when, why, and how key events occur).	
			3.3.e CAN I describe the logical connection between particular sentences and paragraphs in a text (e.g., comparison, cause/effect, first/second/third in a sequence).	
			3.3.f CAN I compare and contrast the most important points and key details presented in two texts on the same topic.	
			4. I CAN use text features to read and understand nonfiction text, including text books, online articles & websites, and reference books.	
			3.4.a CAN I determine the meaning of general academic and domain-specific words and phrases in a text relevant to a grade 3 topic or subject area.	
			3.4.b CAN I use text features and search tools (e.g., key words, sidebars, hyperlinks) to locate information relevant to a given topic efficiently.	
			3.4.c CAN I distinguish their own point of view from that of the author of a text.	
			5. I CAN write for different tasks, purposes and audiences.	
			3.5.a CAN I write opinion pieces on topics or texts, supporting a point of view with reasons.	
			3.5.b CAN I write informative/explanatory texts to examine a topic and convey ideas and information clearly.	
			3.5.c CAN I write narratives to develop real or imagined experiences or events using effective technique, descriptive details, and clear event sequences.	
			6. I CAN use the writing process to develop my writing.	
			3.6.a CAN I with guidance and support from adults, produce writing in which the development and organization are appropriate to task and purpose.	
			3.6.b CAN I with guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, and editing.	
			3.6.c CAN I with guidance and support from adults, use technology to produce and publish writing (using keyboarding skills) as well as to interact and collaborate with others.	
			7. I CAN work collaboratively with peers to use print and digital tools to answer a question.	
			3.7.a CAN I conduct short research projects that build knowledge about a topic.	
			3.7.b CAN I recall information from experiences or gather information from print and digital sources; take brief notes on sources and sort evidence into provided categories.	
			8. I CAN participate in collaborative conversations about grade level topics and books.	
			3.8.a CAN I come to discussions prepared, having read or studied required material; explicitly draw on that preparation and other information known about the topic to explore ideas under discussion.	
			3.8.b CAN I follow agreed-upon rules for discussions (e.g., gaining the floor in respectful ways, listening to others with care, speaking one at a time about the topics and texts under discussion).	
			3.8.c CAN I ask questions to check understanding of information presented, stay on topic, and link their comments to the remarks of others.	
			3.8.d CAN I explain their own ideas and understanding in light of the discussion.	
			3.8.e CAN I determine the main ideas and supporting details of a text; read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally.	

Pre-Quiz	Date	Mastery	THIRD GRADE ELA “I CAN” THEMES
✓	✓	✓	<b>THEMES</b>
			3.8.f CAN I ask and answer questions about information from a speaker, offering appropriate elaboration and detail.
			9. I CAN communicate ideas and experiences through oral and visual presentations.
			3.9.a CAN I report on a topic or text, tell a story, or recount an experience with appropriate facts and relevant, descriptive details, speaking clearly at an understandable pace.
			3.9.b CAN I create engaging audio recordings of stories or poems that demonstrate fluid reading at an understandable pace; add visual displays when appropriate to emphasize or enhance certain facts or details.
			3.9.c CAN I speak in complete sentences when appropriate to task and situation in order to provide requested detail or clarification.
			10. I CAN use print or digital tools to determine the meaning of unknown and multiple meaning grade level words and phrases.
			3.10.a CAN I determine the meaning of the new word formed when a known affix is added to a known word (e.g., agreeable/disagreeable, comfortable/uncomfortable, care/careless, hear/prehears).
			3.10.d CAN I use glossaries and beginning dictionaries, both print and digital, to determine or clarify the meaning of words and phrases.
			11. I CAN use appropriate vocabulary and identify literal and nonliteral words and phrases.
			3.11.a CAN I distinguish the literal and nonliteral meanings of words and phrases in context (e.g., take steps).
			3.11.b CAN I identify real-life connections between words and their use (e.g., describe people who are friendly or helpful).
			3.11.c CAN I identify multiple meaning words such as: synonyms, antonyms, homophones
			3.11.d CAN I acquire and use accurately grade-appropriate conversational, general academic, and domain-specific words and phrases, including those that signal spatial and temporal relationships (e.g., After dinner that night we went looking for them). (Item not tested on milestones)

Pre-Quiz	Date	Mastery	THIRD GRADE ELA “I CAN” STEPS
✓	✓	✓	<b>STEPS</b>
			12. I CAN use my phonics skills to decode words as I read.
			12.3a) CAN I identify and know the meaning of the most common prefixes and derivational suffixes?
			12.3b) CAN I decode words with common Latin suffixes?
			12.3c) CAN I decode multi-syllable words?
			12.3d) CAN I recognize and read third grade sight words?
			13. I CAN read with accuracy and fluency and self-correct when necessary.
			13.3a) CAN I read third grade level books with purpose and understanding?
			13.3b) CAN I read out loud with accuracy, at a natural pace, and use expression.
			13.3c) CAN I use context to understand my reading and to self-correct?
			14. I CAN use proper grammar when I write and speak.
			14.3a) CAN I explain the function of nouns and pronouns?
			14.3b) CAN I explain the function of verbs?
			14.3c) CAN I explain the function of adverbs?
			14.3d) CAN I explain the function of adjectives?
			14.3e) CAN I form and use regular and irregular plural nouns?
			14.3f) CAN I use abstract nouns (e.g. childhood)?
			14.3g) CAN I form and use regular and irregular verbs?
			14.3h) CAN I form and use simple verb tenses (e.g. I walked; I walk; I will walk)?
			14.3i) CAN I ensure subject-verb and pronoun-antecedent agreement?
			14.3j) CAN I form and use comparative and superlative adjectives and adverbs properly?
			14.3k) CAN I use coordinating and subordinating conjunctions?
			14.3l) CAN I produce simple, compound and complex sentences?
			15. I CAN use proper capitalization, punctuation, and spelling in my writing.
			15.3a) CAN I capitalize appropriate words in titles?
			15.3b) CAN I use commas in addresses?
			15.3c) CAN I use commas and quotation marks in dialogue?
			15.3d) CAN I form and use possessives?
			15.3e) CAN I spell third grade sight words and words that add suffixes to base words?
			15.3f) CAN I use spelling patterns and generalizations in writing words?
			15.3g) CAN I use reference materials to check and correct spellings?

1st Quarter \_\_\_\_/80-90 wpm      2nd Quarter \_\_\_\_/90 wpm      3rd Quarter \_\_\_\_/95 wpm      4th Quarter \_\_\_\_/100 wpm

Pre-Quiz	Date	Mastery	FOURTH GRADE ELA “I CAN” THEMES
✓	✓	✓	<b>THEMES</b>
			1. I CAN read and comprehend grade level literature, including stories, dramas and poetry.
			4.1.a CAN I refer to details and examples in a text when explaining what the text says explicitly and when drawing inferences from the text.
			4.1.b CAN I determine a theme of a story, drama, or poem from details in the text; summarize the text.
			4.1.c CAN I describe in depth a character, setting, or event in a story or drama, drawing on specific details in the text (e.g., a character's thoughts, words, or actions).
			4.1.d CAN I make connections between the text of a story or drama and a visual or oral presentation of the text, identifying where each version reflects specific descriptions and directions in the text.
			4.1.e CAN I compare and contrast the treatment of similar themes and topics (e.g., opposition of good and evil) and patterns of events (e.g., the quest) in stories, myths, and traditional literature from different cultures.
			2. I CAN use literature text features to read and understand grade level literature including stories, dramas and poetry.
			4.2.a CAN I determine the meaning of words and phrases as they are used in a text, including those that allude to significant characters found in mythology (e.g., Heracles).
			4.2.b CAN I explain major differences between poems, drama, and prose, and refer to the structural elements of poems (e.g., verse, rhythm, meter) and drama (e.g., casts of characters, settings, descriptions, dialogue, stage directions) when writing or speaking about a text.
			4.2.c CAN I compare and contrast the point of view from which different stories are narrated, including the difference between first- and third-person narrations.
			3. I CAN read and comprehend grade level informational texts, including history/social studies, science, and online information.
			4.3.a CAN I refer to details and examples in a text when explaining what the text says explicitly and when drawing inferences from the text.
			4.3.b CAN I determine the main idea of a text and explain how it is supported by key details; summarize the text.
			4.3.c CAN I explain events, procedures, ideas, or concepts in a historical, scientific, or technical text, including what happened and why, based on specific information in the text.
			4.3.d CAN I interpret information presented visually, orally, or quantitatively (e.g., in charts, graphs, diagrams, time lines, animations, or interactive elements on Web pages) and explain how the information contributes to an understanding of the text in which it appears.
			4.3.e CAN I explain how an author uses reasons and evidence to support particular points in a text
			4.3.f CAN I integrate information from two texts on the same topic in order to write or speak about the subject knowledgeably.
			4. I CAN use text features to read and understand nonfiction text, including text books, online articles & websites, and reference books.
			4.4.a CAN I determine the meaning of the language of the discipline
			4.4.b CAN I describe the overall structure (e.g., chronology, comparison, cause/effect, problem/solution) of events, ideas, concepts, or information in a text or part of a text.
			4.4.c CAN I compare and contrast a firsthand and secondhand account of the same event or topic; describe the differences in focus and the information provided.
			5. I CAN write for different tasks, purposes and audiences.
			4.5.a CAN I write opinion pieces on topics or texts, supporting a point of view with reasons.
			4.5.b CAN I write informative/explanatory texts to examine a topic and convey ideas and information clearly.
			4.5.c CAN I write narratives to develop real or imagined experiences or events using effective technique, descriptive details, and clear event sequences.
			6. I CAN use the writing process to develop my writing.
			4.6.a CAN I with guidance and support from adults, produce writing in which the development and organization are appropriate to task and purpose.
			4.6.b CAN I with guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, and editing.
			4.6.c CAN I with guidance and support from adults use technology to produce and publish writing (using keyboarding skills) as well as to interact and collaborate with others.
			7. I CAN work collaboratively with peers to use print and digital tools to answer a question.
			4.7.a CAN I conduct short research projects that build knowledge about a topic.
			4.7.b CAN I recall information from experiences or gather information from print and digital sources; take brief notes on sources and sort evidence into provided categories.
			4.7.c CAN I draw evidence from informational texts to support analysis, reflection, and research
			4.8.d CAN I draw evidence from literary text
			8. I CAN participate in collaborative conversations about grade level topics and books.
			4.8.a CAN I come to discussions prepared, having read or studied required material; explicitly draw on that preparation and other information known about the topic to explore ideas under discussion.
			4.8.b CAN I follow agreed-upon rules for discussions

1st Quarter \_\_\_\_/80-90 wpm      2nd Quarter \_\_\_\_/90 wpm      3rd Quarter \_\_\_\_/95 wpm      4th Quarter \_\_\_\_/100 wpm

Pre-Quiz	Date	Mastery	FOURTH GRADE ELA “I CAN” THEMES
✓	✓	✓	<b>THEMES</b>
			4.8.c CAN I ask questions to check understanding of information presented, stay on topic, and link their comments to the remarks of others.
			4.8.d CAN I explain my own ideas and understanding in light of the discussion.
			4.8.e CAN I paraphrase portions of a text read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally.
			4.8.f CAN I identify the reasons and evidence a speaker provides to support particular points.
			9. I CAN communicate ideas and experiences through oral and visual presentations.
			4.9.a CAN I report on a topic or text, tell a story, or recount an experience in an organized manner, using appropriate facts and relevant, descriptive details to support main ideas or themes; speak clearly at an understandable pace.
			4.9.b CAN I add audio recordings and visual displays to presentations when appropriate to enhance the development of main ideas or themes.
			4.9.c CAN I differentiate between contexts that call for formal English, and situations where informal discourse is appropriate; use formal English when appropriate to task and situation.
			10. I CAN use print or digital tools to determine the meaning of unknown and multiple meaning grade level words and phrases.
			4.10.a CAN I use sentence-level context as a clue to the meaning of a word or phrase.
			4.10.b CAN I determine the meaning of a word with Greek and Latin affixes and roots as clues to the meaning of a word (e.g., telephone, photograph, autobiography).
			4.10.c CAN I consult reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation and determine or clarify the precise meaning of key-words and phrases.
			11. I CAN understand figurative language, word relationships and nuances in word meanings.
			4.11.a CAN I explain the meaning of simple similes and metaphors (e.g., as pretty as a picture) in context.
			4.11.b CAN I recognize and explain the meaning of common idioms, adages, and proverbs.
			4.11.c CAN I demonstrate understanding of words by relating them to their opposites (antonyms) and to words with similar but not identical meanings (synonyms).

Pre-Quiz	Date	Mastery	FOURTH GRADE ELA “I CAN” STEPS
✓	✓	✓	<b>STEPS</b>
			12. I CAN use what I know about Greek and Latin roots and affixes, and multiple meaning words to understand new words and reference books.
			12.4a) CAN read and understand words with common Greek and Latin prefixes and suffixes?
			12.4b) CAN I read and understand words with common root words?
			12.4c) CAN I read, understand and use synonyms and antonyms in my reading and writing?
			12.4d) CAN I read, understand and use homophones and homonyms in my reading and writing?
			12.4e) CAN I read, understand, and use commonly confused words?
			12.4f) CAN I read my fourth grade sight words?
			13. I CANI read with accuracy and fluency to support my comprehension
			13.4a) CAN I read fourth grade level books with purpose and understanding?
			13.4b) CAN I read 115 words per minute with 98 percent accuracy with appropriate expression?
			13.4c) CAN I use context to understand my reading and to self-correct?
			14. I CANI use proper grammar when I write and speak.
			14.4a) CAN I use relative pronouns (who, whose, whom, which, that) and relative adverbs where, when, why?
			14.4b) CAN I form and use the progressive verb tenses (e.g. I was walking; I am walking; I will be walking)?
			14.4c) CAN I use helping verbs (e.g. can, may, must.) to convey various conditions?
			14.4d) CAN I order adjectives according to conventional patterns (e.g. a small red bag rather than a red small bag)?
			14.4e) CAN I form and use prepositional phrases?
			14.4f) CAN I produce complete sentences recognizing and correcting inappropriate fragments and run-ons?
			15. I CANI Correctly use the rules for capitalization, punctuation, and spelling when writing.
			15.4a) CAN I use correct capitalization?
			15.4b) CAN I use commas and quotation marks to mark direct speech and quotations from a text?
			15.4c) CAN I use a comma before a coordinating conjunction in a compound sentence?
			15.4d) CAN I spell grade-appropriate words correctly, consulting references as needed?

1st Quarter \_\_\_\_/100 wpm      2nd Quarter \_\_\_\_/105 wpm      3rd Quarter \_\_\_\_/110 wpm      4th Quarter \_\_\_\_/115 wpm

Pre-Quiz	Date	Mastery	FIFTH GRADE ELA “I CAN” THEMES
✓	✓	✓	<b>THEMES</b>
			1. I CAN read and comprehend grade level literature, including stories, dramas and poetry.
			5.1.a CAN I quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text.
			5.1.b CAN I determine a theme of a story, drama, or poem from details in the text, including how characters in a story or drama responds to challenges or how the speaker in a poem reflects upon a topic; summarize the text.
			5.1.c CAN I compare and contrast two or more characters, settings, or events in a story or drama, drawing on specific details in the text (e.g., how characters interact).
			5.1.d CAN I analyze how visual and multimedia elements contribute to the meaning, tone, or beauty of a text.
			5.1.e CAN I compare and contrast stories in the same genre on their approaches to similar themes and topics.
			2. I CAN use literature text features to read and understand grade level literature including stories, dramas and poetry.
			5.2.a CAN I determine the meaning of words and phrases as they are used in a text, including figurative language such as metaphors and similes.
			5.2.b CAN I explain how a series of chapters, scenes, or stanzas fits together to provide the overall structure of a particular story, drama, or poem.
			5.2.c CAN I describe how a narrator's or speaker's point of view influences how events are described.
			3. I CAN read and comprehend grade level informational texts, including history/social studies, science, and online information.
			5.3.a CAN I quote accurately from a text when explaining what the text says explicitly, and when drawing inferences from the text.
			5.3.b CAN I determine two or more main ideas of a text and explain how they are supported by key details; summarize the text.
			5.3.c CAN I explain the relationships or interactions between two or more individuals, events, ideas, or concepts in a historical, scientific, or technical text based on specific information in the text.
			5.3.d CAN I draw on information from multiple print or digital sources, demonstrating the ability to locate an answer to a question quickly or to solve a problem efficiently.
			5.3.e CAN I explain how an author uses reasons and evidence to support particular points in a text, identifying which reasons and evidence support which points).
			5.3.f CAN I integrate information from several texts on the same topic in order to write or speak about the subject knowledgeably.
			4. I CAN use text features to read and understand nonfiction text, including text books, online articles & websites, and reference books.
			5.4.a CAN I determine the meaning of general academic and domain-specific words and phrases in a text relevant to a grade 5 topic or subject area.
			5.4.b CAN I compare and contrast the overall structure (e.g., chronology, comparison, cause/effect, problem/solution) of events, ideas, concepts, or information in two or more texts.
			5.4.c CAN I analyze multiple accounts of the same event or topic, noting important similarities and differences in the point of view they represent.
			5. I CAN write for different tasks, purposes and audiences.
			5.5.a CAN I write opinion pieces on topics or texts, supporting a point of view with reasons.
			5.5.b CAN I write informative/explanatory texts to examine a topic and convey ideas and information clearly.
			5.5.c CAN I write narratives to develop real or imagined experiences or events using effective technique, descriptive details, and clear event sequences.
			6. I CAN use the writing process to develop my writing.
			5.6.a CAN I with guidance and support from adults, produce writing in which the development and organization are appropriate to task and purpose.
			5.6.b CAN I with guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, and editing.
			5.6.c CAN I with guidance and support from adults use technology to produce and publish writing (using keyboarding skills) as well as to interact and collaborate with others.
			7. I CAN work collaboratively with peers to use print and digital tools to answer a question.
			5.7.a CAN I conduct short research projects that build knowledge about a topic.
			5.7.b CAN I recall information from experiences or gather information from print and digital sources; take brief notes on sources and sort evidence into provided categories.
			5.7.c CAN I draw evidence from informational texts to support analysis, reflection, and research.
			5.7.d CAN I draw evidence from literary text
			8. I CAN participate in collaborative conversations about grade level topics and books.
			5.8.a CAN I engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 5 topics and texts, building on others' ideas and expressing their own clearly.
			5.8.b CAN I come to discussions prepared, having read or studied required material; explicitly draw on that preparation and other information known about the topic to explore ideas under discussion.

Taught ✓	Practiced ✓	Mastery Date	FIFTH GRADE MATH “I CAN” STATEMENTS	5
			8. I CAN convert measurement within the same measuring system	
			5.8a) CAN I identify different measuring systems?	
			5.8b) CAN I know how to use measuring tools and name the size?	
			5.8c) CAN I name common units of measurement?	
			5.8d) CAN I compare the size of items and describe them?	
			5.8e) CAN I convert measurement in multi-step real-world problems?	
			9. I CAN make a line plot display data sets of measurement in fractions and use fraction operations to solve problems involving the information on a line plot.	
			5.9a) CAN I read and gather data from a line plot?	
			5.9b) CAN I analyze a data set to gather information?	
			5.9c) CAN I use fraction measurement in data collection?	
			5.9d) CAN I gather data and create a line plot to represent the data?	
			5.9e) CAN I solve real-world problems from information given in line plots?	
			10. I CAN understand volume, measure volume by counting unit cubes, find the volume using a formula and use this knowledge to solve real world problems.	
			5.10a) CAN I describe the difference between two- and three-dimensional figures?	
			5.10b) CAN I recognize volume as an attribute of solid figures?	
			5.10c) CAN I use unit cubes to show the volume?	
			5.10d) CAN I relate volume to multiplication and addition operations?	
			5.10e) CAN I identify volume in the world and solve real-world problems?	
			11. I CAN draw a coordinate plane, use numerical rules and patterns to graph ordered pairs (x, y), and represent real world and mathematical problems by graphing and interpreting the values.	
			5.11a) CAN I draw a coordinate plane including: x-axis, y-axis and the origin?	
			5.11b) CAN I label points (ordered pairs) on the coordinate plane?	
			5.11c) CAN I generate patterns using given rules and graph the ordered pair?	
			5.11d) CAN I describe the relationship between and x- and y-coordinates of an ordered pair?	
			5.11e) CAN I explain how the x-axis and y-axis relate to the x- and y-coordinates of an ordered pair?	
			12. I CAN classify two-dimensional shapes into categories based on their properties.	
			5.12a) CAN I identify attributes of two-dimensional figures?	
			5.12b) CAN I identify and name right angles in a figure?	
			5.12c) CAN I draw two-dimensional shapes and identify them in the world?	
			5.12d) CAN I assign two-dimensional figures into categories and subcategories?	
			5.12e) CAN I know the names of two-dimensional shapes?	

Student Name: \_\_\_\_\_

SSID: \_\_\_\_\_

#1 Make sense of problems and persevere through solving them.

#2 Reason abstractly and quantitatively.

#3 Construct viable arguments and critique the reasoning of others.

#4 Model with mathematics.

#5 Use appropriate tools strategically.

#6 Attend to precision.

#7 Look for and make use of structure.

#8 Look for and express regularity in repeated reasoning.

Welcome to your Springs I CAN! Mastery Folder.  
This folder is designed to track and celebrate this year's learning.

Springs learners use the Mastery Learning Cycle to support their success.

What do we want learners to learn? How do we know they've learned it? How will we recognize and celebrate growth?

Setting Goals for Mastery

CELEBRATE

PROVE

REFLECT

TRY

LEARN THE CONTENT

MAKE A PLAN

SET THE GOAL

LEVEL 1

NOVICE

Learners interact with the concept with help.

LEVEL 2

APPRENTICE

Learners know the vocabulary and procedures related to the concept independently.

LEVEL 3

PRACTITIONER

Learners apply the concept to real world situations.

LEVEL 4

EXPERT

Learners apply the concept beyond their grade level expectations.

The journey to mastery visits several levels.

E-BOOK

Math

Grade

E-BOOK

ELA

Grade

Standards for Mathematical Practice

Monitor their progress and make changes when necessary

Ask questions to gather information when making a plan to solve a problem

Test their answer to consider if it is reasonable and makes sense

Help support their arguments with appropriate math vocabulary

Summarize their conclusions and processes with words, both written and oral

Carefully calculate and use precision

Help explain data using pictures, models and graphs

Observe and listen to other math scholars with discernment

Look for patterns and consider different approaches to solving the same problem

Access math tools (calculators, blocks, protractor, rulers, etc.) and use them strategically

Recognize repeated calculations, shortcuts and patterns that lead to a general formula

See math in the world around them and make connections

Pre-Quiz ✓	Date ✓	Mastery ✓	THIRD GRADE MATH “I CAN” STATEMENTS	3
			1. I CAN use place value to round whole numbers to the nearest 10 or 100, add or subtract numbers within 100 and multiply any one digit whole number by 10.	
			3.1a) CAN I name the place value columns?	
			3.1b) CAN I know when to round up and when to round down?	
			3.1c) CAN I use place value to multiply one digit whole numbers by multiples of 10?	
			3.1d) CAN I describe the relationship between addition and subtraction?	
			3.1e) CAN I identify real life situations where rounding is needed?	
			2. I CAN understand multiplication and division problems by grouping numbers and use that knowledge to solve word problems and find the missing number in an equation.	
			3.2a) CAN I multiply two numbers and model the process?	
			3.2b) CAN I divide two numbers and model the process?	
			3.2c) CAN I use grouping, arrays, and equations to model multiplication and division?	
			3.2d) CAN I explain number families in multiplication?	
			3.2e) CAN I write equations using a symbol for the unknown number?	
			3. I CAN know and apply multiplication properties of operations (associative, distributive and commutative).	
			3.3a) CAN I give an example of the Commutative Property?	
			3.3b) CAN I model the Distributive Property?	
			3.3c) CAN I explain the Associative Property?	
			3.3d) CAN I use multiplication facts to solve multiplication problems?	
			3.3e) CAN I use Properties of Multiplication to solve problems mentally?	
			4. I CAN find the answer to a division problem by thinking of the missing factor in a multiplication problem.	
			3.4a) CAN I find the missing factor in a multiplication problem?	
			3.4b) CAN I find the missing factor in a division problem?	
			3.4c) CAN I explain multiplication fact families?	
			3.4d) CAN I name the factors of a number?	
			3.4e) CAN I explain the relationship between multiplication and division?	
			5. I CAN fluently multiply and divide within 100 and, by the end of 3rd grade, know from memory all products of two one-digit numbers.	
			3.5a) CAN I multiply two numbers up to 12 times 12?	
			3.5b) CAN I name the factors in a multiplication or division family?	
			3.5c) CAN I use tools to find the product or quotient?	
			3.5d) CAN I draw arrays and shapes to find the area?	
			3.5e) CAN I use mental math strategies to recall multiplication facts?	
			6. I CAN use addition, subtraction, multiplication and division to solve two-step word problems, then use mental math to check my answers.	
			3.6a) CAN I choose the best operations to solve a word problem?	
			3.6b) CAN I check my answer using mental math?	
			3.6c) CAN I use unit squares or multiplication to find the area and perimeter?	
			3.6d) CAN I choose multiplication or division to solve a word problem?	
			3.6e) CAN I test my answers using multiplication and division?	
			7. I CAN find patterns in addition and multiplication tables and explain them using what I know about how numbers work.	
			3.7a) CAN I find patterns in a multiplication table?	
			3.7b) CAN I explain patterns I see in multiplication and division?	
			3.7c) CAN I locate patterns in the multiplication and addition tables?	
			3.7d) CAN I justify patterns I see using properties of operations?	
			3.7e) CAN I identify patterns in the world around me?	
			8. I CAN show fractions are part of a whole and represent fractions on a number line.	
			3.8a) CAN I identify the part and whole of a fraction?	
			3.8b) CAN I describe what a fraction represents?	
			3.8c) CAN I locate a fraction on a number line?	
			3.8d) CAN I draw a number line and label fractions in order?	
			3.8e) CAN I draw fractions using models and pictures?	

CSCS Appendix pg. 331

Taught	Practiced	Mastery Date	THIRD GRADE MATH “I CAN” STATEMENTS	3
			9. I CAN compare fractions (using $\lt$ , $=$ , $\gt$ ), show whole numbers in fraction form, and recognize fractions that are equal to one whole and sometimes equal to each other.	
			3.9a) CAN I know when fractions are equal even when they look different?	
			3.9b) CAN I show fractions equal to 0 and 1?	
			3.9c) CAN I describe fractions as part of a whole?	
			3.9d) CAN I model with fractions using graphs, tables and gathered data?	
			3.9e) CAN I identify parts of shapes using fractions?	
			10. I CAN tell time to the nearest minute, measure time and solve time word problems by adding and subtracting minutes.	
			3.10a) CAN I identify the start time, end time and elapsed time of an event?	
			3.10b) CAN I explain the difference between a.m. and p.m.?	
			3.10c) CAN I tell the current time on an analog clock?	
			3.10d) CAN I say how many minutes there are in an hour, hours there are in a day...?	
			3.10e) CAN I find out how much time has passed between the start and end time?	
			11. I CAN measure liquids and solids with liters, grams, and kilograms and use math to solve word problems involving mass	
			3.11a) CAN I know measurement units for liquid and solids?	
			3.11b) CAN I correlate the appropriate units to what is being measured?	
			3.11c) CAN I use a graph to compare measurements?	
			3.11d) CAN I estimate liquid volumes and masses of objects?	
			3.11e) CAN I use drawings to represent measurement?	
			12. I CAN create a picture graph, bar graph or line graph to show data that has been measured to the nearest whole, half or quarter number.	
			3.12a) CAN I draw a picture graph to represent a set of data?	
			3.12b) CAN I draw a scaled bar graph to represent a set of data?	
			3.12c) CAN I use a graph to answer “how many more” and “how many less” problems?	
			3.12d) CAN I use rulers marked with halves and fourths to gather measurement data?	
			3.12e) CAN I model measurement data on a line plot?	
			13. I CAN measure area by using what I know about multiplication and addition and describe it in unit squares.	
			3.13a) CAN I describe area measurement?	
			3.13b) CAN I use unit squares to count area of shapes?	
			3.13c) CAN I relate area to multiplication and addition using area models?	
			3.13d) CAN I use correct units when describing area (square cm, square m, square in, square ft)?	
			3.13e) CAN I partition shapes into parts with equal areas?	
			14. I CAN recognize, draw and categorize quadrilaterals and divide those shapes into parts with equal areas using fractions.	
			3.14a) CAN I describe attributes of plane figures (rhombuses, rectangles, squares, and others) using math language?	
			3.14b) CAN I name shapes that share attributes?	
			3.14c) CAN I draw examples of plane figures and name their attributes?	
			3.14d) CAN I express area of parts of figures as a fraction of the whole?	
			3.14e) CAN I partition shapes into parts with equal areas?	
			15. I CAN find the area and perimeter of shapes applied in real world examples.	
			3.15a) CAN I draw and describe a unit square?	
			3.15b) CAN I explain the difference between area and perimeter?	
			3.15c) CAN I draw a picture to help me find the area?	
			3.15d) CAN I draw a picture to help me find the perimeter?	
			3.15e) CAN I find an unknown side length of a polygon?	

Taught	Practiced	Mastery Date	FOURTH GRADE MATH “I CAN” STATEMENTS	4
			9. I CAN use my understanding of place value to represent, round and compare multi-digit whole numbers.	
			4.1a) CAN I name the digits in a multi-digit whole number?	
			4.1b) CAN I explain how a digit in the ones place represents 10 times the number on its right?	
			4.1c) CAN I write numbers in expanded form using place value?	
			4.1d) CAN I use the symbols $\lt$ , $\gt$ and $=$ to compare numbers?	
			4.1e) CAN I know the rules of rounding for estimating numbers?	
			2. I CAN add and subtract numbers within 1,000,000.	
			4.2a) CAN I model adding and subtracting using base ten blocks?	
			4.2b) CAN I explain how to regroup numbers?	
			4.2c) CAN I know the vocabulary that means “add”?	
			4.2d) CAN I know the vocabulary that means “subtract”?	
			4.2e) CAN I use place value to apply the adding and subtracting algorithms?	
			3. I CAN determine factor pairs and multiples for the numbers 100 and tell whether a number is prime or composite.	
			4.3a) CAN I explain the difference between a prime and composite number?	
			4.3b) CAN I explain the difference between factors and multiples?	
			4.3c) CAN I write a whole number as a multiplication problem of its factors?	
			4.3d) CAN I fluently say my multiplication facts to 12?	
			4.3e) CAN I list all of the prime numbers between 1 and 100?	
			4. I CAN create and analyze patterns to identify features of the pattern to follow a math rule.	
			4.4a) CAN I see patterns in the real-world?	
			4.4b) CAN I describe math patterns using math language?	
			4.4c) CAN I identify odd numbers and even numbers?	
			4.4d) CAN I write a math pattern?	
			4.4e) CAN I create a math rule such as “add 3” or subtract 4”?	
			5. I CAN use addition, subtraction, multiplication and division with whole numbers to estimate and solve problems and explain the solution with words and models.	
			4.5a) CAN I translate math equations into verbal statements?	
			4.5b) CAN I describe multiplication equations as a comparison of numbers?	
			4.5c) CAN I use drawings to show multiplication comparisons?	
			4.5d) CAN I know the difference between comparing multiplication problems and addition problems?	
			4.5e) CAN I solve real-world problems using multiplicative comparisons?	
			6. I CAN use what I know about the four operations to solve for an unknown value represented by a letter.	
			4.6a) CAN I write equations with an unknown value using a letter?	
			4.6b) CAN I solve real-world problems using multiplication and division?	
			4.6c) CAN I solve real-world problems using addition and subtraction?	
			4.6d) CAN I interpret math problems that involve remainders?	
			4.6e) Can I use mental estimation to check answers?	
			7. I CAN use place value understanding and properties of operations to add, subtract, multiply and divide multi-digit whole numbers	
			4.7a) CAN I add and subtract numbers within 1,000,000 using the algorithm?	
			4.7b) CAN I find whole number quotients with remainders?	
			4.7c) CAN I use rectangular area models to illustrate multiplication?	
			4.7d) CAN I use arrays to model my understanding of multiplication?	
			4.7e) CAN I explain the relationship between multiplication and division?	
			8. I CAN compare, order, and understand equivalence of fractions with different numerators and denominators.	
			4.8a) CAN I use fraction models to show fraction value?	
			4.8b) CAN I explain that a fraction $a/a$ is equal to one whole?	
			4.8c) CAN I show how two fractions can be equal even when the parts are different sizes?	
			4.8d) CAN I create a fraction that is equal to another fraction but has different numbers?	
			4.8e) CAN I recognize equivalent fractions?	

Taught	Practiced	Mastery Date	FIFTH GRADE MATH “I CAN” STATEMENTS	5
			1. I CAN understand and explain the value of digits and use that understanding to read, write, round and compare decimals to thousandths.	
			5.1a) CAN I name each place value to the thousandths?	
			5.1b) CAN I recognize a digit in the one place is 10 times as much as the number to its right and 1/10 of the number to its left?	
			5.1c) CAN I explain the relationship between the number of zeros in a number and relate it to powers of 10?	
			5.1d) CAN I describe decimal point placement when a number is multiplied or divided by a power of 10?	
			5.1e) CAN I use rounding strategies to estimate decimals?	
			2. I CAN multiply multi-digit whole numbers and divide four-digit dividends by two-digit divisors.	
			5.2a) CAN I use place value strategies to multiply & divide numbers?	
			5.2b) CAN I use place value strategies to divide numbers?	
			5.2c) CAN I apply properties of operations when multiplying and dividing?	
			5.2d) CAN I describe the relationship between multiplication and division?	
			5.2e) CAN I illustrate multiplication and division using equations, arrays and area models?	
			3. I CAN add, subtract, multiply and divide decimals to hundredths and use concrete models, drawings, area models and arrays to explain my answer.	
			5.3a) CAN I use concrete models based on place value to compute with decimals?	
			5.3b) CAN I apply properties of operations to decimal computations?	
			5.3c) CAN I describe a strategy used to compute with decimals?	
			5.3d) CAN I explain the relationship between addition and subtraction?	
			5.3e) CAN I solve real-world problems involving decimals and explain my reasoning?	
			4. I CAN fluently add, subtract, multiply and divide fractions involving unlike denominators, mixed numbers and whole numbers.	
			5.4a) CAN I identify and explain the parts of a fraction and what it represents?	
			5.4b) CAN I explain the criteria for a fraction to be equal to?	
			5.4c) CAN I find a common denominator of two fractions?	
			5.4d) CAN I mentally assess if my answers are reasonable using benchmark fractions?	
			5.4e) CAN I create visual fraction models and equations to represent a real-world problem?	
			5. I CAN interpret, apply and extend understanding of fraction computation to real world problems involving fractions and mixed numbers.	
			5.5a) CAN I explain how a fraction is related to division?	
			5.5b) CAN I solve real-world problems involving division of fractions sing models and equations?	
			5.5c) CAN I solve real-world problems involving of multiplication of fractions using models and equations?	
			5.5d) CAN I use multiplication of fractions to resize real-world models?	
			5.5e) CAN I compare the size of a product to the size of one factor?	
			6. I CAN use parentheses, brackets and ordering of operations to write expressions and calculate numbers.	
			5.6a) CAN I know and apply the order of operations?	
			5.6b) CAN I find prime factors of numbers?	
			5.6c) CAN I multiply numbers using exponents?	
			5.6d) CAN I write simple expressions without evaluating them?	
			5.6e) CAN I recognize how operations change a number without evaluating them?	
			7. I CAN determine the prime factors of all numbers through 50 and show multiples of a factor using exponents.	
			5.7a) CAN I explain the relationship between exponents and multiplication?	
			5.7b) CAN I give examples of prime numbers and explain what makes them prime?	
			5.7c) CAN I give examples of composite numbers and explain what makes them composite?	
			5.7d) CAN I name factors of numbers based on what I know about multiplication?	
			5.7e) CAN I show factors as a product of numbers?	

## 2021 ELA Pacing Guide, Grade 6

### Where to Focus Grade 6 ELA

Key skills show where students and teachers should spend the large majority of their time in order to meet the expectations of the grade level standards. Not all content is emphasized equally throughout the grade level, so these key skills are **bolded**. Some require greater emphasis than others based on the depth of ideas and the time it takes to master and/or their importance to future English Language Arts knowledge and their demands of college and career readiness.

**PLC I CAN! Focus**-Bring student work for mastery calibration and collaboration during your school-wide PLC.

First Quarter	Second Quarter	Third Quarter	Fourth Quarter

# Grade 6 I CAN!s and CAN I?s

## Where to Focus Grade 6 ELA

Key skills show where students and teachers should spend the large majority of their time in order to meet the expectations of the grade level standards. Not all content is emphasized equally throughout the grade level, so these key skills are bolded. Some require greater emphasis than others based on the depth of ideas and the time it takes to master and/or their importance to future English Language Arts knowledge and their demands of college and career readiness.

### Mastery Trackers (coming soon)

I CAN!s	Standard	Can I?s
Themes: Teacher directed thematic units. These units can be scaffolded to reach the individual learning needs of each student in a class.		
Reading Literature		
<b>6.1</b>  <b>I CAN! read and comprehend sixth grade literature, including stories, dramas, and poetry.</b>	<b>Key Ideas &amp; Details</b> <b>RL 6.1</b> <b>RL 6.2</b> <b>RL 6.3</b> <b>Integration of Knowledge &amp; Ideas</b> <b>RL 6.7</b> <b>RL 6.8</b> <b>RL 6.9</b> <b>RL 6.10</b>	a) CAN I? Cite <b>textual evidence</b> to support analysis of what the text says explicitly as well as <b>inferences</b> drawn from the text. b) CAN I? Determine a <b>theme</b> or <b>central idea</b> of a text and how it is conveyed through particular details; provide a <b>summary</b> of the text distinct from personal opinions or judgments. c) CAN I? Describe how a particular story's or drama's <b>plot</b> unfolds in a series of episodes as well as how the characters respond or change as the plot moves toward a <b>resolution</b> . d) CAN I? <b>Compare and contrast</b> the experience of reading a story, drama, or poem to listening to or viewing an audio, video, or live version of the text, including contrasting what they "see" and "hear" when reading the text to what they perceive when they listen or watch. e) CAN I? Compare and contrast texts in <b>different forms or genres (e.g., stories and poems; historical novels and fantasy stories)</b> in terms of their approaches to similar themes and topics.
<b>6.2</b>  <b>I CAN! use literature text features to understand grade level stories, dramas and poetry.</b>	<b>Craft &amp; Structure</b> <b>RL 6.4</b> <b>RL 6.5</b> <b>RL 6.6</b>	a) CAN I? Determine the meaning of words and phrases as they are used in a text, including <b>figurative</b> and <b>connotative</b> meanings; analyze the impact of a specific word choice on meaning and tone. b) CAN I? Analyze how a particular sentence, chapter, <b>scene</b> , or <b>stanza</b> fits into the overall structure of a text and contributes to the development of the theme, setting, or plot. c) CAN I? Explain how an author develops the <b>point of view</b> of the <b>narrator</b> or <b>speaker</b> in a text.
Reading Informational Text		
<b>6.3</b>  <b>I CAN! read and comprehend sixth grade informational texts, including history, science, and technical texts.</b>	<b>Key Ideas &amp; Details</b> <b>RI 6.1</b> <b>RI 6.2</b> <b>RI 6.3</b> <b>Integration of Knowledge &amp; Ideas</b> <b>RI 6.7</b> <b>RI 6.8</b> <b>RI 6.9</b> <b>RI 6.10</b>	a) CAN I? Cite <b>textual evidence</b> to support <b>analysis</b> of what the text says explicitly as well as <b>inferences</b> drawn from the text. b) CAN I? Determine a <b>central idea</b> of a text and how it is conveyed through particular details; provide a <b>summary</b> of the text distinct from personal opinions or judgments. c) CAN I? Analyze in detail how a key individual, event, or idea is introduced, illustrated, and elaborated in a text (e.g., through examples or <b>anecdotes</b> ). d) CAN I? Integrate information presented in different media or formats (e.g., visually, <b>quantitatively</b> ) as well as in words to better understand the topic or issue. e) CAN I? <b>Trace</b> and <b>evaluate</b> the argument and specific claims in a text, distinguishing claims that are supported by reasons and evidence from claims that are not. f) CAN I? Compare and contrast one author's presentation of events with that of another (e.g., a memoir written by and a biography on the same person).
<b>6.4</b>  <b>I CAN! use text features to understand nonfiction text, including text books, online articles, and reference books.</b>	<b>Craft &amp; Structure</b> <b>RI 6.4</b> <b>RI 6.5</b> <b>RI 6.6</b>	a) CAN I? Determine the meaning of words and phrases as they are used in a text, including <b>figurative</b> , <b>connotative</b> , and <b>technical meanings</b> . b) CAN I? Analyze how a particular sentence, paragraph, chapter, or section fits into the <b>overall structure</b> of a text and contributes to the development of the ideas. c) CAN I? Determine an <b>author's point of view</b> or <b>purpose</b> in a text and explain how it is conveyed in the text.

