LIBERTY SPRINGS CHARTER SCHOOL

Effective Date:

Revised Date:

The Charter School values the needs of students who wish to drive to their school location to have the ability to park their car on-site [cite: 401]. Unfortunately, there are not enough parking spaces for all students to have an assigned space who are eligible [cite: 402]. As such, each school site, as appropriate, will make the number of spaces available to students on an annual basis [cite: 403]. These spaces will be available on a first-come, first-serve basis [cite: 404]. The following are the requirements for a student to be eligible for a parking permit [cite: 405]:

- Copy of a valid student's driver's license [cite: 406]
- Copy of valid car insurance [cite: 407]
- Copy of valid registration [cite: 408]
- Make of car [cite: 409]
- Color of car [cite: 410]
- License plate # [cite: 411]
- Registered owner's signature [cite: 412]

All student automobiles parked on campus must be registered with the school and display the current permit [cite: 413]. Automobiles without a permit in student parking will be cited and/or towed away at the owner's expense [cite: 414]. Passes must be displayed on the rearview mirror or driver's side dashboard [cite: 415].

Parking is strictly limited to the student parking area only and is not transferable among students or vehicles [cite: 416].

All students must be licensed and insured [cite: 417]. The school is not responsible for the automobile or its contents [cite: 417].

No speeding is allowed on school grounds, and the speed limit is 5 miles per hour [cite: 418]. Any form of reckless driving will not be permitted and may result in the revocation of parking privileges for the remaining year or beyond [cite: 419].

Students applying for and receiving parking permits must show the documents indicated above, along with the completed time-stamped application, to be considered a complete application [cite: 420]. It is from these completed applications that permits will be issued [cite: 421].
