Lunch
Included

Tanaka Farms is a great way to expose students to local agriculture, farm practices, plants, and Product & Farm Economics through this fun educational tour. Let's take a guided wagon ride around a 30 acre farm to see and learn about how summer fruits & vegetables grow. We will make a stop in the fields to harvest a seasonal vegetable, then sit under a shaded tent and sample lots of fresh cut summer squash, different types of melon, and take home a melon of your very own! At the end of the tour, spend some time visiting with the barnyard animals in the Barnyard Educational Exhibit.