Literacy in History, Science, & Technical Subjects		
<p>6.5</p> <p>I CAN! Read and comprehend my history/social studies texts independently and proficiently.</p>	<p>History/SS &amp; Writing H/SS 6-8 W 6-8</p>	<p>a) CAN I? Cite specific <b>textual evidence</b> to support analysis of <b>primary</b> and <b>secondary sources</b>.</p> <p>b) CAN I? Determine the <b>central ideas</b> of a primary or secondary source; provide an accurate <b>summary</b> of the source distinct from prior knowledge or opinions.</p> <p>c) CAN I? Identify <b>key steps</b> in a text's description of a process related to history/social studies (e.g., how a bill becomes law, how interest rates are raised or lowered).</p> <p>d) CAN I? Determine the meaning of words and phrases as they are used in a text, including vocabulary specific to domains related to history/social studies.</p> <p>e) CAN I? Describe how a text presents information (e.g., <b>sequentially, comparatively, causally</b>).</p> <p>f) CAN I? Identify aspects of a text that reveal an <b>author's point of view</b> or <b>purpose</b> (e.g., loaded language, inclusion or avoidance of particular facts).</p> <p>g) CAN I? Integrate <b>visual information</b> (e.g., in charts, graphs, photographs, videos, or maps) with other information in print and digital texts.</p> <p>h) CAN I? Distinguish among <b>fact, opinion, and reasoned judgment</b> in a text.</p> <p>i) CAN I? Analyze the relationship between a primary and secondary source on the same topic.</p>
<p>6.6</p> <p>I CAN! read and comprehend my science and technical texts independently and proficiently.</p>	<p>Science/Technology &amp; Writing S/T 6-8 W 6-8</p>	<p>a) CAN I? Cite specific <b>textual evidence</b> to support analysis of science and technical texts.</p> <p>b) CAN I? Determine the <b>central ideas</b> or conclusions of a text; provide an accurate summary of the text distinct from prior knowledge or opinions.</p> <p>c) CAN I? Follow precisely a multistep procedure when carrying out experiments, taking measurements, or performing technical tasks.</p> <p>d) CAN I? Determine the meaning of <b>symbols, key terms</b>, and other <b>domain-specific words and phrases</b> as they are used in a specific scientific or technical context.</p> <p>e) CAN I? Analyze the <b>structure</b> an author uses to organize a text, including how the major sections contribute to the whole and to an understanding of the topic.</p> <p>f) CAN I? Analyze the <b>author's purpose</b> in providing an explanation, describing a procedure, or discussing an experiment in a text.</p> <p>g) CAN I? Integrate <b>quantitative or technical information</b> expressed in words in a text with a version of that information expressed visually (e.g., in a flowchart, diagram, model, graph, or table).</p> <p>h) CAN I? Distinguish among <b>facts, reasoned judgment</b> based on research findings, and speculation in a text.</p> <p>i) CAN I? <b>Compare and contrast</b> the information gained from <b>experiments, simulations, video, or multimedia sources</b> with that gained from reading a text on the same topic.</p>
Writing		
<p>6.7</p> <p>I CAN! write for different tasks, purposes, and audiences.</p>	<p><b>Text Types and Purposes</b> W 6.1 W 6.2 W 6.3 <b>Content Area Literacy</b> W 6-8</p>	<p>a) CAN I? <b>Write arguments to support claims with clear reasons and relevant evidence.</b></p> <ul style="list-style-type: none"> <li>Introduce your <b>claim</b> and organize the <b>reasons</b> and <b>evidence</b> clearly.</li> <li>Support claim(s) with clear reasons and relevant evidence, using credible sources and demonstrating an understanding of the topic or text.</li> <li>Use words, phrases, and clauses to clarify the relationships among claim(s) and reasons.</li> <li>Establish and maintain a formal style.</li> <li>Provide a concluding statement or section that follows from the argument presented.</li> </ul> <p>b) CAN I? <b>Write informative/explanatory texts to examine a topic and convey ideas and information clearly.</b></p> <ul style="list-style-type: none"> <li>Introduce a topic; organize ideas, concepts, and information, using strategies such as <b>definition, classification, comparison/contrast, and cause/effect</b>; include <b>formatting</b> (e.g., <b>headings</b>), <b>graphics</b> (e.g., charts, tables), and multimedia when useful to aiding comprehension.</li> <li>Develop the topic with relevant <b>facts, definitions, concrete details, quotations</b>, or other information and examples.</li> <li>Use appropriate transitions to clarify the relationships among ideas and concepts.</li> <li>Use precise language and domain-specific vocabulary to inform about or explain the topic.</li> <li>Establish and maintain a formal style.</li> <li>Provide a concluding statement or section that follows from the information or explanation presented.</li> </ul> <p>c) CAN I? <b>Write narratives to develop real or imagined experiences or events using effective technique, relevant descriptive details, and well-structured event sequences.</b></p> <ul style="list-style-type: none"> <li>Orient the reader by establishing a situation and introducing a narrator and/or characters; organize an event sequence that unfolds naturally.</li> <li>Use narrative techniques, such as dialogue, pacing, and description, to develop experiences, events, and/or characters.</li> <li>Use a variety of transition words, phrases, and clauses to convey sequence and signal shifts from one time frame or setting to another.</li> </ul>

		<ul style="list-style-type: none"> <li>• Use precise words and phrases, relevant descriptive details, and sensory language to convey experiences and events.</li> <li>• Provide a conclusion that follows from the narrated experiences or events.</li> </ul>
<b>6.8</b> <b>I CAN! use the writing process to develop my writing.</b>	<b>Production and Distribution of Writing</b> <b>W 6.4</b> <b>W 6.5</b> <b>W 6.6</b>	a) <b>CAN I?</b> Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. b) <b>CAN I?</b> With some guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach. c) <b>CAN I?</b> Use the internet and technology to produce and publish writing and to collaborate with others; type a minimum of three pages in a single sitting.
<b>6.9</b> <b>I CAN! conduct short research projects using print and digital sources.</b>  (item not tested on Milestone)	<b>Research to Build and Present Ideas</b> <b>W 6.7</b> <b>W 6.8</b> <b>W 6.9</b>	a) <b>CAN I?</b> Conduct short research projects to answer a question, drawing on several <b>sources</b> and refocusing the inquiry when appropriate. b) <b>CAN I?</b> Gather relevant information from multiple print and digital sources; assess the credibility of each source; and quote or paraphrase the data and conclusions of others while avoiding <b>plagiarism</b> and providing basic <b>bibliographic information</b> for sources. c) <b>CAN I?</b> Draw evidence from literary or informational texts to support analysis, reflection, and research.
<b>Speaking and Listening</b>		
<b>6.10</b> <b>I CAN! participate in small and large group conversations about topics and books we are reading.</b>  (item not tested on Milestones)	<b>Comprehension &amp; Collaboration</b> <b>SL 6.1</b> <b>SL 6.2</b> <b>SL 6.3</b>	a) <b>CAN I?</b> Come to discussions prepared, having read or studied required material; explicitly draw on that preparation and other information known about the topic to explore ideas under discussion. b) <b>CAN I?</b> Follow agreed-upon rules for discussions (e.g., gaining the floor in respectful ways, listening to others with care, speaking one at a time about the topics and texts under discussion). c) <b>CAN I?</b> Ask questions to check understanding of information presented, stay on topic, and link their comments to the remarks of others. d) <b>CAN I?</b> Explain their own ideas and understanding in light of the discussion. e) <b>CAN I?</b> Interpret information presented in diverse media and formats (e.g., visually, quantitatively, orally) and explain how it contributes to a topic, text, or issue under study. f) <b>CAN I?</b> Identify a speaker's argument and claims, distinguishing claims that are supported by reasons and evidence from claims that are not.
<b>6.11</b> <b>I CAN! present ideas and experiences and use visual displays.</b>  (item not tested on milestones)	<b>Presentation &amp; Knowledge of Ideas</b> <b>SL 6.4</b> <b>SL 6.5</b> <b>SL 6.6</b>	a) <b>CAN I?</b> Present claims and findings, sequencing ideas logically and using pertinent descriptions, facts, and details to accentuate main ideas or themes; use appropriate eye contact, adequate volume, and clear pronunciation. b) <b>CAN I?</b> Include multimedia components (e.g., graphics, images, music, sound) and visual displays in presentations to clarify information. c) <b>CAN I?</b> Adapt speech to a variety of contexts and tasks, demonstrating command of formal English when indicated or appropriate.
<b>Language</b>		
<b>6.12</b> <b>I CAN! determine the meaning of words and phrases by choosing from a range of strategies.</b>	<b>Vocabulary Acquisition and Use</b> <b>L 6.4</b>	a) <b>CAN I?</b> Use sentence-level <b>context</b> as a clue to the meaning of a word or phrase. b) <b>CAN I?</b> Determine the meaning of a word with <b>Greek and Latin affixes and roots</b> as clues to the meaning of a word (e.g., telegraph, photograph, autograph). c) <b>CAN I?</b> Consult <b>reference materials</b> (e.g., <b>dictionaries, glossaries, thesauruses</b> ), both print and digital, to find the pronunciation and determine or clarify the precise meaning of key-words and phrases. d) <b>CAN I?</b> Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary).
<b>6.13</b> <b>I CAN! demonstrate understanding of figurative language, word relationships, and nuances in word meanings.</b>	<b>Vocabulary Acquisition and Use</b> <b>L 6.5</b> <b>L 6.6</b>	a) <b>CAN I?</b> Interpret figures of speech (e.g., personification) in context. b) <b>CAN I?</b> Use the relationship between particular words (e.g., cause/effect, part/whole, item/category) to better understand each of the words. c) <b>CAN I?</b> Distinguish among the connotations (associations) of words with similar denotations (definitions) (e.g., stingy, scrimping, economical, unwhasteful, thrifty).
<b>6.14</b> <b>I CAN! use proper grammar when I write and speak.</b>	<b>Conventions of Standard English</b> <b>L 6.1</b>	a) <b>CAN I?</b> Ensure that pronouns are in the proper case (subjective, objective, possessive). b) <b>CAN I?</b> Use <b>intensive pronouns</b> (e.g., myself, ourselves). c) <b>CAN I?</b> Recognize and correct inappropriate shifts in pronoun number and person. d) <b>CAN I?</b> Recognize and correct vague pronouns (i.e., ones with unclear or ambiguous antecedents).

		e) CAN I? Recognize variations from standard English in their own and others' writing and speaking, and identify and use strategies to improve expression in conventional language.
<b>6.15</b> <b>I CAN! correctly use the rules for capitalization, punctuation, and spelling when writing.</b>	<b>Conventions of Standard English</b> <b>L 6.2</b>	a) CAN I? Use punctuation (commas, parentheses, dashes) to set off nonrestrictive/parenthetical elements. b) CAN I? Use a comma to separate an introductory element from the rest of the sentence. c) CAN I? Spell grade-appropriate words correctly, consulting references as needed.

### Marzano's Vocabulary Words

Science	Social Studies	Language Arts	Math
abiotic	agriculture	author's purpose	absolute value
adaptation	ancient	autobiography	additive inverse
allele	Apartheid	biography	algebraic equation
asexual reproduction	Buddhism	cause and effect relationship	algebraic expression
biodiversity	cash crop	climax	complementary angles
biotic	Christianity	closing	coordinates
cell theory	chronology	comparison	elapsed time
conservation of energy	circa	compound sentence	equilateral
dependent variable	civilization	compound verb	formula
dominance	conflict	compound word	horizontal
ecosystem	culture	conjunction	image
experimental control	developing	contrast	improper fraction
gene	diplomacy	dialogue	integers
heterozygous	diversity	exclamation mark	linear measurement
homozygous	domesticate	exclamatory sentence	mixed numbers
hypothesis	ethnic group	imperative sentence	natural numbers
independent variable	famine	irregular verb	odds
law	geography	main idea or essential message	origin
mass	Hinduism	makes inferences	pi
meiosis	imperialism	organizational patterns	quadrilateral
mitosis	irrigation	point of view	quadrant
nucleus	Islam	pre	rate
punnett square	Judaism	present tense	rule
recessive	monotheism	re	scale drawing
scientific method	polytheism	reference materials	simplify (simplest form)
sexual reproduction	scarce	root word	supplementary angles
theory	socioeconomics	simple word analogies	vertical
tropism	sub-continent	tone	vertical angles
variable	subsistence	transition	x axis
virus	tolerance	un	y axis
volume			
weight			

## 2021 Math Pacing Guide - Grade 6

### [Where to Focus 6th Grade Mathematics](#)

Key skills show where students and teachers should spend the large majority of their time in order to meet the expectations of the grade level Standards. Not all content is emphasized equally throughout the grade level standards, these key skills are bolded. Some require greater emphasis than others based on the depth of ideas and the time it takes to master and/or their importance to future mathematics and their demands of college and career readiness.

**PLC I CAN! Focus**-Bring student work for mastery calibration and collaboration during your school-wide PLC.

## 6th Grade Math I CAN!s and CAN I?s

### Where to Focus 6th Grade Mathematics

**Key skills** show where students and teachers should spend the large majority of their time in order to meet the expectations of the grade level Standards. Not all content is emphasized equally throughout the grade level standards, these key skills are bolded. Some require greater emphasis than others based on the depth of ideas and the time it takes to master and/or their importance to future mathematics and their demands of college and career readiness.

	Standard	I CAN!s	CAN I?s
6.1	NS 2-3	I CAN add, subtract, multiply and divide whole numbers and decimals. (additional or supporting I CAN)	<ul style="list-style-type: none"> <li>Describe decimals using place value?</li> <li>Know the algorithm for multiplying and dividing decimals?</li> <li>Know the algorithm for adding and subtracting decimals?</li> <li>Read decimal numbers using math language?</li> <li>Solve real world problems with decimals?</li> </ul>
6.2	NS 4a	I CAN find the Greatest Common Factor and Least Common Multiple of two whole numbers and use them to solve problems with fractions. (additional or supporting I CAN)	<ul style="list-style-type: none"> <li>Explain the difference between a prime and composite number?</li> <li>List the first 10 prime numbers?</li> <li>Describe how to know the factors of numbers?</li> <li>Find common multiples of two or more numbers?</li> <li>Find common factors of two or more numbers?</li> </ul>
6.3	NS 4b	I CAN know and apply the Distributive Property. (additional or supporting I CAN)	<ul style="list-style-type: none"> <li>Find common factors of numbers?</li> <li>Explain order of operation rules?</li> <li>Express a sum of two numbers as multiples with a common factor? Ex. <math>36 + 8 = 4 (9 + 2)</math></li> <li>Know the difference between a common factor and the greatest common factor?</li> <li>Use the Distributive Property to solve real world problems?</li> </ul>
<b>6.4</b>	<b>NS 1</b>	<b>I CAN multiply and divide fractions and solve word problems involving fractions using a visual model or drawing.</b>	<ul style="list-style-type: none"> <li>Compute the quotient of fractions within word problems?</li> <li>Divide a fraction by a fraction?</li> <li>Use fraction models to explain how to compute with fractions?</li> <li>Explain the relationship between multiplication and division of fractions?</li> <li>Use an equation to represent a problem involving fractions?</li> </ul>
<b>6.5</b>	<b>NS 5-6</b>	<b>I CAN understand the relationship among positive numbers, negative numbers, and zero then use a number line to show number value.</b>	<ul style="list-style-type: none"> <li>Give real world examples of using positive and negative number values?</li> <li>Explain the meaning of zero?</li> <li>Locate rational numbers on a number line?</li> <li>Locate all quadrants of the coordinate plane (I, II, III, IV)?</li> <li>Find points in the coordinate plane with negative number coordinates?</li> </ul>
<b>6.6</b>	<b>NS 7-8</b>	<b>I CAN find the absolute value of numbers and use it to find the distance between points in a coordinate plane and the sums of rational numbers.</b>	<ul style="list-style-type: none"> <li>Find the absolute value of numbers?</li> <li>Find the distance between two numbers using absolute value?</li> <li>Find the distance between numbers in a coordinate plane?</li> <li>Order absolute value of rational numbers?</li> <li>Graph points in all four quadrants of the coordinate</li> </ul>

			plane?
6.7	RP 1-3 a, b, d	I CAN understand ratio concepts, ratio language and use reasoning to solve real-world problems about ratio and rate.	<ul style="list-style-type: none"> <li>Describe a ratio relationship between two quantities?</li> <li>Explain the concept of unit rate <math>a/b</math> and how it relates to a ratio <math>a:b</math>?</li> <li>Use rate language in context of a ratio relationship?</li> <li>Reason about the relationship of numbers using ratios?</li> <li>Distinguish between ratio, rate and unit rate?</li> </ul>
6.8	RP 3c	I CAN find a percent of quantity as a rate per 100 and solve problems involving finding the whole if I am given a part and the percent.	<ul style="list-style-type: none"> <li>Use equations to solve real-world problems involving ratio and rate?</li> <li>Use tables of equivalent ratios to solve real-world problems involving ratio and rate?</li> <li>Use tape diagrams to solve real-world problems involving ratio and rate?</li> <li>Use double number line diagrams to solve real-world problems involving ratio and rate?</li> <li>Explain my reasoning when solving real-world problems involving ratio and rate?</li> </ul>
6.9	EE 1-4	I CAN apply my knowledge of rational numbers to opposite quantities, absolute value, exponents and the inverse.	<ul style="list-style-type: none"> <li>Write numerical expressions involving whole-number exponents?</li> <li>Evaluate numerical expressions involving whole-number exponents?</li> <li>Identify when two expressions are equivalent? Ex. <math>y + y + y = 3y</math></li> <li>Evaluate expressions in which letters stand for numbers?</li> <li>Know and apply the order of operation rules when evaluating expressions?</li> </ul>
6.10	EE 5-8	I CAN solve equations and inequalities to find an unknown value and apply that knowledge to problems by writing and solving equations and drawing a diagram.	<ul style="list-style-type: none"> <li>Use substitution of values to determine whether an inequality is true?</li> <li>Explain the concept of variable and use it to represent an unknown number?</li> <li>Write an inequality to represent a constraint or condition in a real-world problem?</li> <li></li> <li>Represent solutions of inequalities using a number line diagram?</li> <li>Write and solve equations using non negative rational numbers? Ex. <math>x + p = q</math> and <math>px = q</math>.</li> </ul>
6.11	EE 9	I CAN use variables to represent the relationship between two quantities and analyze that relationship using graphs and tables.	<ul style="list-style-type: none"> <li>Identify the independent variable and the dependent variable in an equation?</li> <li>Explain the relationship between the independent and dependent variables in an equation?</li> <li>Design a table to generate numerical values from an equation?</li> <li>Model an equation using a graph?</li> </ul>
6.12	G 1-4	I CAN use math tools and technology to solve real-world math problems with 2D and 3D shapes involving area, surface area and volume. (additional or supporting I CAN)	<ul style="list-style-type: none"> <li>Find the area of triangles, quadrilaterals and polygons by composing into rectangles or decomposing into other shapes?</li> <li>Find the volume of 3D figures with fractional edge lengths using unit cubes and the formula for volume?</li> <li>Draw polygons in the coordinate plane using coordinates of the vertices?</li> <li>Use nets made up of rectangles and triangles to</li> </ul>

			represent 3D figures?
6.13	SPA 1-5	I CAN gather and analyze statistical data, summarize the related values and display data sets in plots, histograms and boxplots in relation to their context. (additional or supporting I CAN)	<ul style="list-style-type: none"> <li>Recognize and develop statistical questions that can be measured by data?</li> <li>Describe the variability within a data set?</li> <li>Understand that a data distribution can be described by its center, spread and overall shape?</li> <li>Explain the difference between a measure of center and a measure of variation?</li> <li>Gather and analyze statistical data in the real-world?</li> </ul>

### Standards of Mathematical Practice (SMPs)

 #1 Make sense of problems and persevere in solving them.	 #5 Use appropriate tools strategically.
 #2 Reason abstractly and quantitatively.	 #6 Attend to precision.
 #3 Construct viable arguments & critique the reasoning of others.	 #7 Look for and make use of structure.
 #4 Model with mathematics.	 #8 Look for and express regularity in repeated reasoning.

# Citrus Springs Budget

## 2020-21

# Executive Summary

Citrus Springs serves students in Orange County as well as contiguous counties. Founded in 2016, Citrus Springs has a vibrant homeschool program and a student center in Santa Ana. The Charter operates under the authorization of the Orange County Department of Education. It is with pleasure we present the following budget for consideration for the 2020-21 fiscal year.

# Fiscal Overview.

Budget Planning for the 2020/2021 year began in early January 2020. The initial news from the Governor's proposed budget released in January provided for minimally increased funding led by a Cost of Living Adjustment to our main funding base was of approximately 2%.

# Fiscal Overview, cont.

Staff began reviewing the potential budget outcomes based on the minimal increase of 2% with natural costs increasing at a more elevated rate, of which was discussed with each Principal, Director and Assistant Superintendent prior to and during the budget development process.

In March, Springs became impacted, as did the entire state of California with the COVID-19 pandemic. While funding was frozen for the remainder of 2019-20 fiscal year, the proposal of funding cuts became the common theme.

# Fiscal Overview, cont.

By mid-May, the Governor is required by law to release the May-Revise budget. This is intended to provide a more refined budget planning approach due to the state's tax receipting in April, along with a clear snapshot of the progress of the economy. However, this April, the Internal Revenue Service postponed the tax filing deadline to July 15th, which California mirrors. As such, the Governor's revise did not have the benefit of the Franchise Tax Board's collection efforts as a revenue gauge.

## Fiscal Overview, cont.

The Governor reported incoming cash at approximately 1/3 of the normal amounts for this time of year. In addition, he ordered all state departments to draft their budgets based on a workload model, which does not allow for any new funding. It also requires a reduction to existing funding. Schools were then informed that the Governor proposed funding the COLA, and immediately taking back with a 10% reduction, reflecting an ultimate cut of 7.92%.

# Fiscal Overview, cont.

This reduction in funding also impact various state sources; i.e. lottery impacted by COLA.

Unfortunately, the Governor wasn't finished with his budget challenges. He then indicated that the State would institute deferrals, which payment for owed funding is made at a later date. His proposals impact the following; June's EPA and LCFF funding would be paid in July 2020. In addition, a portion of April 2021 and all of May and June would be deferred to a date not yet determined in fiscal year 2022.

# Fiscal Overview, cont.

The Governor is currently working with the Federal Government to secure funding through the 4th stimulus package referred to as the HEROES Act. Governor Newsom's assumptions include a partial backfill of the LCFF funding cuts through the federal HEROES Act. While the House of Representatives quickly passed the Act, the bill is not moving quickly in the Senate. We are reasonably optimistic for receipt of some funding, however, the exact amount is unknown. Whether the State Assembly and Senate pass a budget

# Fiscal Overview, cont.

reflective of the Governor's revision or a convoluted version of their own calculations, we are fully anticipating that the federal funding issue will not be resolved prior to the state constitutional requirement of a budget passed by 6/15 and signed by the Governor by 6/30.

With the Government's focus on protest matters currently, it is unlikely we will see or know the HEROES Act results until late July or early August.

# Fiscal Overview, cont.

Once those results are known, the State will provide the level to which funding will backfill the revenue cuts. At this time, we will know for certain what reductions in spending we need to make. To make the level of reductions the current figures show would be devastating, especially when we do not yet know the extent of the true cuts.

A revised budget will be created and provided to the Board in September for adoption, along with the specific plan to reduce costs.

# Budget Snapshot

Citrus Springs Charter School 2020-21 Prelim Budget				
P2 ADA (projected)	270	308	38	14.2%

	FY20 Second Interim	FY21 Preliminary	
<b>Revenues</b>			
LCFF - State Aid	2,788,567	2,785,482	(3,085) -0.1%
Federal Revenues	200,344	573,588	373,244 186.3%
Other State Revenues	204,932	86,371	(118,561) -57.9%

<b>Total Revenues</b>	<b>3,445,040</b>	<b>3,708,679</b>	<b>263,639 7.7%</b>

<b>Expenditures</b>			
Certificated Salaries	1,132,677	1,277,629	144,952 12.8%
Classified Salaries	252,195	311,863	59,668 23.7%
Employee Benefits	518,818	694,201	175,383 33.8%
Books/Supplies/Equip	176,582	198,673	22,091 12.5%
Services/Operations	1,195,467	1,156,211	(39,256) -3.3%
Capital Outlay	500	500	- 0.0%
Other Outgo	35,702	35,411	(291) -0.8%
<b>Total Expenditures</b>	<b>3,311,942</b>	<b>3,674,488</b>	<b>362,546 10.9%</b>

<b>Net Revenues</b>	<b>133,098</b>	<b>34,191</b>	<b>(98,907)</b>
---------------------	----------------	---------------	-----------------

Beginning Balance July 1 (Audited)	736,144	736,144
Ending Balance June 30 (Projected)	869,242	770,335
Ending Balance as % of Outgo (Reserves)	26.25%	20.96%

# Revenue Sources

## Salaries & Benefits

# Expenses

# ADA

All California public schools are required to report average daily attendance (ADA) at 4 periods throughout the year; Preliminary Budget, P1, P2 and Annual. ADA is the primary tool used to determine revenues available throughout the year to serve the mission of the organization.

California's population has experienced two years of declining growth, which is mirrored in the ADA as shown below:

# Orange County Charters ADA

# Citrus Springs ADA

ADA by Type

# ADA Breakdown by type or program

Staff monitors the projected and actual growth carefully and thoughtfully to ensure it is represented properly and fully supported. We are anticipating a growth of 14.2% largely due to increased growth in the homeschool program.

# CalSTRS Pensions

Citrus Springs participates in the CalSTRS retirement program. Following legislation passed in 2013 to cover the unfunded liability of future retirees, the employer contribution has been increasing each year to reach the maximum amount of 18.10%. This year the increase was originally slated to rise to 18.4%, however the Governor offered some pension relief by lowering the employer contribution to 16.15%

# CALSTRS EMPLOYER CONTRIBUTION

# CALPERS EMPLOYER CONTRIBUTION

# Budget Revision

## Adjustments will be made

Adjustments will be made to the budget following the revision of the state budget in late July to early August. The changes and reductions will be compiled within the budget for presentation in September.

# In Summary

Staff is proud to present the following budget for your consideration. Citrus Springs continues to operate in a fiscally sound manner, while ensuring the fulfillment of the mission and vision.

We thank you for your support.

# S.P.R.E.E.

Student Parent Regional Educational Events

## DATE:

Varies

## TIME:

10:00am-1:00pm

## LOCATION:

Varies

## FOOD:

### **Parents:**

Muffins, Fruit, Water,  
Coffee

### **Children:**

Provided by Spirings

### Additional Information:

Childcare will be provided  
for Toddlers 3 years and  
older; must be potty  
trained.

### Questions?:

Jen-  
nifer.wiersma@springscs.o

## What is S.P.R.E.E.?

Homeschool S.P.R.E.E. events include fun, make it-take it, educational workshops for our K-8th grade students that will give them a chance to socialize and learn with their peers! Parents will attend workshop sessions and have opportunities to collaborate and exchange ideas with other Homeschool parents. Workshops are provided by our fabulous ESes, credentialed staff, and vendors! Each event is a little bit different overall, but will last approximately three hours.

This year our theme for students is: "There is NO place like Spirings!"

<u>DATE</u>	<u>TIME</u>	<u>LOCATION</u>
9.23.19	10:00 am—1:00 pm	RC Student Center, 8968 Archibald Ave., Rancho Cucamonga, CA
9.30.19	10:00 am—1:00 pm	Otay Learning Center 1615 Mater Dei Drive Chula Vista, CA
10.7.19	10:00 am—1:00 pm	OC Student Center, N. Grand Ave., Santa Ana, CA
10.16.19	10:00 am—1:00 pm	UCR Palm Desert, 75080 Frank Sinatra Dr., Palm Desert, CA
11.8.19	10:00 am—1:00 pm	Temecula Learning Center 27447 Enterprise Circle Temecula, CA
11.12.19	10:00 am—1:00 pm	Riverside Student Center, 3050 Chicago Ave., Riverside, CA

# Power Tools

1 5 l e a r n i n g s t r a t e g i e s

## Think Pair Share

A cooperative learning technique that supports students to think through questions using these three distinct steps.

## SQ3R

A reading strategy used to aid comprehension and access difficult text. The acronym stands for Survey, Question, Read, Recite, and Review.

## RAFT

A flexible writing strategy. R is for the role of the writer; A is for the audience the writer addresses; F is for the form or format of the writing; T is for the topic of the writing.

## Questioning

A strategy for classifying thinking according to levels of complexity. We think of it as a stairway to encourage higher-level thinking.

## Notes

A method to help students break down and organize information.

## Graphic Organizers

A strategy that encompasses a variety of note-taking formats that show relationships among ideas and helps scaffold learning.

## POWER Writing

A strategy to improve writing skills using a process. POWER is an acronym for Plan, Organize, Write, Revise, and Edit and represents the steps in the writing process.

## Journal

A writing strategy to help students process information, organize, reflect and to promote writing fluency.

# Power Tools

1 5 l e a r n i n g s t r a t e g i e s

## RIP

Repetition, Imagery & Pattern  
A strategy to increase retention by using repetition, images, and patterns.

## Sketch to Stretch

A strategy that teaches students to visualize the main idea and concepts and to stretch their thinking and understanding.

## Connect

An active reading strategy that helps students connect to things that they already know about.

## Cover and Tell

A reading comprehension strategy that enables a student to independently, break up their reading into smaller parts, giving them a chance to focus on what they just read and retell the information.

## Mind Maps

A strategy for helping students order and structure their thinking through mentally mapping words and/or concepts.

## Summarize

A strategy that helps students to identify the most important ideas in a text.

## VIP

A strategy is used to support readers in their efforts to navigate through the text, comprehend challenging material, reflect on key points or ideas, make connections, and clarify understanding.

## Grade 2 I CAN!s and CAN I?s

Mastery Trackers  
(coming soon)

I CAN!s	Standard	CAN I?s
Themes: Teacher directed thematic units. These units can be scaffolded to reach the individual learning needs of each student in a class.		
Reading Literature		
2.1 I CAN! read second grade books and poems.	Key Ideas & Details RL 2.1-3 Knowledge & Ideas RL 2.7, 2.9	a) CAN I? ask and answer questions such as who, what, where, when, why, and how. b) CAN I? retell stories, <b>fables</b> , and <b>folktales</b> , and explain the message, lesson, or <b>moral</b> . c) CAN I? describe how <b>characters</b> in a story respond to events and challenges. d) CAN I? use information gained from the <b>illustrations</b> and words to better understanding the characters, <b>setting</b> , or <b>plot</b> . e) CAN I? <b>compare</b> two versions of the same story (e.g., Cinderella stories) by different <b>authors</b> or from different <b>cultures</b> .
2.2 I CAN! use text features to read and understand stories and poems.	Craft & Structure RL 2.4-2.6	a) CAN I? describe how words and <b>phrases</b> (e.g., regular <b>beats</b> , <b>alliteration</b> , <b>rhymes</b> , <b>repeated lines</b> ) supply <b>rhythm</b> and meaning in a <b>story</b> , <b>poem</b> , or <b>song</b> . b) CAN I? describe the <b>structure</b> of a story, including how the <b>beginning</b> introduces the story and the <b>ending concludes</b> the action. c) CAN I? acknowledge differences in the <b>points of view</b> of characters, including by speaking in a different <b>voice</b> for each character when reading <b>dialogue</b> aloud.
Reading Informational Text		
2.3 I CAN! understand history books, science books, and diagrams.	Key Ideas & Details RI 2.1-2.3 Knowledge & Ideas RI 2.7-2.9	a) CAN I? ask and answer such questions as who, what, where, when, why, and how. b) CAN I? identify the <b>main topic</b> of a multiparagraph text as well as the focus of specific paragraphs within the text. c) CAN I? describe the <b>connection</b> between a series of <b>historical events</b> , <b>scientific ideas</b> or concepts, or steps in technical procedures in a text. d) CAN I? explain how specific images (e.g., a diagram showing how a machine works) contribute to and clarify a text. e) CAN I? describe how reasons support specific points the author makes in a text. f) CAN I? <b>compare and contrast</b> the most important points presented by two texts on the same topic.
2.4 I CAN! use text features to help me understand informational texts.	Craft & Structure RI 2.4-2.6	a) CAN I? determine the meaning of words and phrases in a text relevant to a grade 2 topic or subject area. b) CAN I? know and use various <b>text features</b> (e.g., <b>captions</b> <b>bold print</b> , <b>subheadings</b> , <b>glossaries</b> , <b>indexes</b> , <b>electronic menus</b> , <b>icons</b> ) to locate key facts or information in a text efficiently. c) CAN I? identify the <b>main purpose</b> of a text, including what the author wants to answer, explain, or describe.
Writing		
2.5 I CAN! write paragraphs to give my opinion, provide information, or retell an event.	Text Types and Purposes W 2.1-2.3	a) CAN I? write <b>opinion</b> pieces in which I introduce the <b>topic</b> or book I am writing about, state an opinion, supply <b>reasons</b> that support the opinion, use <b>linking words</b> (e.g., because, and, also) to connect opinion and reasons, and provide a <b>concluding statement</b> or section. b) CAN I? write <b>informative/explanatory</b> texts in which I introduce a topic, use <b>facts</b> and <b>definitions</b> to develop <b>points</b> , and provide a concluding statement or section. c) CAN I? write <b>narratives</b> in which they recount a well-elaborated <b>event</b> or short <b>sequence of events</b> , include <b>details</b> to describe <b>actions</b> , <b>thoughts</b> , and <b>feelings</b> , use <b>temporal words</b> to signal the <b>order of events</b> , and provide a sense of <b>closure</b> .
2.6 I CAN! improve my writing to stay on topic.	Production & Distribution of Writing W 2.5-2.6	a) CAN I? focus on a <b>topic</b> and strengthen writing by <b>editing</b> and <b>revising</b> . b) CAN I? use <b>digital tools</b> to produce and <b>publish</b> writing, including collaborating with peers.

2.7 I CAN! Research a question with my peers. (Item not tested on Milestone)	Research to Build and Present Ideas W 2.7-2.8	a) CAN I? participate in <b>shared research</b> and <b>writing projects</b> (read a number of books on a single topic to produce a report; record science observations). b) CAN I? <b>recall</b> information from experiences or gather information from provided <b>sources</b> to answer a question.
Speaking and Listening		
2.8 I CAN! participate in group conversations about what we are reading. (Item not tested on Milestones)	Comprehension & Collaboration SL 2.1  SLSL 2.3	a) CAN I? follow agreed-upon <b>rules</b> for discussion (taking turns speaking, listening fully, speaking one at a time about the texts and topics under discussion) b) CAN I? build on other's talk in conversations by linking their comments to the remarks of others. c) CAN I? ask for <b>clarification</b> and further <b>explanation</b> to better understand the <b>discussion</b> . d) CAN I? <b>recount</b> or describe <b>key ideas</b> or <b>details</b> from a text <b>read aloud</b> or information presented <b>orally</b> or through other media. e) CAN I? ask and answer questions about what a speaker says in order to <b>clarify comprehension</b> , gather additional information, or deepen understanding of a topic or issue.
2.9 I CAN! present information about a topic. (Item not tested on Milestones)	Presentation & Knowledge of Ideas SL 2.4-2.6	a) CAN I? tell a story or recount an experience with appropriate facts and relevant, descriptive details, speaking audibly in coherent sentences. b) CAN I? create <b>audio recordings</b> of stories or poems; add drawings or other <b>visual displays</b> to stories or recounts of experiences when appropriate to <b>clarify ideas, thoughts, and feelings</b> . c) CAN I? produce complete sentences when appropriate to <b>task</b> and situation in order to provide requested detail or <b>clarification</b> .
Vocabulary		
2.10  I CAN! use print or digital tools to find the meaning of words and phrases.	Vocabulary Acquisition and Use L 2.4	a) CAN I? use sentence-level <b>context</b> as a clue to the meaning of a word or phrase. b) CAN I? determine the meaning of the new word formed when a known <b>prefix</b> is added to a known word (e.g., happy/unhappy, tell/retell). c) CAN I? use a known <b>root word</b> as a clue to the meaning of an unknown word with the same <b>root</b> (e.g., addition, additional). d) CAN I? use knowledge of the meaning of individual words to predict the meaning of <b>compound words</b> (e.g., birdhouse, lighthouse, housefly; bookshelf, notebook, bookmark). e) CAN I? use <b>glossaries</b> and beginning <b>dictionaries</b> , both print and digital, to determine or clarify the meaning of words and phrases.
2.11  I CAN! understand words with similar meanings.	Vocabulary Acquisition and Use L 2.5, 2.6	a) CAN I? identify <b>real-life connections</b> between words and their use (e.g., describe foods that are spicy or juicy). b) CAN I? distinguish <b>shades of meaning</b> among closely related <b>verbs</b> (e.g., toss, throw, hurl) and closely related <b>adjectives</b> (e.g., thin, slender, skinny, scrawny).

Reading & Language Convention Skills			
Reading Foundations		Language Skills	
Phonics and Word Recognition RF 2.3	Fluency  RF 2.4	Convention of Standard English L 2.1	Conventions of Standard English L2.2a-e
2.12 I CAN! sound out words I don't know.	2.13 I CAN! understand what I'm reading.	2.14 I CAN! use proper grammar when I write and speak.	2.15 I CAN! write with correct capitalization, punctuation, and spelling.
a) distinguish between <b>long</b> and <b>short vowels</b> when reading regularly spelled <b>one-syllable</b> words.  b) read words with common <b>vowel teams</b> .  c) <b>decode</b> regularly spelled two-syllable words with long vowels.  d) <b>decode</b> words with common <b>prefixes</b> and <b>suffixes</b> .  e) identify and use	a) read with <b>purpose</b> and <b>understanding</b> .  b) read out loud with <b>accuracy</b> , at a <b>natural pace</b> , and use <b>expression</b> .  c) use <b>context</b> to understand what I'm reading or to <b>self correct</b> .	a) use <b>collective nouns</b> (e.g., group).  b) form and use <b>irregular plural nouns</b> (e.g., feet, children, teeth, mice, fish).  c) use <b>reflexive pronouns</b> (e.g., myself, ourselves).  d) form and use the past tense of common <b>irregular verbs</b> (e.g., sat, hid, told).  e) use <b>adjectives</b> and <b>adverbs</b> , and choose between them depending on what is to be modified.	a) <b>capitalize</b> holidays, product names, and geographic names.  b) use <b>commas</b> in <b>greetings</b> and <b>closings</b> of letters.  c) use an <b>apostrophe</b> to form <b>contractions</b> and frequently occurring <b>possessives</b> .  d) spell my second grade <b>word families</b> correctly (-igh, -oo, -ue, -ew, -aw, -augh, -ough, -oy, -oi, ou, -ow) r controlled vowels, (-or, -ar, -er, -ir, -ur).

<b>homophones.</b>  f) recognize and read my second grade <b>sight words</b> .		f) produce, expand, and rearrange complete <b>simple</b> and <b>compound sentences</b> (e.g., The boy watched the movie; The little boy watched the movie; The action movie was watched by the little boy).	e) consult <b>reference materials</b> , including beginning <b>dictionaries</b> , as needed to check and correct spellings.

# 2nd Grade Math

## My I CAN Mastery Tracker!

Even the hardest puzzles have a solution at Camp Springs!

**1** I CAN add and subtract within 100 and use what I know to solve word problems.

☐

**9**

I CAN add and subtract within 1000 using models, drawings, regrouping, properties, estimation and correct understanding of place value.

☐

**2**

I CAN know my addition and subtraction facts within 20 and know from memory all sums of two one-digit numbers.

☐

**10**

I CAN count money (bills, quarters, dimes, nickels and pennies) and use that knowledge to solve word problems using dollar and cent signs correctly.

☐

**3**

I CAN group up to 20 objects to tell if a number is odd or even by finding pairs or counting by 2s.

☐

**11**

I CAN measure, estimate and compare the lengths of objects using measuring tools.

☐

**4**

I CAN show my multiplication tables for 2s, 5s and 10s by using repeated addition, arrays, or by counting with multiples.

☐

**12**

I CAN tell time to the nearest 5 minutes using a.m. and p.m. and know the number of minutes in an hour, days in a week, and days in a month.

☐

**5**

I CAN read, write and count numbers forward and backward to 1,000 using 2s, 5s, 10s, and 100s.

☐

**13**

I CAN make and use a table to organize data and use it to make a line plot, picture graph and bar graph.

☐

**6**

I CAN count, read, compare, write, order, and place numbers from least to greatest in value up to 1,000 by using the symbols  $<$ ,  $>$ , and  $=$ .

☐

**14**

I CAN name and draw triangles, quadrilaterals, pentagons, hexagons, and cubes.

☐

**7**

I CAN add and subtract tens and hundreds in my head and explain how I found my answer.

☐

**15**

I CAN divide circles and rectangles into equal parts, find the area and use fraction words to name the parts.

☐

**8**

I CAN add and subtract three digit numbers and add more than two big numbers using what I know about place value and properties of operations.

☐

# PARENT CERTIFICATION

Empowering Parents

Springs Charter Schools is excited to offer our Parent Certification Program for our Homeschool parents. This program is optional.

Our goal is to empower parents to provide the best educational experience for their students by providing additional training and support.

## Upon completion of all requirements, parents will receive:

Homeschool Certification through Springs Charter Schools

Recognition as a member of an elite community of homeschool parents

and....

An additional bonus of \$300 in instructional funds per family

## REQUIREMENTS

COMPLETE 3  
CORE COURSES

4 ELECTIVES

1 FINAL PROJECT

# CORE COURSES

Three core courses are completed online and provide support in the following areas:

Course 1: Educational philosophy, goal setting, pacing, planning, and scheduling

Course 2: Recognizing your student as a unique learner and brain-based instructional strategies to engage students

Course 3: Assessment AS instruction

# ELECTIVES

Four electives can be met by the following options:

Attendance at the SCS Annual Parent Ignite! Conference in August (this counts as 2 electives)

Attendance at SCS Workshops offered throughout the year

Attendance at an outside, pre-approved, conference or training

Read and review an educational book

Be a part of an active co-op

Participate with your student in Springs events such as the Writing Contest, Spelling Bee, History Day, Science Fair, Talent Show and/or Meet the Expert

# FINAL PROJECT

This is a parent choice project that is required to demonstrate one aspect of what you have learned through the Parent Certification Program and how you have applied it to your own homeschooling experience. You can complete your pre-approved project in a variety of ways, such as a poster presentation, a brochure, portfolio of student work, year plan/outline, etc.

**For more information contact Michelle Sullivan (951-201-1706) or via email at [parent.certification@springscs.org](mailto:parent.certification@springscs.org)**

## 2021 English 1 Pacing Guide

Weeks	I CAN!s	Reading	Mastery Assignment
<b>Week 1</b>	Course Orientation/Portfolio Sample		
<b>Weeks 2-4</b>	I CAN #1 analyze how complex characters (e.g., those with multiple or conflicting motivations) develop over the course of a text, interact with other characters, and advance the plot or develop the theme.	Short Stories	Character analysis due in Week 4
<b>Weeks 5-8</b>	I CAN #2 write informative/explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately through the effective selection, organization, and analysis of content.	Informational articles/videos on science topic  Topic in curriculum: Green Roofs	2 page explanatory essay due in Week 8
<b>Weeks 9-12</b>	I CAN #3 cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.  I CAN #4 demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. (Reinforce throughout school year)	Memoir  Recommended: <i>I Am Malala</i> OR <i>Born a Crime</i> (Young Readers Editions)	Write a proposal citing evidence from memoir due in Week 12
<b>Weeks 13-16</b>	I CAN # 5 produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.	Informational articles/videos about designing babies	Formal Presentation: slide show or letter to ethics board
<b>Week 17</b>	Milestone 1	On Demand Writing	

<b>Week 18-20</b>	Redos and Second Portfolio Sample Collection		
<b>Weeks 21-24</b>	I CAN # 6 determine a theme of a literary text and analyze its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide a summary of the text.	<i>To Kill a Mockingbird</i> OR <i>House on Mango Street</i>	Essay
<b>Weeks 25-28</b>	I CAN #7 conduct research projects to answer questions to solve a problem using evidence from multiple sources on the subject. Students will write and edit work using MLA guidelines for documentation and formatting to avoid plagiarism.	Informational Articles, Web Articles, Videos	Research Paper
<b>Weeks 29-30</b>	I CAN # 8 determine a central idea of an informational text and analyze its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide a summary of the text.	"Undercover Parent"	Objective Summary
<b>Weeks 31-32</b>	I CAN # 9 determine an author's point of view or purpose in a text and analyze how an author uses rhetoric to advance that point of view or purpose.	"Stay Hungry, Stay Foolish" by Steve Jobs OR "I Have a Dream" MLK	Formal Presentation of Speech Analysis
<b>Weeks 33-35</b>	I CAN #10 identify characteristics of narrative writing and write narratives to develop real or imagined experiences or events using effective technique, well-chosen details, and well-structured event sequences.	"The Dog That Bit People" or "Leiningen Versus the Ants"	First Person Fictional Narrative
<b>Week 36</b>	Milestone 2	On Demand Writing	

## 2021 English 1

1. Log into your CANVAS course for English and click “Grades.”
2. Use this form to track which assignments you have completed this semester and determine which assignments you still need to complete.
3. Missing assignments with “M” or “-” and assignments with “R” or a score of “1” as the grade MUST be submitted or redone to show mastery.
4. Mastery assignments MUST earn a score of 2 or better to earn a unit for the I CAN.

<b>Week 1</b>	Introduction & Portfolio Sample		
<b>Weeks 2-4</b>	How do our bodies maintain balance?	ICAN #1 Use models and investigations to illustrate the role of hierarchical organization of interacting systems in feedback mechanisms that maintain homeostasis.	ICAN 1 Mastery Assignment #1: Runner's Collapse
<b>Weeks 5-8</b>	How do our bodies use energy and matter?	ICAN #2 Use a model to illustrate how the flow of energy and the cycling of matter through the processes of photosynthesis and cellular respiration power life processes and build various macromolecules.	ICAN 2 Mastery Assignment #1: Living Roofs
<b>Weeks 9-12</b>	How do organisms grow and develop?	ICAN #3 Use a model and construct an explanation based on evidence for the role of mitosis, meiosis, and protein synthesis in creating specialized, differentiated, cells and complex organisms.	ICAN 3 Mastery Assignment #1
<b>Weeks 13-16</b>	How are there so many different kinds of organisms?	ICAN #4 Make and defend a claim based on evidence regarding how characteristics are inherited, can vary, and explain their frequency and variation in a population.	ICAN 4 Mastery Assignment #1
<b>Weeks 17-18</b>	Milestone		

<b>Labs (throughout semester)</b>		ICAN #5 Plan and conduct investigations to illustrate science concepts using proper scientific methods, formal lab write up formats, and the CER process.	Mastery Lab #1: Systems Interactions Lab  Mastery Lab #2: Life's Energy and Matter  Mastery Lab #3: TBD  Mastery Lab #4: TBD
<b>Week 19</b>	Introduction & Portfolio Sample		
<b>Weeks 20-23</b>	How can populations change over time?	ICAN #6 Construct an explanation based upon scientific information and evidence that genetic variation among organisms affects survival and reproduction.	ICAN 6 Mastery Assignment #1
<b>Weeks 24-27</b>	How does biodiversity affect us?	ICAN #7 Use mathematical representations and evidence to support explanations for the importance of biodiversity and the factors that affect it in ecosystems.	ICAN 7 Mastery Assignment #1
<b>Weeks 28-31</b>	Why does Earth look so different than it used to?	ICAN #8 Evaluate evidence and use scientific reasoning to explain why the Earth looks so different than it used to and construct an argument about the coevolution of Earth's systems and life.	ICAN 8 Mastery Assignment #1
<b>Weeks 32-34</b>	How can we make a positive impact on Earth and organisms?	ICAN #9 Construct an explanation based on evidence of human impact on earth, as well as design, evaluate and refine a solution to reduce human impact on earth to lead toward a more sustainable existence.	ICAN 9 Mastery Assignment #1
<b>Weeks 35-36</b>	Milestone		

<b>Labs (throughout semester)</b>		ICAN #10 Plan and conduct investigations to illustrate science concepts using proper scientific methods, formal lab write up formats, and the CER process.	Mastery Lab #1 Mastery Lab #2 Mastery Lab #3 Mastery Lab #4

## 2020-2021 The Living Earth Mastery Tracker

1. Log into your CANVAS course for The Living Earth and view your gradebook.
2. Use this form to track which assignments you have completed this semester and determine which assignments you still need to complete.

I recommend that you highlight each box as follows to identify mastery/non-mastery:

**YELLOW:** You have submitted an assignment and are waiting for it to be graded.

**GREEN:** You earned a 3 or a 4 out of 4

**ORANGE:** You earned a 2 (these should be re-done, but it is not mandatory)

**RED:** Assignment is missing or you earned a 1 (EVERY Mastery assignment must earn a grade of 2 or higher in order to earn full credits for this course!)

### Mastery Tracker

Student Name: Student, Fictitious

Student SSID #:     

Grade Level: 09

Program: Keys College & Career Prep

Contract Begins: 08/26/2019

School Year: 2019-2020

Contract Ends: 06/11/2020

Duration: 175 Days

Date Last Attended Previous School: 01/01/2019

#### **Manner, Time, Frequency, Place for Submitting Assignments & Reporting Progress:**

Manner: Face-to-face learning plan meeting

Time: 8 a.m. to 4 p.m.

Frequency: At least once every 20 school days

Place: Parent home, school site, or other agreed upon location

**Methods of Study:** Activities selected as the means to reach the objectives may include, but are not limited to: reading, research, essays, term papers, flash cards, illustrations, oral reports, demonstrations, participation, group projects, lesson exercises, games, projects, comprehension questions, computer programs, educational activities, simulations, discussions, note taking, videos, audio tapes, coloring, and other educational activities. Learning Plans will include descriptions of the major objectives and activities of the course of study covered by the agreement that were used within each assignment period.

**Student Educational Objectives:** The student must make adequate and appropriate progress toward the attainment of the Student Standards outlined in the charter document.

**Specific Resources, Including Materials and Personnel, That Will Be Made Available to the Student:** This student is entitled to school services and resources including, but not limited to, all school personnel, a credentialed teacher, textbooks, computers and software, supplementary materials, educational activities, and community resources.

**Methods of Evaluation - Mandatory Evaluations:** Portfolio samples, monthly review of work, parent and teacher/ES observation, and California test or Charter School grade level assessment. Other evaluations include meeting Common Core State Standards which will include at minimum norm and criterion referenced tests, textbook assessments and project completion.

**Measurements of Academic Accomplishment or Course Credits:** Per this contract, a student enrolled for a full semester must attempt a full course of study to include a minimum of 20-course credits (grade 9-12) or four core courses/ICANS (grades K-8) to prove academic accomplishment. This is reflected in the student's course list in the charter's student information system.

**Board Policies:** For all grade levels and all programs offered by the Charter School, no more than 20 school days may pass between when an assignment is made and the date by which a K-12 student must complete the assigned work in this Charter School.

The number of missed assignments that will be allowed before an evaluation is conducted to determine whether it is in the best interest of the student to remain in independent study shall be one (1). All students are expected to complete 100% of the work assigned.

**Student/parent also understands the following:** Independent study is an optional educational alternative in which no pupil may be required to participate. This student will remain eligible to enroll in a school located in the district in which he/she resides. This contract becomes null and void if the parent fails to complete the Student Registration Packet between July 1 and the first day of attendance.

Parent Name: Parents, Fictitious	Signature: <u>Fictitious Parents</u>	Date: 02/03/2020
Student Name: Student, Fictitious	Signature: <u>Fictitious Student</u>	Date: 02/03/2020

**The I CAN! Incentive Program was implemented in 2011 as a prize program for mastering new skills.**

The I CAN! statements were developed by our Instructional Support team based on state standards and grade level courses were created in Moodle. Students achieve mastery of each I CAN! by earning 80% or better on the mastery quiz or other assessment like the practice quizzes in OARS. In 2014 the I CANs were re-aligned to the new Common Core State Standards.

Here's how it works:

- ✓ The ES and parent determine what the student already knows and what they still need to learn.
- ✓ The ES will set a personalized "I CAN" goal for the year, as well as monthly goals, with the student and parent. These goals are tracked on the I CAN Scope & Sequence folder.
- ✓ The student will work on mastering their "I CAN" goals a little bit each day, showing mastery by receiving 80% on the mastery quiz.
- ✓ The ES will check student progress each month. If the student has mastered at least one goal, they get to pick a prize from the prize box.
- ✓ For each 5 "I CANS" mastered, the student will receive a colored bracelet. If students stay on track, they will have a rainbow of colors by the end of the year.
- ✓ There are special food coupons and prizes as students gain more "I CANS".
- ✓ Once the student meets their mid-year goal, they are awarded a special I CAN t-shirt. Our T-Shirt Ice Cream Social Ceremony will be in January.
- ✓ Students who reach their year-end goals by Spring Break will receive a special medal at a free trip to a regional fun park.

## Work Out a Problem!

Let's practice with these problems:

$$5 \times 4 =$$

$$3 \times 2 =$$

$$10 \times 8 =$$

$$5 \times 7 =$$

$$9 \times 1 =$$

$$0 \times 0 =$$

$$5 \times 6 =$$

$$11 \times 10 =$$

$$12 \times 6 =$$

(Answers: 20, 6, 80, 35, 9, 0, 30, 110, 72)

How-To Guide for teaching  
the SCS I CANs!

### I CAN: 3.2

I CAN: show that I have memorized my  
multiplication facts (0-12).

### Pre-Requisite Skills

Students should understand the concept of finding  
equal groups and how to group items.

Students should understand the concept of repeated  
addition.

### Manipulatives To Use In This Lesson

**Multiplication facts worksheet:** Print up a multiplication facts worksheet with various facts to show mastery.

**Flash Cards:** Write a multiplication fact on an index card with the answer to the fact on the back. Practice each fact aloud until the answers come easily and quickly.

White Board and dry erase marker to practice drawing arrays.

## Key Vocabulary and Activities

“Here are the words we will be using for this lesson and other multiplication lessons. I will write the words and definitions. I will say each out loud. Please repeat the words and definitions after me. Now you can copy these into your Math Journal.”

**Multiply:** the same number added to itself more than once

**Array:** a set of objects displayed in rows and columns

**Multiplication Fact:** two numbers that are multiplied together

**Equal:** the same amount or number of objects in each group

**Product:** the number that is the answer to a multiplication problem

**Factors:** the numbers that are being multiplied together

Vocabulary activity: Go to this website for a computerized flash card activity on the above vocabulary:  
<http://quizlet.com/24290670/32-i-can-math-booklet-flash-cards/>

## Real Life Application

Using real life examples is key to helping your student remember how to multiply their basic facts.

1. When out to eat, ask your student to multiply how many forks and knives your family will need. Introduce this concept as repeated addition. For example, a family of 6 will need  $1+1+1+1+1+1$  forks, or  $6 \times 1 = 6$ . If each family member needs 2 napkins, then the repeated addition would be  $2+2+2+2+2+2=12$  or  $6 \times 2 = 12$ .
2. When counting money, have your student use their knowledge of repeated addition. For example, when using dimes, have your student count 8 dimes.  $10+10+10+10+10+10+10+10=80$  or  $10 \times 8 = 80$ .
3. Look in the student's environment for naturally occurring arrays such as a shoe rack, a row of pictures in the house, or rows of flower pots outside.

## Tips and Tricks

### Try using songs:

*School House Rock* has a good multiplication song for counting by 3's. It's called "Three is a Magic Number."

<http://www.amazon.com/Schoolhouse-Rock-Special-Anniversary-Edition/dp/B00005JKTY>

Hide multiplication flash cards around the house and offer small rewards, such as a sticker for each fact that is correct.

Try answering multiplication facts while doing jumping jacks or something else physical to encourage muscle memory with multiplication fact memory.

Try writing the facts in shaving cream or in chalk.

## Concept Information

Multiplication is repeated addition. In order to show mastery of this concept, students should be able to show how to draw an array to show the concept of a multiplication fact.

Students should be able to answer their multiplication facts in a test form for facts with 0-12's.

In order to teach multiplication to your student, you should know how to do repeated addition in order to convert those repeated addition facts into multiplication facts. For example, you should be able to convert  $4+4+4$  into  $4 \times 3$ . Both have the same answer and are the same concepts, they just use different vocabulary.

## Introductory Lesson Plan

### I Do, We Do, You Do

**I Do:**

"Today we are going to learn how to draw arrays. An array will help us show how to do our multiplication facts. I will show you what an array looks like for  $1 \times 2$ . The factors are 1 and 2 and the product is 2.

Here's another example for  $2 \times 3$ :

The factors for this problem are 2 and 3. The product is 6.

**We Do:** "Now let's try one together. Let's try  $3 \times 3$ . You draw it on your white board and I'll draw one on my paper." Have your student use any shape they want to draw an array to demonstrate  $3 \times 3$ . The finished product will have three rows of three objects, like this:

The factors of this problem are

3 and 3. The product of this

problem is 9.

## Introductory Lesson Plan

### I Do, We Do, You Do

**You Do:**

"Now I'd like you to try to draw one on your white board. Let's try  $4 \times 2$ ." Have your student use shapes to draw an array with 4 rows and 2 objects in each row. If your student is not quite ready, practice together with a few more problems until they can do one themselves.

Here are a couple more examples of facts to practice:

"Now let's try  $5 \times 4$ ." Have your student draw an array with 5 rows with 4 objects in each row.

"Now let's try  $7 \times 3$ ." Have your student draw an array with 7 rows with 3 objects in each row.

If your student could use another practice, use the array for  $8 \times 4$ . This array should show 8 rows with 4 objects in each row. The goal of practicing these arrays is to begin to memorize the multiplication problems and give the student a strategy for solving the multiplication fact.

When your student is confident with drawing arrays, move to using repetition through flash cards to practice facts. Write the multiplication fact on one side of a note card with the answer on the back. Consider grouping all the multiplication facts that start with 2 in one stack. Help your child memorize those before moving on to the 3's, 4's, etc.

I CAN! Read and comprehend fifth grade literature,  
including stories, dramas, and poetry.

### Online Lessons & Activities

- Analyze Characters
- Analyze Story Elements
- Determine Theme
- Analyze Story Elements
- Identify Mood
- Narrator's Point of View
- Brain Pop: Point of View - Watch the video, then complete the activity, play the game and take the quiz.
- Learningpod: Answer questions about mood, details, and descriptions
- Learnzillion Read-Aloud Video: "The Devil and the Scavenger"
- Learnzillion: Point of View

### Written Work

- I CAN! ELA Center Overview: Story Maps
  - Story Map Visual Element Tool
- Compare & Contrast Activity
- Character Read and Roll
- Roll and Answer Reading Response
- Literature Discussion Cards

### Projects & Performance Tasks

- Scholastic: Character Scrapbook
- Scholastic: Downloadable Book Files for Determining Plot, Characters, Setting in Popular Novels

### Tips, Tricks, & Cheats

## 4.3

I CAN determine factor pairs and multiples for the numbers 1-100 and determine whether a number is prime or composite. (4.OA.4)

## Purpose of MTSS (Multi Tier Systems of Support)

MTSS provides a means for parents, teachers and key school personnel to systematically review and make suggestions about student performance with a goal to elevate student academic achievement by meeting individual instructional needs.

Generally, the MTSS process begins when the student has been identified through universal screening measures.

MTSS is a three-tier intervention process focused on identifying and assisting struggling students in an effort to help them be successful in school. The process is based on the following principles:

- Teach all children effectively
- Intervene early
- Use a multi-tiered model of service delivery
- Adopt a problem-solving methodology

### **Why? Schoolwide Screening**

Screening all children in a school helps identify students who may need extra help and not let students “fall through the cracks.”

### **Why? Progress Monitoring**

Monitoring the child’s progress allows us to examine what changes, if any, need to be made to the instruction.

### **Why? High Quality, Research- Based Instruction and SMART Interventions**

This ensures that the materials and instruction methods are known to work well.

### **Why? Collaboration Among School Staff Members**

It allows for collaboration and shared knowledge from various perspectives and backgrounds to provide a more well rounded approach to assisting a struggling student.

### **Why? Better communication between the parents, student, and school staff**

Relationships are strengthened and there is increased accountability and collaboration.

### **Why? Fidelity of Implementation**

This is to make sure that instruction or materials are being used in the way they are supposed to be used, because that is when they are most effective.

## MTSS Defined

A Multi-Tiered System of Support (MTSS) is a process that provides high-quality, personalized learning, evidence-based instruction matched to students' academic, social, and behavioral needs. Adjustments to instruction and interventions are based on students' performance and rate of success. MTSS promotes a well-integrated system, matching all students; general, gifted, and special education with appropriate intervention and enrichment supports. MTSS was previously referred to as RTI (Response to Intervention). Tier level supports, within MTSS, change based on learner's need. The layers of these supports are available according to targeted needs, but they are not permanent. Supports are identified within tiers to match the intensity of support needed, the learners are not identified as "RTI."

### Key Principles of MTSS

- Intervene early
- Use a multi-tiered model of service delivery
- Match instruction to the learners' needs
- Use progress-monitoring data to adjust instruction within each tier
- Use evidence-based interventions and instruction
- Monitor student-progress frequently
- Using PLC (Professional Learning Community) and STAR Teams to ensure that interventions are implemented consistently and effective
- Encourage parent involvement with consistent communication in all steps of the process

### Benefits of MTSS

- Improves education for ALL students
- Eliminates the "wait to fail" situation that prevents at-risk students from receiving services earlier rather than later
- Provides instructionally relevant, easily understood information through personalized learning techniques
- Diagnostic Assessments allows us to KNOW what each student KNOWs to improve mastery of students' skills
- STAR Teams encourage collaboration among teachers, administrators, counselors, special education teachers and families

## Data-Driven Decision Making Model

MTSS at SCS is based on a problem-solving model wherein data drives the decision-making process at all tiers. The MTSS team (also referred to as the STAR (Support, Teach, Accelerate, Reach) Team and teachers are continually using data to drive instructional decision making. The process is aligned and connected throughout SCS programs and communication between all parties involved to ensure individual student success.

### MTSS Support Requirements

Outlined below are the levels and functions of the MTSS supports and (MTSS) Meeting process for Springs Charter School.

## Tier 1 Supports

All students will receive evidence-based instruction within the general education classroom and independent study programs. SCS's mission statement of personalized learning incorporates an individualized approach to student learning that is expected to enhance each student's ability to achieve their highest potential of academic success. Universal screening at the Tier 1 level occurs through school-wide Milestones, i-Ready Diagnostic, state test results and progress monitoring through other formal and informal assessments. Regularly scheduled staff meetings are held to discuss and document interventions and progress for all students (PLC).

### **Frequency of Tier 1 Progress Monitoring**

Each program will review data during PLC meetings to discuss and document each of their student's progress and ongoing monitoring at least once during each semester. It is recommended that data reviews are conducted at the beginning of the year, and more frequently for students who are demonstrating the greatest areas of need. Staff will keep an assessment folder in each student's file and will document progress.

## Tier 2 Supports

There are four reasons for a student to receive Tier 2 supports.

1. Tier 1 Team Referral
2. Parent request
3. Staff referral
4. Diagnostic reports indicating the student is 1 year behind

All Tier 2 supports and discussions will happen during PLC meetings and with MTSS Coordinator as needed. Additional staff who work directly with the student may be asked to provide valuable information to the teacher in creating an intervention plan. Upon creating an intervention plan the teacher will notify the parent of the plan detailing the why and how of the intervention. Additionally, the teacher will maintain an evidence folder of goals, assessments and work samples. Progress monitoring will occur with the ES/TOR and the PLC team on a regular basis. ES/TOR will conference with the parent and student regarding the results of progress toward the goal. If at any time progress is stagnated or regression is noticed the ES/TOR and MTSS Coordinator will schedule a meeting plan next steps and discuss the new plan with the parent. ES/TOR may want to add a brief note in OASIS confidential notes.

### **Frequency of Tier 2 Progress Monitoring**

All Tier 2 PLC conversations are intended to provide an overview of the student's academic strengths and areas of concern, assessment scores, previously attempted interventions, progress monitoring, samples of student work and professional opinions from staff who work directly with the student. Follow-up Tier 2 collaborations occur during PLC meetings and continue until the student begins to show progress gains or until the initial referral concerns have been resolved.

### **Identify tier level of need (Tier 2 or 3)**

Students who have not shown improvement after implementation of the prescribed interventions at the Tier 1 level should be elevated to Tier 2 level support. Students who have not shown improvement after implementation of the prescribed interventions at the Tier 2 level should be elevated to Tier 3 support with more frequent access to intervention and progress monitoring (see the Criteria to Target Tier 2 students). When staff determines that a Tier 3 meeting is needed to discuss their concerns about student performance with the STAR team or to incorporate a more intensive intervention plan, a digital file will be made, a parent survey will a Tier 3 meeting will be arranged. At this level, the discussion is centered on objective assessment data, documented academic and behavior concerns, rates of progress, and professional staff observations of the student's performance.

## **Tier 2- Parent requested supports (2 week response time)**

When a parent makes a request for additional assistance for their student, ES/TOR will set up a meeting within 2 weeks of the parent's request. This conference is a combined effort of staff and parent for the purpose of addressing the parent concerns. ES/TOR should be prepared to 1) listen to the parent's concerns, 2) provide constructive feedback in regards to addressing the student's academic and/or behavior performance, 3) provide the parent with objective observations and information. It is at the discretion of the ES/TOR to determine if the student needs tier 2 or tier 3 supports and will provide support and documentation accordingly.

## **Tier 2 team referral to Tier 3**

It is expected that parents/students and staff participate in the Tier 3 process prior to a referral for evaluation for Special Education assessments. This step in the process will ensure legal compliance that all general education services have been exhausted prior to receiving special education services. Clearly documented Tier 2 and 3 supports leading up to a referral will be beneficial in order to expedite the process for determination of a student's need for additional services. When a referral for evaluation is made to the MTSS Coordinator or administrator, copies of all assessments, evaluations, interventions, and samples of student work must be up to date in students digital evidence folder and the link must be included with the referral. The administrator and Special Education staff will review the documentation and make further recommendations to the local STAR team or begin the assessment process.

The STAR team will continue to meet with staff as needed at 6 week intervals until the assessment process is completed and a final determination for additional services has been made. This step in the process will ensure a smooth transition for students with disabling conditions while maintaining that each student continues to receive continued support during the evaluation process. If the student qualifies for special education services and an initial IEP meeting is held, the STAR team will continue progress monitoring at the appropriate tier level support.

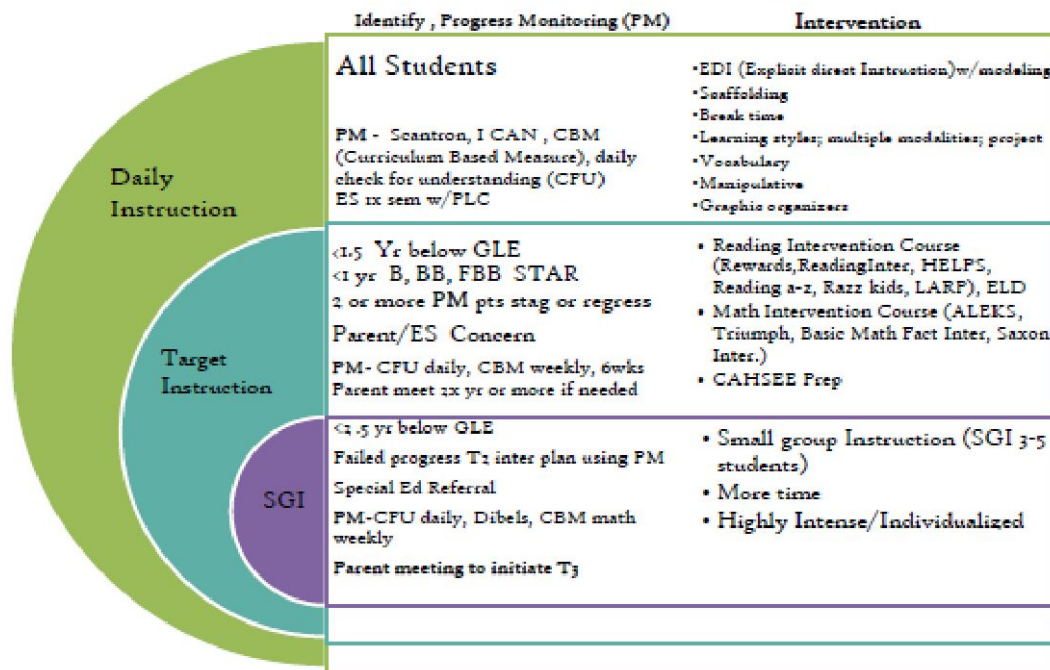

**Parent requests for evaluation to determine if their student qualifies for special education services must, by law, be addressed within a designated number of days from the date of the request.**

## **Recommendation for Special Education Assessment (2 week response time)**

When a parent makes a verbal or written request for evaluation of their student two actions must be taken by program administrative staff. First, an email must be sent to both the MTSS Coordinator, director/principal and to [special.education@springscs.org](mailto:special.education@springscs.org) notifying them of the parent's request. Second, a Tier 3 Meeting (see above) must be arranged and held within ten working days of the date the request was made. The Benchmark assessments must be completed prior to the meeting. If the student has not been previously identified as tier 2 or 3 level support an initial meeting to review the student's academic performance, attendance and any other concerns must be held. **Timelines during this process are extremely time sensitive.**

Tier 1 (All Students) Activities checklist
--

- ☐ Universal screening or benchmark conducted at school level
- ☐ Evidence-based curricula and strategies in place for all students and differentiation is documented by ES/TOR through the personalized learning plan-  
**Best practices in teaching are discussed**
- ☐ Any student identified as at risk should be monitored using progress monitoring tool or CBM in order to determine instructional effectiveness- **i-Ready and/or I CAN and progress monitoring chart, student monitoring chart**
- ☐ Data included and analyzed by ES/TOR for decision making that indicates if Tier 1 universal interventions should be continued or if there is a need to proceed to the increased intensity of Tier 2 interventions
- ☐ A student folder is maintained which includes copies of any relevant documentation including i-Ready results, Scaled scores, and gains for core areas, copies of prior state test results, all copies of assessment results, student work samples, parent correspondence, etc.
- ☐ Progress is monitored at a minimum of three times per year

## Criteria to identify and intervene within tier level support

### **Identify**

#### **1. First identify students who are not responding to Tier 1 support as evidenced by multiple measures that include the following:**

- Student is Red on i-Ready
- Student has skills gaps <1 below GL on curriculum-based measures
- Milestone 3 scoring in strategic domains
- Dibels
- San Diego Quick
- State Test Results

#### **2. Then look at other risk factors that may indicate a need for intervention:**

- Multiple areas of concern – including low academic performance in math, ELA and/or behavior concerns
- Student has Adequate Progress or Attendance Issues – OASIS
- Student had an IEP or was “exited” from an IEP
- High School student is “at risk” of not graduating or has very low grades and/or units earned (transcript review)
- Teacher concerns based on student work and professional observation
- Parent concerns about student low performance.
- Students whose parent(s) have not received a high school diploma or is identified for the free or reduced lunch program
- English Learners who have not scored at the proficient level on CELDT and state assessment in ELA for two years
- Students on a 504 for academic concerns
- Other “risk factors including; environmental change, traumatic event, and other outside factors affecting student achievement.

#### **3. Intervention- Match student need with level support**

Interventions should be provided as needed within the classroom and as part of the homestudy personalized learning assignments. Tiered level support is intended to increase with the student needs. Tier level support changes based on student need, as a fluid system tier 1, 2 and 3 level supports will be adjusted to address the student’s need.

- Tier 1 support is provided as personalized learning and differentiated instruction for all learners. Tier 1 represents about 80% of your students. If 80% of your class is working below grade level Tier 1 support will be provided as a small group and center instruction including skills in the target area of need ( example- using personalized pathways and I Can resources).
- If the student is not responding to tier 1 level support, not making progress toward grade-level goals, increase the intensity of support through Tier 2 (about 15% of your class). Tier 2 support will increase in time and intensity. 30- 45 mins 3 times a week (at least) should be focused on previous skills instruction using researched based explicit

systematic instruction in small groups for about 17-21 weeks. The systematic, explicit instruction will be assessed every 4-6 weeks using progress monitoring assessments to ensure the instruction is meeting the students learning needs. If not, change it up! Try it for another 4-6 weeks and assess again.

- If the student is not responding to Tier 2 support, not making progress toward grade-level goals, then the student should be provided with Tier 3 level support. Tier 3 level support (about 5% of your class) and will increase in time and intensity. 30 mins every day will be dedicated to a small group or one on one instruction using researched based explicit and systematic approach meeting the students learning needs for about 24 weeks. The systematic, explicit instruction will be assessed every 2-4 weeks using progress monitoring assessments to ensure the instruction is meeting the students learning needs. If not, investigate why the intervention is not working: is it being implemented with fidelity, are the goals appropriate, is the student not engaged, and change it up! Try it for another 1-3 weeks and assess again.
- If at the end of the intervention interval the student has not met goals the Coordinator should schedule a meeting with the STAR Team, and possibly the parent, to determine best next steps to address the needs of the student.

Talk to Your MTSS Coordinator if you have concerns about student progress, or questions about the process. They are your resource and a part of your team to ensure ALL students are learning and making AT LEAST 1 year's growth. If the student is working below grade level we need to see MORE than a year's growth to close the achievement gap.

#### **4. Exit Criteria for students involved in Tier 2/3 intervention support:**

- General exit criteria would be at least 3 data points from progress monitoring that are at or above the goal at grade level, agreement from classroom teacher and interventionist that the student is ready to exit prior to the next benchmark period because there are curriculum resource materials that align with the remaining targeted I CAN! skills.

#### **Tier 2 process for newly identified students**

- Identify student needs based on tier level support
- Schedule time to administer the Tier 2 benchmarks; Dibels Next Benchmark, Dibels Early Release Math Benchmark, San Diego Quick; ensure student has taken i-Ready
- Put assessment data in student evidence folder
- Schedule an initial Tier 2 meeting with the MTSS Coordinator (starting the end of September)
- Invite additional people as needed, eg. parent(s), Director, EL support, SAI teacher, ACE (Assistant Classroom Educator) and other members of the PS department as needed.

#### **Tier 2 follow up procedures**

- Every 4-8 weeks the ES/TOR will progress monitor and assessment data will be input into student file maintained by ES/TOR
- The ES/TOR will consult with the PLC team, MTSS coordinator and/or director to review progress monitoring results

- If student makes some progress and/or achieves the goal, a new progress monitoring goal is established and the process continues.
- If student makes little or no progress towards the goal, determine if a follow-up meeting with the MTSS Coordinator needs to be scheduled to establish a new intervention plan or a Tier 3 meeting is needed to discuss necessary steps to ensure all possible general education resources have been exhausted.

### **Prior to Tier 3 Meeting Checklist**

- ☐ Review reason for the meeting
- ☐ Review results from universal screening measures
- ☐ Add relevant student information, existing, attempted interventions and accommodations to student evidence folder, and add folder link to OASIS confidential notes
- ☐ Update Tier 2/3 form with student information
- ☐ Discuss area(s) of concern and determine specific area of need (can use problem/clarification checklist, parent, student and teacher questionnaires)

### **Tier 3 Meeting Agenda**

- Discuss strengths and area of concern (5 minutes)
- Problem Analysis (brainstorm) (2 minutes)
- Complete student achievement goals (3 minutes)
- Generate interventions (5 minutes)
- Determine interventions responsibilities

Who, what, where, when and how (2 minutes)

- Set up progress monitoring (2 minutes)
- Schedule follow up progress monitoring meeting as needed if student is not making progress

\*\*Add a brief to OASIS confidential notes and update student evidence folder.

### **Tier 3 Activities Checklist:**

- ☐ Universal screening or benchmarking conducted at school level
- ☐ Intervention plan is implemented with fidelity. Parent is using the intervention as prescribed.
- ☐ Progress monitoring analyzed by ES/TOR every 6-8 weeks for decision making that indicates if Tier 2 interventions are effective.
- ☐ Based on the progress monitoring measures if a student shows regression or stagnates progress there may be a need to proceed to the increased intensity of interventions another meeting should be scheduled with the MTSS coordinator and multidisciplinary team.
- ☐ A student folder is maintained which includes copies of any relevant documentation including: Internal Assessment results, Scaled scores and gains for core areas, copies of prior state tests, all copies of assessment results, student work samples, parent correspondence, etc.
- ☐ Progress is monitored at a minimum of every 4-8 weeks and documented in student evidence folder.

## MTSS Annual Timeline

### September/October

- Data analysis and identification of students within MTSS Tiered level support
- Review Universal Screening data on all students to determine if Tier 1/2/3 support is needed
- Develop students' educational plan to address academic performance concerns
- i-Ready and Milestone window for winter testing and recommended progress monitoring assessment for struggling students. Testing window for Fall: September – October

### October/November

- Support tier needs through PLC and STAR Team meetings.
- Student observations by teachers, documentation of individual student interventions within the classroom or home setting
- Collect Student Evidence of progress

### December

- Identify and refer students in grade 1-8 for retention/promotion process and begin Tier 3 meetings. Include all parent requested & staff referrals for grade level retention or promotion.

### January

- Support tier needs through PLC and STAR Team meetings.
- Student observations by teachers, documentation of individual student interventions within the classroom or home setting
- Collect Student Evidence of progress
- i-Ready and Milestone window for winter testing and recommended progress monitoring assessment for struggling students. Testing window for Winter: January – February

### March

- Conduct additional assessments for students needing Tier 2/3 support needs through PLC and STAR Team meetings.
- Student observations by teachers, documentation of individual student interventions within the classroom or home setting
- Continue documentation process
- Meet with Tier 2/3 teams, teacher/ES will ensure parent participation in decision and referral of students for grade level retention/promotion recommendations.
- Meet with STAR team to make recommendations for alternative program placement options for fall enrollment. Program placement alternatives should be determined at the meeting with the student's counselor in attendance.

### May/June

- Conduct additional assessments for students needing Tier 2/3 support needs through PLC and STAR Team meetings.
  - Student observations by teachers, documentation of individual student interventions within the classroom or home setting
  - Continue documentation process
  - i-Ready and Milestone testing window and end of the year reporting
- Spring Testing window (all students grades Kn-12): May to June
- Review student progress and make recommendations for following year to alternate tier levels of support needed or exit students who indicate grade level performance and progress gains.

## Students with Disabilities

### **Speech Support Requests**

Students may be referred for speech support by instructional staff, school administration, and/or parents.

This is a request for support through the MTSS process NOT a request for special education assessment in the area of speech and language. An intervention plan will be established and progress will be monitored to ensure all possible general education resources have been exhausted. If the student is not responding to the interventions, the TOR/ES will follow the MTSS Process meeting with team to address next steps.

### **Students with Disabilities: 504**

All students who have disabilities may be entitled to a 504 Accommodation Plan. By law, these students must have full opportunity to participate in all aspects of the school on an equal basis with students without disabilities. 504 accommodation plans may be written for students with a disability that substantially limits one or more major life activities. Staff must refer these students immediately to the Guidance Department's MTSS/504 coordinator to evaluate the student's disabling condition and to determine if the student qualifies for a 504 plan and/or to make a referral to the MTSS process for ongoing assessment and interventions.

Timelines during this process are extremely time-sensitive and should take a high priority on the STAR Team or student center principal/regional director's schedule. All steps in the 504 referral process will be documented through the MTSS process.

## English Language Learners

The ultimate goal of Springs Charter School's English Learner Program is to develop English language literacy in each English learner (EL) as effectively and rapidly as possible so that students experience academic success comparable to native English speakers. SCS recognizes that this goal can be accomplished through programs that are ELD standards based, individualized, and well designed so that students can access the entire curriculum while acquiring English.

Federal case law requires that the main goals of the English Learner Program be to develop in each English learner, fluency in English as effectively and as rapidly as possible, and to develop mastery of the core curriculum comparable to native English speakers. This should be monitored through MTSS. If concerns in progress arise ES/TOR will provide appropriate tier level support and progress monitoring of the MTSS process. Team will ensure that students recoup any academic deficits incurred in achieving grade level standards in those areas. In order to achieve these goals, the charter school will:

- Provide all students with the opportunity to participate in high quality curricular activities that address academic standards
- Offer programs based on student need and sound educational pedagogy
- Provide for and honor parent options
- Provide high quality staff development
- Embrace parent involvement in the educational process
- Provide a process for monitoring the effectiveness of the program.

Springs Charter School is committed to developing in English learners academic proficiency in English, academic achievement at parity with native English speakers, a positive self-image, and reclassification to Fluent English Proficient as well as developing in all students an appreciation of the cultural and linguistic diversity English learners bring to the community.

## Grade Level Retention/Promotion

### Kindergarten

Under California Education Code 48011, the general provisions for retention or promotion of students enrolled in Kindergarten require the parent or guardian of the child and the school district to agree that the child may continue in kindergarten for not more than an additional school year. At SCS, all kindergarten students will automatically be promoted to the first grade at the completion of the school year. Parent and staff that wish to retain a kindergarten student should use the Kindergarten Retention Form available on the SCS website under Staff Resources.

In cases where the Education Specialist or other staff (Teacher of Record, Advisor, Program Director) does not agree with the parent's request to retain or promote a Kindergarten student, the staff member must submit their reasons for objection to the director. The team will make the determination for retention or promotion. The parent has the right to appeal the decision of staff to the program director, Senior Administrative staff, and the Executive Director of the charter school.

### Grades 1 through 8

California Education Code requires that school staff identify students who are being considered for retention and/or promotion as early as possible in order that assessments and instructional interventions can be attempted and measured for success. Parent and/or staff recommendations for retention or promotion of students in grades 1-8 must be targeted for intervention within the MTSS process. Springs' students are expected to be identified for possible retention/promotion by the end of December.

#### **Specific criteria to be met before retention/promotion is considered:**

- Student has identified involvement in the MTSS process prior to end of December.
- A Tier 2/3 meeting is held between staff and parents to discuss concerns and the possibility of retention and to develop an assessment/intervention plan. Additional Tier 2/3 meetings are held regularly (every 4 to 8 weeks) throughout the year in order to monitor student progress and to insure ongoing communication between the parent and school staff. A final meeting is held in May and a final decision is made to either retain or promote.
- Determination to retain or promote a student must be made based on assessment data, samples of student work, teacher observations, and other documented information addressed during the MTSS process.
- If a decision is made to retain, a Retention/Promotion Request Form must be completed by the MTSS team administrator or program director and must include participation with the student's counselor. The form will then be submitted to Student Records to complete the process and file the form in the student's cum file.
- The parent has the right to appeal the decision of staff to the program director, Senior Administrative staff, and the Executive Director of the charter school.

#### **Specific criteria used when making the decision to retain or promote:**

It is important when discussing student achievement and a possible retention or promotion,

that the following criteria must be considered.

- What is the student's current academic standing according to assessments and teacher observations established by SCS?
- What level is the student performing at academically in relationship to his or her typical peers?
- What instructional strategies/intervention have been attempted in order to help the student improve academically? What has been the student's academic improvement gain(s) in response to interventions?
- What will be the social/emotional and developmental impact on the student if a determination to retain or promote is made?
- What other considerations may be factors affecting the student's academic achievements?

### **High School**

Grade level placement for high school students is based on both a minimal unit completion and grade level benchmark courses attempted. Grade level placement is based on a transcript review according to the guidelines described in the SCS High School Advisement Handbook.

### **Students with an IEP or 504**

Refer all retention/promotion determinations for students with IEPs and 504s to the IEP/504 multidisciplinary team (ie.. the student's case manager or the site counselor) early in the school year.

### **Universal Screening**

Universal Screening is a general outcome measure used to identify underperforming students and to determine the rate of increase for the school, classroom, and student. A Universal Screening will not identify why students are underperforming; rather it will identify which students are not at the expected performance criteria for a given grade level in reading and mathematics. The key feature in a screening measure is the accuracy in classifying a student as "at risk" or not "at risk." Although it is important that overall student achievement consistently be evaluated using multiple measures, universal screening is important because it represents the first point of entry into subsequent MTSS tiers.

### **Universal Screening measures for all SCS students:**

1. I-Ready for grades KN through 12
2. State Test, including CAASSP
3. Curriculum-based assessments that are part of the student's instructional program
4. Teacher and parent observation, student work samples
5. Discipline Report

## i-Ready

Purpose: a computer-adaptive test used to quickly pinpoint the proficiency level of students, across a range of subjects, that correspond with the common core standards. Assessment results are used to personalize learning within the learning plan.

Grades: Kn - 12

Testing Time: approx. 30-40 minutes for each content area

Administration: Individual, internet-based

SCS uses i-Ready as a Universal Screening Measure for all students in Kindergarten through 12<sup>th</sup> grade. Students take the online assessment in essential academic areas: English Language Arts and Mathematics. The assessment provides for more accurate student placement; diagnosis of instructional needs, including instructional adjustments; and measurement of student gains across reporting periods. The screening data is organized to allow for comparison of both group (e.g. class) and individual performance. Comparisons of group performance can provide feedback about class performance to school leadership to identify when a teacher may require additional support, for example. Individual performance helps identify students who are potentially at risk for not acquiring the academic skill.

### Schedule for the i-Ready Administration

*(Unless indicated otherwise by the administration)*

- Fall testing window: September/ October
- Winter testing window: January/February
- Spring testing window: May/June
- Staff may reference the SCS Master Calendar on the website for specific testing windows.

### Interpreting i-Ready Scores

Print a Student Profile Report of all subjects to see level placement for overall proficiency and proficiency in each domain for ELA and for Math. The ELA Domains include: Phonemic Awareness, Phonics, High Frequency Words, Vocabulary, Comprehension literature and Comprehension Informational Text. This report also gives the Lexile Level for the student. Refer to the following tables for Mathematics and Reading in order to determine students considered “at risk” and to calculate Grade Level Equivalency.

- **At Risk:** *scores below the interquartile range for their enrolled grade. Students risk not being able to progress at the same rate as their peers.*
- **Grade level performance(In Range):** *Scores ranging from the 25<sup>th</sup> percentile to the 75<sup>th</sup> percentile, or the middle 50% of the students enrolled in each grade. Students in this range are performing similarly to their peers.*
- **Advanced:** *designated by the 95<sup>th</sup> percentile*

### Using i-Ready levels to determine grade level equivalency:

Using the GLE score does not mean the student, in the example above, should be promoted to the fourth grade, since he/she may not have the curricular framework to do actual fourth grade work. Instead this means that the student should be challenged throughout the year with more

complex materials that meet necessary state objectives at their current grade level. It also can be interpreted to mean that this state has fairly aggressive expectations for third grade, in comparison with the national norm sample.

### Analyzing Growth Gains

When evaluating the data for a student who is considered “at risk,” it is important to determine where the student is performing in relationship to his peers (GLE) as well as the rate in which the student is progressing. For example, consider a student who is determined to be two grade levels behind in math but is progressing at a rate which  $1\frac{1}{2}$  times faster than his/her peers. If the student continues to make progress at this rate, we can be confident that he will catch up to his peers in three years. However, the student who is behind and is making progress at a rate considerably lower than peers needs greater intervention and progress monitoring.

Average Gains from Fall to Spring

### Using Lexile Scores to Determine Grade Level Equivalency

It should be understood that there is no direct correspondence between a specific Lexile® measure and a specific grade level. Within any classroom or grade, there will be a range of readers and a range of reading materials. For example, in a fifth-grade classroom there will be some readers who are ahead of the typical reader (about 250L above) and some readers who are behind the typical reader (about 250L below). To say that some books are “just right” for fifth graders assumes that all fifth graders are reading at the same level. The Lexile Framework® for Reading is intended to match readers with texts at whatever level the reader is reading. However, MetaMetrics has studied the ranges of Lexile reader measures and Lexile text measures at specific grades in an effort to describe the typical Lexile measure of students and the typical Lexile measure of texts of a given grade level. *Disclaimer: This information is for descriptive purposes only and should not be interpreted as a prescribed guide about what an appropriate reader measure or text measure should be for a given grade.*

Grade	Reader Measures (Interquartile Range, Mid-Year)	Text Measures (from the Lexile Map)
1	Up to 300L	200L to 400L
2	140L to 500L	300L to 500L
3	330L to 700L	500L to 700L
4	445L to 810L	650L to 850L
5	565L to 910L	750L to 950L
6	665L to 1000L	850L to 1050L
7	735L to 1065L	950L to 1075L
8	805L to 1100L	1000L to 1100L
9	855L to 1165L	1050L to 1150L

10	905L to 1195L	1100L to 1200L
11 and 12	940L to 1210L	1100L to 1300L

### **Typical Reader and Text Measures by Grade**

Notice that there is considerable overlap between the grades. This is typical of student reading levels and texts published for each grade. In addition, the level of support provided during reading and reader motivation have an impact on the reading experience. Students who are interested in reading about a specific topic (and are therefore motivated) often are able to read text at a higher level than would be forecasted by the reader's Lexile measure.

## State Testing

### **CAASPP State Testing Program**

Purpose: They measure students' progress toward achieving California's state-adopted academic content standards, which describe what students should know and be able to do in each grade and subject tested.

Grades: 3 through 8 and 11

Testing Time: Typically 2 to 4 days, depending on the student, grade level, and course schedule.  
Eg. Students in grades three through eight take a computer based test for various subjects.

### **Schedule for the CAASSP Administration**

CAASSP is administered annually in the spring. For exact dates, refer to SCS Master Calendar and the SCS assessment department.

## Milestone Tests

**Purpose:** Milestone tests measure students' progress toward achieving the adopted academic content standards, which describe what students should know and be able to do in each grade and subject tested. This is a summative assessment and is meant to test mastery of content taught. The results will be used to target instruction for reteach and review based on students individual results of progress.

**Grades:** 3-12

**Time:** Approximately 90 minutes

**Schedule for Administration:** Three times per year; October, December/January and February/March

**Interpreting Scores:** If student scores below 70% Targeted instruction with reteach and review are necessary.

**Performance Standards:** Student must score 70% to demonstrate mastery of content

# How to Determine Grade Level Equivalency

SCS Performance Standards for Oral Reading Fluency			
Grade	Fall (WCPM)	Winter (WCPM)	Spring (WCPM)
1		20-40	40-60
2	30-60	50-80	60-90
3	60-90	80-100	90-110
4	80-100	90-110	110-130
5	110-130	120-140	120-150
6	100-140	120-150	120-160
7	120-150	120-160	130-170
8	120-160	130-170	140-180

<b>Fluency- Use Reading A-Z Passage or Dibles*</b> *An assessment needed for Tier 2 consideration Use a grade level passage for the assessment. Dibles passages can be found in your Assessment Tool Box binder or on Moodle under RTI Resources. **For monthly progress monitoring you will use a passage AT their reading level.	<b>San Diego Quick</b> Measures recognition of words out of context. *An assessment needed for Tier 2 consideration The test consists of 13 graded word lists from preprimer to 11 <sup>th</sup> grade. The words within each list are of about equal difficulty. Weak readers over rely on context and recognize words in context more easily than out of context. 1 Error= Independent 2-Errors= Instructional 3-Errors= Frustration **The student's reading level is the last grade level word list in which the student reads eight or more words correctly.

How to read i-Ready tables		Lexile Level	
	Grade	Reader Measures (Interquartile Range, Mid-Year)	Text Measures (from the Lexile Map)
1. Determine the student's grade .			
2. Look at that column to see the range of scores that student should have in order to be considered on-level for his grade .			
• For example:	1	Up to 30CL	20CL to 400L
On the Math Assessment, a student in fourth grade needs to score between 490 and 574 to be considered on-grade-level for math .	2	140L to 500L	30CL to 500L
On the Reading Assessment, a student in fourth grade needs to score between 557 and 627 to be considered on-grade-level for reading .	3	330L to 700L	50CL to 700L
	4	445L to 810L	65CL to 850L
• Note that these charts reflect overall scores for both Math and Reading . There are different scale-score ranges for each domain.	5	565L to 910L	75CL to 950L
**adapted from i-ready user guide	6	655L to 1000L	850L to 1050L
	7	735L to 1065L	950L to 1075L
	8	805L to 1100L	1000L to 1100L
	9	855L to 1165L	1050L to 1150L
	10	905L to 1195L	1100L to 1200L
	11 and 12	940L to 1210L	1100L to 1300L

## Benchmark Assessments

There are three additional assessments required for all SCS Students Involved in Tier 2/3 level support. These assessments are each used to provide a different aspect of student achievement. Their purpose is to establish baselines in which to measure growth gains and

along with universal screening measures is used to establish goals for the purpose of determining and achieving grade-level equivalency. They are:

1. Dibels Next grade level Benchmark; Oral Reading Fluency and Retell Fluency (ORF and RTF)
2. Dibels Early Release Math Benchmark Assessment
3. San Diego Quick

It is important to note that because these assessments are not being administered to all students, parent permission should be given before administering the assessments to students. The assessments and administration directions can be found in the MTSS Google Site.

## Dibels NEXT

**Purpose:** Helps examine how students are doing in learning important reading skills. The results can help identify students who are “on track” for learning to read, or whether a student may need help in learning important reading skills. The skills assessed are:

- **Phonemic Awareness:** hearing and using sounds in spoken words
- **Alphabetic Principle:** Knowing the sounds of the letters and sounding out written words
- **Accurate and Fluent Reading:** Reading stories and other materials easily and quickly with few mistakes
- **Vocabulary:** Understanding and using a variety of words
- **Comprehension:** Understanding what is spoke or read

**Ages:** K through 10

**Testing Time:** 5-10 minutes

**Administration:** Individual

The Dynamic Indicators of Basic Early Literacy Skills (Dibels NEXT) are comprised of the following measures:

- FSF: First Sounds Fluency
- LNF: Letter Naming Fluency
- PSF: Phoneme Segmentation Fluency
- NWF: Nonsense Word Fluency
- DORF: DIBELS Oral Reading Fluency
- RTF: Retell Fluency
- DAZE:Dibels Comprehension Maze
- WUF: Word Use Fluency

The most important Dibels measure to administer to students is the ORF, or Dibels Oral Reading Fluency. This one is required for all students in Tier 2 of the RtI process.

### **Schedule for the Dibels NEXT Administration**

At a minimum for baseline and benchmark data collection, students in Tier 2 should be assessed at the beginning, middle, and end of an academic year to allow for timely instructional feedback. The following figure provides information on which measures to administer depending on grade and time of year. Only Oral Reading Fluency is required at this time. The progress monitoring materials are used for more-frequent assessment of students whose performance needs to be closely monitored to ensure they are making adequate progress.

### **Interpreting Dibels NEXT Scores**

The first time the Dibels is administered, refer to the following table to determine the baseline scores and determine if student is “at risk.” Low risk is considered at the 40th percentile and above. The goal for the end of the school year for Oral Reading Fluency would be greater than the “low risk.” For example, at the end of first grade, the goal is that the lowest student in the class would be able to read at least 40 correct words per minute.

Dibels NEXT Performance Standards

Kindergarten						
	Beginning of year Months 1-3		Middle of year Months 4-6		End of school year Months 7-10	
	Scores	Status	Scores	Status	Scores	Status
First Sound Fluency (FSF)	10+ 5 – 9 0 - 4	At or above Below At Risk	30+ 20 - 29 0 - 19	Established Emerging Deficient	Not administered during this period	
Phoneme Segmentation Fluency (PSF)	Not administered during this period		20+ 10 - 19 0 - 9	At or above Below At Risk	40+ 25-39 0 - 24	Established Emerging Deficient
Nonsense Word Fluency (NWF)	Not administered during this period		17+ 8 – 16 0 - 7	At or above Below At Risk	28+ 15 – 27 0 - 14	At or Above Below At Risk

### Using Dibels NEXT to Determine Grade Level Equivalency

There is no direct correspondence between correct words per minute and a specific grade level. Within any classroom or grade, there will be a range of readers and a range of reading materials. For example, in a fifth-grade classroom there will be some readers who are ahead of the typical reader (about 250L above) and some readers who are behind the typical reader

(about 250L below). To say that some books are “just right” for fifth graders assumes that all fifth graders are reading at the same level. Dibels assessments are intended to use for goal setting and progress monitoring. However, the following chart can be referenced as a guide for determining grade level equivalency. Administer the Dibels benchmark probe for oral reading fluency to determine number of correct words per minute the student read. Refer to the following chart and find the column for the time in which the test was administered. I.e. fall, winter, or spring. Next, go down and find the correct number of words read per minute. Refer to the grade level equivalency for that row. For example, if a student read 105 cwpm in the fall.

Oral Reading Fluency (DORF) Target Rate Norms

Grade	Fall (WCPM)	Winter (WCPM)	Spring (WCPM)
1		20-40	40-60
2	30-60	50-80	60-90
3	60-90	80-100	90-110
4	80-100	90-110	110-130
5	110-130	120-140	120-150
6	100-140	120-150	120-160
7	120-150	120-160	130-170
8	120-160	130-170	140-180

Data are also adapted from “Curriculum-Based Oral Reading Fluency Norms for Students in Grades 2 Through 5,” by J. E. Hasbrouck and G. Tindal, 1992, Teaching Exceptional Children, 24, pp. 41-44.

### Dibels Early Release Math Benchmark Assessment

**Purpose:** Dibels Math measures are brief indicators of larger skill areas. As indicators they are meant to be quick, efficient predictors of overall mathematics success. The measures are not designed for in-depth diagnostic testing, as with other curriculum based measures (CBM), an analysis of error patterns can provide instructionally relevant diagnostic information. It may be highly predictive of later mathematic success.

- **Ages:** K through 10
- **Testing Time:** 5-10 minutes
- **Administration:** Individual and/or large group

The Dibels Early Release Math assessment are comprised of the following measures:

- Beginning Quantity Discrimination
- Number Identification
- Next Number Fluency
- Advanced Quantity Discrimination
- Missing Number Fluency
- Computation
- Concepts and Applications

### Grade Level Time Limits for Worksheets

Each worksheet has multiple pages. The time limits are for the entire worksheet, not each page.

Grade	Time Limit per Worksheet
2	5 minutes
3	12 minutes
4	10 minutes
5	14 minutes
6	16 minutes

At a minimum for baseline and benchmark data collection, students in Tier 2 and 3 should be assessed at the beginning, middle, and end of an academic year to allow for timely instructional feedback. The progress monitoring materials are used for more-frequent assessment of students whose performance needs to be closely monitored to ensure they are making adequate progress.

### Interpreting Dibels Early Release Math Scores

The first time the Dibels Math is administered, refer to the following table to determine the baseline scores and determine if student is “at risk.” Below Benchmark is considered at the 50<sup>th</sup> percentile. The goal for the end of the school year would be greater than “Below Benchmark.” For example, at the end of first grade, the goal is that the lowest student in the class would fall within “Below Benchmark” according to the grade level charts below.

Table 1. Design or Target Odds of Achieving Subsequent Early Numeracy or Computation Goals, DIBELS Math Benchmark Score Levels, and Likely Need for Support

Target odds of achieving subsequent early numeracy or computation goals	Visual Representation	DIBELS Math Score Level	Likely need for support to achieve subsequent early numeracy or computation goals
80% to 90%	■	At or Above Benchmark <i>scores at or above the benchmark goal</i>	Likely to Need Core Support
40% to 60%	▣	Below Benchmark <i>scores below the benchmark goal and at or above the cut point for risk</i>	Likely to Need Strategic Support
10% to 20%	□	Well Below Benchmark <i>scores below the cut point for risk</i>	Likely to Need Intensive Support

### DIBELS Math Benchmark Goals and Cut Points for Risk for First Grade Children

DIBELS Math Measure	DIBELS Math Score Level	Likely Need for Support	Beginning of Year	Middle of Year	End of Year
DIBELS Math Composite Score	At or Above Benchmark	Likely to Need Core Support	116+	43+	51+
	Below Benchmark	Likely to Need Strategic Support	70 - 115	31 - 42	40 - 50
	Well Below Benchmark	Likely to Need Intensive Support	0 - 69	0 - 30	0 - 39
Number Identification Fluency (NIF)	At or Above Benchmark	Likely to Need Core Support	27+		
	Below Benchmark	Likely to Need Strategic Support	14 - 26		
	Well Below Benchmark	Likely to Need Intensive Support	0 - 13		
Next Number Fluency (NNF)	At or Above Benchmark	Likely to Need Core Support	12+		
	Below Benchmark	Likely to Need Strategic Support	7 - 11		
	Well Below Benchmark	Likely to Need Intensive Support	0 - 6		
Advanced Quantity Discrimination (AQD)	At or Above Benchmark	Likely to Need Core Support	10+	18+	20+
	Below Benchmark	Likely to Need Strategic Support	5 - 9	13 - 17	15 - 19
	Well Below Benchmark	Likely to Need Intensive Support	0 - 4	0 - 12	0 - 14
Missing Number Fluency (MNF)	At or Above Benchmark	Likely to Need Core Support	4+	7+	9+
	Below Benchmark	Likely to Need Strategic Support	2 - 3	5 - 6	7 - 8
	Well Below Benchmark	Likely to Need Intensive Support	0 - 1	0 - 4	0 - 6
Computation (Comp)	At or Above Benchmark	Likely to Need Core Support	5+	9+	13+
	Below Benchmark	Likely to Need Strategic Support	2 - 4	5 - 8	9 - 12
	Well Below Benchmark	Likely to Need Intensive Support	0 - 1	0 - 4	0 - 8

The benchmark goal is the number provided in the At or Above Benchmark row. The cut point for risk is the first number provided in the Below Benchmark row. At the beginning of year, the DIBELS Math Composite is  $1 * \text{NIF} + 3 * \text{NNF} + 2 * \text{AQD} + 5 * \text{MNF} + 4 * \text{Comp}$ . At the middle of year, the DIBELS Math Composite is  $1 * \text{AQD} + 2 * \text{MNF} + 1 * \text{Comp}$ . At the end of year, the DIBELS Math Composite is  $1 * \text{AQD} + 2 * \text{MNF} + 1 * \text{Comp}$ .

### DIBELS Math Benchmark Goals and Cut Points for Risk for Second Grade Children

DIBELS Math Measure	DIBELS Math Score Level	Likely Need for Support	Beginning of Year	Middle of Year	End of Year
DIBELS Math Computation (Comp)	At or Above Benchmark	Likely to Need Core Support	7+	10+	13+
	Below Benchmark	Likely to Need Strategic Support	4 - 6	7 - 9	10 - 12
	Well Below Benchmark	Likely to Need Intensive Support	0 - 3	0 - 6	0 - 9

The benchmark goal is the number provided in the At or Above Benchmark row. The cut point for risk is the first number provided in the Below Benchmark row.

### DIBELS Math Benchmark Goals and Cut Points for Risk for Third Grade Children

The third grade goals are no longer applicable since the timing of the Computation measure changed starting with the 2014-2015 school year. Please use local normative information.

### DIBELS Math Benchmark Goals and Cut Points for Risk for Fourth Grade Children

DIBELS Math Measure	DIBELS Math Score Level	Likely Need for Support	Beginning of Year	Middle of Year	End of Year
DIBELS Math Computation (Comp)	At or Above Benchmark	Likely to Need Core Support	18+	29+	42+
	Below Benchmark	Likely to Need Strategic Support	13 - 17	21 - 28	31 - 41
	Well Below Benchmark	Likely to Need Intensive Support	0 - 12	0 - 20	0 - 30

The benchmark goal is the number provided in the At or Above Benchmark row. The cut point for risk is the first number provided in the Below Benchmark row.

### DIBELS Math Benchmark Goals and Cut Points for Risk for Fifth Grade Children

DIBELS Math Measure	DIBELS Math Score Level	Likely Need for Support	Beginning of Year	Middle of Year	End of Year
DIBELS Math Computation (Comp)	At or Above Benchmark	Likely to Need Core Support	29+	48+	53+
	Below Benchmark	Likely to Need Strategic Support	16 - 28	31 - 47	37 - 52
	Well Below Benchmark	Likely to Need Intensive Support	0 - 15	0 - 30	0 - 36

The benchmark goal is the number provided in the At or Above Benchmark row. The cut point for risk is the first number provided in the Below Benchmark row.

## San Diego Quick

**Purpose:** Determines a student's independent reading level

**Ages:** K through 10

**Testing Time:** 5 minutes

**Administration:** Individual

**Suggested uses:** Assesses independent reading level to ensure that the student is presented with reading material which can be decoded independently.

### Schedule for the San Diego Quick Administration

At a minimum for baseline and benchmark data collection, students in Tier 2 should be assessed at the beginning, middle, and end of an academic year to allow for timely instructional feedback.

### Interpreting San Diego Quick Scores

Students are asked to read from leveled word lists, beginning with at least two grade levels below the grade level in which the student is enrolled.

### Using San Diego Quick to Determine Grade Level Equivalency

The list in which a student misses no more than one of the ten words is the level at which he/she can read independently.

Two errors indicate his/her instructional level.

Three or more errors identify the level at which reading material will be too difficult for him/her.

### San Diego Quick Performance Standards

0 -1 errors	Independent reading level
2 errors	Instructional reading level
3+ errors	Frustration level

### Barton - Additional Assessments Required

There are two additional assessments that are pre-requisites for students who will be tutored by their parents using the Barton Reading program. These assessments must be completed prior to ordering the Barton Curriculum and attending training.

### Barton Screening

Purpose: To assess a student's necessary auditory discrimination skills and determine readiness for the Barton Reading program.

Ages: There is a student screening for Grades K – 12 and a tutor screening

Administration: Individual

Time: 5 minutes

### ***Interpreting Barton Screening Scores***

Students must pass all three tasks. The maximum number wrong for tasks 1 and 2 is one and the maximum number wrong for task C is two, with a maximum of six repeats.

### **High Frequency Words**

Purpose: A brief achievement test measuring reading recognition of high-frequency words essential to reading fluency.

Ages: Grades K - 6

Administration: Individual

Time: 5 minutes.

Suggested Uses: Good readers decode words so that they are said "instantly," therefore, assuring the automaticity essential to comprehension. Each level should be taught and assessed sequentially, with the goal of increasing fluency on these high frequency words to the point that parallel processing can occur.

### ***Interpreting High Frequency Word Scores***

Grade K	25 words per minute w/ 95% accuracy
Grade 1	50 words per minute w/ 95% accuracy
Grade 2	75 words per minute w/ 95% accuracy
Grade 3	100 words per minute w/ 95% accuracy
Grade 4	150 words per minute w/ 95% accuracy
Grade 5	175 words per minute w/ 95% accuracy
Grade 6	200 words per minute w/ 95% accuracy

### **SCS Performance Standards for Writing**

Total Words written in Three Minutes with a 1 Minute Think Time

Grade	Words Written	
	Fall	Spring
K	0	0
1	15	23
2	31	39
3	43	52
4	54	61
5	63	67
6	70	74
7	75	77
8	82	84

*Research norms from AimsWeb*

## SCS Performance Standards for Math Computational Fluency

Level	Digits Correct Per Minute	Digits Incorrect Per Minute
Grades 1 through 3		
Frustration	0 -9	8 or more
Instructional	10 - 19	3 - 7
Mastery	20 or more	2 or fewer
Grades 4 and Up		
Frustration	0 – 19	8 or more
Instructional	20 – 39	3 – 7
Mastery	40 or more	2 or fewer

*Research norms from Deno, S.L., & Mirkin, P.K. (1977). Data-based program modification: A manual. Reston, VA: Council for Exceptional Children.*

- By winter of **first** grade students will: Compute **22** digits per minute
- By winter of **second** grade students will: Compute **36** digits per minute
- By winter of **third** grade students will: Compute about **39** digits per minute
- By winter of **fourth** grade students will: Compute about **78** digits per minute
- By winter of **fifth** grade students will: Compute about **60** digits per minute
- By winter of **sixth** grade students will: Compute about **62** digits per minute
- By winter of **seventh** grade students will: Compute about **55** digits per minute
- By winter of **eighth** grade students will: Compute about **50** digits per minute
- By winter of **ninth** grade students will: Compute about **51** digits per minute
- By winter of **tenth** grade students will: Compute about **61** digits per minute
- By winter of **eleventh** grade students will: Compute about **56** digits per minute

### Personalized Learning Strategies

Springs' philosophy that parents are the primary educators for their children implies that the parent's influence in their child's education is a major factor of their students' academic success. Parents and staff are expected to have ongoing, open discussions about each student's progress on a regularly scheduled basis. When a concern about an individual student's academic progress is determined, either as a result of assessments or a parent or ES observation, interventions to the curriculum and/or instructional delivery will be discussed. Here are some strategies to begin discussions in personalization of the individual needs of each student.

### **Increase Time and Intensity**

Time spent daily in ELA and Math is an important discussion topic at each learning plan meeting. Kindergarten students should spend at least one hour in ELA and 30 minutes in math each day. First through third grade should spend two and a half to three hours per day in ELA and forty five minutes to one hour of math each day. Fourth through eighth grade students should spend two hours per day in ELA and one hour in Math per day. High school students should spend one hour per day per academic day in each enrolled course. Consider the following strategies to increase time and intensity when there is a concern in academic progress.

- Time extension (e.g. double the amount of time)

- Time of day (schedule assignment at optimal time for the student’s maximum performance (e.g. math assignments after PE, in the morning or after medication)
- Breaks (specify the number and length of breaks, for students, during the performance assignments)
- Multiple days (provide assignment in sections over two or more days (e.g. one section of the task, or question per day)
- Multiple time segments (Provide assignment in sections over two or more time periods throughout the day (e.g. one 15-minute segment in the morning and another 15-minute segment in the afternoon).
- Timelines provided to students to assist them in pacing their work

### **Supplemental Resources**

Include supplemental resources available while discussing the personalized learning plan. SCS has supplemental resources available for all students without using the instructional funds needed to provide the necessary educational materials.

- Math Mastery Lab is an online resource that personalizes each lesson and provides student choice in assignments for the learning session.
- Reading a-z offers ELA materials in reading, vocabulary, comprehension, assessment, spelling and phonics. Resources can be accessed by parents with internet access, or they can be printed by the ES and provided to the student.
- Essentials is an intensive resource and can count for a high school special interest course, as it prepares students for the necessary skills in Mathematics 1. It can be taken for free by homeschool students using Moodle. It can also be delivered by a tutor or a parent with concepts delivered in packets. These packets have necessary teaching resources that are accessible through Moodle and are a required component to teach “Essential” Foundational skills needed in Mathematics.
- Core Workshops at the student centers are a great way to increase direct instruction time.
- I CAN’s are concept based resources that provide a pre-test, resources to master the concept and a post-test to demonstrate mastery of that specific concept. They can be used as an intervention resource and a progress monitoring tool.
- I-Ready Intervention Tool- systematically teaches foundational skills using a computer adaptive diagnostic assessment with frequent progress monitoring to ensure concepts are remembered.
- IXL Math provides practice in grade level content to add to personalize math assignments. Immediate feedback and support improves motivation and builds confidence, and our data shows that it does wonders for student outcomes
- Reading a-z resources and Raz- Kids build reading fluency and comprehension as it motivates students to read more. End of passage questions assess comprehension. Teacher and parent friendly reports allow for frequent progress monitoring.

### **Instructional Strategies**

As an ES it is expected that instructional and educational strategies are discussed at each learning plan meeting. Please use the resources available in the mini in service notebook and on the ES Handbook in Moodle. As an educator use your “bag of tricks” to offer your advice on good teaching practices and strategies.

As a TOR it is expected that you use a variety of modalities to meet the needs of all learners. As an educator use your “bag of tricks” to incorporate good teaching practices and strategies.

These are recommended Tier 1 personalized learning strategies that can be used each and every day of teaching:

- Teach math vocabulary and require students to use vocabulary frequently in written assignments and oral discussions (e.g. go on number walks and have students tell the story of math)
- Provide practice with simpler problems that can be divided into incremental steps.
- Provide and use tactile and visual manipulatives during lessons (e.g. buttons, duplex squares, unifex cubes, base-ten blocks)
- Provide graphic organizers, such as Venn diagrams and tables, for students to practice writing about similarities and differences.
- Break the task into smaller steps and take a step a day while reviewing previous steps.
- Teach learning strategies, such as mnemonics, to support student performance during lessons (UPSR = “Understand, Plan, Solve, Review” PEMDAS = “Please Excuse My Dear Aunt Sally” = parentheses, exponents, multiply and divide, add and subtract)

An objective of MTSS is to select strategies that match a student's needs. After establishing the goal, it is important to develop an intervention plan in order to meet the goal and establish the progress monitoring tool and frequency that matches the intervention(s). As with any intervention/strategy, it can be ineffective to continue implementing interventions that are not shown to be successful through progress monitoring data. Therefore, if the student is not making progress, consider modifying the intervention/strategy or switching to another intervention/strategy. Interventions should supplement instruction and should be research-based and feasible to implement.

Interventions will exist on a continuum, meaning there is variability in the duration and frequency for each level. Generally speaking, interventions could be described/implemented as the following:

**Tier 1: Least intensive** – a supplemental intervention provided in addition to general instruction. Could be provided in a small group setting. The intervention may be administered by the teacher, parent, paraprofessional or peer.

**Tier 2: Moderately intensive** – a supplemental intervention provided inside or outside of the general education classroom. May be provided in a group setting or on an individual basis. It may be a purchased supplemental curricular program such as All About Reading.

**Tier 3: Most intensive** – a supplemental intervention administered in a one-on-one setting with personnel who are trained to administer the intervention, e.g. special education.

**Some of the proved research-based interventions** for a moderately intensive intervention in each academic area can be found in MTSS Google Site.

For a more detailed list refer to the GSIP Handout.

### Progress Monitoring

Progress monitoring is a technique that provides continuous feedback about the effectiveness of the instructional program and the student's achievement. I-Ready, and OARS are the tools SCS recommends for Tier 1 progress monitoring. For Tier 2/3 the basis of the program is weekly, direct measurement of a student's progress toward a specific goal. I CAN's can be used as a progress monitoring tool.

### Purposes

Progress monitoring using Curriculum Based Measures has many valid educational purposes. The most important purposes are:

- to monitor a student's progress on a frequent and consistent basis
- to provide continuous feedback on the effectiveness of a specific instructional intervention
- to establish a system for accountability for student achievement
- to provide data on student progress which can assist teachers in making data based decisions regarding the need to change or maintain current instructional strategies
- to graphically display a student's progress over time in a way that can easily be shared with parents and other professionals involved in the student's education

### Example of a Progress Monitoring Schedule

Students at low risk (Tier 1):	Monitor progress 3x's a yr using Scantron	Probe given 3 x's a yr
Students at some risk (Tier 2):	Monitor progress every 6-8 wks	Probe given 1-2 x's per week
Students at high risk (Tier 3-Special Education):	Monitor progress weekly	Probe given daily

## Progress Monitoring Probes: Tier 2/3

Curriculum-based measurement, or CBM, is a method of monitoring student educational progress through direct assessment of academic skills. CBM can be used to measure basic skills in reading, mathematics, spelling, and written expression. It can also be used to monitor readiness skills. When using CBM, the instructor gives the student brief, timed samples, or "probes," made up of academic material taken from the child's school curriculum. During Progress monitoring periods the results are then charted to offer the ES/TOR a visual record of a targeted child's rate of academic progress. Much of the power of CBM seems to lie in its ability to predict in a short time whether an intervention is working or needs to be altered. By monitoring students on a regular basis using CBM the teacher can quickly shift away from educational programming that is not found to be sufficiently effective in increasing a child's rate of learning. In fact, research has shown that teachers who use CBM to monitor the effectiveness of instructional interventions tend to achieve significantly higher rates of student learning than those instructors who rely on more traditional test measures.

### Example of Reading Probes-Tier 2/3

When using CBM to measure reading fluency, the examiner sits down individually with the child and has the student read aloud for 1 minute from each of 3 separate reading passages randomly chosen from a reading book. During the student's reading, the examiner makes note of any decoding errors made in each passage. Then the examiner calculates the number of words correctly read in the passage. Next, the examiner compares the word-totals correctly read for the 3 passages and chooses the middle, or median, score. This median score serves as the best indicator of the student's "true" reading rate in the selected reading material.

### Where to Get Progress Monitoring Probes for Oral Reading Fluency-Tier 2/3

To use Dibels grade-level reading probes, they can be downloaded, along with their instructions from the MTSS website. To generate curriculum-based custom reading probes, go to: <http://www.interventioncentral.org/htmldocs/tools/okapi/okapi.php>

### Spelling

In spelling assessments using CBM, the instructor reads aloud words that students are to try to spell correctly within a time-limit. The teacher may give 12 to 17 spelling words within a 2-minute period. According to the CBM scoring technique, spelling words are scored for correct letter-sequences. Correct letter-sequences are pairs of letters in a word that are placed in the proper sequence. Let's look at an example. The word 'talk' contains 4 letters. However, it is considered to have 5 possible correct-letter sequences. First, the examiner assumes that there is a "phantom" letter, or space-holder, at the beginning and end of each spelling word.

\_ T A L K \_

Phantom letters are represented here as spaces.

1. When the phantom letter at the start of the word is paired with T, it makes up the first correct letter-sequence.
2. T A makes up the second letter-sequence
3. A L makes up the third letter-sequence.
4. L K makes up the fourth letter-sequence.
5. And K paired with the final phantom letter makes up the fifth correct letter-sequence.

So the word talk has 5 correct letter-sequences in all. For each spelling word given, a student gets credit only for those letter-pairs, or sequences, that are written in the correct order.

### **Writing**

CBM probes that measure writing skills are simple to administer but offer a variety of scoring options. As with math and spelling, writing probes may be given individually or to groups of students. The examiner prepares a lined composition sheet with a story-starter sentence at the top. The student thinks for 1 minute about a possible story to be written from the story-starter, then spends 3 minutes writing the story.

When giving CBM math probes, the examiner can choose to administer them individually or to groups of students. There are 2 types of CBM math probes. Single-skill worksheets contain a series of similar problems, while multiple-skill worksheets contain a mix of problems requiring different math operations. No matter which type of math probe is used, the student is given the worksheet and proceeds to complete as many items as possible within 2 minutes. More traditional approaches to scoring computational math problems usually give credit for the total number of correct answers appearing on a worksheet. In contrast to this all-or-nothing marking system, CBM assigns credit to each individual correct digit appearing in the solution to a math fact.

By separately scoring each digit in the answer of a computation problem, the instructor is better able to recognize and to give credit for a student's partial math competencies. For example, this addition problem has a 2-digit answer:

$$\begin{array}{r} 13 \\ + 6 \\ \hline 19 \end{array}$$

If a student correctly gave the answer to the problem as "19," that student would receive a score of 2 correct digits.

In this subtraction problem, the student placed an incorrect digit in the ones place. However, the numeral 2 that appears in the tens place is correct.

$$\begin{array}{r} 46 \\ - 18 \\ \hline 27 \end{array}$$

So this student receives credit for a single correct digit in the subtraction problem.

### Where to Get Progress Monitoring Probes for Math Computation-Tier 2/3

To generate Math Computation Probes for Advanced Operations (Courtesy of Superkids.com) for the following skills, go to: <http://www.superkids.com/aweb/tools/math/fraction/>

- Fractions
- Percentages
- Rounding
- Averages
- Exponents
- Factorials

## MTSS & Behavior

### **When Behavior Impacts Academic Progress**

When behavior impacts academic progress it is appropriate to respond with MTSS. There are questions that need to be answered in the process of identifying the reason for the behavior. Environmental, curricular, instruction and student performance can all be factors contributing to the behavior. Identifying the purpose of the behavior will assist the Team in creating an appropriate intervention plan. The teacher and parent are valuable team members to answer these specific questions: when is the behavior occurring, What happens before, during and after the behavior? Are there “triggers” which initiate the student to use the behavior? What does the behavior look like, and/or sound like? How often does the behavior occur? How long does the behavior last? Are there times during the day when the student uses the behavior more often? Is the student using the behavior to gain something or avoid something? The team will use the problem solving process to isolate the purpose of the behavior and create an intervention plan to teach appropriate skills to affect a positive change in behavior. The same MTSS Tiered approach will be followed to address these concerns.

## Promote Positive Behavior: Using Behavior Intervention (Tier 1 & 2))

The following table presents Prevention Strategies as a proactive approach within the classroom.

<b>Prevention- Curriculum Strategies</b> Curriculum Adjustments* Appropriate and motivating curriculum Adjust the amount of assignment given to the student at once – smaller number to demonstrate mastery Intersperse difficult assignments with easier assignments Assign tasks that require active participation Allow for —do-overs Personal interests used for motivation* Provide extra time to complete assignments (within 504 or IEP) Break assignments into manageable sections	<b>Prevention- Instructional Strategies</b> Shorten the instructional lesson Instructional Pacing* Change voice intonation Peer assisted instruction Increased academic learning time* Student follow-up* Student maintains a planner for assignments Specific, or modified, instructions Multiple modes of instruction (visual, auditory, hands-on) Increase reinforcement quality of classroom Increase frequency of task related recognition*
<b>Prevention- Environmental Strategies</b> Post all classroom rules and daily schedules in prominent locations* Preferential Seating * Needed materials are easily accessible Rearrange the room or furniture Create separate or designated work areas Quiet areas* Change the lighting Adjust sounds (e.g., volume of music, voice volume) Minimize or eliminate distracting materials* Play music*	<b>Prevention Strategies- Provide Structure</b> Set clear expectations and rules* Preview rules and behavioral expectations* Structured daily schedule* Visual schedule* Preview schedule* Preferred activities scheduled in daily routines Schedule adjustment* Non-preferred activities scheduled among preferred activities Student involved in planning Planned activities for transition times* Routines or signals to prepare for transitions Minimize down times* Predictability* Structuring non-instructional periods, including recess
<b>Prevention Strategies to Increase Compliance</b> Behavioral momentum* Offer choices* 5-10 second compliance time window* Effective commands* Prompting* Precision requests* Proximity control* Quiet start requests* Allow flexible seating positions (e.g., stand, sit on knees) Systematic prompting (if age-appropriate)*	

# Teaching Strategies

## Positive Behavior

### Teaching Strategies-Promote Positive Classroom Behavior

Direct Instruction\*  
 Modeling\*  
 Incidental Teaching\*  
 Practice opportunities\*  
 Natural opportunities\*  
 Role-play\*  
 Verbal reminders\*  
 Non-verbal reminders\*  
 Verbal rehearsal\*  
 Visual strategies\*  
 Prompting\*  
 Errorless learning\*  
 Behavioral learning games  
 Use of manipulatives\*  
 Curricular integration\*  
 Teaching interaction\*  
 Integrate curriculum into music\*  
 Monitoring checklist\* (Tier 2)  
 Task analysis\* (Tier 2)  
 Stimulus cueing\* (Tier 2)  
 Scripts\* (Tier 2)  
 Social stories/Comic book conversations\* (Tier 2)  
 Self-management\* (Tier 2)  
 Social skills training\* (Tier 2)

### Reinforce Positive Behavior (Tier 1 and 2)

Specific verbal praise\*

#### Social interactions

1:1 conversations with certain people  
 Talking about their interests  
 Social time with friends  
 Being able to talk during lunch

#### Appropriate touch

High five  
 Pat on the back  
 Hug – if appropriate

#### Materials/Tangible items

Stickers  
 Toys  
 Books  
 Pencils  
 Notebooks  
 Edibles (e.g., food)  
 Home-school reinforcement system\*  
 Mystery motivator\*  
 Token economy\*

#### Activities

Computer time  
 Assist with morning announcements  
 Extra 5 minutes of recess

#### Privileges

Line leader  
 Visit a teacher or school personnel  
 Run office errands  
 No homework pass  
 Positive referrals\*  
 School wide recognition  
 Leadership roles/Responsibility

#### Goal setting\*

Group reinforcement contingency\* (Tier 2)  
 Individualized reward system\* (Tier 2)  
 Premack Principle\* (Tier 2)

### Teaching Strategies to Decrease Inappropriate Behavior

(Tier 1 and 2)

Prompts/Redirection

Redirection\*

Verbal prompt\*

Visual reminder (sign or picture)

Gestural prompt (pointing or using a hand signal)\*

Physical prompt (slight touch on the shoulder, gentle guidance)

Corrective feedback\*

Teacher restates expectations to the student

Verbal rehearsal\*

Rules Review\*

Contingent observation\*

### **The Problem Behavior Persists Despite Appropriate Tier Level Support**

- Conference with student Parent contact (e.g., phone, e-mail, notes)
- Parent conference
- Offering the student choices
- Reflection center\*
- Detention
- In-school suspension
- Positive Practice\*
- Peer consequences\*
- Reflective essay\*
- Required relaxation\*
- Positive Behavior Support Plan (PBSP)

### **Positive Behaviors (Tier 1 and 2)**

**Looks Like:** hands to self, feet on the floor, thinking before doing, participating in lesson, following directions, focusing on your own learning, kind facial expressions, pleasant body language, proper personal space, and looking others in the eye when talking.

**Sounds Like:** Soft tone of voice, kind and non-threatening words, pleasant “I trust you,” and “I feel comfortable,” asking questions, asking permission, sharing ideas, admitting mistakes and celebrating accomplishments, “I’m sorry,” “I appreciate you,” and “I’m proud of you,” “Excuse me,” “Thank you,” and “Please.”

**Feels Like:** The environment is comfortable and safe for everyone, free from harm, threat or worries, productive, self- controlled, self -directed, proactive, best effort, proud of work, and people’s feelings, thoughts and beliefs are being given sensitive consideration.

### **Reminder: Positive Behavior Support**

- ✓ **Remember** who is in charge—you! Don’t get into any power struggles with students.
- ✓ **Remember** don’t yell or lose your temper. To achieve a calm, orderly, and controlled environment, you must remain calm and controlled.
- ✓ **Remember** don’t make threats, especially those that students know you will not or cannot carry out. Example: —If you don’t behave like a third grader, I’m going to send you back to second grade.
- ✓ **Remember** give students strong, direct statements instead of making your commands questions. Example: Instead of saying, “Will you please stay in your seat?” Make it a clear statement by saying, “Stay in your seat.”
- ✓ **Remember** don’t use the word try. The word try gives permission to fail. You want your students to comply not to try. Example: Instead of saying, “Try to be on time” Say, “Be on time.”
- ✓ **Remember** to use a get ready to listen signal to alert students that you are about to give important information. Then speak in a normal voice. **Don’t** speak over the students

even if some are not ready to listen. When they miss the direction, they will be ready to listen next time. When you give the signal, students who are ready to listen will pressure those who are not.

- ✓ **Remember** give a direct statement only once. Tell students exactly what you expect and, whenever possible. Then, do not repeat the statement. Example: “If you have a question, raise your hand. I will only call on students who quietly raise their hand and wait to be called on.
- ✓ **Remember** don’t use sarcasm, ridicule, or labels. Students will learn respect by being respected.
- ✓ **Remember** use your students’ names to praise positive behavior as well as to discipline. Examples: “Fred, I noticed that you picked up the trash around your desk and I appreciate your showing responsibility, and Suzie, I expect everyone to stop and listen when I give the freeze signal.”

## Glossary of Positive Behavior Intervention and Support with Examples

---

**5-10 second compliance-time window-** When a request is made, allow the student a 5-10 second time window to follow through with compliance.

**Accepting consequences** - Once given, the student accepts the natural and/or artificial consequences to reinforce the positive or negative behavior. Skills will need to be developed and reinforced to teach a student to accept consequences.

**Active Supervision** -safe supervision to avoid problem behaviors- each staff member assigned to a specific zone

**Allow “do-overs”** -This intervention will help to reduce stress induced behaviors of students who lack confidence and motivation due to fear of failure. If they are allowed to —re-do an assignment, when they have attempted it, anxious behavior may be eliminated. Example: Suzie gets nervous each time there is a math quiz and during the third math quiz of the semester she refuses to do it and —shuts down. By putting her head down and disengaging with those around her. The teacher can inform her that if she attempts to do this quiz and then finds out she did not pass it, she can attempt to take it again the next day or later on that week.

**Alternative behaviors for sensory feedback-** Attempt to find a less distracting behavior that serves the same sensory purpose. Examples: A student who taps their pencil can tap a Q tip, squeeze a ball or a student who rocks on their chair can use an exercise ball to sit on instead of a chair.

**Analyzing behavior trends** - Consistent documentation needed of discipline issues, locations, teachers involved, students involved, frequency, duration, and time of day, to identify the reason for the behavior. This information is needed for the MTSS Team to develop an appropriate intervention plan.

**Appropriate rejection/ignoring-** This is referring to a socially acceptable behavior; to avoid contact with an undesired person, object, or activity. Example: The student ignores another peer who is teasing him.

**Avoiding power struggles** -Power struggles typically involve arguments or negative interactions between the teacher and student. In a power struggle the teacher often loses valuable teaching time due to the confrontation and the student’s behavior usually worsens. It is a lose, lose situation that should be avoided. Avoid power struggles by following these guidelines:

- Obtain students attention.
- Make eye contact.
- Offer choices or state clearly what you need the student to do.
- Walk away from situation.
- Ignore attempts by student to further engage you.

**Positive Behavior Support Plan** -This is a written plan developed by the STAR team and agreed upon by the student and, parent, specifying an appropriate behavior and a reinforcement that the student may earn when he/she displays the behavior. The plan is signed by all parties who are participating in the team meeting (student, teacher, parents, etc.). For preschool, an informal verbal plan is appropriate. Remember, the plan should involve a delay or interval before a primary reward is given, which can result in a lack of motivation for the student, if the interval is too long. Positive reinforcement should be included in a well-balanced plan.

Examples:

- **Pre-K»** The teacher says to Kelly, —If you pick up the toys, then you get to pass out the snack today.
- **Elementary»** Gavin and his teacher have developed a behavioral plan that states: If Gavin completes all of his classroom assignments throughout the day, he will be allowed to choose two items from the treasure box.
- **Secondary»** Kevin is failing his Algebra class and his teacher puts him on a behavior plan. If he completes and turns in four consecutive assignments with 80% accuracy, he earns electronics time at home for a set amount of time.

**Behavioral learning games-** Students can learn appropriate behavior through classroom wide game(s). For individual student behavior, there are board games that help to promote and teach certain targeted skills to increase positive social interactions.

**Behavioral momentum-** Increasing compliance by identifying and then making a minimum of three requests with which the student has a high probability of compliance before making a low-probability request. Be sure to reinforce compliance with the low-probability requests.

Examples:

- **Pre-K»** At lunch time, Ann is often reluctant to eat her lunch. In order to increase the likelihood that she will try her lunch, her teacher uses the following sequence of requests: —Ann, please sit down next to Shauna today! Ann, pass the napkins, please! Ann, look at the pretty shoes Shauna is wearing! Ann, have a bite of your sandwich!
- **Elementary»** Mr. Cleaver is working with nine-year-old Alison on compliance. After identifying high- and low-probability behaviors for Alison, he uses the following sequence: —Alison, tell me your name. Alison, give me five. Alison, point to the dog. Alison, put your puzzle back on the shelf. If she puts the puzzle away, she receives a token.

**Behavioral Self-Control (BSC)** -This involves creating a highly structured plan for students who lack self- control on a consistent basis. When a student is engaged in inappropriate behavior, the following teacher prompts and student responses should take place:

- Self-evaluation
- Teacher asks: What are you doing?
- Student responds: I am.....
- Self-management
- Teacher asks: What do you need to be doing?
- Student responds: I need to....
- Self-instruction
- Teacher asks: What are you going to do now?
- Student responds: I have to.....
- Self-reinforcement
- Teacher asks: Let me know when you finish.
- Student responds: I did.....

**Break tasks into manageable sections-** Students may misbehave to escape activities that they find too hard or tedious. Consider breaking a larger task into smaller or easier 'chunks' that the student will more willingly undertake. If the student must complete a large number of subtasks, include an occasional 'fun break'.

**Bullying Prevention-** Proactive approach to prevent bullying behavior within the school setting. Your counselor provides annual staff development, student and staff surveys and has multiple resources available to provide direct instruction lessons, whole class lessons and school site assemblies on the proactive approach to bullying prevention.

**Calm down break-** The student must first identify when they are getting too tense, excited, or angry, and then take a short break away from the setting or situation until they have calmed down sufficiently. “Cool Tools” is a great resource!

**Capturing Kids Hearts** –Curriculum that uses strategies to create a positive learning environment.

**Contingent observation** this involves telling a student who is doing something in appropriate to step away from the activity, sit and watch the appropriate behavior of other students while the teacher intentionally reinforces them. After a brief period of observation, the teacher prompts the student to rejoin the activity, and reinforces the desired behavior.

**Check in/out Strategy** System for daily check in time for student to meet with teacher at least twice during the day to discuss progress, and successes for the day so far. This is an effective strategy for students using behavior to get attention from the teacher.

**Coping skills** This intervention involves teaching a student appropriate ways to cope/deal with frustration, anger, embarrassment, etc. Teaching coping skills is a proactive way to increase positive behavior.

**Corrective feedback** This involves providing information which points out areas in need of attention. Giving corrective feedback does not have to be a negative punishing experience but one that will give needed information. Feedback should be specific, simple, and immediate.

Types of corrective feedback include:

- Explicit correction: The teacher supplies the correct form of the behavior or skill to the student and clearly indicates what was incorrect or inappropriate. This is common corrective feedback in large groups of students where the teacher’s time is limited.
- Explicit correction has a very low rate of effectiveness since the student doesn’t have to self-correct and the mistake could be easily forgotten.
- Elicitation: Teacher asks for a replacement skill, “How would you do that appropriately?” And then pausing to allow student to complete teacher’s request.
- Clarification: Teacher uses phrases such as, “I don’t understand what you are trying to do”, or “What do you want from choosing to do that?”

**CPI Strategies** Staff Training in Deescalating problem behavior (Tier 2/3)

**Curricular integration** A technique known as curricular integration is useful in teaching skills to students, as the technique integrates positive strategies for modifying problem behavior into the existing classroom curriculum, and is based upon the premise that a skill is more likely to be learned when taught in the context in which it is used. Teachers who incorporate behavioral interventions into daily instruction generally state that this technique has proven to be particularly effective for teaching replacement behaviors.

**Daily lessons to teach Universal Expectations** direct instruction, modeling, practice and other visual aids; including posters with pictures, teaching what it looks like, sounds like, feels like, etc.

**Direct instruction** This refers to active teaching or explicit instruction, including explaining to students exactly what they are expected to learn, demonstrating the steps needed to accomplish a task, providing opportunities for practice, and giving feedback based on performance. Examples:

- **Elementary»** The teacher explains to Dennis that the lesson is about long division. Then she demonstrates the steps on the chalkboard and watches while he tries to do a problem. Feedback is given to correct any errors and to reinforce him for following procedures correctly.
- **Secondary»** In English class, Ms. Paulos teaches her freshman students how to diagram sentences involving subject, predicate, articles, adjectives, and adverbs. She demonstrates the procedure with a sample sentence and writes each step on the board. Then she puts a sentence on the board and asks the students to diagram the sentence in their seats while she walks around and gives assistance and corrective feedback. Finally, one student goes to the board and illustrates how to correctly diagram the sentence.

**Effective commands-** Teachers can reduce problems with student compliance by following research-based guidelines (Walker & Walker, 1992). See the section, *Delivering Effective Commands*, for specific strategies on how to give commands and increase compliance.

**Eliminate audience-** This intervention involves removing the attention given to a student for a behavior. It is appropriate for students who behave inappropriately to gain attention from others around them. Examples:

- Have the students in the class physically move away from student.
- Redirect the class to a different activity away from the student.

**Environmental Engineering-** This refers to the process of arranging the physical environment of the classroom to enhance student learning and behavior. The physical environment serves as a set of stimuli which influence appropriate and inappropriate behavior. Teachers can pay attention to such factors as basic layout of classroom space, wall displays, traffic patterns, and other aspects of the classroom. Examples:

- **PreK:** Mrs. Adams arranges her class so that she has visual contact with all parts of the room. For example, she uses low bookcases so students are in her line of sight.
- **Elementary: Ms. Red** (1) divides the classroom into areas for quiet reading, seat work, and small group work; (2) arranges the room so students cannot easily look out windows or doorways into halls, and (3) places himself between the students and open areas if there are runners in the class.

**Errorless learning-**This involves creating teaching routines that guarantee success. This is most effective for students who frequently make mistakes, who lack confidence (or may be anxious), and/or who do not remember their learning experiences and the feedback that they receive.

The following are procedures that facilitate errorless learning:

- Adjust expectations appropriately (be reasonable)
- Make sure that the student is completely clear about what is expected of them
- Complete the task collaboratively with the student
- Make the task doable by 1) breaking the task into separate parts or 2) giving the student responsibility for only one or two components of a larger task

- Anticipate problems and —pre-correct || (e.g., —I see a tricky word in the next sentence – the word is \_\_\_\_-let me know if you need help when you get to that word. || )
- Provide adequate cues
- Ensure large numbers of successful repetitions to ensure learning

**Extinction-** This refers to a behavior reduction procedure that is used to decrease problem behaviors that have a history of being reinforced, by removing the source of reinforcement. This is typically used with attention seeking behaviors, but can also be used with behaviors that are maintained by escape from demands or access to a preferred item or activity.

- Because an inappropriate behavior is ignored or not reinforced, the student may exert greater effort to obtain the reinforcement strategy and there may be a dramatic increase or burst of the inappropriate behavior initially. It is very important to keep this phenomenon in mind when utilizing extinction, and to refrain from giving in and providing reinforcement. Inadvertently —giving in || and reinforcing the behavior will serve to make the behavior worse. Also, when eliminating a problem behavior using extinction, it is always necessary that you teach the individual a new behavior to replace the inappropriate behavior.
- Extinction is not appropriate when the behavior is dangerous to the student or others. In such an instance, extinction should be combined with other procedures. Extinction is a technical procedure that requires staff training
- See examples of *planned ignoring, eliminate audience, peer ignoring, time-out, and follow through.*

**Follow through-**When a consequence is set to occur for a behavior or if the instructor states that a certain consequence will occur, then it is important to follow through with the consequence if the particular behavior occurred. This should be done for both positive consequences (e.g., delivering a reward contingent on appropriate behavior) and negative consequences (e.g., losing a privilege contingent on inappropriate behavior). It should also be done to ensure that the student does not receive the —pay-off || for a behavior (e.g., continue to present the work demands even though the student’s behavior is occurring to escape). Follow through with what we say will communicate to the student that we are consistent and that they can expect that we will always do what we say we are going to do. Example:

- **Pre-K:** Allison starts crying when she is asked to clean up the puzzle pieces. The teacher continues to prompt Allison to clean up, providing more intensive prompts (i.e., gestures, gentle guidance) until the puzzle is complete.
- **Elementary:** Mary earned enough stickers today to receive a reward. The teacher makes sure to let her grab her reward at the end of the day.
- **Secondary:** Billy used inappropriate language during football practice today. His football coach told him to sit out for the first 5 minutes of the practice game.

**Functional communication skills-** Students who do not have appropriate communication and social skills will often vent their school related frustrations in disruptive and inappropriate ways. Example: A student experiencing difficulty in mathematics may attempt to avoid such work by acting out in the classroom. An appropriate functional communication skill may be to signal the teacher either verbally or with a predetermined nonverbal sign (i.e., hand raise) whenever the student feels frustrated. The teacher will then respond to the student to find out if he/she

needs extra instruction, assistance with the assignment, or a brief break from work.

**Gestural prompting-** This involves prompting a student with the use of body language such as pointing, touching, looking, or placing something in front of a student to enforce an already discussed and specific expectation. Example: Juan comes into the classroom and is sitting on top of his desk. The teacher can simply walk over to him, make eye contact, and point or drag his eye to the chair in a request to have the student sit in his seat.

**Goal Setting-** This involves looking at a task and breaking it down into small attainable sections and setting a reward for completing the section. As the student meets the goal, the level of difficulty should increase.

**High rates of positive responses-** This refers to the frequent use of positive comments or actions to students who demonstrate appropriate behavior. Teachers create a positive environment by frequently praising the student for appropriate behavior and correct academic responses. Positive responses should be specific, so students can repeat the desired behaviors. If too general, students may not know which behaviors to repeat. The recommended ratio of positive to negative responses is at least 4:1. Examples:

- **Elementary»** Mrs. Garcia tells the students —thanks for listening || and —nice effort || frequently as she monitors their creative writing behavior during second grade.
- **Secondary»** Mr. Skinner continuously makes a point to verbally praise those students who are on task and ready to work, while engaging in planned ignoring of mild off-task behaviors of other students.

**Home-school reinforcement system** -This involves establishing a relationship between the behaviors exhibited at school and the reinforcement received at home. Specifically, the parents at home would provide reinforcement contingent upon the appropriate behaviors demonstrated at school. These systems can be very successful if the parent and teacher are implementing the same strategies and tie rewards to appropriate behaviors exhibited in the target environment. Example:

- Abbie refuses let other children stand next to her line during transitions and she will push the children away. Abbie’s teacher and mother implement a system to help increase her tolerance of peers. Abbie loves to watch —Hannah Montana || when she comes home. The agreement is that Abbie can watch her favorite TV show when she comes home only if she stands next to her peers in line without pushing during 3 out 4 transitions. If she does not, she does not get to watch the TV show when she comes home

**Identify appropriate settings for behavior-** This intervention suggests that inappropriate behaviors can be appropriate if demonstrated in a suitable setting. Example: If a student is constantly singing out loud during class time and causing a disruption, identify or create more appropriate settings for such behavior (i.e. music class, join the chorus, or provide a specific time during class for student’s to show off their talent)

**In-class time out-** A procedure used to remove students from situations or environments in which they are receiving reinforcement for inappropriate behavior. When time out is used, the instance must be documented. The criteria for time out should be a brief period of time without problem behavior (e.g., 3 minutes of quiet, 2 minutes calm). The student should not receive any attention (negative or positive) while in time out. If the time out cannot be

implemented correctly and the student constantly tries to leave, then the student is still being provided with reinforcement and the procedure is not effective. This is the removal of a student from reinforcing activities in the instructional setting.

- **Pre-K»** Jordy's truck is taken away after he repeatedly runs it over the fingers of his playmates. The truck is placed on the shelf and the timer is set for four minutes.
- **Elementary»** While the other third grade students continue to earn points toward a Friday activity, Sam's opportunity for reinforcement is removed for five minutes when he shouts out in class.
- **Secondary»** Glen is removed from the P.E. soccer game for sixteen minutes after yelling obscenities at the goalie. He has to watch from the sidelines. Removal of student from a reinforcing setting into a setting with a lower reinforcing value.
- **Pre-K»** Torie continually bothers her classmates while sitting on the mat during story time. She is put in a chair away from the group for three minutes with calm behavior. During this time, she cannot see the storybook pictures as well as before.
- **Elementary»** During morning circle, Timmy touches other students and makes inappropriate noises. The students respond by fussing at Timmy and laughing at him. The teacher's assistant removes Timmy from circle and places him in a time out chair away from the group and facing away from his peers. She tells him that his 3 minute time out will begin when he is quiet. The assistant turns her back and refrains from giving Timmy any attention. When 3 minutes has elapsed, Timmy is allowed to return to circle time.

**Incidental teaching-** This involves providing structured learning opportunities in the natural environment by using the child's interests and natural motivation. Incidental teaching is unique in its focus on child directed teaching, in other words, following the child's lead regarding interests within naturally occurring daily activities. It involves being intentional and planning for those —teachable moments that are initiated by the child. There are four levels of prompts that can be utilized:

- **Level 1:** This prompt involves instituting a 30 second delay when a child displays and interest in a specific object or material. This delay is designed to encourage a verbal initiation for the object or material.
- **Level 2:** After 30 seconds, if the child has not verbally requested the item, then prompt the appropriate verbalization (i.e., —What do you want? || )
- **Level 3:** If the child does not respond to level 2 prompt, then provide a more specific prompt while showing the desired object (i.e., —What is this? || )
- **Level 4:** At this level, the most intense, the child is prompted to imitate the correct response as modeled by the caregiver (i.e.,- a car?)

**Reinforcement quality of classroom-** If a student is acting out in order to escape the classroom it may be that the student does not find the classroom setting and/or routine to be very rewarding. The teacher can make the classroom environment more attractive in a number of ways, including by posting interesting instructional materials (e.g., bulletin board displays), boosting the pace of (and degree of student interaction in) class lecture or discussion, and including additional instructional activities of high interest to students.

**Increased academic learning time-**The amount of time the student is actually engaged in and experiencing success is increased. The time must be spent on learning essential skills and not on meaningless tasks. Teachers should try to achieve a level of academic learning time of no less

than 70 %. Variables that can be addressed are beginning on time, minimizing housekeeping tasks, and minimizing transition times.

**Individualized Reward System-** The use of an individualized reward system helps to promote appropriate behaviors and also helps students self-monitor their own behavior. Ideas for rewards systems are dependent on the individual student. Such examples can include a sticker chart, checklist, star chart, or any type of monitoring system that the student will —buy into and see as motivating. The target behavior must be specific and each time a student earns a sticker or check it must be paired with specific verbal praise.

**Instructional pacing-** This refers to the speed or rate at which the teacher presents instructional material and tasks to the learner. Understanding your students' academic ability and keeping pace with it can be a behavior intervention for both those students that complete assignments, get bored, and act inappropriately and also for students who act inappropriate due to their frustration of not understanding. A brisk pace of instruction enhances attention and increases the number of response opportunities. Individualizing and differentiating the pace of instruction plays a major role in student behavior. Example:

- **Pre-K»** Mrs. White moves from one preschool child to the next in quick succession, maintaining engagement with the activities during circle time.
- **Elementary»** Miss Young delivers direct instruction to the students at the rate of about nine learning tasks per minute, and asks for group responses from students frequently to check understanding.
- **Secondary»** Mr. Dynamic asks his twelfth grade students frequent questions to assess their understanding of the science material. Their responses serve as an indicator as to the possible need to repeat or review particular subject matter.

**Integrate curriculum into music** -Use music to teach expectations. Example: Reword songs that students listen to on a daily basis to teach rules, appropriate behavior, or other lessons.

**Meaningful work projects-** Students participate in a —jobs program within the school in which they are viewed as valuable, contributing employees of the school. **Minimize down time-** This intervention is for students who seem to display inappropriate behaviors while they are waiting for other students to finish or they may be waiting to transition to the next activity. Don't leave the child with a lot of down time. If the child is between activities give them something to do. Example: A child is waiting for the other student's to finish work. Allow the child to read a book or do an activity on the computer until the other kids are done.

**Minimize or eliminate distracting materials-** Extra materials on a student's desk or around the room can be the cause of distraction.

**Modeling-** A student learns behavior by observing a modeled response. Students are watching how the teacher interacts with not only other students but other adults and by modeling a positive and appropriate behavior we can increase appropriate behaviors in students.

**Modify task length-**Present brief tasks instead of a longer task. This will provide more breaks for the child, and give them a sense of progress. A student who works slowly/methodically may become frustrated with lengthy assignments so the teacher may want to shorten tasks.

**Momentum training with relaxation strategies-** Teachers use a series of requests related to relaxation. Requests to use deep breathing, muscle tension-relaxation cycles, or stretching can be incorporated into direct instruction and a momentum routine.

**Monitoring-** This involves systematically monitoring a student during a task. Example: Checking on a student at 10 minute intervals and/or providing verbal or non- verbal redirection when needed. Non-verbal monitoring can include eye contact and proximity.

**Monitoring checklist-** Create a checklist for appropriate behaviors, which is reviewed by both teacher and student. The checklist may be as simple as identifying 3-5 appropriate behaviors, the five days of the school week, and space to check-off when those behaviors are demonstrated. The checklist must be consistently monitored by both teacher and student so that progress can be followed.

**Mystery motivator-** This is an incentive system that is designed to promote appropriate behavior by delivering a “mystery” reward. The teacher specifically defines the target behavior and the need to increase or decrease it. Then, the teacher creates a motivating environment by covering up the reward and building some motivation for the student by referring to it often and giving vague clues about it that will spark the student’s interest.

**Natural opportunities-** The instructor provides a verbal prompt to the student as a reminder to do the appropriate behavior when the teacher notices that the student’s behavior is starting to escalate.

**Non Verbal Reminders-** Written lists of expectations: Teacher provides the student with a list written out in front of them of the behavior expected. Picture cards: Teacher can use picture cards to teach/remind students of various rules/expectations. Signals: The teacher uses a signal to communicate when to use the appropriate behavior or when to stop engaging in the inappropriate behavior.

**Observational learning-** While the target child is observing, the teacher gives specific public praise to children other than the target student when they show appropriate behaviors. When praising these behaviors, the teacher clearly describes the praiseworthy behaviors. When the target child 'imitates' the same or similar appropriate behaviors, the teacher immediately praises him or her.

**Offer choices-** Giving the student a choice of tasks (even if they are not preferred tasks) will often reduce inappropriate behavior from occurring by allowing them to have some degree of control. Only give choices when you are willing to allow the student to experience the natural consequences based upon their choice. Examples:

- Permitting students to select who they work with on a project
- Choose what book to read for an assignment
- Complete ½ of the assignment with a partner
- What assignment to do first

**Parent-Teacher communication system-** This refers to an informational system between school and home that provides clear, concise communication about a student’s academic and behavioral performance. This communication should occur on a regular basis. It should emphasize positive information and also include information about areas of concern. Methods for communication might include phone contact, face to face meetings, email, or notes/letter correspondence. Examples:

- **Pre-K»** Johnny takes home his sticker chart at the end of the day and Mom praises him.
- **Elementary»** Ms. Wheeler sends home notes with 4 different students each day rating their academic work, study habits, and effort. By this method, each student in the class receives a note home once a week.

- **Secondary»** The student takes home a note indicating class performance, assignments completed, and upcoming test dates. The note must then be signed by one of the parents and returned to the teacher

**Participation in extracurricular activities-** Identify and encourage student to become involved in an activity that matches the abilities and skills of the student.

**Peer consequences-** If the teacher finds that the student's peers play an important role in influencing the inappropriate behavior, the teacher may try to influence the student's inappropriate behaviors indirectly by providing consequences for selected peer behaviors.

Examples:

- If classmates encourage the student to make inappropriate comments by giving positive social attention (e.g., laughing), the teacher may start a group response-cost program and deduct points from the class total whenever a peer laughs at inappropriate comments.
- A teacher who wants to increase the social interactions that a socially isolated child has with her peers may reward selected peers with praise each time that they approach the isolated child in a positive manner.

**Peer ignoring-** This intervention involves teaching the peers or entire class to ignore another student's inappropriate behavior. Typically, this involves the student's turning away from the student when inappropriate behavior occurs or not responding to the student. It can also include providing attention when the student starts to behave more appropriately. The teacher must rehearse and practice with the students and then reinforce the group when they participate.

**Peer involvement and influence-** The use of same-age and/or cross-age peers for structured social engagements, and as buddies. Examples:

- **Pre-K»** Debbie has difficulty sitting on the rug during circle time in her preschool class. The teacher assigns Kathy to sit next to Debbie on the rug so that Kathy can model appropriate behavior.
- **Elementary»** Beth and Jean are struggling to remember to take their homework home in fifth grade. The school psychologist assigns them to check each other's backpacks at the end of the day to make sure they have the homework they need.
- **Secondary»** Kimberly walks next to Kyle in his wheel chair to the lunch room and carries his tray to a table of friends in the lunch area.

**Peer Mentor/tutor opportunity-** This involves allowing another student to aide/mentor/tutor the student or allowing the student to be a mentor of a younger student in a lower grade. The latter option can be a great way to improve self-confidence and also helps to reinforce foundational skills.

**Personal connection with student-** Establishing set times and methods for providing special attention for a student. A teacher makes it a point to check in with a student each morning in order to find out how his/her homework was the evening before.

**Personal interests used for motivation-** Incorporating student interest in to a given task or activity. Example: A reading assignment can cover a topic that the student likes (i.e. sports, fishing, and any related items). Many students are motivated by music and integrating music into lessons can be motivating for students.

**Planned activities for transition time-** Provide the structure for a student to close one activity and to do what is necessary before initiating the next one. Allowing students to assist in everyday housekeeping tasks that are necessary can be helpful.

**Planned ignoring-** This is an extinction procedure that involves withdrawing attention when an inappropriate behavior is occurring. This is most effective for behaviors that are primarily occurring to gain attention. Over time, the person learns that they do not get your attention for engaging in that behavior. Planned ignoring should never be used alone. It should always be paired with a reinforcement procedure for appropriate behavior. When inappropriate behavior occurs you can either:

- Ignore the behavior but continue to reward the appropriate behavior
- Ignore the behavior and the person until they engage in the desired appropriate behavior, then reinforce that behavior when it occurs.
- **Pre- K:** Sue often cries to get attention at preschool. Her teacher stops giving her attention when she cries. At first Sue cries harder and longer. The teacher still ignores her. As the behavior is not being reinforced, the crying gradually tapers off. Sue periodically reverts back to crying to see if the teacher has —changed the rules. As the teacher ignores it consistently, the crying disappears completely.
- **Elementary:** Mike continually puts his hands in his pants. He receives attention from the teacher and the aide when they ask him to take his hands out of his pants. The teacher and aide begin to compliment Mike when he is sitting appropriately and do not attend to him when his hands are in his pants
- **Secondary:** Barbra is a high school student who makes inappropriate remarks to her teacher. The teacher decides to withdraw his attention when Barbara makes inappropriate remarks by breaking eye contact, making no facial expression, and walking away. When Barbara is appropriate in her remarks to the teacher, he responds briefly and redirects her attention back to the classroom activity.

**Play Music-** Music can be used as an intervention for students who are distracted easily and display what many teachers call, —off task behaviors. not engaged with assignment, looking around the room, talking with a peer). Music can help to reduce distractions and promote appropriate classroom behaviors.

**Positive peer reporting-** This involves teaching the student's peers the appropriate behaviors to observe. Whenever the students observe the behavior, they provide positive praise to the student and report the appropriate behavior to an adult. This not only encourages the appropriate behavior of the student but also facilitates positive peer relationships.

**Positive peer role models-** Provide opportunities for the student to be in contact with positive peer role models. Pair the student with a peer who is able to display appropriate behaviors. It is important that the peer the student is paired with displays respect and they are able to create a positive rapport with each other. The student can be seated in close proximity and/or placed in work groups with peer role models. Such positive peer connections should be reinforced by the teacher and/or any other adult involved with the student.

**Positive practice-** This refers to the intense practice of an appropriate behavior for a specified number of repetitions or a specified period of time. Examples:

- **Elementary»** Sylvia runs down the hall. The teacher then requires her to walk down the hall appropriately three times.
- **Secondary»** A student who wanders the halls without permission when taking an unsupervised bathroom break may have to stay after school one afternoon and take multiple 'practice' trips to the school bathroom. In this example, the instructor might accompany the student to monitor how promptly the student walked to, and returned from, the bathroom and to give the student feedback about how much this target behavior has improved.

**Positive reinforcement-** This involves delivering a reinforcement after behavior to increase the likelihood of a behavior occurring in the future. To be most effective, reinforcement should be delivered immediately and consistently (delivered each time it is planned). Reinforcement should be delivered continuously (every time it occurs) if building a new behavior. It should be delivered intermittently (every so often) if maintaining an existing behavior. Examples:

- Attention, preferred items and/ or activities provided contingent upon on-task behavior and work completion
- Access to items/activities provided only after desired behavior has occurred (or absence of undesired behavior)
- Delivery of items that provide similar sensory consequences contingent upon periods when the problem behavior

**Positive self-talk-** Increase student's belief in self and their own capabilities in various situations by positive self-prompts. The student can be taught a repertoire of positive statements, such as —I'm capable of doing my work, or —If I study my spelling words every day, I will get a good grade on my test. The student is taught to repeat such statements as frustrations increase in adverse situations. Teachers and/or counselors may have to implement verbal or nonverbal prompts in order for the student to initiate the self-talk process.

**Post all classroom rules and daily schedules in prominent locations-** Involving students in creating classroom rules and expectations, as well as develop posters and activities about the rules, helps them to take ownership of the environment. It is a proactive way of teaching and increasing appropriate classroom behaviors.

**Practice opportunities-** This involves providing specific opportunities for the student to demonstrate taught skills in the classroom. The teacher may need to establish a verbal or nonverbal prompt with the student (i.e. —now is a good time to use your skills or tap the student on the shoulder).

**Predictability** -When children can predict upcoming events they show less resistance. Example: If a trip is cancelled, write in on the student's calendar or planner.

**Preferential Seating** -This refers to changing the seating arrangements in order meet his/her specific needs. Example:

- The student sits in close proximity to the teacher for hearing, vision, and/or attention concerns.

- The student is moved away from negative peer influences and near more positive peer influences.
- Arrange seating so as to prevent congestion
- Strategically arrange student seating so that individuals prone to misbehave are adequately separated from one another.

**Premack Principle (If this, then that...)-** States that people are more likely to complete an undesirable task if they know that upon completing the task they will have immediate access to something they highly desire. This intervention is used quite often in both educational and home settings. The teacher states a non-preferred behavior or activity must take place before a preferred behavior or activity can be accessed. Examples:

- Jeremy's teacher told him that when he completes his geometry worksheet, she will allow him to read his book for 10 minutes.
- Isabella wanted to go to circle time, but she had not cleaned up her work area. The teacher stated, —If you clean up your work, then you can go to circle time.

**Preview Rules rules/behavioral expectations-** Some students misbehave because they are impulsive and do not always think through the consequences of their misbehavior before they act. These students can benefit from having the teacher briefly review rules and/or behavioral expectations just before the students go into a potentially challenging situation or setting (e.g., passing through the halls; going to an assembly). If the instructor has a classroom reward system in place, he or she can strengthen the rules preview by reminding students that the class can win points for good behavior.

**Preview schedule-** Having the teacher preview a student's schedule daily (or even more frequently) can help those children who seem to misbehave because they do not respond well to unexpected changes in schedule or cannot remember what their schedule is.

**Private approach to student-** The instructor quietly approaches the student, points out the problem behavior and how it is interfering with class work or interrupting instruction. The instructor reminds the student of the academic task in which he or she should be engaged. The student is politely offered the choice to improve behavior or accept a negative consequence. Privately approaching a student can help him or her to save face and reduce the likelihood that the student will become defensive or defiant.

**Problem solving skills-** Problem solving involves 1) identifying the problem, 2) determining why the problem is occurring, 3) developing solutions, and 4) making a choice.

**Progress reports-** Using a daily or weekly system to document and communicate student's behavioral progress. Subjectively, the teacher may write a brief note at the end of the day or week to describe the student's overall behavior. Objectively, the teacher collects data daily to determine the progress of interventions.

**Prompting-** A visual, auditory, or physical cue is presented to a student to facilitate a given response. However, overuse of prompting may result in a high level of dependency on prompts. Be conscious of students for whom a physical cue is aversive. Examples:

- **Pre-K»** When it is time to clean up at pre-school, Mrs. Kindly turns the cleanup music on.
- **Elementary»** While Sarah is learning to print in kindergarten, she is given papers on which there is a dot where each letter should start.

**Proximity control-** Teacher proximity or adult proximity depending on the resources available is essential in changing student behavior (discouraging off-task behavior). Examples:

- Randomly walking around the room to stand near a student with problem behavior actually prevents the inappropriate behavior from occurring.
- A student that is tapping a pencil and has been redirected verbally in the past could use a non-verbal reminder from the teacher. As the teacher is teaching he/she could walk over to the student and without saying anything, touch the pencil that the student is tapping.
- A student may need extra support and supervision during transition times or the less structured time such as lunch or recess, pairing them with an adult and having them help the adult is a positive way to increase supervision.

**Quiet areas-** The student is given a specific time and/or space (established prior to displaying behavior) for quiet or —cool down || purposes when overwhelmed, over-stimulated, or upset. Example: If a student becomes easily frustrated during certain academic tasks, then a quiet area of the classroom can be established as a personal space for that student to go if necessary.

**Quiet start requests-** Make a quiet request to start a task or change a behavior, so the rest of the class is not disturbed. A low voice, a written note, or visual prompts can be effective in gaining compliance.

**Reactive Strategies** -Think About My Behavior, Time-Away, Problem Solving Steps, Incident Reports.

**Redirection-** Re-focusing someone's attention on to another task or topic. This usually is done with little to no attention being paid to the inappropriate behavior which may be occurring. Redirection requires that you give minimal acknowledgement to the issues at hand but focus on something that is more appropriate to the moment. The teacher may interrupt the problem behavior by calling on the student to answer a question, assigning him/her a task to carry out, or otherwise refocusing the child's attention. Once the person is engaged in the other task or topic, it will be important to give a lot of praise and/or attention to them at this point. Example: Veronica is running up the slides during recess. Mrs. Black approaches her, points to the swings, and says, —Look, there's an empty swing for you.

**Reflection center-** If the student is agitated, anxious, or mad, the student is redirected to an area of the room called the —Reflection Center. This area is where the student can express how they are feeling appropriately, such as writing it down or drawing a picture.

**Reflective Response-** The student is required to write and submit to the teacher a brief written response (if age appropriate) after displaying behaviors. At a minimum, the response would state: (1) what problem behavior the student displayed, (2) how the student could have acted in an alternative, more acceptable manner, and (3) a statement from the student to show appropriate behaviors in similar situations in the future. NOTE: Some teachers use a pre-printed structured questionnaire containing these 3 items for the student to complete. The intervention requires the student to spend a fixed period of time in relaxation following each occurrence of an upsetting behavior. The student should not be forced to do this. The student should be taught the relaxation techniques during non-stressful circumstances, not during the stressful event.

- **Pre-K»** Jill occasionally has angry outbursts. When this occurs, an aide takes him to a quiet corner and they practice breathing slowly for four minutes.

- **Elementary»** Natalie, who acts out by hitting other children, learns to identify when she is feeling frustrated. She is taught two relaxation techniques. When she lets the classroom teacher know she is frustrated, she is excused from the room to a designated place for a 10-minute period of relaxation.
- **Secondary»** Alice periodically has panic attacks. She learns a progressive muscle relaxation technique that effectively calms her. When Alice feels highly agitated, she goes into the nurse's room and practices relaxation for fifteen minutes.

**Response cost-** Contingent withdrawal of a specific amount of available reinforcement (e.g., points, privileges, etc.) following an inappropriate response. Response cost must be less than the total amount or number of reinforcement available (i.e., never go in the hole). Remember, all students have civil rights to water, food, clothes and use of the bathroom which cannot be withheld. As a drawback, this type of system can often lead to aggression directed at the teacher, other students, or property. A student may also cry, whine, or pout when reinforcement is withdrawn. It is recommended to initially implement a system that involves delivering reinforcement, not taking them away. This will establish value to the system and it will also eliminate aggression or tantrums that can occur when the reinforcement are removed. Examples:

- **Pre-K»** If Cathy finishes the table time activity without kicking the table, she gets a large ball of play dough. Each time she kicks the table, a portion of the play dough is removed. When the activity is completed, she gets to play with the remaining dough.
- **Elementary»** Steve is awarded ten points at the start of recess. Each time he breaks one of the playground rules, he loses a point. At the end of the recess period, Steve may bank all the points he has retained and exchange them after the last recess of the day for items listed on a menu of reinforcers.
- **Secondary»** Bart's preferred activity is computer time. He starts each class with ten minutes of computer time to use at the end of the period. Each time he spits on the floor, he loses one minute of his computer time.
- **Lottery system»** The teacher gives each student five or more tickets with his or her name on it. If a student breaks a rule or does not follow a request, a ticket is taken away. At the end of the day, the tickets are collected from all students and three or four names are drawn to receive a reward.

**Role-play-** A student learns behavior by practicing the desired behavior. The teacher develops scenarios and the student role-plays how they would respond in that situation. Research shows this is a very effective method for teaching appropriate behavior.

**Rules review-** The teacher approaches the student and (a) has him or her read off the posted class rules, (b) asks the student which of those rules his or her current behavior is violating, and (c) has the student state what positive behavior he or she will engage in instead.

**Schedule adjustment-** Modify or adjust the daily schedule or routine of the student to reduce the chance that inappropriate behavior will occur. Examples:

- A student may tend to focus best in the early morning and needs to have academic classes scheduled before lunch or just the opposite they may need a schedule in which their academic classes may need to be scheduled in the afternoon.
- There may be a personality/work style —mismatch || between a teacher and student and changing a student's teacher schedule could make a significant difference.
- Schedule recess after quiet reading time, instead of quiet reading time after recess

**School-wide recognition-** Use school wide vehicles for recognition of appropriate behavior: Use programs such as —student of the week, || school wide awards, or recognition on the school announcements. The recognition should be paired with praise concerning a specific appropriate behavior in order to impact a target behavior.

**School Survival Skills-** Explicit teaching of specific skills that may be impacting student success, such as; organization, note taking, study skills, and/or using a planner.

**Scripts-** The teacher develops a script with the student that addresses his/her specific needs. In order to ensure optimal effectiveness of this intervention, the teacher should provide the script in written form to the student and possibly attach it to his/her desk.

**Self-management-** Student is taught how to monitor and manage his or her own behavior.

**Self-monitoring-** The student systematically monitors (or tracks) his or her own behavior in order to help the student become more aware of their behavior. Example: Ms. Pate has asked Michael to self-monitor his off-task behavior while in her classroom for second period Language Arts. Ms. Pete provides Michael with a data sheet containing 12 square boxes. Ms. Pate has set her computer to emit a tone every 5 minutes. When Michael hears the tone, he is to place an X in the box if he was on-task, or leave the box blank if he was off-task. Ms. Pate takes data as well to compare with Michael's.

**Setting clear expectations and rules-** A way of letting the student know what is clearly expected of them and what will happen when the student meets or does not meet the expectation. The expectation should be reasonable and something the student can achieve. Set the expectation by stating the expectation and letting the student know what he or she can earn and not earn for meeting or not meeting the expectation. This puts the responsibility of earning that privilege in their hands. When the student meets or does not meet the expectation, the teacher must follow through with the pre-determined consequences. Emphasize that they are making the decision by how they act. It is not you choosing for them on what will happen. Examples of methods: Capturing Kids Hearts, Teaching with Heart, Universal Expectations, School Rules, Class Rules, and Classroom Contracts.

**Social skills-** These include skills such as social problem solving, cooperative play and work, turn-taking, and conversational skills. Increasing the appropriate use of these skills will help facilitate positive and appropriate interactions with peers and adults.

**Social stories/Comic book conversations-** A social story or comic book conversation is written specifically for the student and the situation (i.e. Joe waits for his turn) and must be visually provided for the student. This teaching method involves prompting understanding of the social context of various social situations. The social story is a tool to help lessen the stress of social situations.

**Specific, or modified, instructions-** Prior to the assignment, the teacher gives the student more specific or modified instructions in order to assist in overall comprehension of information. The teacher may provide additional or individual verbal instructions, written instructions, pictorial instructions, visual guides, completed model of task, etc.

**Specific verbal praise-** When the student engages in a positive behavior that the teacher has selected to increase, the teacher praises the student for that behavior. Along with positive comments (e.g., —Great job!"), the praise statement should give specifics about the behavior the child demonstrated that is being singled out for praise (e.g., "You really kept your attention focused on me during that last question, even when kids around you were talking!"). The praise should be a simple and concise statement given immediately after the behavior. Specific verbal

praise should always be paired with other types of reinforcement in order to communicate to the student why they are receiving the other type of reinforcement. Example:

- A student who is usually loud and disruptive comes into the classroom quietly and sits in his/her desk, (which the teacher has been asking for and redirecting the students to do for two weeks). The teacher then walks over to the student and uses specific verbal praise such as, —You did a fantastic job coming in quietly and going straight to your desk || or —I appreciate the way you came into the room quietly and went directly to your desk. You are making this classroom a great place to learn.

**Structured daily schedule-** A daily outline of classroom activities designed to maximize student learning. Structuring time through a planned daily schedule of specific activities and transitions maximizes —on-task behavior and minimizes students’ inappropriate behavior. Create a daily schedule in written or visual format. Display the schedule in a prominent location in classroom. Discuss the schedule each day/class period. Examples:

- **Pre-K»** During circle time, Josh’s teacher previews the daily events using a picture schedule.
- **Elementary»** Ms. Adams, a second grade teacher, writes the daily schedule paired with visual aids on the board and highlights the weekly events and homework with colored chalk. She reviews the schedule with her students at the beginning of each day.
- **Secondary»** Mr. Bryant, who teaches math in seventh grade, writes both the daily schedule and the weekly homework on the board. Students know what to start on when the bell rings each day, and they know the order of activities for teacher directed instruction, guided practice, and independent practice.

**Structuring non-instructional periods, including recess-** This refers to a systematic intervention program for a student who requires a high level of structure during non-instructional periods. The student is taught specific game rules, as well as appropriate hall, lunchroom, bathroom, and playground behavior. Then they are reinforced for appropriate behavior during these activities. Examples:

- **Pre-K»** The preschool teacher notices that most of Johnny’s conflicts with other children occur during free play. She decides that instead of free play, she will have Johnny pick between two activities.
- **Elementary»** The other students are constantly complaining that Alex interrupts and interferes with their games at recess. A classroom aide teaches Alex the rules for kick ball. The classroom aide then goes to recess with Alex and prompts him to join the game. The aide monitors his play and interaction with other students. Alex is rewarded for playing by the rules and for getting along with the other children.

**Student follow-up-** Establish a systematic check in. during an assignment to ensure that the student fully understands a specific task or request. The teacher and student may have an agreement specifying that 10 minutes after the start of a given assignment/test or request the teacher will verbally confirm the student understands. If the student is in need of further instruction, the teacher will provide it.

**Systematic prompting-** Systematic prompting is a 3-step prompting sequence to ensure compliance with demands. A student’s noncompliance is often a function of avoiding the setting or activity in that setting. Tell the student in a very clear, concise language what you want him to do. Then, use a gestural prompt, and then use gentle guidance. The instructor should always praise any compliance observed. When implementing this procedure, the

instructor should not engage in any verbal discussions or debates. The only words spoken to the student other than demands should be praise when the task is completed. Step three of this procedure is not appropriate for older students.

- **Step 1:** *Stacy put the truck in the box. Wait 5 seconds to give her a chance to comply.* him a chance to comply. If he does, praise him. If he does not comply, go to step
- **Step 2:** Tell the student what to do as you **demonstrate the appropriate response.** —Stacy, put the truck in the box) as you are showing her where to put the truck. Give her 5 seconds to comply. If she complies, praise her. If she does not comply, go to step 3 or repeat steps 1 and 2 (if older student).
- **Step 3: Help the student complete the** task by using as little physical guidance as necessary (hand-over-hand).

**Targeted Skills Development-** Your counselor or MTSS Coordinator have resources lesson to teach the following skills. When these behaviors occur skills need to be taught, modeled, reinforced and practiced often to correct problem behaviors:

- Accepting No as an answer
- Asking for Help
- Staying on Task
- Disagreeing Appropriately
- Following Instructions
- Using Appropriate Voice Tone

**Task analysis-** Break down a task into steps to make manageable and to ensure student feels success. Teaching a student how to break down task into more simplistic parts can also help reduce problem behaviors. Example:

- A student who has difficulty compiling a three sentence paragraph may perform better when the task is broken down into small steps. First, teach him/her to identify and write down the theme of the paragraph, then create three categories (introduction, main idea, and conclusion), Next brainstorm what ideas should go under each category, and finally the student can compile the paragraph based on the information gather during previous steps.

**Teaching interaction-** A short social skills teaching sequence: 1) expression of affection, 2) initial praise, 3) description of inappropriate behavior, 4) description of appropriate behavior, 5) rationale, 6) acknowledgement, 7) practice, 8) feedback, 9) consequences, and 10) general praise. Examples:

- **Pre K»** When the teacher observes Susie grabbing a doll from Natalie, the teacher takes Susie aside and tells Susie how much she enjoys having her in the class. She rehearses with Susie how to ask Natalie if she can play with the doll. The teacher tells Susie what a good job she did and then sends her back to play.
- **Elementary»** Russell was teasing Jane about her new haircut. The teacher asks Russell to stay in and help her pass out art supplies at recess. During recess, she congratulates Russell accomplishing his reading goal. She then describes how she saw him teasing Jane and how that can really hurt somebody's feelings. She asks Russell to apologize to Jane and give her two compliments during the day. He promises to do that. The teacher pats him on the back and says she is proud of him.

**Token Economy-** A token economy is a system in which a token is administered to students when appropriate behaviors are displayed and the tokens can be exchanged later for reinforcer. Ideas of tokens can include:

- Plastic or metal chips
- Marks on a blackboard
- Points marked on a paper point card
- Stars
- Holes punched in a card
- Stickers
- Paper clips
- Beans in a jar
- Happy faces
- Play money

**Tolerance skills-** Students who frequently become angry at peers or who may be set off by certain triggers may be taught to tolerate or accept certain situations by using coping skills to keep them from reacting inappropriately.

**Transitions supports-** Transitioning from one environment to another or one activity to another can be a difficult process for many students. If supportive tools are built into the transition process, appropriate behaviors may increase during this time. Examples: Hallway peer buddy, close adult proximity, and pictorial signs with transition expectations posted in the hallway.

**Use of manipulatives-** Classroom or academic manipulatives to teach a skill. Examples: Behavior charts, math blocks, positive word charts, and message boards.

**Use of positive referrals-** This intervention is the use of a form that recognizes a student for displaying the appropriate target behavior(s) by filling it out and making a specific comment about the behavior, when it happened, and possibly reporting it to someone the student sees as a powerful adult within the school setting.

**Verbal prompting-** This involves prompting a student with a verbal remark that states the expected behavior. Example: A student comes into the room and sits backwards in their chair to talk to another student. The teacher verbally prompts the student by saying, —Joe, face forward.

**Verbal rehearsal-** Establish a system which the student verbally, or in a written form, repeats rules or expectations. Example: Teacher and student have an agreement specifying that before each class change and student verbally reviews the rules and expectations.

**Verbal reminders-** The instructor review rules and expectations prior to an assignment or problem times.

**Visual schedule-** An organized schedule that could be pictorial or written. A schedule can help a student progress through the day but it can also break down specific tasks throughout the daily progression.

**Visual strategies-** The instructor places visual prompts on the student's desk, in the student's planner, on a nearby wall, or any other area that will prompt the student to engage in the appropriate behavior

## Glossary of Commonly Used Terms

---

**Acceleration** – Interventions that are implemented to increase the speed at which students acquire skills.

**Accommodation** – Changes in instruction that enable children to demonstrate their abilities in the classroom or assessment/test setting. Accommodations are designed to provide equity, not advantage, for children with disabilities. Accommodations include assistive technology as well as alterations to presentation, response, scheduling, or settings. When used appropriately, they reduce or even eliminate the effects of a child's disability but do not reduce or lower the standards or expectations for content. Accommodations that are appropriate for assessments do not invalidate assessment results.

**Alternate Assessment** – An assessment aligned with alternate achievement standards for children with the most significant cognitive disabilities designed by the state and required in lieu of regular statewide assessments, when determined necessary by the child's IEP team.

**Assessment** – Assessment is a broad term used to describe the collection of information about student performance in a particular area. Assessments can be diagnostic, formative or summative.

**At Risk** – A term applied to students who have not been adequately served by social service or educational systems and who are at risk of educational failure due to lack of services, negative life events, or physical or mental challenges, among others.

**Behavior Intervention Plan**- A plan developed for children who are exhibiting behavioral difficulties that include targeted behaviors, intervention strategies, reinforcers and consequences, and a plan for collecting and monitoring data. Behavior Intervention Plans should include positive behavioral support.

**Benchmark** – A detailed description of a specific level of student performance expected of students at particular ages, grades, or developmental levels. Benchmarks are often represented by samples of student work. A set of benchmarks can be used as "checkpoints" to monitor progress toward meeting performance goals within and across grade levels, (i.e., benchmarks for expected mathematics capabilities at grades three, seven, ten, and graduation.)

**Baseline** – An initial observation or measurement that serves as a comparison upon which to determine student progress.

**Benchmark Assessments** – Student assessments used throughout a unit or course to monitor progress toward learning goals and to guide instruction. Effective benchmark assessments check understanding and Response to Intervention: measures application of knowledge and skills rather than recall; consequently, effective benchmark assessments include performance tasks. Benchmark assessments may involve pre- and post-assessments.

**Benchmarks for Progress Monitoring** – Measures that are used to determine student progress and to guide instruction. These measures may assess a specific skill such as correct words read per minute (reading fluency).

**CAASSP**- Measures students' progress toward achieving California's state-adopted academic

content standards, which describe what students should know and be able to do in each grade and subject tested.

**Common Assessment** – Common assessments are the result of teachers collaborating and coming to consensus about what students should know, understand and be able to do according to the standards. Common assessments assess the standards and provide teachers a means for looking at student work.

**Content Standards** – Content standards are broad statements of what students should know and be able to do in a specific content area. They state the purpose and direction the content is to take and are generally followed by elements.

**Culminating Performance Task** – A culminating performance task is designed to be completed at or near the end of a unit of instruction. The activity is designed to require students to use several concepts learned during the unit to answer a new or unique situation. The measure of this activity allows students to give evidence of their own understanding toward the mastery of the standard.

**Curriculum-based Assessment** – An informal assessment in which the procedures directly assess student performance in targeted content or basic skills in order to make decisions about how to better address a student's instructional needs.

**Curriculum-based Measure** – Curriculum-based measurement, or CBM, is a scientifically-based method of monitoring student educational progress through direct assessment of academic skills. CBM can be used to measure basic skills in reading, mathematics, spelling, vocabulary, and written expression. It can also be used to monitor readiness skills.

**Curriculum Map** – A curriculum map provides an outline of the course content by units and may provide a suggested time schedule for each unit.

**Depth of Knowledge** – Depth of knowledge (DOK) is a term that refers to the substantive character of the ideas in the performance standards. DOK classifies the various levels of understanding that students must demonstrate as they encounter and master the content and skills within the performance standards. This schema for evaluating standards has four levels of knowledge: (a) recall, (b) skill/concept, (c) strategic thinking, and (d) extended thinking. Operational definitions and labels vary somewhat by subject.

**Dibels NEXT**- The Dynamic Indicators of Basic Early Literacy Skills (DIBELS NEXT)- Administer the Dibels benchmark probe for oral reading fluency to determine number of correct words per minute the student read.

**Differentiation** – Differentiation is a broad term referring to the need of educators to tailor the curriculum, teaching environments, and practices to create appropriately different learning experiences for students. To differentiate instruction is to recognize students' varying interest, readiness levels, and learning profiles and to react responsively. There are four elements of the curriculum that can be differentiated:

**English Language Learner (ELL)** – Refers to students whose first language is other than English and whose command of English is limited. The term is used interchangeably with limited English proficient.

**Evaluation** – The process of making judgments about the level of student understanding or performance.

**Feedback** – Descriptive comments provided to or by a student that provides very specific information about what a student is/is not doing in terms of performance needed to meet identified standards/learning goals.

**Fidelity** – Fidelity refers to the provision or delivery of instruction in the manner in which it was designed or prescribed. Other related terms to fidelity are intervention integrity or treatment integrity which often refers to the same principle.

**504 Plan**- 504 accommodation plans may be written for disabling conditions caused by short or long term emotionally or physically disabling conditions.

**Flexible Grouping** – A type of differentiation in which students are organized into groups based on interests and/or needs. Groups are not static and teachers use data to establish and modify the composition of the student groups.

**Fluency** – The ability to read a text accurately, quickly, and with proper expression and comprehension. The ability to automatically recognize conceptual connections, perform basic calculations, and apply appropriate problem solving strategies.

**Formative Assessment** – A formative assessment is an evaluation tool used to guide and monitor the progress of student learning during instruction. Its purpose is to provide continuous feedback to both the student and the teacher concerning learning successes and progress toward mastery. Formative assessments diagnose skill and knowledge gaps, measure progress, and evaluate instruction. Teachers use formative assessments to determine what concepts require more teaching and what teaching techniques require modification. Educators use results of these assessments to improve student performance. Formative assessments would not necessarily be used for grading purposes. Examples include (but are not limited to): pre/post tests, curriculum based measures (CBM), portfolios, benchmark assessments, quizzes, teacher observations, teacher/student conferencing, and teacher commentary and feedback.

**Frameworks** – Frameworks are intended to be models for articulating desired results, assessment processes, and teaching-learning activities that can maximize student achievement relative to the California State Standards. They may provide enduring understandings, essential questions, tasks/activities, culminating tasks, rubrics, and resources for the units.

**Gifted Student** – A gifted student is a student who demonstrates a high degree of intellectual and/or creative ability(ies), exhibits an exceptionally high degree of motivation, and/or excels in specific academic fields, and needs special instruction and/or special ancillary services to achieve at levels commensurate with his or her abilities.

**Grade-Level Equivalency** – Scores at the 90<sup>th</sup> percentile

**Individualized Education Program (IEP)** – A written document that outlines the special education and related services specifically designed to meet the unique educational needs of a student with a disability. A written statement for a child with a disability that is developed, reviewed, and revised in accordance with IDEA 2004.

**Individualized Education Program Team (IEP Team)** – Individuals who are responsible for developing, reviewing, or revising an IEP for a child with a disability.

**Interventions** – Targeted instruction that is based on student needs. Interventions supplement the general education curriculum. Interventions are a systematic compilation of well researched or evidence-based specific instructional strategies and techniques.

**i-Ready**-Computer Adaptive Diagnostic Assessment used as the Universal Screening Measure. Results of the diagnostic are one measure used to drive personalized learning plans. Intervention is available through homeschool students who may be “at risk,” or involved in the MTSS Tier 2 process.

**Lexile** – Lexile, also known as the Lexile Score or Lexile Measure, is a standard score that matches a student’s reading ability with difficulty of text material. A Lexile can be interpreted as the level of book that a student can read with 75% comprehension. Experts have identified 75% comprehension level as offering the reader a certain amount of comfort and yet still offering a challenge. Lexiles range between approximately BR (for beginning reader) and 1700.

**Modifications** – Alterations that change, lower, or reduce learning expectations. Modifications can increase the gap between the achievement of students with disabilities and expectations for proficiency at a particular grade level. Consistent use of modifications can negatively impact grade level achievement outcomes. Modifications in statewide assessments may invalidate the results of the assessment.

**Multi-Tiered Systems of Support**– Multi-Tiered Systems of Support (MTSS) is a practice of academic and behavioral interventions designed to provide early, effective assistance to underperforming students. S.M.A.R.T. and Research-based interventions are implemented and frequent progress monitoring is conducted to assess student response and progress. When students do not make progress, increasingly more intense interventions are introduced.

**Probe** – When using a Curriculum Based Measure (CBM), the instructor gives the student brief, timed samples, or “probes,” comprised of academic material taken from the child’s school curriculum. These CBM probes are given under standardized conditions.

**Professional Learning Community** – A group of individuals who seek and participate in professional learning on an identified topic.

**Progress Monitoring** – Progress monitoring is a scientifically based practice that is used to assess students’ academic performance and evaluate the effectiveness of instruction. Progress monitoring can be implemented with individual students or an entire class.

**Pyramid of Interventions** – The Pyramid of Intervention is also known as the Student Achievement Pyramid of Interventions. It is a conceptual framework developed by SCS that will enable all students in our school to continue to make great gains in school. The pyramid is a graphic organizer that illustrates layers of instructional efforts that can be provided to students according to their individual needs through MTSS.

**Research Based Intervention** - The methods, content, materials, etc. were developed in guidance from the collective research and scientific community. (Harn, 2007)

**Rubrics** – Based on a continuum of performance quality and a scale of different possible score points, a rubric identifies the key traits or dimensions to be examined and assessed and provides key features of performance for each level of scoring.

**San Diego Quick-** Assesses independent reading level to ensure that the student is presented with reading material which can be decoded independently.

**Scaffolding** – Scaffolding is the instructional technique of using teacher support to help a student practice a skill at a higher level than he or she would be capable of independently. Presenting a skill at this level helps students advance to the point where they no longer need the support and can operate at this high level on their own.

**SST-** Student Study Team or Student Success Team

**Standard** – A standard is something set up and established by authority as a rule for the measure of quantity, weight, extent, value or quality. A standard defines the broad expectations for an area of knowledge in a given domain and may include an expectation of the degree to which a student expresses his or her understanding of that knowledge.

**STAR-** Acronym for Support, Teach, Accelerate and Reach. A team which includes all parties necessary for a multi-disciplinary team which could include: an administrator, counselor, special education representative, ACE, teacher, grade level team, and other staff as needed. The STAR Team is a multi-disciplinary team which utilizes a problem-solving process to investigate the educational needs of students who are experiencing academic and/or social/behavioral difficulties. STAR Team uses a data-driven process to plan individualized supports and interventions and the method of assessing their effectiveness. It is also a collaborative platform for staff to brainstorm effective strategies to address specific student needs.

**Strategy** – A loosely defined collective term that is often used interchangeably with the word —intervention; however strategies are generally considered effective instructional/behavioral practices rather than a set of prescribed instructional procedures, systematically implemented.

**Student with a Disability** – Refers to a child evaluated as having an intellectual disability, a hearing impairment (including deafness), a speech or language impairment, a visual impairment (including blindness), a serious emotional disturbance (referred to in this part as emotional disturbance), an orthopedic impairment, autism, traumatic brain injury, other health impairment, or a specific learning disability who needs special education and related services.

**Student Work** – Student work may or may not demonstrate that the student is meeting the standard. Student work should be used by the teacher to show the student what meeting the standard means.

**Summative Assessment** – A summative assessment is an evaluation tool generally used at the end of an assignment, unit, project, or course. In an educational setting, summative assessments tend to be more formal kinds of assessments (e.g., unit tests, final exams, projects, reports, and state assessments) and are typically used to assign students a course grade or to certify student mastery of intended learning outcomes for the Georgia Performance Standards.

**Tasks** – Tasks provide the opportunity for students to demonstrate what they can do, what knowledge they have, what understanding they have that relates to specific standards or

elements. This demonstration may occur at any time during the course or at the end of the course.

## INTRODUCTION

Citrus Springs Charter Schools (CSCS) is committed to meeting the needs of students with exceptional needs, their parents, and the staff members who work with the students with disabilities enrolled in our programs. In order to implement this goal, the Procedural Handbook describes policies, procedures, and guidelines in place to ensure that students being referred for and/or enrolled in special education programs receive a free, appropriate public education (FAPE) in the least restrictive environment (LRE).

CSCS is a member of the El Dorado Charter School Special Education Local Plan Area (SELPA). All policies and procedures are in alignment with the SELPA.

CSCS Special Education Department Mission: Special Education staff will work collaboratively with students, teachers, and parents to develop and provide an Individualized Education Program within the Personalized Learning Plan of each student.

## REFERRAL PROCESS

CSCS provide for the identification and assessment of the exceptional needs of an individual, and the planning of an instructional program to meet the assessed needs. Identification procedures include systematic methods of utilizing referrals of pupils from teachers, parents, agencies, appropriate professional persons, and from other members of the public. Identification procedures are coordinated with school site procedures for referral of pupils with needs that cannot be met with modification of the regular instructional program. (EC 56302)

Parents and staff work closely to address academic or behavioral performance and concerns of individual students. Parents will be contacted whenever there is a concern about their child's academic or behavioral performance. Parents may also contact their child's teacher or school site administrator with concerns about their child's academic or behavioral performance. Concerns may be addressed in an Rtl meeting. This meeting may be initiated by school staff or parents/guardians/student. During the Rtl meeting, the Team can document concerns and which strategies are being implemented or will be implemented to attempt to address the student's concerns related to their learning.

*For more information regarding Child Find procedures refer to the El Dorado Charter School SELPA parent handbook:  
[http://charterselpa.org/wp-content/uploads/2017/08/CAC\\_Charter\\_Parent\\_Handbook-English\\_2016-2017.pdf](http://charterselpa.org/wp-content/uploads/2017/08/CAC_Charter_Parent_Handbook-English_2016-2017.pdf)*

If a parent makes an oral request for a special education assessment for their child, it is the responsibility of CSCS to inform the parents this request must be in writing and assist the parents with writing the request if needed (EC 56029; CCR§ 3021). All requests should be submitted to the Director of Special Education or Designee via secure internet site or via email with written parent permission to [special.education@springscs.org](mailto:special.education@springscs.org). This request starts the assessment process and CSCS must respond within 15 days. Director of Special Education or Designee will notify Rtl team of the parent request. CSCS will hold an Rtl meeting within 10-15 days to address the parent's concerns. A pupil shall be referred for special education instruction and services only after the resources of the regular education program have been considered and, where appropriate, utilized. (EC 56303)

Assessment Plan and Prior Written Notice (PWN) will be developed by Special Education staff to determine assessments needed to address all areas of suspected disability. Director of Special Education or Designee will assign responsible staff.

All school staff referrals shall be written and include: (1) a brief reason for the referral and (2) documentation of the resources of the regular education program that have been considered, modified, and when appropriate, the results of intervention. This documentation shall not delay the time-lines for completing the assessment plan or assessment. (Title 5 CCR 3021; EC 56100(a), (i), and (j); EC 56300-56303; 34 CFR 300.128, 300.22)

*For more information regarding Child Find procedures refer to the El Dorado Charter School SELPA parent handbook:*  
[http://charterselpa.org/wp-content/uploads/2017/08/CAC\\_Charter\\_Parent\\_Handbook-English\\_2016-2017.pdf](http://charterselpa.org/wp-content/uploads/2017/08/CAC_Charter_Parent_Handbook-English_2016-2017.pdf)

## **ASSESSMENT PLANS AND PRIOR WRITTEN NOTICE**

An Assessment Plan (AP) is a document that outlines the assessment tools and methods used to determine eligibility for special education services as well as present levels of performance, the types of measurements used to collect this information, and the individual(s) responsible for the collection/review of data. Assessments will be comprised of data from multiple sources and will require a multidisciplinary team of specialists to gather and interpret the data. Parental consent is not required before reviewing existing data, or before administering a test or other assessment that is administered to all students, unless before administration of that test or assessment, consent is required of the parents of all the students. A parent has a right to request an evaluation at any time. For a student that has an IEP, if the school and parent mutually agree, a triennial IEP can be held early.

Prior Written Notice (PWN) is a legal requirement per IDEA, and is a protection afforded to parent(s)/ guardian(s) per their Procedural Safeguards. IDEA includes prior written notice as a measure to ensure that parents have adequate notification and understanding of special education decisions made about their child, including elements of a Free Appropriate Public Education (FAPE). A prior written notice should provide comprehensive documentation of any and all actions proposed and/or refused by an LEA/district. The information included should be sufficient to ensure that parents understand the rationale by which decisions were made, and all things that were considered. Providing prior written notice affords parents an additional opportunity to consider and/or object to decisions that were made prior to implementation. It is the responsibility of each Case Manager and/or Assessor to ensure the PWN is provided to the parent. The PWN may be accessed through the Special Education Information System (SEIS) in the IEP documents.

*For more information regarding Child Find procedures refer to the El Dorado Charter School SELPA parent handbook:*  
[http://charterselpa.org/wp-content/uploads/2017/08/CAC\\_Charter\\_Parent\\_Handbook-English\\_2016-2017.pdf](http://charterselpa.org/wp-content/uploads/2017/08/CAC_Charter_Parent_Handbook-English_2016-2017.pdf)

## **PROCEDURAL SAFEGUARDS**

Parents of children with disabilities enrolled in CSCS have specific education rights under the Individuals with Disabilities Act (IDEA). These rights are called Procedural Safeguards. Individuals serving as surrogate parents and adult students aged eighteen and over who receive special education services are also entitled to these Procedural Safeguards. A copy of the Notice of Procedural Safeguards and Parents' Rights must be offered to the parent a minimum of one time yearly. A copy must also be provided to parents:

- Upon initial referral or parental request for evaluation
- When sending out an Assessment Plan and/or Prior Written Notice
- In accordance with disciplinary procedures
- Upon parental request

*A copy of the Procedural Safeguards can be found at*  
[http://charterselpa.org/wp-content/uploads/2017/08/Charter\\_SELPA\\_Procedural\\_Safeguards\\_English\\_revised\\_January\\_2009\\_August2013contacts\\_Updated\\_8-9-13.pdf](http://charterselpa.org/wp-content/uploads/2017/08/Charter_SELPA_Procedural_Safeguards_English_revised_January_2009_August2013contacts_Updated_8-9-13.pdf)

## SPECIAL EDUCATION TIMELINES

- **Annual IEP review:** Not to exceed 12 months (365 days) from the date of the last IEP N/A EC 56043 (d), (j) EC 56343 (d) EC 56380
- **Triennial Eligibility review:** Every 3 years based on the date of the last evaluation.
  - May occur more often if needed, but no more than once per year, unless the IEP team agrees
  - Parent and LEA may agree in writing that triennial assessments are not necessary and may also agree to limit the scope of the review
  - Recommendation: Begin the triennial assessment process at least 90 days prior to the triennial review date EC 56043 (k) EC 56381
- **Parent requests an IEP meeting for a child with an existing IEP:** 30 calendar days after written request is received
  - Exception for school breaks in excess of 5 school days
  - If a verbal request is made by the parent, CSCS must assist the parent in making the request in writing EC 56043 (l) EC 56343.5
- **Initial Assessment and IEP Development**
  - Attach Procedural Safeguards and Prior Written Notice (PWN) within 15 calendar days from date of referral
  - Exception of school breaks in excess of 5 school days
  - If a referral is received 10 days or fewer before the end of the school year, then the AP must be sent to parent within the first 10 days of the following school year EC 56043(a) EC 56321(a)
- **IEP team meeting to review initial assessments-**60 calendar days from the receipt of parent consent on the Assessment Plan, to determine eligibility and areas of need
- **IEP to review student's lack of progress toward IEP goals-**No specific timeline; however, best practice is to convene the IEP team within 30 days of determining that a student is demonstrating a lack of progress EC 56343 (b)
- **Parental Notification of IEP Meeting:** No specific timeline; however, staff should notify parents of the IEP team meeting and send the IEP Notice of Meeting early enough to ensure an opportunity to attend the meeting. Best practice is to send at least 10 school days prior to the meeting date EC 56043 (e) EC 56341.5 (b)
- **Implement the signed IEP:** As soon as possible after receiving the signed consent to the IEP from the parent. Keep in mind that compensatory education could be owed if IEP is not implemented in a timely manner EC 56043 (i) EC 56344 (b)
- **Progress reports on IEP goals:** Provided to the parent(s) as indicated on the IEP at least as often as general education progress reports EC 56345 (a) (3)
- **Individual Transition Plans (ITP):** Must be in the IEP when the student turns 16.
  - ITP's must be reviewed annually EC 56043 (g) (l) (h) EC 56341.5 (e) EC 56345 (a) (8)
  - Student informed of transfer of rights at age 18 Must be documented in the IEP when the student turns 17 that the transfer of rights has been discussed
- **Independent Education Evaluation (IEE) Request:** No specific statutory timeline, case law indicates CSCS should respond without unnecessary delay 34 CFR 300.502 (b). All requests for IEEs are to be referred to the Director of Special Education.
- **Student Records Request:** Provide parent(s) with copies of student records after an oral or written request within 5 business days EC 56043 (n) EC 56504

- Provide new LEA/District with special education records within 5 business days after request for records from new LEA/District is received

## **INDIVIDUALIZED EDUCATION PROGRAM (IEP) MEETING**

IEP team meetings are designed to be non-adversarial and convened solely for the purpose of making educational decisions for the good of the individual with exceptional needs. CSCS shall initiate and conduct meetings for the purpose of developing, reviewing, and revising the IEP of each individual with exceptional needs. (EC 56340). CSCS, Parents, or the Special Education Local Plan Area (SELPA) may electronically record an IEP meeting if the requesting party provides other members of the IEP team with 24 hours' written notice. If the recording is at the request of CSCS or the SELPA, and the parent objects or refuses to attend the meeting because it will be recorded, then the meeting shall not be recorded.

The following individuals are required members of an IEP team, as defined in the California Education Code (Section 56341) for purposes of developing, revising or reviewing the IEP, determining eligibility, and/or recommending placement for any pupil.

- An administrator or an administrative designee (other than the student's teacher) who is knowledgeable of program options appropriate for the student. This person must be authorized to make decisions and allocate resources.
- Not less than one general education teacher. CSCS advises that the student's current general education teacher attend the meeting. It is not necessary that all general education teachers be in attendance.
- The student's special education teacher(s).
- The student's parent(s)/legal guardian(s)/surrogate parent, or an individual selected by the parent. It is important to note that no individual or agency is authorized to sign with consent to an IEP unless they possess educational rights for the student.
- When appropriate, the IEP team may also include:
  - The student.
  - Other persons who possess expertise or knowledge necessary for the development of the IEP.
  - An assessor(s) who conducted an assessment and is presenting his/her report for the IEP team or an individual with the appropriate qualifications to present the assessment report on behalf of an assessor
  - For students with suspected learning disabilities, at least one member of the IEP team, other than the student's general teacher, shall be a person who has observed the student's educational performance in an appropriate setting.
  - Interpreter as needed for parents
    - In the event the parents require an interpreter to have meaningful participation in the IEP meeting, the Case Manager should contact the Administrative Assistant in the Special Education Office to request an interpreter. CSCS will arrange for an interpreter to provide the necessary assistance.
  - Member Excusal: IDEA 2004 allows for the excusal of some IEP team members. Excusal includes members unable to attend the meeting at all, or members that may need to arrive late or leave early.
    - Not Necessary: A member of an IEP team may not be required to attend an IEP meeting in whole or in part, if the parent of a child with a disability and CSCS agree that the attendance of such member is not necessary because the

member's area of the curriculum or related services is not being modified or discussed in the meeting.

- Necessary, but excusable: A member of the IEP team may be excused from attending an IEP meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if both of the following occur:
  - A. The parent and CSCS consent to the excusal in writing by completing the IEP Excusal Form (available in SEIS)
  - B. The excused IEP team member submits, in writing, to the parent and the IEP team input into the development of the IEP prior to the meeting.
- CSCS expects that IEP meetings will be held in person whenever feasible. In general, the Admin Designee, Parent, Student (when appropriate), general education teacher, and special education teacher are to be present in the same room. Related service providers and assessors may call in to the meeting, with prior notification and agreement of the parent, when scheduling prohibits attendance. IEP Excusal Form should be used to document parent notification and agreement of teleconference participation.

## **IEP CONTENT**

The IEP is a written statement determined in a meeting of the IEP team and shall include, but not be limited to, all of the following: (EC 56345)

- The present levels of the pupil's educational performance
- The measurable annual goals, including benchmarks or short-term instructional objectives
- The specific special educational instruction and related services and supplementary aides and services to be provided to the pupil, or on behalf of the pupil, and a statement of the program modifications or supports for school personnel that will be provided for the pupil in order to advance appropriately toward attaining the annual goals, to be involved and progress in general curriculum and to participate in extracurricular and other nonacademic activities
- The extent to which the pupil will be able to participate in regular educational programs
- The individual modifications in the administration of state or district wide assessments of pupil achievement that are needed in order for the pupil to participate in the assessment
- The projected date for initiation and the anticipated duration of the programs and services included in the IEP
- Appropriate objective criteria, evaluation procedures, and schedules for determining, on at least an annual basis, whether the short-term instructional objectives are being achieved
- A statement of how the pupil's parents or guardian will be regularly informed, at least as often as parents and guardian of non-disabled students, on their progress toward annual goals
- When appropriate the IEP shall also include:
  - Prevocational career education for pupils in kindergarten and grades 1 to 6, inclusive, or pupils of comparable chronological age. 07/ 14R 2/ 15 3
  - Vocational education, career education or work experience education, or any combination thereof, in preparation for remunerative employment, including independent living skill training for pupils in grades 7 to 12, inclusive, or comparable chronological age
  - For pupils in grades 7 to 12, inclusive, any alternative means and modes necessary for the pupil to complete the district's prescribed course of study and to meet or exceed proficiency standards for graduation

- For pupils whose primary language is other than English, linguistically appropriate goals, objectives, programs and services
- Extended school year services when needed, as determined by the IEP team
- Provision for the transition into the regular class program if the pupil is to be transferred from a special class or center, or nonpublic, nonsectarian school into a regular class in a public school for any part of the school day
- For pupils with low-incidence disabilities, specialized services, materials, and equipment, consistent with guidelines
- At least one year before the pupil reaches the age of 18, a statement that the pupil has been informed that his or her rights will transfer to the pupil upon reaching the age of 18
- All IEPs must include an offer of FAPE

## **PRESENTATION OF ASSESSMENT REPORTS**

Assessment reports should be presented by an individual who can interpret the instructional implications of evaluation results. Most often, reports should be presented by the assessor who conducted the assessment. Should the assessor be unable to present their findings (due to extenuating circumstances) at an IEP meeting, another individual with the same credential may share their results and answer questions during the IEP meeting. Should an assessor be unable to attend an IEP meeting in person, they may attend via telephone or computer. If an assessor is unable to attend the meeting entirely, and no replacement is available, a team member “Excusal” form would be required for the absent team members. Best practice would be to complete as much of the meeting as possible and reconvene at a different time to review the assessment results.

### **Outside Reports**

The following are general guidelines for addressing the receipt of outside reports. Outside reports may be submitted by the parent for consideration by the IEP team. Information gathered from outside reports may guide team in identifying the need to assess for new areas of disability. Outside reports do not automatically determine eligibility or drive goals. CSCS must conduct their own evaluations to examine student needs in the school setting and how those needs impact the student’s education. An outside report may trigger the need for further assessment, but does not immediately change or determine eligibility in school setting (medical diagnosis versus educational eligibility). Conversely, a medical diagnosis is not required for determination of eligibility in the school setting.

## **ELIGIBILITY CRITERIA**

A child shall qualify as an individual with exceptional needs if the results of the assessment demonstrate that the degree of the child’s impairment requires special education in one or more of the program options authorized by EC § 56361. The decision as to whether or not the assessment results demonstrate that the degree of the child’s impairment requires special education shall be made by the IEP team. The IEP team shall take into account all the relevant material that is available on the child. No single score or product of scores shall be used as the sole criterion for the decision of the IEP team as to the child’s eligibility for special education (CCR Title 5 § 3030(a)). The disability terms used in defining an individual with exceptional needs under Title 5 §3030(b) include: (1) Autism, (2) Deaf-Blindness, (3) Deafness, (4) Emotional Disturbance, (5) Hearing Impairment, (6) Intellectual Disability, (7) Multiple Disabilities, (8) Orthopedic Impairment, (9) Other Health Impairment, (10) Specific Learning Disability, (11) Language or Speech Disorder, (12) Traumatic Brain Injury, and (13) Visual Impairment.

*For detailed information on Assessment Practices, Guidelines, and Eligibility please refer to:*  
<http://charterselpa.org/program-support/procedural-guide/#2>

## **INTERIM PLACEMENT**

Whenever a pupil with an IEP transfers into CSCS the pupil will be provided a free appropriate public education, comparable to those described in the previously approved IEP, in consultation with the for a period not to exceed 30 days. CSCS, shall adopt the previously approved IEP or shall develop, adopt, and implement a new IEP that is consistent with federal and state law (EC 56325). CSCS has an obligation to implement the student's last IEP, but the new placement does not have to exactly replicate the prior placement (Mrs. S. ex rel G. v. Vashon Island Sch. Dist. 337 F.3d 1115 (9th Cir. 2003)). If the student's goals can be met in a less restrictive environment, and the parent/guardian agrees, CSCS will convene an IEP meeting to offer this alternative.

### **Comparable Services**

Comparable services will be determined based on:

- The last agreed upon and implemented IEP obtained *directly* from the student's previous school
- IEP will be analyzed to determine what portions of the student's transfer IEP can be implemented, where, how soon and by whom
- If portions of the student's IEP that cannot be implemented, CSCS will convene an IEP meeting to consider possible solutions to meet student needs

## **VISION AND HEARING SCREENINGS**

Pursuant to 5 CCRSection 3027, hearing and vision screening should occur prior to student's triennial, "All pupils being assessed for initial and three-year review for special education services shall have had a hearing and vision screening, unless parental permission was denied." Screening should take place prior to any formal testing and may be included as part of the student's assessment (EC Section 56320). Screenings completed within 6 months of the date of the Triennial are considered valid. In the event the student that is being assessed for an initial or a triennial does not have V/H results within 6 months, then the screening must be completed within the 60 day timeline of the assessment plan. The IEP team may consider an outside report from a physician. The IEP team may take into consideration and accept the results.

## **STATE TESTING**

Students will participate in state testing in accordance with the testing schedule established by CSCS.

Students will receive all appropriate accommodations or modifications in accordance with their IEP. Special Education and Related services may be suspended for no more than 1 week (5 days) during the testing period.

## General Office Procedures

### Compliance Monitoring

Under the direction of the Director of Special Education, Compliance Technicians will:

- Utilize internal compliance monitoring tools to review incoming IEPs. Non-compliance issues will be addressed by the Director of Special Education.
- Maintain a daily schedule of filing documents in student files including, but not limited to: Progress Reports, SST/RtI documents, and all IEP documents
- Maintain a weekly schedule of utilizing SEIS and OASIS to monitor student data providing ongoing preparation for CASEMIS and CALPADS submissions in accordance with SELPA policies and to ensure compliance of all IEP timelines for all Annuals, Triennials, Initials, and Interims
- Develop a 60 day calendar based on CSCS school year calendar at the beginning of each school year
- Maintain Communication Logs, including Enrollment notes, in OASIS.  
Enrollment Logs will be printed by Special Education Administrative Support Staff and placed in IEP file

### Maintenance of Pupil Records

- Pupil records are a necessary element in describing a pupil's development in school. It is also essential for the records to be accurate, appropriate, and secure, in accordance with state and federal laws. Only the parent (or pupil over 18) may authorize the release of any information except under the specific and narrow set of circumstances in accordance with state and federal laws.

Per the Title 5 California Code of Regulations (CCR, § 431) CSCS will:

- Guarantee access to authorized persons within five (5) business days of the request
- Assure security of all confidential records by maintaining all pupil files in locked file cabinets
- Monitor and maintain access log in every pupil file
- Limit access to those school employees with an "educational need to know" and the parent (or pupil over 18 years of age)
- *Special Education Administrative Support Staff will send Special Education Records to Student Records Department within 48 hours of the request for records in order for Student Records staff to meet the 5 day timeline.*

### Destruction of Pupil Records

Director of Special Education or Designee will oversee and approve the destruction of pupil records in accordance with the following guidelines.

All school records in California are divided into three groups for the purpose of defining how long records are kept before they are destroyed:

- Class I - Mandatory Permanent: Must be kept indefinitely by the school district unless microfilmed
- Class II - Mandatory Interim: Unless forwarded to another district, Mandatory Interim records (i.e., access log, health records, special education programs, language training records, progress reports, standardized tests administered in preceding 3 years) may be reclassified as Disposable when the pupil leaves the district or when their usefulness ceases. Such records must be maintained for a minimum three or five years after the completion of the activity for which grant funds were used. Destruction of the file shall be during the third school year following reclassification after parent notification.
- Class III – Disposable or Permitted: The only disposable records are Class III (i.e., objective staff ratings, standardized test results more than 3 years old, routine disciplinary data, behavior observations, disciplinary notices, and attendance records not otherwise required). Such records may be destroyed six months after the pupil completes or withdraws from the educational program. These are to be destroyed so as to maintain the confidentiality of the record.

ARTICLES OF INCORPORATION  
OF  
CITRUS SPRINGS CHARTER SCHOOL, INC.

I.

The name of the Corporation shall be Citrus Springs Charter School, Inc.

II.

The Corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the Nonprofit Public Benefit Corporation Law for public and charitable purposes. The specific purpose for which this Corporation is organized is to manage, operate, guide, direct and promote Citrus Springs Charter School and other public charter schools that the Corporation should organize.

The Corporation is organized and operated exclusively for educational and charitable purposes pursuant to and within the meaning of Section 501(c)(3) of the Internal Revenue Code or the corresponding provision of any future United States Internal Revenue Law. Notwithstanding any other provision of these articles, the Corporation shall not, except to an insubstantial degree, engage in any other activities or exercise of power that do not further the purposes of the Corporation. The Corporation shall not carry on any other activities not permitted to be carried on by: (a) a corporation exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code; or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Internal Revenue Code, or the corresponding section of any future federal tax code.

III.

The name and address in the State of California of this Corporation's initial agent for service of process is:

Amy Podratz  
43466 Business Park Drive  
Temecula, CA 92590

IV.

All corporate property is irrevocably dedicated to the purposes set forth in the second article above. No part of the net earnings of the Corporation shall inure to the benefit of, or be distributable to any of its directors, members, trustees, officers or other private persons except that the Corporation shall be authorized and empowered to pay reasonable compensation for services rendered, and to make payments and distributions in furtherance of the purposes set forth in Article II.

No substantial part of the activities of the Corporation shall consist of the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not

participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of or in opposition to any candidate for public office.

Subject to the provisions of the nonprofit public benefit provisions of the Nonprofit Corporation Law of the State of California, and any limitations in the articles or bylaws relating to action to be approved by the members or by a majority of all members, if any, the activities and affairs of this Corporation shall be conducted and all the powers shall be exercised by or under the direction of the board of directors.

The number of directors shall be as provided for in the bylaws. The bylaws shall prescribe the qualifications, mode of election, and term of office of directors.

#### V.

The authorized number and qualifications of members of the corporation, if any, the different classes of membership, the property, voting and other rights and privileges of members, and their liability for dues and assessments and the method of collection thereof, shall be set forth in the bylaws.

#### VI.

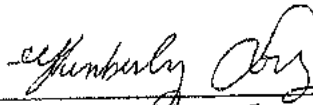

Upon the dissolution or winding up of the Corporation, its assets remaining after payment of all debts and liabilities of the Corporation, shall be distributed to a nonprofit fund, foundation, corporation or association which is organized and operated exclusively for educational, public or charitable purposes and which has established its tax exempt status under Section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code, or shall be distributed to the federal government, or to a state or local government, for a public purpose. Any such assets not so disposed of shall be disposed of by a court of competent jurisdiction of the county in which the principal office of the Corporation is then located, exclusively for such purposes or to such organization or organizations, as said court shall determine which are organized and operated exclusively for such purposes.

#### VII.

The initial street address and initial mailing address of the Corporation is:

43466 Business Park Drive  
Temecula, CA 92590

Dated: 3/9/15

ALEX PADILLA, Secretary of State

**BYLAWS  
OF  
Citrus Springs Charter School, Inc.**  
(A California Nonprofit Public Benefit Corporation)

**ARTICLE I  
NAME**

Section 1.       NAME. The name of this corporation is Citrus Springs Charter School, Inc.

**ARTICLE II  
PRINCIPAL OFFICE OF THE CORPORATION**

Section 1.       PRINCIPAL OFFICE OF THE CORPORATION. The principal office for the transaction of the activities and affairs of this corporation is 43466 Business Park Drive, Temecula, State of California. The Board of Directors may change the location of the principal office. Any such change of location must be noted by the Secretary on these bylaws by amending this Section to state the new location.

Section 2.       OTHER OFFICES OF THE CORPORATION. The Board of Directors may at any time establish branch or subordinate offices at any place or places where this corporation is qualified to conduct its activities.

**ARTICLE III  
GENERAL AND SPECIFIC PURPOSES; LIMITATIONS**

Section 1.       GENERAL AND SPECIFIC PURPOSES. The purpose of this corporation is to manage, operate, guide, direct and promote Citrus Springs Charter School and other public charter schools that the Corporation should organize (collectively referred to as “Charter School”). Also in the context of these purposes, the Corporation shall not, except to an insubstantial degree, engage in any other activities or exercise of power that do not further the purposes of the Corporation.

The Corporation shall not carry on any other activities not permitted to be carried on by: (a) a corporation exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code, or the corresponding section of any future federal tax code; or (b) a corporation, contributions to which are deductible under section 170(c)(2) of the Internal Revenue Code, or the corresponding section of any future federal tax code. No substantial part of the activities of the Corporation shall consist of the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing or distributing of statements) any political campaign on behalf of or in opposition to any candidate for public office.

## **ARTICLE IV CONSTRUCTION AND DEFINITIONS**

Section 1. CONSTRUCTION AND DEFINITIONS. Unless the context indicates otherwise, the general provisions, rules of construction, and definitions in the California Nonprofit Corporation Law shall govern the construction of these bylaws. Without limiting the generality of the preceding sentence, the masculine gender includes the feminine and neuter, the singular includes the plural, and the plural includes the singular, and the term “person” includes both a legal entity and a natural person.

## **ARTICLE V DEDICATION OF ASSETS**

Section 1. DEDICATION OF ASSETS. This Corporation’s assets are irrevocably dedicated to public benefit purposes. No part of the net earnings, properties, or assets of the corporation, on dissolution or otherwise, shall inure to the benefit of any private person or individual, or to any Director or officer of the corporation. On liquidation or dissolution, all properties and assets remaining after payment, or provision for payment, of all debts and liabilities of the corporation shall be distributed to a nonprofit fund, foundation, or corporation that is organized and operated exclusively for charitable purposes and that has established its exempt status under Internal Revenue Code section 501(c)(3).

## **ARTICLE VI MEMBERSHIP**

Section 1. SOLE STATUTORY MEMBER. Unless and until these bylaws are amended to provide otherwise, Springs Charter Schools, Inc., a California nonprofit public benefit corporation, shall be the sole statutory member of this Corporation (the “Statutory Member”) as the term “member” is defined in Section 5056 of the California Nonprofit Corporation Law. The membership of the Statutory Member in the corporation is not transferable.

Section 2. ASSOCIATES. Nothing in this Article VI shall be construed as limiting the right of the Corporation to refer to persons associated with it as “members” even though such persons are not members of the Corporation, and no such reference shall make anyone a member within the meaning of Section 5056 of the California Nonprofit Corporation Law, including honorary or donor members. Such individuals may originate and take part in the discussion of any subject that may properly come before any meeting of the Board, but may not vote. The Corporation may confer by amendment of its Articles of Incorporation or these Bylaws some or all of the rights of a member, as set forth in the California Nonprofit Corporation Law, upon any person who does not have the right to vote for the election of Directors, on a disposition of substantially all of the corporation’s assets, on the merger or dissolution of it, or on changes to its Articles of Incorporation or Bylaws, but no such person shall be a member within the meaning of Section 5056. The Board may also, in its discretion, without establishing memberships, establish an advisory council or honorary board or such other auxiliary groups as it deems appropriate to advise and support the corporation.

Section 3.      **RIGHTS OF STATUTORY MEMBER.** The Statutory Member (as defined in Section 5056 of the California Nonprofit Public Benefit Corporation Law) shall have the right, as set forth in these Bylaws, to elect or appoint members of the Board of Directors, to remove members of the Board of Directors, to vote on the disposition of all or substantially all of the Corporation's assets, to vote on any merger and its principal terms and any amendment of those terms, and to vote on any election to dissolve the Corporation, and as otherwise required under the California Nonprofit Public Benefit Corporation Law and/or set forth in these Bylaws.

## **ARTICLE VII BOARD OF DIRECTORS**

Section 1.      **GENERAL POWERS.** Subject to the provisions and limitations of the California Nonprofit Public Benefit Corporation Law and any other applicable laws, and subject to any limitations of the articles of incorporation or bylaws, the corporation's activities and affairs shall be managed, and all corporate powers shall be exercised, by or under the direction of the Board of Directors ("Board"). The Board may delegate the management of the Corporation's activities to any person(s), management company or committees, however composed, provided that the activities and affairs of the Corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the Board.

Section 2.      **SPECIFIC POWERS.** Without prejudice to the general powers set forth in Section 1 of these bylaws, but subject to the same limitations, the Board of Directors shall have the power to:

- a.      Appoint and remove, at the pleasure of the Board of Directors, all corporate officers, agents, and employees; prescribe powers and duties for them as are consistent with the law, the articles of incorporation, and these bylaws; fix their compensation; and require from them security for faithful service.
- b.      Borrow money and incur indebtedness on the corporation's behalf and cause to be executed and delivered for the corporation's purposes, in the corporate name, promissory notes, bonds, debentures, deeds of trust, mortgages, pledges, hypothecations, and other evidences of debt and securities.
- d.      Adopt and use a corporate seal.

Section 3.      **DESIGNATED DIRECTORS.** The number of Directors shall be no less than three (3) and no more than seven (7), unless changed by amendments to these bylaws. All Directors shall be nominated by the Board, with nominations submitted to the Statutory Member, and appointed only with the written approval of the Statutory Member. In accordance with California Education Code Section 47604(b), the granting authority has a right to appoint a representative to the board. If the granting authority appoints a representative, the Board shall have the right to appoint an additional Board Director to maintain an odd number of Directors.

Section 4.      **RESTRICTION ON INTERESTED PERSONS AS DIRECTORS.** No persons serving on the Board of Directors may be interested persons. An interested person is (a) any person currently compensated by the corporation for services rendered to it within the previous 12 months, whether as a full-time or part-time employee, independent contractor, or otherwise, excluding any reasonable compensation paid to a Director as Director; and (b) any brother, sister, ancestor, descendant, spouse, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law, or father-in-law of such person. However, any violation of this paragraph shall not affect the validity or enforceability of the transactions entered into by the corporation. The Board may adopt other policies circumscribing potential conflicts of interest.

Section 5.      **DIRECTORS' TERM.** Except for the initial Directors, whose terms expire on June 30, 2016, the first terms for members of the Board of Directors shall be staggered. Three (3) seats shall serve a first term of three (3) years. Four (4) seats shall serve a first term of two (2) years. All subsequent terms, after the first term following the initial Board, shall be for three (3) years. Following the end of the initial Board, Directors may serve no more than two (2) consecutive terms.

Section 6.      **RESTRICTION ON BOARD AUTHORITY.** The Board shall not, without the prior written approval of the Statutory Member, authorize or direct any officer of the corporation to perform or commit any of the following acts:

- a.      Approve the sale, lease, conveyance, exchange, transfer, or other disposition of all or substantially all of the assets of the corporation;
- b.      Approve the principal terms of a merger of the corporation with another organization;
- c.      Approve the filing of a petition for the involuntary dissolution of the corporation if statutory grounds for such dissolution exist;
- d.      Approve the voluntary dissolution of the corporation or the revocation of such an election to dissolve it;
- e.      Approve, repeal or amend the Bylaws; or
- f.      Appoint or remove any member of the Board of Directors.
- g.      Seek a material revision to the Citrus Springs Charter School's Charter pursuant to Education Code section 47607. The Board may not make any material revisions to the Citrus Springs Charter School's Charter at any time, including, but not limited to, before submission of the Charter to the granting authority or upon renewal, without the prior written approval of the Statutory Member. Material revisions may only be implemented if approved by the granting authority.

Section 7.      **EVENTS CAUSING VACANCIES ON BOARD.** A vacancy or vacancies on the Board shall occur in the event of (a) the death, resignation, or removal of any Director; (b) the declaration by resolution of the Board of a vacancy in the office of a Director who has been

convicted of a felony, declared of unsound mind by a court order, or found by final order or judgment of any court to have breached a duty under California Nonprofit Public Benefit Corporation Law, Chapter 2, Article 3; (c) the increase of the authorized number of Directors; or (d) the failure of the Statutory Member to appoint the number of Directors required.

Section 8. RESIGNATION OF DIRECTORS. Except as provided below, any Director may resign by giving written notice to the Chairman of the Board, if any, or to the President, or the Secretary, or to the Board as a whole. The resignation shall be effective when the notice is given unless the notice specifies a later time for the resignation to become effective.

Section 9. DIRECTOR MAY NOT RESIGN IF NO DIRECTOR REMAINS. Except on notice to the California Attorney General, no Director may resign if the corporation would be left without a duly elected Director or Directors.

Section 10. REMOVAL OF DIRECTORS. A Director may only be removed by action of the Statutory Member. The Statutory Member may remove a Director with or without cause.

Section 11. VACANCIES FILLED BY STATUTORY MEMBER. Vacancies on the Board of Directors shall be filled by approval of the Statutory Member.

Section 12. NO VACANCY ON REDUCTION OF NUMBER OF DIRECTORS. Any reduction of the authorized number of Directors shall not result in any Directors being removed before his or her term of office expires.

Section 13. PLACE OF BOARD OF DIRECTORS MEETINGS. Meetings shall be held at either (i) any place within Orange County that has been designated in the notice of the meeting or (ii) the principal office of the corporation identified in Article II of these Bylaws if designated in the notice of the meeting, in which case the Board shall cause video conferencing to be available for members of the public at the Citrus Springs Charter School's Santa Ana student center, provided further that all meetings of the Board of Directors shall be called, held and conducted in accordance with the terms and provisions of the Ralph M. Brown Act ("Brown Act"), California Government Code Sections 54950, et seq., as said chapter may be modified by subsequent legislation.

Section 14. MEETINGS; ANNUAL MEETINGS. All meetings of the Board of Directors and its committees shall be called, noticed, and held in compliance with the provisions of the Brown Act. Prior written notice of all meetings shall be provided to the Statutory Member.

The Board shall meet annually for the purpose of organization and the transaction of such other business as may properly be brought before the meeting. This meeting shall be held at a time, date, and place as may be specified and noticed by resolution of the Board or in the notice of the meeting in accordance with the Brown Act.

Section 15. REGULAR MEETINGS. Regular meetings of the Board of Directors, including annual meetings, shall be held at such times and places as may from time to time be fixed by the Board of Directors. At least seventy-two (72) hours before a regular meeting, the

Board of Directors, or its designee shall post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting.

Section 16. SPECIAL MEETINGS. Special meetings of the Board for any purpose may be called at any time by the Chairman of the Board, if there is such an officer, or a majority of the Board of Directors. If a Chairman of the Board has not been elected then the President is authorized to call a special meeting in place of the Chairman of the Board. The party calling a special meeting shall determine the place, date, and time thereof.

Section 17. NOTICE OF SPECIAL MEETINGS. In accordance with the Brown Act, special meetings of the Board may be held only after at least twenty-four (24) hours' notice is given to the public through the posting of an agenda. Directors and the Statutory Member shall also be notified of special meetings in the following manner:

- a. Any such notice shall be addressed or delivered to the Statutory Member and each Director at the Director's address as it is shown on the records of the Corporation, or as may have been given to the Corporation by the Director for purposes of notice.
- b. Notice by mail shall be deemed received at the time a properly addressed written notice is deposited in the United States mail, postage prepaid. Any other written notice shall be deemed received at the time it is personally delivered to the recipient or is delivered to a common carrier for transmission, or is actually transmitted by the person giving the notice by electronic means (including email) to the recipient. Oral notice shall be deemed received at the time it is communicated, in person or by telephone or wireless, to the recipient or to a person at the office of the recipient whom the person giving the notice has reason to believe will promptly communicate it to the receiver.
- c. The notice of special meeting shall state the time of the meeting, and the place if the place is other than the principal office of the Corporation, and the general nature of the business proposed to be transacted at the meeting. No business, other than the business the general nature of which was set forth in the notice of the meeting, may be transacted at a special meeting.

Section 18. QUORUM. A majority of the Directors then in office shall constitute a quorum. All acts or decisions of the Board of Directors will be by majority vote based upon the presence of a quorum. Should there be less than a majority of the Directors present at any meeting, the meeting shall be adjourned. Directors may not vote by proxy. The vote or abstention of each board member present for each action taken shall be publicly reported.

Section 19. TELECONFERENCE MEETINGS. Members of the Board may participate in teleconference meetings so long as all of the following requirements in the Brown Act are complied with:

- a. At a minimum, a quorum of the members of the Board shall participate in the teleconference meeting from locations within the boundaries of Orange County or Riverside County;

- b. All votes taken during a teleconference meeting shall be by roll call;
- c. If the Board elects to use teleconferencing, it shall post agendas at all teleconference locations with each teleconference location being identified in the notice and agenda of the meeting;
- d. All locations where a member of the Board participates in a meeting via teleconference must be fully accessible to members of the public and shall be listed on the agenda;<sup>1</sup>
- e. Members of the public must be able to hear what is said during the meeting and shall be provided with an opportunity to address the Board of Directors directly at each teleconference location; and
- f. The agenda shall indicate that members of the public attending a meeting conducted via teleconference need not give their name when entering the conference call.<sup>2</sup>

Section 20. **ADJOURNMENT.** A majority of the Directors present, whether or not a quorum is present, may adjourn any Board of Directors meeting to another time or place. Notice of such adjournment to another time or place shall be given, prior to the time schedule for the continuation of the meeting, to the Directors who were not present at the time of the adjournment, and to the public in the manner prescribed by any applicable public open meeting law.

Section 21. **COMPENSATION AND REIMBURSEMENT.** Directors may not receive compensation for their services as Directors or officers, only such reimbursement of expenses as the Board may establish by resolution to be just and reasonable as to the Corporation at the time that the resolution is adopted.

Section 22. **CREATION AND POWERS OF COMMITTEES.** The Board, by resolution adopted by a majority of the Directors then in office, may create one or more committees, each consisting of two or more Directors and no one who is not a Director, to serve at the pleasure of the Board. Appointments to committees of the Board of Directors shall be by majority vote of the authorized number of Directors. The Board may appoint one or more Directors as alternate members of any such committee, who may replace any absent member at any meeting. Any such committee shall have all the authority of the Board, to the extent provided in the Board resolution, except that no committee may:

- a. Take any final action on any matter that, under the California Nonprofit Public Benefit Corporation Law, also requires approval of the Statutory Member or Board of Directors;
- b. Fill vacancies on the Board or any committee of the Board;

<sup>1</sup> This means that members of the Board who choose to utilize their homes or offices as teleconference locations must open these locations to the public and accommodate any members of the public who wish to attend the meeting at that location.

<sup>2</sup> The Brown Act prohibits requiring members of the public to provide their names as a condition of attendance at the meeting.

- c. Fix compensation of the Directors for serving on the Board or on any committee;
- d. Amend or repeal bylaws or adopt new bylaws;
- e. Amend or repeal any resolution of the Board that by its express terms is not so amendable or subject to repeal;
- f. Create any other committees of the Board or appoint the members of committees of the Board;
- g. Expend corporate funds to support a nominee for Director if more people have been nominated for Director than can be elected; or
- h. Approve any contract or transaction to which the corporation is a party and in which one or more of its Directors has a material financial interest.

The Board may also create one or more advisory committees composed of Directors and non-Directors. It is the intent of the Board to encourage participation and involvement of faculty, staff, parents, students, and administrators through attending and participating in committee meetings. The Board may establish, by resolution adopted by a majority of the Directors then in office, advisory committees to serve at the pleasure of the Board.

Section 23. MEETINGS AND ACTION OF COMMITTEES. Meetings and actions of committees of the Board shall be governed by, held, and taken under the provisions of these bylaws concerning meetings, other Board actions, and the Brown Act, if applicable, except that the time for general meetings of such committees and the calling of special meetings of such committees may be set either by Board resolution or, if none, by resolution of the committee. Minutes of each meeting shall be kept and shall be filed with the corporate records. The Board may adopt rules for the governance of any committee as long as the rules are consistent with these bylaws. If the Board of Directors has not adopted rules, the committee may do so.

Section 24. NON-LIABILITY OF DIRECTORS. No Director shall be personally liable for the debts, liabilities, or other obligations of this corporation.

Section 25. COMPLIANCE WITH LAWS GOVERNING STUDENT RECORDS. The Corporation and the Board of Directors shall comply with all applicable provisions of the Family Education Rights Privacy Act ("FERPA") as set forth in Title 20 of the United States Code Section 1232g and attendant regulations as they may be amended from time to time.

## **ARTICLE VIII OFFICERS OF THE CORPORATION**

Section 1. OFFICES HELD. The officers of this corporation shall be a President, a Secretary, and a Treasurer. The corporation, at the Board's direction, may also have a Chairman of the Board and a Vice-Chair. The officers in addition to the corporate duties set forth in this Article

VIII may also have administrative duties as set forth in any applicable contract for employment or job specification.

Section 2.      **DUPLICATION OF OFFICE HOLDERS.** Any number of offices may be held by the same person, except that neither the Secretary nor the Treasurer may serve concurrently as either the President or the Chairman of the Board.

Section 3.      **ELECTION OF OFFICERS.** The officers of this corporation shall be chosen annually by the Board and shall serve at the pleasure of the Board, subject to the rights of any officer under any employment contract.

Section 4.      **REMOVAL OF OFFICERS.** Without prejudice to the rights of any officer under an employment contract, the Board of Directors may remove any officer with or without cause.

Section 5.      **RESIGNATION OF OFFICERS.** Any officer may resign at any time by giving written notice to the Board. The resignation shall take effect on the date the notice is received or at any later time specified in the notice. Unless otherwise specified in the notice, the resignation need not be accepted to be effective. Any resignation shall be without prejudice to any rights of the corporation under any contract to which the officer is a party.

Section 6.      **VACANCIES IN OFFICE.** A vacancy in any office because of death, resignation, removal, disqualification, or any other cause shall be filled in the manner prescribed in these bylaws for normal appointment to that office, provided, however, that vacancies need not be filled on an annual basis.

Section 7.      **CHAIRMAN OF THE BOARD.** If a Chairman of the Board of Directors is elected, he or she shall preside at the Board meetings and shall exercise and perform such other powers and duties as the Board may assign from time to time. If there is no President, the Chairman of the Board shall also be the chief executive officer and shall have the powers and duties of the President of the corporation set forth in these bylaws. If a Chairman of the Board is elected, there shall also be a Vice-Chair. In the absence of the Chairman, the Vice-Chair shall preside at Board meetings and shall exercise and perform such other powers and duties as the Board may assign from time to time.

Section 8.      **PRESIDENT.** The President, also known as the Superintendent, shall be the general manager of the corporation and shall supervise, direct, and control the corporation's activities, affairs, and officers as fully described in any applicable employment contract, agreement, or job specification. The President shall have such other powers and duties as the Board of Directors or the bylaws may require.

Section 9.      **SECRETARY.** The Secretary shall keep or cause to be kept, at the corporation's principal office or such other place as the Board may direct, a book of minutes of all meetings, proceedings, and actions of the Board and of committees of the Board. The minutes of meetings shall include the time and place that the meeting was held; whether the meeting was annual, regular, special, or emergency and, if special or emergency, how authorized; the notice

given; the names of the Directors present at Board of Directors and committee meetings; and the vote or abstention of each board member present for each action taken .

The Secretary shall keep or cause to be kept, at the principal California office, a copy of the articles of incorporation and bylaws, as amended to date.

The Secretary shall give, or cause to be given, notice of all meetings of the Board and of committees of the Board that these bylaws require to be given. The Secretary shall keep the corporate seal, if any, in safe custody and shall have such other powers and perform such other duties as the Board of Directors or the bylaws may require.

Section 10. **TREASURER.** The Treasurer shall keep and maintain, or cause to be kept and maintained, adequate and correct books and accounts of the corporation's properties and transactions. The Treasurer shall send or cause to be given to the Directors such financial statements and reports as are required to be given by law, by these bylaws, or by the Board. The books of account shall be open to inspection by any Director at all reasonable times.

The Treasurer shall (a) deposit, or cause to be deposited, all money and other valuables in the name and to the credit of the corporation with such depositories as the Board of Directors may designate; (b) disburse the corporation's funds as the Board may order; (c) render to the President, Chairman of the Board, if any, and the Board, when requested, an account of all transactions as Treasurer and of the financial condition of the corporation; and (d) have such other powers and perform such other duties as the Board, contract, job specification, or the bylaws may require.

## **ARTICLE IX CONTRACTS WITH DIRECTORS**

Section 1. **CONTRACTS WITH DIRECTORS.** The Corporation shall not enter into a contract or transaction in which a Director directly or indirectly has a material financial interest (nor any other corporation, firm, association, or other entity in which one or more of this Corporation's Directors are directors and have a material financial interest).

## **ARTICLE X CONTRACTS WITH NON-DIRECTOR DESIGNATED EMPLOYEES**

The Corporation shall not enter into a contract or transaction in which a non-Director designated employee (e.g., officers and other key decision-making employees) directly or indirectly has a material financial interest unless all of the requirements in the Corporation's Conflict of Interest Code have been fulfilled.

## **ARTICLE XI LOANS TO DIRECTORS AND OFFICERS**

Section 1. **LOANS TO DIRECTORS AND OFFICERS.** This Corporation shall not lend any money or property to or guarantee the obligation of any Director or officer without the approval of the California Attorney General; provided, however, that the corporation may advance

money to a Director or officer of the corporation for expenses reasonably anticipated to be incurred in the performance of his or her duties if that Director or officer would be entitled to reimbursement for such expenses of the corporation.

## **ARTICLE XII INDEMNIFICATION**

Section 1. **INDEMNIFICATION.** To the fullest extent permitted by law, this corporation shall indemnify its Directors, officers, employees, and other persons described in Corporations Code Section 5238(a), including persons formerly occupying any such positions, against all expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred by them in connection with any “proceeding,” as that term is used in that section, and including an action by or in the right of the corporation by reason of the fact that the person is or was a person described in that section. “Expenses,” as used in this bylaw, shall have the same meaning as in that section of the Corporations Code.

On written request to the Board of Directors by any person seeking indemnification under Corporations Code Section 5238 (b) or Section 5238 (c) the Board of Directors shall promptly decide under Corporations Code Section 5238 (e) whether the applicable standard of conduct set forth in Corporations Code Section 5238 (b) or Section 5238 (c) has been met and, if so, the Board of Directors shall authorize indemnification.

## **ARTICLE XIII INSURANCE**

Section 1. **INSURANCE.** This Corporation shall have the right to purchase and maintain insurance to the full extent permitted by law on behalf of its Directors, officers, employees, and other agents, to cover any liability asserted against or incurred by any Director, officer, employee, or agent in such capacity or arising from the Director’s, officer’s, employee’s, or agent’s status as such.

## **ARTICLE XIV MAINTENANCE OF CORPORATE RECORDS**

Section 1. **MAINTENANCE OF CORPORATE RECORDS.** This Corporation shall keep:

- a. Adequate and correct books and records of account;
- b. Written minutes of the proceedings of the Board and committees of the Board, which shall also be promptly provided to the Statutory Member; and
- c. Such reports and records as required by law.

## **ARTICLE XV INSPECTION RIGHTS**

Section 1.      **RIGHT TO INSPECT.** The Statutory Member and every Director shall have the right at any reasonable time to inspect the corporation's books, records, documents of every kind, physical properties, and the records of each subsidiary as permitted by California and federal law. The inspection may be made in person or by the Statutory Member or Director's agent or attorney. The right of inspection includes the right to copy and make extracts of documents as permitted by California and federal law. This right to inspect may be circumscribed in instances where the right to inspect conflicts with California or federal law (e.g., restrictions on the release of educational records under FERPA) pertaining to access to books, records, and documents.

Section 2.      **ACCOUNTING RECORDS AND MINUTES.** On written demand on the corporation, the Statutory Member and any Director may inspect, copy, and make extracts of the accounting books and records and the minutes of the proceedings of the Board of Directors and committees of the Board of Directors at any reasonable time for a purpose reasonably related to the Statutory Member interest as a Statutory Member or Director's interest as a Director. Any such inspection and copying may be made in person or by the Statutory Member or Director's agent or attorney. This right of inspection extends to the records of any subsidiary of the corporation.

Section 3.      **MAINTENANCE AND INSPECTION OF ARTICLES AND BYLAWS.** This corporation shall keep at its principal California office the original or a copy of the articles of incorporation and bylaws, as amended to the current date, which shall be open to inspection by the Directors at all reasonable times during office hours.

## **ARTICLE XVI REQUIRED REPORTS**

Section 1.      **ANNUAL REPORTS.** The Board of Directors shall cause an annual report to be sent to the Statutory Member and itself (the members of the Board of Directors) within 120 days after the end of the corporation's fiscal year. That report shall contain the following information, in appropriate detail:

- a.      The assets and liabilities, including the trust funds, or the corporation as of the end of the fiscal year;
- b.      The principal changes in assets and liabilities, including trust funds;
- c.      The corporation's revenue or receipts, both unrestricted and restricted to particular purposes;
- d.      The corporation's expenses or disbursement for both general and restricted purposes;
- e.      Any information required under these bylaws; and

- f. An independent accountant's report or, if none, the certificate of an authorized officer of the corporation that such statements were prepared without audit from the corporation's books and records.

Section 2. **ANNUAL STATEMENT OF CERTAIN TRANSACTIONS AND INDEMNIFICATIONS.** As part of the annual report to the Statutory Member and all Directors, or as a separate document if no annual report is issued, the corporation shall, within 120 days after the end of the corporation's fiscal year, annually prepare and mail or deliver to each Director and furnish to each Director a statement of any transaction or indemnification of the following kind:

- a. Any transaction (i) in which the corporation, or its parent or subsidiary, was a party, (ii) in which an "interested person" had a direct or indirect material financial interest, and (iii) which involved more than \$50,000 or was one of several transactions with the same interested person involving, in the aggregate, more than \$50,000. For this purpose, an "interested person" is either:
  - (1) Any Director or officer of the corporation, its parent, or subsidiary (but mere common Directorship shall not be considered such an interest); or
  - (2) Any holder of more than 10 percent of the voting power of the corporation, its parent, or its subsidiary. The statement shall include a brief description of the transaction, the names of interested persons involved, their relationship to the corporation, the nature of their interest, provided that if the transaction was with a partnership in which the interested person is a partner, only the interest of the partnership need be stated.
- b. The amount and circumstances of any indemnifications aggregating more than \$10,000 paid during the fiscal year to any director or officer of the Corporation pursuant to Article XII of these Bylaws.

## **ARTICLE XVII BYLAWS**

Section 1. **BYLAW AMENDMENTS.** The Board of Directors may adopt, amend or repeal any of these Bylaws, except that the following bylaws provisions may not be amended or repealed without the prior approval of the Statutory Member: Article VI; Article VII, Sections 3,6,7,10, 11, 14, and 17; and Articles XIV-XVII.

Further, no amendment shall make any provisions of these Bylaws inconsistent with the Citrus Springs Charter School's Charter, the corporation's Articles of Incorporation, or any applicable laws.

Section 2. **BYLAWS EFFECTIVE.** These Bylaws shall not be effective until approved by the Statutory Member.

**ARTICLE XVIII**  
**FISCAL YEAR**

Section 1. FISCAL YEAR OF THE CORPORATION. The fiscal year of the Corporation shall begin on July 1<sup>st</sup> and end on June 30<sup>th</sup> of each year.

## CERTIFICATE OF SECRETARY

I certify that I am the duly elected and acting Secretary of Citrus Springs Charter School, Inc., a California nonprofit public benefit corporation; that these bylaws, consisting of 14 pages, are the bylaws of this corporation as adopted by the Board of Directors on \_\_\_\_\_, and that these bylaws have not been amended or modified since that date.

Executed on \_\_\_\_\_ at Temecula, California.

\_\_\_\_\_

\_\_\_\_\_, Secretary

**Subject:** Conflict of Interest Code  
**Effective Date:** December 10, 2018  
**Approved By:** Board of Directors  
**Policy:** 7003.1

### **I. ADOPTION**

In compliance with the Political Reform Act of 1974, California Government Code Section 87100, et seq., Citrus Springs Charter School hereby adopts this Conflict of Interest Code which shall apply to all governing board members, candidates for members of the governing board, and all other designated employees of Citrus Springs Charter School, as specifically required by California Government Code Section 87300.

### **II. DEFINITION OF TERMS**

As applicable to a California public charter school, the definitions contained in the Political Reform Act of 1974, the regulations of the Fair Political Practices Commission, specifically California Code of Regulations Section 18730, and any amendments or modifications to the Act and regulations incorporated by reference to this Code.

### **III. DESIGNATED EMPLOYEES**

Employees of this Charter School, including governing board members and candidates for election and/or appointment to the governing board, who hold positions that involve the making or participation in the making, of decisions that may foreseeably have a material effect on any financial interest, shall be "designated employees." The designated positions are listed in "Exhibit A" attached to this policy and incorporated by reference herein.

### **IV. STATEMENT OF ECONOMIC INTERESTS: FILING**

Each designated employee, including governing board members and candidates for election and/or appointment to the governing board, shall file a Statement of Economic Interest ("Statement") at the time and manner prescribed by California Code of Regulations, title 2, section 18730, disclosing reportable investments, interests in real property, business positions, and income required to be reported under the category or categories to which the employee's position is assigned in "Exhibit A."

An investment, interest in real property or income shall be reportable, if the business entity in which the investment is held, the interest in real property, the business position, or source of income may foreseeably be affected materially by a decision made or participate in by the designated employee by virtue of his or her position. The specific disclosure responsibilities assigned to each position are set forth in "Exhibit B."

All Statements shall be filed with the Charter School. The Charter School's filing officer shall retain the original and provide a copy to the Jurisdiction Board of Supervisors or member of the public upon request.

## **V. DISQUALIFICATION**

No designated employee shall make, participate in making, or try to use his/her official position to influence any Charter School decision which he/she knows or has reason to know will have a reasonably foreseeable material financial effect, distinguishable from its effect on the public generally, on the official or a member of his or her immediate family.

## **VI. MANNER OF DISQUALIFICATION**

### **A. Non-Governing Board Member Designated Employees**

When a non-Governing Board member designated employee determines that he/she should not make a decision because of a disqualifying interest, he/she should submit a written disclosure of the disqualifying interest to his/her immediate supervisor. The supervisor shall immediately reassign the matter to another employee and shall forward the disclosure notice to the Superintendent, who shall record the employee's disqualification. In the case of a designated employee who is head of an agency, this determination and disclosure shall be made in writing to his/her appointing authority.

### **B. Governing Board Member Designated Employees**

Governing Board members shall disclose a disqualifying interest at the meeting during which consideration of the decision takes place. This disclosure shall be made part of the Board's official record. The Board member shall then refrain from participating in the decision in any way (i.e., the Board member with the disqualifying interest shall refrain from voting on the matter and shall leave the room during Board discussion and when the final vote is taken) **and** comply with any applicable provisions of the Charter School bylaws.

**EXHIBIT A**  
**Designated Positions**

- I. Persons occupying the following positions are designated employees and must disclose financial interests in all categories defined in “Exhibit B” (i.e. categories 1, 2, and 3).
  - A. Members of the Governing Board
  - B. Candidates for Members of the Governing Board
  - C. Corporate Officers (President, Treasurer, Secretary)
  - D. Superintendent of Charter School
  - E. Assistant Superintendents
  - F. Consultant: Delta Managed Solutions, LLC
  - G. Director of Facilities
  
- II. Persons occupying the following positions are designated employees and must disclose financial interests defined in Category 1 of “Exhibit B.”
  - A. Controllers
  
- III. Persons occupying the following positions are designated employees and must disclose financial interests defined in Categories 2 and 3 of “Exhibit B.”
  - A. Directors
  - B. Directors
  - C. Senior Directors
  - D. Assistant Directors
  - E. Financial Analyst
  - F. Payroll Manager
  - G. Purchasing Lead
  - H. Safety and Risk Manager

**EXHIBIT B**  
**Disclosure Categories**

**Category 1 Reporting:**

- A. Interest in real property which is located in whole or in part either (1) within the boundaries of the jurisdiction, or (2) within two miles of the boundaries of the jurisdiction, including any leasehold, beneficial or ownership interests or option to acquire such interest in real property, if the fair market value of the interest is greater than \$1,000.

(Interests in real property of an individual include a business entity's share of interest in real property of any business entity or trust in which the designated employee or his or her spouse owns, directly, indirectly, or beneficially, a ten percent interest or greater.)

- B. Investments in or income from persons or business entities which are contractors or sub-contractors which are or have been within the previous two-year period engaged in the performance of building construction or design within the jurisdiction.

- C. Investments in or income from persons or business entities engaged in the acquisition or disposal of real property within the jurisdiction.

(Investment includes any financial interest in or security issued by a business entity, including but not limited to common stock, preferred stock, rights, warrants, options, debt instruments and any partnership interest or other ownership interests.)

(Investments of any individual include a pro rata share of investments of any business entity or trust in which the designated employee or his or her spouse owns, directly, indirectly or beneficially, a ten percent interest or greater.)

(Investment does not include a time or demand deposit in a financial institution, shares in a credit union, any insurance policy, or any bond or other debt instrument issued by any government or government agency.)

(No investment or interest in real property is reportable unless its fair market value exceeds \$1,000. No source of income is reportable unless the income received by or promised to the public official aggregates \$250 or more in value or \$50 or more in value if the income was a gift during the preceding 12-month reporting period.)

Category 2 Reporting:

- A. Investments in or income from business entities which manufacture or sell supplies, books, machinery or equipment of the type utilized by the department for which the designated employee is Manager or Director. Investments include interests described in Category 1.

Category 3 Reporting:

- A. Investments in or income from business entities which are contractors or sub-contractors engaged in the performance of work or services of the type utilized by the department for which the designated employee is Manager or Director. Investments include the interests described in Category 1.

**AGREEMENT  
BETWEEN  
ORANGE COUNTY BOARD OF EDUCATION  
AND  
CITRUS SPRINGS CHARTER SCHOOL, INC.  
FOR THE OPERATION OF CITRUS SPRINGS CHARTER SCHOOL**

This Agreement is made and entered into this \_\_\_\_ day of \_\_\_\_\_, 20\_\_ by and between the Orange County Board of Education ("Board") and Citrus Springs Charter School, Inc., a nonprofit public benefit corporation operating the Citrus Springs Charter School (hereinafter collectively referred to as "Charter School").

Hereinafter, the Board and Charter School shall be collectively referred to as "the parties," and the Board-designated staff of the Orange County Superintendent of Schools ("County Superintendent") shall be referred to as "OCDE."

**I. INTRODUCTORY PROVISIONS**

- A. The Board approved the petition of Charter School, filed on appeal from a district-denied petition for a five-year period beginning on July 1, 2016 through June 30, 2021, with specific conditions placed upon opening and operations, including entering into this Agreement.
- B. Citrus Springs Charter School, Inc. is a California non-profit public benefit corporation that will operate the Charter School. Charter School shall ensure that at all times throughout the term of this charter, the terms and conditions of any agreement between Charter School and a third party, as well as the Articles of Incorporation and Bylaws of Citrus Springs Charter School, Inc. as they pertain to Citrus Springs Charter School are and remain consistent with the Charter School's Act, all applicable laws and regulations, provisions of the charter, and this Agreement.
- C. The purpose of this Agreement is to set forth the responsibilities of the parties with respect to the operational relationship between Charter School, the Board, and OCDE; to address those matters that require clarification; and to outline the parties' agreements governing their respective fiscal and administrative responsibilities and their legal relationships. Provisions of this Agreement that augment the provisions of the charter shall not be considered inconsistent with the charter.

**II. TERM OF AGREEMENT**

- A. This Agreement is effective from the date upon which it is approved by the parties for the term of the charter, shall be reviewed at least annually but no later than October 1, and may be amended at any time with written mutual agreement of the parties. The parties agree that this document may be amended as required by applicable laws and regulations.
- B. Any modification of this Agreement must be in writing, and such amendments may only be submitted to the Board upon the approval of Charter School's Board, and will take effect only if approved by the Board. Likewise, modifications to any appendices, exhibits, or materials incorporated herein by reference may only take effect if approved by the Board and agreed upon by Charter School except where necessary to comply with changes in law or implementing regulations.
- C. The approved Agreement continues in existence until Charter School voluntarily closes or its charter is non-renewed or revoked and closure procedures are completed, as determined by the Board and Charter School, after which the Agreement automatically expires. This Agreement is subject to termination during the charter term or during any subsequent renewal as specified by law or as otherwise set forth in this

Agreement.

### **III. FULFILLING CHARTER TERMS**

#### **A. Governance**

1. Charter School acknowledges and agrees it shall comply with all applicable laws and regulations as they may be amended or added during the term of the charter, including the Public Records Act, Political Reform Act, all applicable conflict of interest laws, federal and state nondiscrimination laws and regulations, and prohibitions against unauthorized student fees. All board meetings shall comply with the Brown Act. Charter School shall, on an annual basis, provide a description of where board meetings will be held to ensure parent participation and representation, a proposed calendar of meetings, locations for any additional meetings, and how locations will be determined. Special meetings may be held as needed by Charter School in addition to meetings noted in the annual description.
2. Charter School is affiliated with Springs Charter Schools, Inc. The charter states that Springs Charter Schools, Inc. is the sole statutory member of Citrus Springs Charter School, Inc. Charter School and Springs Charter Schools, Inc. are separate legal entities, and neither the Board, the County Superintendent of Schools, nor the OCDE is liable for the debts and obligations of Charter School and/or Springs Charter Schools, Inc. If Charter School and the Springs Charter Schools, Inc. enter an agreement for goods and/or services, Charter School shall ensure that the operations of Springs Charter Schools, Inc. are and remain consistent with the provisions of the charter and this MOU, including the obligation to respond to inquiries in accordance with Education Code section 47604.3 and the obligation to comply with all applicable conflict of interest laws. Charter School shall ensure that any relationship or affiliation with Springs Charter Schools, Inc., as reflected in the charter, the bylaws, and the articles of incorporation of Charter School, are consistent with the Charter Schools Act.

#### **B. Educational Program**

1. Local Control and Accountability Plan: Charter School shall comply with all applicable laws and regulations related to the Local Control Funding Formula, as they may be amended from time to time, which include the requirement that Charter School submit a Local Control and Accountability Plan (LCAP), using the template adopted by the State Board of Education, to OCDE on or before July 1 of each applicable year beginning July 1, 2017. The charter petition includes the LCAP for the first year of its operation. Charter School shall annually update its actions to achieve the goals identified in the charter.
2. Annual Assessment of Students: Charter School shall comply with all state and federal student assessment requirements. Charter School shall test independent of OCDE and shall comply with state requirements for participation and administration of all state-mandated tests. Charter School hereby grants authority to the State of California to provide a copy of all test results from Charter School directly to OCDE as well as Charter School.
3. Independent Study: Any independent study program operated by Charter School shall comply with all

applicable laws and regulations regarding independent study.

4. **Family Educational Rights and Privacy Act (FERPA):** Charter School, its officers and employees will comply with FERPA at all times. Charter School will authorize OCDE to access educational records maintained by Charter School, in accordance with FERPA, and provide notice in Charter School policies and Parent/Student Handbook.

#### **C. Fiscal Operations**

1. Charter School will be directly funded in accordance with Education Code section 47630 *et seq.* Charter School's general purpose entitlement will be calculated in accordance with Education Code section 47633 *et seq.* The parties recognize the authority of Charter School to pursue additional sources of funding.
2. The parties agree that OCDE is not responsible to provide funding in lieu of property taxes to Charter School.
3. Charter School shall establish a fiscal plan for repayment of any loans received by Charter School on behalf of Charter School. It is agreed that OCDE shall receive written notice of all loans sought for Charter School in excess of five percent (5%) of total budget that are not scheduled to be repaid within the fiscal year, and repayment of loans shall be the sole responsibility of Charter School. In no event shall the Board and/or OCDE have any obligation for repayment of such loans.

#### **4. Fiscal Agent**

- a. The parties agree that neither the Board nor OCDE shall act as fiscal agent for Charter School. It is agreed that the Charter School shall be solely responsible for all fiscal services such as payroll, purchasing, attendance reporting, and completion and submission of state budget forms, but may contract with OCDE for such services by way of a separate written contract.
- b. Charter School is responsible for establishing the appropriate funds or accounts in the Orange County Treasury for Charter School and for making the necessary arrangements for Charter School's participation in the State Teachers' Retirement System, the Public Employees Retirement System, or social security. Charter School will provide OCDE with documentation that it has arranged to provide these services. OCDE will facilitate the process for Charter School to establish the ledger number, fund, and electronic fund transfers, which shall be initiated by a board resolution from Charter School. Nothing in this paragraph shall be interpreted to mean that Charter School must maintain all funds in the County Treasury. If funds are not maintained in the County Treasury, they must be deposited with a federally insured bank or credit union. Charter School acknowledges and agrees that under this provision, any bank records are subject to disclosure to OCDE.

#### **5. Student Attendance Accounting and Reporting**

No later than July 1, 2016, Charter School will submit proposed procedures, including software, for review and comment by OCDE. Charter School shall utilize commercially available attendance accounting software.

attendance accounting  
OCDE. Charter School shall

#### **6. Oversight Fees**

- a. Charter School will be charged an annual oversight fee not to exceed one percent (1%) of the

revenue received by Charter School in accordance with Education Code section 47613. The oversight fee will be calculated on the LCFF base grant, supplemental grant and concentration grant funding provided at the Second Principal Apportionment (P-2). The amount will be calculated in April of each year for ninety five percent (95%) of the estimated total. The calculation will also include an adjustment for the preceding year based upon final revenue for that year.

- b. **Payment Schedule:** Charter School shall pay to County Superintendent its actual oversight costs not to exceed one percent (1%) of the LCFF base grant, supplemental grant, and concentration grant revenue received by Charter School ("Oversight Fee") in two equal payments during each Fiscal Year: (1) First Payment -- 50 percent of the Oversight Fee will be paid on or about January 15; and (2) Second Payment -- the remaining 50 percent plus any adjustment necessary to the First Payment, will be paid on or about June 15. County Superintendent will bill Charter School for the Oversight Fee that is due and Charter School shall make payment within thirty (30) days from the date of receipt of the bill, or thirty-two (32) days from the date of the bill. If County Superintendent does not receive the payment within the above-specified timeframe, Charter School hereby authorizes County Superintendent to transfer the payment from Charter School account to County Superintendent's account upon expiration of the thirty (30) days from the receipt of the bill or thirty-two (32) days from the date of the bill.

Charter School will use all revenue received from the state and federal sources only for the educational services specified in the charter and this Agreement for the students enrolled and attending Charter School. Other sources of funding must be used in accordance with applicable state and federal statutes, and the terms or conditions, if any, of any grant or donation. Notwithstanding this provision, Charter School may temporarily loan funds between schools that it operates pursuant to a resolution approved by its Board of Directors that specifies the duration and interest rate of the loan and understands and agrees to provide access to records of Charter School, including but not limited to records related to the loan agreement by and/or between the Charter School or interschool loans, upon request from OCDE in accordance with Education Code section 47604.3.

## **7. Insurance and Liability**

- a. Charter School will provide certificates of insurance to OCDE prior to opening and annually thereafter. The certificates shall indicate that the Board, County Superintendent, and OCDE have each been endorsed as an additional insured under all coverages except workers' compensation and shall include a provision that all coverages will be primary and will not participate with nor be excess over any valid and collectible insurance or program of self-insurance carried or maintained by the Board, County Superintendent or OCDE. The Charter School shall forward any written notice to OCDE of any modification, change or cancellation of any of the above insurance coverage. OCDE may request to see evidence of insurance coverage during site visits. It shall be expressly understood that the coverage and limits referenced herein shall not in any way limit the liability of Charter School. In addition, Charter School shall assure that its vendors have adequate insurance coverage for the goods and/or services being provided to Charter School to protect the interests of Charter School as well as OCDE, the Board and the County Superintendent.
- b. The charter school, at its sole cost and throughout the charter term, shall procure and maintain in effect each insurance listed below. All required insurance, and if self-insurance will be provided, must contain coverage that complies, at a minimum, with the following requirements:
  - 1) **Property Insurance:** full replacement value, if offered by the insurance carrier, including coverage for all assets listed in Charter School's

property inventory and consumables. If full replacement value coverage is not available, Charter School shall procure property insurance in amounts as close to replacement value as possible and sufficient to protect the school's interests.

- 2) **General Commercial Liability:** At least \$2,000,000 per occurrence and \$5,000,000 in total general liability insurance, providing coverage for negligence, and Fire Legal Liability of Charter School, its governing board, officers, agents, employees, and/or students. The deductible per occurrence for said insurance shall not exceed \$20,000 for any and all losses resulting from negligence of Charter School, its governing board, officers, agents, employees, and/or students.
- 3) **Workers' Compensation:** In accordance with the California Labor Code, insurance adequate to protect Charter School from claims under Workers' Compensation Acts which may arise from Charter School's operation, with statutory limits. The Workers' Compensation Insurance coverage must also include Employers Liability coverage with limits of \$1,000,000/\$1,000,000/\$1,000,000.
- 4) **Commercial Auto Liability,** including Owned, Leased, Hired, and Non-owned, coverage with limits of \$1,000,000 Combined Single Limit per Occurrence if the Charter School does not operate a student bus service. If the Charter School provides student bus services, the required coverage limit is \$5,000,000 Combined Single Limit per Occurrence.
- 5) **Crime Insurance or Fidelity Bond** coverage shall be maintained by Charter School to cover all Charter School employees who handle, process, or otherwise have responsibility for Charter School's funds, supplies, equipment or other assets. Minimum amount of coverage shall be \$50,000 per occurrence, with no self-insured retention.
- 6) **Professional Educator's Errors and Omissions/Educator's Legal liability** coverage with minimum limits of \$3,000,000 per occurrence and \$3,000,000 general aggregate.
- 7) **Sexual Molestation and Abuse** coverage with minimum limits of \$10,000,000 per occurrence and \$10,000,000 general aggregate. Coverage may be held as separate policy or be included within the General Liability and Excess Liability coverages with at least the minimum limits listed within the Sexual Molestation and Abuse coverage.
- 8) **Employment Practices Liability** coverage with limits of \$10,000,000 per claim and \$10,000,000 general aggregate.
- 9) **Excess liability/umbrella** insurance with limits of not less than \$10,000,000 per occurrence and \$10,000,000 general aggregate is required of all high schools and any other school that participates in competitive interscholastic or intramural sports programs.

- c. Charter School shall hold harmless, defend, and indemnify the Board, the County Superintendent, and OCDE, its officers, agents, and employees, from every liability, claim, or demand (including settlement costs and reasonable attorneys' fees) which may be made by reason of: 1) any injury to volunteers; and 2) any injury to person or property sustained by any person, firm or Charter School caused by any act, neglect, default or omission of Charter School, its officers, employees or agents, including any claims for any contractual liability resulting from third party contracts with Charter School's vendors, contractors, partners or sponsors. In cases of such liabilities, claims or demands, Charter School, at its own expense and risk, shall defend all legal proceedings which may be brought against it and/or the Board, the County Superintendent or OCDE, its officers and employees, and satisfy any resulting judgments up to the required Agreements that may be rendered against any of them. Notwithstanding the foregoing: (a) any settlement requiring the Board, the County Superintendent or OCDE to admit liability or to pay any money will require the prior written consent of the Board, the County Superintendent or OCDE, as applicable, as well as approval of OCDE's insurance carrier; and (b) the Board, County Superintendent and/or OCDE may join in the defense with its counsel at its own expense.
- d. Charter School understands and agrees that its employees, contractors, subcontractors and agents shall not be considered officers, employees or agents of the Board, the County Superintendent or OCDE, and are not entitled to benefits of any kind or nature normally provided to OCDE employees. Charter School further assumes the full responsibility for acts and/or omissions of its employees, agents or contractors as they relate to the services to be provided under the charter and this Agreement. Charter School shall assume full responsibility for payment of all federal, state and local taxes or contributions, including unemployment insurance (as applicable), social security and income tax withholding with respect to employees of Charter School.
- e. **Inquiries or Requests for Information:** Charter School shall immediately inform OCDE regarding any third-party inquiries by a government and/or regulatory agency to the extent that they relate to a lack of compliance with local, state or federal laws.

#### **D. Human Resources**

**STRS and PERS Reporting Requirements:** Charter School shall accept and assume sole financial responsibility for any and all STRS and PERS reporting fines and penalties, including any and all financial consequences from the implementation of regulations, or any other action, that renders employees of Charter School ineligible to participate in a governmental defined-benefit retirement plan. Charter School shall promptly respond to OCDE requests for clarification and/or corrections of submitted data. Notwithstanding this paragraph, OCDE shall be solely liable for errors or delays caused by OCDE (or its officers, employees and agents) in transmitting data to STRS and PERS that was correctly submitted to OCDE. However, Charter School is solely responsible and liable for errors in Charter School's submitted data.

#### **E. Contracts**

- 1. Charter School shall ensure that all contracts for goods and services comply with the criteria noted in Title V, section 11967.5.1. Charter School shall comply with bidding requirements tied to receipt of any state, federal or grant funds that require compliance with more stringent bidding or purchasing requirements. Additionally, Charter School shall specify how prompt responses to reasonable inquiries for records and information regarding implementation of the contract will be provided to OCDE in accordance with Education Code section 47604.3.

2. A letter of assurance from Charter School that it will make every effort to ensure that the vendor complies with all reasonable inquiries by OCDE for records and information related to this contract.
3. Charter/Education Management Contracts: Charter School shall ensure the following for its Charter/Education Management (C/EMO) Contract:
  - a. Require that any C/EMO contract that is entered into be in compliance with state and federal law and the charter.
  - b. Require that Charter School ensure that there is language in any agreement (or revision to an agreement) with a C/EMO stating that any provision of the agreement that is in violation of state or federal law or the charter is void.
  - c. Upon approval by the Charter School board, Charter School shall provide OCDE a copy of the C/EMO agreement (or revision to an agreement) with this language in it.
  - d. If the above requirements are met, any change of C/EMO vendor shall be presented to the Board for approval as material revision to the charter.

#### **F. Facilities Agreement**

No later than July 1, 2016, Charter School will provide a written signed agreement, lease or other similar document indicating Charter School's right to use the principle school facility/ies identified in the charter, and any ancillary facilities identified by Charter School, for at least the first year of Charter School's operation, and evidence that the facility will be adequate for Charter School's needs. A pre-opening facility visit will be conducted by OCDE prior to opening of Charter School. Once open, Charter School may change or add facilities only with prior approval of the Board, which shall not be unreasonably withheld. Following an approved revision to the charter, OCDE will, without unreasonable delay, conduct a facility visit of a new or changed Charter School facility prior to students attending the new facilities. Under extraordinary circumstances (e.g., a change of facilities necessitated by fire, natural disaster or inhabitability) the parties may waive the pre-opening facility visit.

#### **G. Zoning and Occupancy**

Charter School shall provide OCDE with a Certificate of Occupancy issued by the applicable permitting agency, allowing Charter School to use and occupy the facility, prior to opening, unless Charter School is located at a public school facility provided pursuant to Proposition 39 or other facilities use agreement with a school district. In lieu of the zoning certification, Charter School can provide OCDE with evidence that zoning ordinances have been overridden by the school district in which the facility is located or by another entity authorized to override zoning ordinances pursuant to current or future state law. The facility must meet all applicable health and fire code requirements and zoning laws, in accordance with Education Code section 47610. An OCDE facility review of Charter School's facilities will confirm, through documentation maintained by Charter School, that the facilities are clean, safe, American Disabilities Act (ADA) and Section 504 of the Rehabilitation Act compliant, and have the necessary local approvals to operate. If Charter School moves or expands to another facility during the term of this charter, Charter School shall provide a Certificate of Occupancy to OCDE for each facility before the school is scheduled to open or operate in the facility or facilities. If Charter School ever seeks facilities from a school district in which it intends to locate (or is located) under Education Code section 47614 (Proposition 39), it will follow applicable statute and regulations regarding submission of such a request to the school district. Notwithstanding any language to the contrary in this charter, the interpretation, application and enforcement of this provision are not subject to the Dispute Resolution Process outlined in the charter. The parties agree, should a dispute arise under this section, to meet to attempt to resolve any concerns within ten calendar days of the dispute.

- H. Charter School will comply with all California constitutional provisions regarding free public schools and equitable access, including access to technology.

**IV. SEVERABILITY**

If any provision or any part of this Agreement is for any reason held to be invalid and/or unenforceable or contrary to public policy or statute, the remainder of this Agreement shall not be affected thereby and shall remain valid and fully enforceable.

**V. NON-ASSIGNMENT**

No portion of this Agreement or the Charter petition approved by the Board may be assigned to another entity without the prior written approval of the Board, which will not be unreasonably withheld.

**VI. WAIVER**

A waiver of any provision or term of this Agreement must be in writing and signed by both parties. Any such waiver shall not constitute a waiver of any other provision of this Agreement. All parties agree that neither party to this Agreement waives any of the rights, responsibilities and privileges established by the Charter Schools Act of 1992.

**VII. NONDISCRIMINATION**

The parties recognize and agree that in addition to complying with all nondiscrimination requirements of the Charter Schools Act, including agreement that the Charter School shall not charge tuition, shall be nonsectarian, and pursuant to Education Code section 200 the School shall be open to all students. In addition to these nondiscrimination provisions, Charter School shall not discriminate against applicants or employees on the basis of any characteristics or categories protected by state or federal law. Charter School acknowledges and agrees that it shall comply with all applicable federal and state nondiscrimination laws and regulations as they may be amended.

**VIII. NOTIFICATION**

All notices, requests and other communications under this Agreement shall be in writing and mailed to the proper addresses as follows:

To OCDE at:  
Nina Boyd, Associate Superintendent, Community and Student Support Services  
Orange County Department of Education  
200 Kalmus Drive, Costa Mesa, CA 92628-9050

To Citrus Springs Charter School, Inc. at:  
Citrus Springs Charter School  
43466 Business Park Drive  
Temecula, CA 92590

**VIII. INTEGRATION**

This Agreement contains the entire Agreement of the parties with respect to the matters covered hereby, and supersedes any oral or written understandings or agreements between the parties with respect to the subject matter of this Agreement. No person or party is authorized to make any representations or warranties except as set forth herein, and no Agreement, statement, representation or promise by any party hereto which is not contained herein shall be valid or binding. The undersigned acknowledges that she/he has not relied upon

any warranties, representations, statements or promises by any of the parties herein or any of their agents or consultants except as may be expressly set forth in this Agreement. The parties further recognize that this Agreement shall only be modified in writing by the mutual agreement of the parties.

**IX. ORDER OF PRECEDENCE**

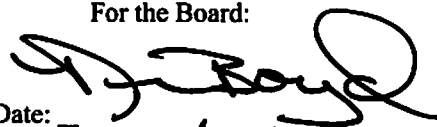

The parties further acknowledge and agree that, unless otherwise noted in this Agreement, any inconsistency in the charter shall be resolved by giving precedence in the following order:

- (a) The Charter and Agreement.
- (b) Documents incorporated by reference to the Agreement.
- (c) The bylaws and articles of incorporation of the nonprofit public benefit corporation operating or acting as the charter school, as applicable.

(15 minutes)

**MEMORANDUM OF UNDERSTANDING  
BETWEEN  
CITRUS SPRINGS CHARTER SCHOOL  
AND  
SPRINGS CHARTER SCHOOLS, INC.**

This agreement (or “Memorandum of Understanding” or “MOU”) is executed by and between Citrus Springs Charter School (“CSCS”) and Springs Charter Schools, Inc. (“SCS”), a non-profit public benefit corporation.

**RECITALS:**

- A. SCS commenced operation on July 1, 2013.
- B. Written modification of this MOU may be made by mutual agreement as set forth below.

NOW, THEREFORE, in consideration of the promises and the mutual covenants and agreements herein set forth, CSCS and SCS do hereby agree as follows:

**AGREEMENTS:**

**I. TERM AND RENEWAL**

- A. This MOU shall commence on the date upon which it is fully executed by both parties and shall run concurrently with the CSCS charter.
- B. Any modification of this MOU must be in writing and executed by the Board Chair of each party specifically indicating the intent of the parties to modify this MOU and ratified by each Governing Board.
- C. This MOU will continue in effect until mutually modified in writing except that the MOU shall terminate upon the expiration, rescission, or revocation of the Charter.
- D. To the extent that this MOU is inconsistent with any of the terms of CSCS’s Charter, the Charter document shall supersede the terms of this MOU, and both parties shall meet to amend the MOU to achieve consistency.

**II. LEGAL RELATIONSHIP**

- A. The parties recognize that each is a separate legal entity. Neither party shall be responsible for the debts or obligations of the other.

**III. SPRINGS CHARTER SCHOOLS CONTRIBUTION**

- A. As a non-profit public benefit corporation, SCS was formed to promote the definition of student achievement and to support and promote professional development for public school staff. SCS will be able to provide lower cost materials and labor costs through bulk purchasing and coordination of staff time.

- B.** Services and materials provided: SCS will be overseeing and funding all staff development, staff appreciation, and Board appreciation/combined meetings for Citrus Springs Charter School. A specific list of the services and materials provided are outlined in Appendix A.

#### **IV. FUNDING**

- A.** CSCS agrees to pay SCS \$82 per ADA based on the projected P2 ADA as calculated on the board-approved July 1 budget. SCS will invoice CSCS on or after July 1<sup>st</sup> for payment. Once CSCS's P2 is certified, SCS will reconcile the account and either charge CSCS or refund the difference to CSCS. Subsequently, the total costs for any additional services SCS provides to CSCS and other affiliated charter schools will be prorated on a per P-2 ADA basis and billed on or before April 1<sup>st</sup> of each year. CSCS will pay SCS on net 30 terms.

#### **V. SEVERABILITY**

- A.** The terms of this MOU are severable. The parties agree to meet to discuss and resolve any issues or differences relating to provisions in a timely, good faith fashion. In the event of any dispute, claim, question, or disagreement arising from or relating to this agreement or the breach thereof, the parties hereto shall use their best efforts to settle the dispute, claim, question, or disagreement. To this effect, they shall consult and negotiate with each other in good faith and, recognizing their mutual interests, attempt to reach a just and equitable solution satisfactory to both parties. If they do not reach such solution within a period of 60 days, then, upon notice by either party to the other, all disputes, claims, questions, or differences shall be finally settled by arbitration administered by the American Arbitration Association in accordance with the provisions of its Commercial Arbitration Rules.

#### **VI. NOTIFICATION**

- A.** All notices, requests, and other communications under this MOU shall be in writing and mailed to the proper addresses as follows:

For CSCS:  
Office of the Executive Director  
27740 Jefferson Avenue  
Temecula, CA 92590

For SCS:  
Board Chairman  
27740 Jefferson Avenue  
Temecula, CA 92590

## VII. ENTIRE AGREEMENT

A. This MOU contains the entire agreement of the parties with respect to the matters covered hereby, and supersedes any oral or written understandings or agreements between the parties with respect to the subject matter of this agreement. No person or party is authorized to make any representations or warranties except as set forth herein, and no agreement, statement, representation, or promise by any party hereto which is not contained herein shall be valid or binding. The undersigned acknowledges that she/he has not relied upon any warranties, representations, statements, or promises by any of the parties herein or any of their agents or consultants except as may be expressly set forth in this MOU. The parties further recognize that this MOU shall only be modified in writing by the mutual agreement of the parties.

B. This MOU shall be governed by and construed in accordance with California law.

Dated: 12/9/19 LAUREN RUGGE  
Board Chairman  
Citrus Springs Charter School

Dated: 12/9/19 [Signature]  
Board Chairman  
Springs Charter Schools, Inc.

**Subject:** Graduation Requirements

**Effective Date:** June 6, 2019

**Approved By:** Board of Directors

**Policy:** 5018.1

### Graduation Requirements

- English – 4 years (40 units)
- World History – 1 year (10 units)
- US History – 1 year (10 units)
- Economics – 1 semester (5 units)
- American Government – 1 semester (5 units)
- \*Mathematics – 3 years (30 units)
- Physical/Earth Science – 1 year (10 units with lab)
- Biological/Life Science with Health – 1 year (10 units with lab)
- Physical Education – 2 years (20 units)
- Post-Secondary Connections (60 units) Completion of a combination of Career Technical Education (CTE) Pathway, University of California or California State University a-g subject admissions, and/or college courses with a C- or better in CTE or academic subjects.

\* Math requirement includes at least one year of algebra content.

The Visual Performing Art and/or Foreign Language requirements must be met by a full-year course (10 units of the same course).

NOTE: Students will be expected to be continuously enrolled as full time students in the core courses required for graduation until they have met all the requirements listed.

All graduates will be expected to complete the following requirements with the exception of those who are exempt through AB 167/365/1806/2306 (Homeless and foster youth, adjudicated youth transitioning from juvenile court school, and students of active duty military).

**Subject:** Independent Study  
**Effective Date:** June 17, 2016  
**Approved By:** Board of Directors  
**Policy:** 5006.1

Citrus Springs Charter School (CSCS) operations shall be governed by Ed Code 51747. K-12 public school guidelines for independent study will be evident in the annual audit.

### **Procedure**

1. A master agreement ("Student Agreement") shall be kept on file for each independent study student for each semester the student attends Citrus Springs Charter School.
2. Appropriately credentialed teachers will meet with each family a minimum of once every 20 days to collect work and to assign work.
3. The school will ensure that guidelines of Ed Code 51747 are met regarding the ratio of ADA to FTE certificated employees.
4. CSCS will provide resources including, but not limited to, all school personnel, a credentialed teacher, textbooks, computers and software, supplementary materials, educational activities, group courses, and community resources. Highly qualified single subject specialists overseeing high school students will be listed on the Student Agreement.
5. It will be made clear to parents that enrollment in CSCS is voluntary. The student will always be eligible to return to his/her local school district.
6. In the event that one or more assignments are missed by a student, an evaluation may be completed to determine whether it is in the best interests of the student to remain in independent study. This evaluation will be documented in the attendance record and learning record documents. If adequate progress has not been made, the school personnel will proceed in accordance with truancy policy and procedures. This evaluation shall be maintained for three years from the date of the evaluation and, if

the pupil transfers to another California public school, the record shall be forwarded to that school.

7. The Student Agreement shall be completed for each student each semester. This attached agreement addresses all elements contained in Education Code 51747, and this form is the adopted independent study policy of CSCS.
8. The manner, time, frequency, and place for submitting a pupil's assignments and for reporting her/his progress is on the Student Agreement.
9. The objectives and methods of study for the pupil's work and the methods utilized to evaluate that work are included in the Student Agreement.
10. The assigned courses and credits to be earned for these courses are listed on the Student Agreement.
11. The Student Agreement must be signed prior to the commencement of independent study by the pupil, the pupil's parent, legal guardian, or caregiver, if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the pupil.
12. The appropriately credentialed teacher will complete attendance records, including contemporaneous records, pursuant to Ed Code 51474.5(b).
